**ALUMNI TO AID STUDENT RECRUITMENT**

Often times when a young person begins his search for a college home, he seeks out an alumnus of the school in which he is interested. More than often, that alumnus is directly responsible for that young person's enrollment at his Alma Mater.

It is for this reason that a pilot program is being organized by the Alumni Office of the college to aid interested alumni in obtaining basic facts about the program and development of the school. This liason can provide the prospective student with valuable information that can aid him in reaching the important decision of Christian higher education. Often valuable time is lost for the prospective student if he must obtain his information through the mail.

In cooperation with Mr. Ben Hurst, College Registrar, a listing has been compiled of all current applications for admission. There are presently seventy-six applications in various stages of completion. Forty-two of these applications are men and thirty-four are young ladies.

Alumni contacts are needed for these prospective students. If you are interested, and are near or in one of these cities, please consider what influence you might have on a future alumnus.

The geographical distribution by state and city is as follows:

**ALUMNI PLEDGE OVER \$6,000 IN PASSING THE TORCH**

Twelve weeks ago (November 1, 1972) 30,000 friends of the college were contacted to mark the beginning of the "Passing the Torch" general fund campaign. The goal is to get 800 people to pledge \$10 a month for one year, providing almost a \$100,000 increase to the general fund.

Over 2,000 alumni were asked to participate in reaching this goal. As of February 1, 1973, forty-seven alumni families have responded with pledges totaling over \$6,000. The majority have pledged \$10 per month with some more and some less.

Each person who pledges will receive a beautiful white Italian marble paperweight with the torch seal engraved on an emblem. This displayed token will help each donor pray more effectively. Also, each donor will, quarterly, receive a letter from a student sharing his college experiences. Remember how hard it was to write home? Presently there are 242 units of \$10 pledges supporting the program. Each participant will receive a separate letter from a student.

Perhaps more important to each student is the fact that the cost of their education will be reduced as a direct result of the support alumni and friends give. The student who is a freshman or sophomore will likely see within their residency here on campus full accreditation by the North Central Association. In March of 1972, full candidacy was granted. The success of the "Passing the Torch" program will mean a great deal in achieving the full recognition. It is important that academic excellence as well as spiritual commitment be encouraged.

# SOUNDING BOARD

DEAR FELLOW ALUMNUS:

With the publication of this issue of the **Alumni Aviso**, our Association has reached another milestone. The active mailing list now has over 2500 names, and the process of communicating news from within and from without the Association is more important than ever.

This new quarterly will attempt to keep us informed of the progress of our school and its graduates. Special events such as homecoming and reunions will be listed. Feature articles on administration, faculty, students, and new programs will be included. Reports on the progress of each Alumni Annual Giving Fund will be made. Donors will be listed as a "Thank you" and as encouragement to other alumni to give.

Your suggestions and requests for information will be important to the Alumni Director as he plans each issue. There is much to share with one another as the college continues to grow in an exciting fashion.

As you read this issue, please pay special attention to the article on the "Passing the Torch" program. Alumni have so far this fiscal year given over \$15,000 to the college. That is an average of about \$79.00 per contributing alumnus, but the needs are ever greater.

Hopefully this newsletter will make more information about Cedarville College available to you as you recruit new students for Christian higher education. Alumni are the greatest assets a Christian college has. Please let the Alumni Office know if there is any way they assist you in recruitment.

May you read with pleasurable interest and may the Lord bless you in your daily endeavor for Him.

Ronald M. Grosh  
President, Alumni Association

### THANK YOU!

To err is all too human --- and it could have happened in this list of Annual Fund participants for the annual giving program. We prepared the list starting on July 1, 1972 and publish it with the purpose of saying "Thank You" to all who have given thus far; but if errors or omissions did slip in, we would appreciate knowing about them.

Please get in touch with Ty Bryant, Director of the Annual Fund, Alumni Office, Cedarville College, Cedarville, OH 45314.

# FOCUS ON THE FIELDS

**Dave** ('69) and **Darlene (Durkee)** ('67) **Fidler** have begun visa applications, but have received no word as to their progress. They had a very prosperous Christmas, having received much of their needed supplies and having raised 74% of their support.

**Norman Nicklas** ('64) reports that almost all open dates between now and departure in July have been filled. He will be speaking at the annual GARBC conference at Kansas City in June. The work in Sao Paulo is continuing to grow. The Nicklas's are anxious to return to begin two new churches.

The **Paytons, De** ('60) and **Nancy** ('57), have been encouraged by the response of special meetings held in the Bethel Baptist Church of Malaybalay, Bukidnon. The building was literally packed, with some sitting outside. They also had the opportunity to visit with their daughter, Kim, who is attending school near Malaybalay. The Paytons ask continued prayer as they endeavor to reach those in Maasin.

**Gordon** ('55) and **Alice Wimer**, Baptist Mid-Missionaries in the Chad, have been busy with their Bible School program. They have been praying for national teachers and want to help the work to be as self-sustaining as possible. A problem has arisen concerning some housing property and the Wimer's ask your prayer in this matter.

## STUDENT BODY LOAN AND GRANT FUND INCREASES POTENTIAL

In the spring of 1972, the Class of '72 initiated with a \$1,000 class gift the beginning of a special fund that will have an increasing effect on students in need of financial help. The student body through the excellent efforts of the Walk-a-thon contributed \$1,000 and student Council transferred their Student Council Loan Fund proceeds of \$2,100 to this new endeavor. A faculty gift and a \$500 alumnus gift has swelled the total for the grant fund to over \$6,500.

Presently there are seventeen students borrowing at 6% various amounts of this fund up to \$1,000 to cover the costs of their education. Since over 50% of all students must borrow money from some source this new source was quickly depleted to \$0. All loans are payable one year after graduation or when a person leaves.

Perhaps the most significant point is that each student body member has donated each quarter 25% of his class dues toward helping his fellow stu-

dents. Almost \$1,000 will be raised through this effort each quarter, or \$3,000 per year.

Mr. Dave Gidley, '73, Director of Financial Aid and administrator of the fund, states that the purpose for this new resource of loans and grants is to develop a self-perpetuating source of financial aid to administered to those who qualify and desire such assistance.

Two of the recipients comment on the program:

Mr. Ron Wita, senior majoring in Business Administration and Psychology, writes, "Many times, Satan will use the area of financial instability as a trap to retard the spiritual growth of a believer and cause the believer to stumble in his faith. But as the Apostle Paul instructs the church at Corinth, 'Watch ye, stand fast in the faith, quit you like

men, be strong.' The question of making deadline payments can stifle the growth of a student, but the Lord provided for me through the love and concern of generous alumni."

Mrs. Sally Eagleston Lemaster, senior majoring in Elementary Education, says, "My God shall supply all your need..." How thankful I am that God has supplied my financial needs in many ways. One way was with a 90-day loan with very little interest. I praise the Lord for it."

There is a need for more "generous alumni" --- perhaps you were blessed through the efforts of some financial aid plan. You may want to help some student like Sally or Ron realize the benefits you enjoyed. You may designate your tax deductible gift to the **Student Body Loan and Grant Fund**.

### CLASS NEWSLETTERS

As an annual project undertaken by the Alumni Office, special newsletters are planned for each returning class member participating in the reunions of '53, '58, '63, '68 and for the 1973 graduating class. A special mailing will be made to gather the news this summer.

The Alumni Office maintains a complete biographical file on each member of the graduating classes. The file project, originating in 1970 to fulfill requirements of a survey for the examining team of the North Central Association, contains such information as marriages, births, occupational advancements and special recognitions.

#### Alumni Decals

Alumni participating in the current Annual Fund will receive, as a token of appreciation, a newly designed pressure sensitive gold, blue, and white decal. The new all-weather decal is in the shape of a shield and will affix to any smooth and clean surface.

Extra decals are available for \$1.00 by writing to the Alumni Office.

#### SUCCESS...

It is measured by what we are compared to what we could be.  
...is not measured by what we do.  
It is measured by what we do compared to what we could be doing.

### AT CEDARVILLE

20 years ago.....

On Saturday, April 4, 1953, the ownership of Cedarville College was transferred into the hands of the Trustees of the Baptist Bible Institute of Cleveland, beginning what was to become two decades of progress.

In 1953, nine buildings constituted the campus of Cedarville College. Among them were Alford Gymnasium, Harriman Hall, the science building, Old Main and the Library and Student Lounge.

Speaker for the first Bible Conference held under the new administration was Dr. Robert Ketcham.

10 years ago.....

Three dormitories were remodeled or built during 1963. Patterson Hall was remodeled for use as the Health Center and a men's residence hall and was officially named for Mr. William Patterson, a trustee from Parma, Ohio. Ambassador Hall was purchased and transformed into the center for music on the campus. Williams Hall was named for college professor Dr. Arthur Williams.

Plans for the first summer school sessions were announced by the Office of the Academic Dean.

A self-study of the college began for later presentation to the North Central Association upon completion.

The Gym-Student Center was completed at a cost of \$200,000 and was opened for first use during 1963. The gym seating capacity was planned for 2,000.

During the 1962-63 school year, the college purchased the 80 acres of the Roy Waddle farm north of the existing campus for future dormitory additions and athletic fields.

### WISDOM'S DWELLING

To wisdom's quiet dwelling place,  
We come with eager hearts to trace,  
The silver which we know is there,  
And hidden wealth beyond compare.

We ask that we who have His call,  
Who know that Jesus paid it all,  
May own a deeper love toward men,  
For whom Christ died and rose again.

In wisdom's dwelling there is peace,  
And joyful anthems find release,  
Our hands are privileged to hold  
God's perfect jewels, His gleaming gold.

The Savior's gems are ours to give,  
That lost impoverished souls may live,  
In wisdom's dwelling jewels abound,  
And Christ's unfailing grace is found.

Our paths have led to Cedarville,  
Where we seek to do the Savior's will.  
We must impart the living Word,  
And rescue those who have not heard!

Let us who have been amply fed,  
Provide a dying world with bread,  
O, let us be God's humble tool,  
That He may use us and our school.
