## ALUMNI HURDLE ANNUAL FUND BARRIER

The Alumni Association's Annual Fund has shown remarkable increases in various years during the decade of the '70's (see chart). However, since the 1974-75 campaign when gifts were first received for the construction of the chapel, the Alumni Association reached a plateau in annual giving and remained there for five years.

The fiscal year, July 1, 1979-June 30, 1980, was the year this five-year barrier was hurdled. In fact, a \$17,129, or 26%, increase was achieved. Congratulations and thanks to each involved alumnus! And that's not all the good news. The 1979-80 Annual Fund total is \$82,456. That's right! We raised \$2,456 over our goal! This sets a record for Annual Fund giving!

Why the increase? Perhaps alumni are more interested in the growth and direction of their alma mater. Certainly each year more alumni enter the financial bracket in which they are able to contribute more willingly and in larger amounts. Fifty-three percent of Cedarville's Alumni have graduated in the last ten years; an encouraging indication that annual fund giving should continue to show promising increases.

If the percentage of Alumni contributing to the annual fund continues to rise—as it has in the past two years from 12% to 18%—this year's goal of \$100,000, established by the Alumni Council, should provide a challenge, and yet remain realistically within reach.

## A TRIBUTE TO M. EARLE COLLINS

Dr. M. Earle Collins, 76, a 1923 graduate of Cedarville College, died on June 4, 1980, in Columbia, Missouri, following a brief illness.

Born June 22, 1903, in Cedarville, Ohio, Dr. Collins pursued the lifetime task of personal investment in the lives of others. His career as educational administrator provided an ideal field for active concern, involvement, and leadership.

Coming from a family of Cedarville College graduates (eight, to be exact), Earle Collins continued his education at The Ohio State University where he received his Ph.D. in College Administration. For two years he served as Superintendent of Greene County Schools, before traveling to Egypt in 1925 as a short-term missionary on the faculty of Assuit College. In Egypt he

met his wife, Mary Dixon, and in 1931 they settled in Tarkio, Missouri, where he became Dean of Men, and then President of Tarkio College. From 1951 until his retirement in 1968, he was President of Missouri Valley College in Marshall, Missouri. He then moved to New Wilmington, Pennsylvania.

Throughout his life, Earle Collins held leadership posts in numerous councils and conventions of the United Presbyterian Church, as well as many educational and civic-oriented positions. An international traveler, he exhibited active personal concern for world missions.

## Dear Alumnus:

By way of Aviso articles and annual fund appeal letters, I have attempted to keep you aware of Cedarville College's needs and the part you can have in meeting them.

Informed alumni tend to become involved alumni; and I have observed that involved alumni express their appreciation and support many times by financial gifts. A function of my position is to keep you informed of the progress of annual giving. However, the major problem facing the Alumni Office in keeping you informed is knowing your correct address. Please notify our office of your change of address today, so we can be more efficient in our correspondence with you!

As I face the challenges of this year, I do so claiming the promise of James 1:5: "If any of you lack wisdom, let him ask of God . . . and it shall be given him."

## Three Alumni Join Faculty

This fall, two members of the class of 1964 and one of 1975 joined the faculty of Cedarville College. Dr. Clifford Johnson, Academic Dean, stated he is exceptionally pleased to have these high quality instructors join the Cedarville family.

Rev. David Warren, Associate Professor, is teaching Greek and other subjects in the Bible Department. Dave, his wife, Patricia (Schonscheck '63), and their four children came to Cedarville from Iowa where Dave was an Associate Professor at Faith Baptist Bible College for four years. Dave received his Th.M. in 1968 from The Dallas Theological Seminary where he specialized in Hebrew. He also served as pastor of the Champion Baptist Church in Warren, Ohio, and a board member of Skyview Ranch. A recipient of the President's Award, Dave evidenced outstanding leadership ability as a student at Cedarville.

Also a 1964 graduate, Sue (Geyser) Cummins received her M.A. in Business Education in 1969 and her Ph.D. in Vocational Technical Education in 1974 from The Ohio State University. She taught in various high schools for six years, including Beavercreek High School near Dayton, and for four years on the college level at Ohio University. Sue and husband Jim are active members of the Berean Baptist Church of Pickerington, Ohio. Sue is an Assistant Professor in charge of the Secretarial Science program.

Sarah (Harriman) Smith, a 1975 alumna, also joined the Business Department as an Assistant Professor. Sarah received her M.A. in 1976 and has completed all but her dissertation for a Ph.D. in Business Administration from Virginia Polytechnic Institute and State University. Sarah and husband Barry, M.A., C.P.A., live in Cedarville.

Gordon, Ph.D., is Assistant Professor of Psychology at The College of Wooster (Ohio). Robert is a missionary in Thailand, and John is a faculty member at the University of Missouri. May the qualities and virtues he displayed each day challenge us. At Cedarville College we will remember M. Earle Collins with joy and thanksgiving.

## DEATHS

*(Continued from Page 6)*

**Miriam "Mim" Greiner Cotter** (66N), of Burkburnett, Texas, went to be with the Lord on August 8, 1980. She was 36. Even though Mim was born with a serious heart ailment, she lived an eventful, busy life. After leaving Cedarville she taught at Lorain County Detention Home. Later at Greenwich, Ohio, she taught special education for several years. Also, she served as Sunday School teacher, children's worker, and church secretary. Mim used her art talent, painting many beautiful wall murals for homes, churches, and schools. Those who knew

Miriam were enriched by her testimony and the way she portrayed the love of God. She is survived by her husband, Luther.

**Janet (McClelen 17) Collins** died August 2, 1980. She was in failing health for a number of years and was cared for by her husband until entering a convalescent home in Xenia, Ohio. Janet was a sister-in-law of the late M. Earle Collins. Her husband, **John** (17), who farmed in the Cedarville area most of his life, presently resides in a convalescent home in Chillicothe, Ohio.

## Don't Put God in a Box

If someone asked alumnus Cal Searles, "What is the greatest lesson you have learned in your Christian life?" he probably would answer with this simple phrase, "Don't put God in a box!" Although Cal was a business major at Cedarville College, he presently serves as pastor of the Camden Baptist Church.

In January 1975, Cal transferred to Cedarville College from Bowling Green State University. His plans were to study Business Administration and enter his father's insurance business.

While at Cedarville, Cal participated in many Christian Service activities, including the Greene County Jail ministry. Also, he was involved in personal witnessing while with the baseball team during spring training in Florida. It was at this time that Cal became burdened to intensify his study of the Bible and to grow spiritually. Returning to school and the daily chapel services, he was continually challenged by the messages to examine his career choice and to consider the ministry as a vocation.

Upon graduation, Cal went to the Philippines with the Missionary Internship Service basketball team. The team played basketball with the Filipinos to have an opportunity to witness to them. When Cal saw the millions of unsaved people, he became heavily burdened for their salvation. This burden remained heavy on his heart even after he returned to join his father in the insurance business. At this point in his life, he was faced with a serious conflict. He did not want to spend the rest of his life in the insurance business; yet, his parents had paid for his education and looked forward to his sharing his father's business. Besides, he had a degree in Business Administration, not Bible.

At the time this inner conflict was raging, Cal's pastor resigned and asked him to serve as interim pastor of the church. Cal agreed; and with the consent of the Deacons, he

began five months of service as interim pastor. During this time, several men were considered by the church to fill the vacancy, but none felt the Lord leading him to the church. Finally, in February of 1978, the Deacons asked Cal to consider being their pastor. In response to his willingness, the church overwhelmingly called him.

In the days since then, Cal has seen real growth in the church. Although he had his doubts in the beginning, Dr. Jeremiah encouraged him to put them out of his mind and get to work. Today the church is in the process of building a new sanctuary that will seat 400 people, and real spiritual growth is evident in the lives of the members.

"You can't put God in a box. When He wants to work, He will use whom He needs." This is the conclusion of a man who went to college planning to be an insurance businessman, but whose life the Lord redirected to meet the needs of the congregation of the Camden Baptist Church at Wakeman, Ohio.

## Athletic / Academic Center

As you can see from the picture, construction on the Athletic / Academic Center is progressing.

Alumni, you may be wondering why there hasn't been more publicity or public fund raising for the \$2.3 million project. Cedarville College's Director of Development, Chuck Ross, states that the Development Office has been doing much work behind the scene. In fact, nearly one-quarter of a million dollars has been received in cash and pledges from trustees, and over \$70,000 has been committed by faculty and staff personnel. Also in progress is a campaign to solicit selected individual donors. Later, when foundations and businesses are approached for matching or challenge grants, alumni, parents, and friends will be called on to help wrap up the final amount to complete the project.

The Athletic / Academic Center will fulfill five urgent needs resulting from our increased enrollment—cafeteria space, academic classroom space, a student center, faculty and departmental office space, and larger and more adequate athletic facilities.

Faithful alumni contributed over \$106,000 toward the \$750,000 James T. Jeremiah Chapel—approximately 14% of the total investment. Might this be a challenge to you as you consider your part in the Athletic / Academic Center. If you would like to send a gift for this project, be sure to specifically designate it.

## Athlete Returns to Cedarville Staff Position

With a physical education major and health minor, 1978 alumnus Mark McDougal is familiar with Cedarville College. After transferring to Cedarville his junior year, Mark was quite active as a photographer and yearbook staff member. He competed in varsity soccer and track. After graduation, Mark accepted a position on the faculty of Faith Baptist Bible College in Ankeny, Iowa. He taught many team sports and activity classes as well as coached varsity soccer and junior varsity basketball.

Mark comes to Cedarville filling many roles. Under the Campus Activities office,

Mark will be responsible for all recreation activities, including the coordination of intramural sports. He will work in the area of sports information which includes the athletic publication, "The Sting." Mark's expertise in photography, as well as his knowledge of athletics, will help him with the publication duties. He also will serve as a part-time Physical Education instructor.

Mark is excited about being back at Cedarville. This time, he brought with him his wife, the former Debbie Patterson of Hartland, Wisconsin.

Mark McDougal and Campus Activities Director, Myron Youngman, are working on scheduling campus events.

Dear Alumnus:

"I don't believe it" is the exclamation commonly used when being told of something exciting, exceptional, or unusual. This is my reaction as I reflect on what God has done in and through the athletic program here at Cedarville. Our athletic teams not only have been successful in the won and lost column, but they have demonstrated great attitudes and abilities in the social, academic, and spiritual arena as well. I feel Cedarville has come this far, not only because of our outstanding team of faculty and staff, but because of your participation, encouragement and support. Most of our recruiting is done through the referrals of alumni and interested friends who have been channeling outstanding spiritually oriented athletes our way. My response is: "Thanks and keep up the good work."

In addition to the prospects of another banner year of competitive athletics, I would invite you to come, see, and experience once again the excitement of Christian college life at its best. Come and see the progress and beauty of the flowers, trees, and general landscaping. In addition, and of course foremost in my thinking, is the new Athletic/Academic building. Homecoming would be a great time for that visit. You can see our ball teams in action. In fact, if you are a former player, you can participate in the alumni games scheduled for field hockey, volleyball, and soccer. There will also be an Alumni Road Run for you serious joggers. And if you're a spectator, come and enjoy an outstanding soccer match with Geneva College. Most of all, just come so we can share our excitement about Cedarville with you.

Looking forward to seeing you at Homecoming,

*Don Callan*

Don Callan, Ph.D.  
Athletic Director
