New Alumni Office Created

At the annual meeting the alumni voted to combine the offices of secretary and treasurer. Gerry White now serves in this new capacity. As a salaried member of the college staff she serves as secretary to the Registrar as well as secretary-treasurer of the Alumni Association.

Annual Business Meeting

The annual meeting of the Alumni Association was held at Geyer's Restaurant in Xenia, Ohio, on May 28. The Alumni President announced the success of the fund-raising campaign for choir robes. Motions from the floor involved these actions: dues will remain at \$2.00 per year; dues are to be used only for operating expenses, not as contributions toward school projects; the project for next year will be that of purchasing a master clock and bell system for the school.

Concerning the need of the new alumni project, one may quite fairly state that the present system is inadequate. Like all old soldiers it is fading away. In some of its extremities (namely, the Science Hall and Milner Chapel and music building) its circulation has been almost entirely blocked by the atrophy of age.

The system which the association has approved for the gift involves not only a bell system adequate for all the buildings of the college but also provides synchronization of all the clocks in the system to the master clock which operates the bells. The system is such that it is adaptable to any need of expansion that might arise.

The amount needed for this project is in excess of \$700. Last year's robe project cost \$720. Of that amount the choir itself contributed over 1/3. This year we will have to raise the full amount of the project purchase price by ourselves. In light of this fact, the suggested per capita giving has been fixed at \$10. By vote of the association, dues may be used only for operating expenses; therefore, gifts only will apply to the project fund.

Building

Major item on the building schedule for this past summer was the new girls' dormitory situated between the chapel and the football field. This dorm is similar to the one built last year, but differs from that dorm in that it is a complete unit of two wings; thus, it has double the capacity.

The Registrar's Office is now located in the remodeled office in the southeast corner of the Administration Building. A classroom has been made opposite the post office on the lower floor of the Ad Building. Two new science classrooms have been arranged in the lower floor of the Science Hall.

New Faculty

Additions to the teaching staff include: Don Callan, B. A. (Taylor) and M. S. (Ball State), in the area of physical education; Robert Gromacki, Th. B. (B. B. S.) and Th. M. (Dallas), in the division of Biblical studies; Richard McIntosh, B. A. (Bryan), Dean of Students and instructor in English; William Thornton, B. A. (Dayton) and M. S. (O. S. U.), in the field of music.

Enrollment

The Registrar's Office reports that 354 students have registered for the first semester. New students comprise about half of this total. In terms of state distribution Michigan is beginning to show sizeable advance.
