A Word With Alumni

Dear Alumnus,

Greetings from Cedarville!

I want to take this opportunity to inform you that Reverend Dave Dernlan has submitted his resignation as an Alumni Council member. Due to growing responsibilities in his home and church, Dave believes he must limit his outside involvements. His interest in Christian education and young people provided an insight and involvement that will be greatly missed. The Council accepted his resignation with reluctance and anticipates his involvement in the years to come.

Our Association Constitution states that any mid-term vacancies are to be filled by appointment of the Council. This position has been filled by Reverend Calvin Searles. Cal, a 1977 graduate, is the pastor of the Camden Baptist Church of Camden, Ohio. The Council anticipates his enthusiasm and desire to serve the Lord in this capacity.

Two other Council positions will be up for ballot in the next Aviso issue. On page 10 of this issue is an invitation for you to submit nominations for these positions. These two alumni will then serve a six year term on the council.

If you have any constructive criticism or helpful advice on how we can better serve you, please feel free to contact me or any one of your elected council representatives.

Sincerely in Christ,

Director of Alumni Relations

Alumni Summer Enrichment Conference 1983

The Christian, His Finances, and the Economy

Did you know that nearly 80% of our waking day is spent thinking about how to make, save, and spend money? A recent survey showed that more than 50% of all divorces are caused by financial pressures. Did you know that the average American family spends \$400 a year more than it earns, or that in the Gospels one out of ten verses (288 in all) deals directly with the subject of money?

Because finances is a timely subject, your Alumni Association's Third Alumni Summer Enrichment Conference, scheduled for July 20-23, 1983, will deal with "The Christian, His Finances, and the Economy."

In Christian circles, much that is presented relating to money deals with giving and sharing and why God says to do so. Obviously, sharing is a part of God's plan for our lives. However, there is much more and this year's conference is designed to teach and counsel on God's principles of finances.

God has given us Biblical principles to direct us in making, investing, saving, and sharing the money He supplies. You can see from the conference agenda that issues dealt with will include: How does your money affect your attitudes? Is it proper for Christians to have insurance? How do you go about financing or selling your home? Do family budgets really work? What happens when the government prints too much money? Can a Christian be wealthy, or is it better to be poor? All these and many more questions will be discussed in the special workshops designed for you during this family conference on finances.

As your mind is challenged in the company of old friends and classmates, you and your family can relax and enjoy the new athletic facilities and area sites, including John Bryan State Park and Clifton Gorge. In a year of low inflation we want to follow the national example and keep the expenses at a minimum so that your entire family can attend. The cost includes room and board (bring your own towels). A separate program designed for your children will be conducted by area alumni. The afternoons are free for golfing, touring, shopping, paddleboating on Cedar Lake, or attending a clinic on tennis and/or racquetball, plus much more. The time is yours to enjoy as you desire. Mark the date July 20-23 on your calendar. A brochure with a reservation form is in the mail.

Alumni Council Chairman Jim Engelmänn

Jim has been involved as a member of the Alumni Council for ten years. During four of those ten years, Jim has functioned as chairman of the council, providing creative leadership.

Jim stated that the council's purpose is to fulfill the objectives of the Alumni Association, such as promoting the interests of Cedarville College, providing the opportunity for Christian fellowship, education, and service to the glory of God. Jim also added that the council oversees the Alumni Association's funds and budget.

Is it possible to have fun and at the same time grow spiritually? Jim Engelmänn, a 1966 Cedarville graduate from Davison, Michigan, claims it is and maintains that both fun and spiritual growth characterized his years at Cedarville. Jim, a general science major, began working for Chevrolet as a foreman upon his graduation from Cedarville. Still employed with that company, he currently holds the position of superintendent of manufacturers and is in charge of an engine assembly line which involves 500 people. Jim also functions as a trustee and an adult Sunday school teacher in his local church.

While he was at Cedarville, Jim participated in soccer and also worked with a boys' club in the village, leading the boys in sports activities and devotions. Jim met his wife, Judy Spear, while at Cedarville. Judy, a 1966 graduate who majored in secretarial science, is currently involved in homemaking.

Even after graduating, Jim maintained close ties with Cedarville and has remained actively involved with the school through his positions as a President's Associate and a member of the Alumni Council. As a President's Associate for the past four years, Jim has worked with a group of interested individuals who aid the college administration and trustees in planning.

Speaking of the program expansions made by the council and under his leadership, Jim noted the beginning of the Summer Enrichment Conference which has been successfully in operation now for two years. He also listed the inception of the Alumni Scholarship and Grant Endowment Fund, of which the generated income has been used to make eight \$500 scholarship awards available to students excelling in various college academic departments. Additional awards are being added as the interest from the fund increases. Another program mentioned by Jim is the yearly phonathon to enlist the aid of alumni who have not made a contribution to the current annual fund of the college. In the last four years, the annual giving increased by \$117,000. Although Jim's term as a council member ends this year, he does not plan to re-submit his name for nomination to the board, because he feels that the work of the council is an ongoing process which requires new voices, new ideas, and new leadership.

When asked concerning the benefits of being a council member, Jim replied that it has been a privilege for him to be associated with the college in his capacity as a council member, and that any service done for the Lord reaps benefits.

Student Scholarship Funds Grow

With this report on the Alumni Scholarship and Grant Endowment Fund and the John W. Bickett Heritage Fund comes a sincere *thank you* to all who responded to the 1982 Christmas appeal letter. As a result of the great response (\$6,110.50), the endowment principal for the Scholarship and Grant Fund approaches \$26,700 while the Heritage Fund balance exceeds \$4,050. The December letter offered a specially designed Christmas tree ornament, as shown in the adjacent photo, to anyone who returned the reply card. Ninety-seven persons responded to the Scholarship and Grant Fund with gifts totaling \$5,375.50, while 18 persons responded to the J. W. Bickett Heritage Scholarship Fund which was boosted by \$735. The average gift was \$53. Matching gift companies, an excellent way to double or triple your gift, contributed \$1,040.

Next year a new collector's ornament will be designed. However, if you are interested in receiving the first addition, a gold and blue ornament with the original college seal, send a note, and gift if possible, to the alumni office.

The interest generated from the Scholarship and Grant Fund will be used to grant five \$500 awards to students with outstanding academic achievements chosen by the faculty of their respective departments. The first Heritage Fund scholarship will be awarded at Honors Day Chapel on May 6, 1983.

One-Liners

"Survival or Surrender?" was the topic of the 1983 Free Enterprise Conference sponsored by the student business club, Kappa Epsilon Alpha, on February 25-26. Speakers included businessmen David Printy and Orie Fritts.

The winter drama production, a Readers Theatre entitled "Bridge of Blood," was written and directed by Assistant Professor of Speech David Robey. The play recounted the story of five missionaries and their commitment to reach the unevangelized tribe of Auca Indians in Ecuador.

The 24th annual Missionary Conference was held January 9-14. Speakers included Rev. David Seefried, Evangelical Baptist Missions, Germany; Dr. Paul Beals, Grand Rapids Baptist Seminary; and Rev. Norman Nicklas ('64), ABWE, Brazil. Concluding the conference was a unique cantata entitled "Publish Glad Tidings." This music presentation with oral readings was performed by the 42-member Concert Chorale under the direction of Dr. Lyle Anderson. The six readers were directed by Miss Sheryl Liddle.

James M. Grier, former associate professor of philosophy at Cedarville College, was the speaker for the Staley Distinguished Christian Scholar Lecture Series held February 15-17. He spoke on the topic: "A Christian Philosophy of Apologetics." Grier currently is Dean of the Grand Rapids Baptist Seminary in Grand Rapids, Michigan.

The Cedarville College Forensics team participated in the 16th annual Interstate Individual Events Tournament held at Ohio University in Athens, Ohio. The team placed sixth overall, and students Kathy Bachelder and Edd Sturdevant took third and second place respectively.

Dr. Robert Gromacki, Chairman of the Bible Department, recently had published his latest in a series of books studying the Pauline epistles. *Stand True to the Charge* is an exposition on the book of I Timothy.

On February 5, The Ensemble Company of Cincinnati Opera (ECCO!), America's oldest opera company, performed in the James T. Jeremiah Chapel as part of the 1982-83 Artist Series. Performing selections from "Merry Wives of Windsor," "Rigoletto," "The Crucible," and "Die Fledermaus," the company exhibited a pleasant balance.

Dr. James Seaman, associate professor of marketing and management, was one of only four college professors to receive a \$1500 fellowship to attend classes dealing with the mortgage banking industry at the University of Florida. The fellowships were awarded by the Research and Educational Trust Fund of the Mortgage Bankers Association of America.

Dr. Martin Clark, director of counseling, Dr. Stanley Ballard, chairman of the psychology department, and Dr. Paul Entner ('69), a practicing counselor in Dayton, Ohio, participated in Life Crisis Seminars presented by Lebanon Christian School, Lebanon, Ohio.

Cedarville College students hold an excellent record on the repayment of National Direct Student Loans. Cedarville's default rate of less than 2% is the lowest of all Ohio colleges and universities and is one of the lowest in the nation. This compares with a national default rate of over 16%.

Fifty educators attended the Christian School Teacher Recruitment Conference held February 14-15 on the campus. Over 120 seniors interviewed for various teaching positions.

Three new majors are slated for introduction in the fall of 1983: American Studies, Public Administration, and Comprehensive Science. Also, three new minors will be offered this fall: Urban Studies, Public Administration, and Computer Information Systems.

"The Department of Communication Arts" is the new name for the former "Department of Speech Communications," chaired by Dr. James Phipps, a 1968 Cedarville alumnus.

A mini-forum entitled "Abortion: The Christian Response," sponsored by the Timalathians and Student Senate, was held February 21-24.

The Spring Enrichment Conference speaker was Dr. John Balyo, Baptist Bible College and School of Theology, Clarks Summit, Pennsylvania.

"A Concert in the Park" was the theme for the annual Alpha Chi banquet held on February 18. Darleen Carano, a junior nursing major from Mio, Michigan, was crowned Alpha Chi Sweetheart. Mr. Martin Thompson, Anderson, Indiana, an accomplished pianist and organist, provided the program.

During T.W.I.R.P. Week (The Woman is Responsible to Pay), a special birthday dinner was held in which the food service featured select recipes that were provided by the parents of the students.

January 22 and February 18 were record-breaking scoring nights for men's and women's basketball teams in the Athletic Center when the men defeated Mt. Vernon Nazarene College 118-71 and the women topped Urbana College 116-58.

Post office manager Stuart Chaffe ('60) reports that the college post office handles 10,000 pieces of mail daily.

Missionary Update

Portugal

David and Cheri Kelso

Larry and Cindi Bollback

(Editor's note: Part of a recent letter from David ('75) and Cheri Kelso, Word of Life missionaries to Portugal, included the following report.)

When Larry ('75) and Cindi (Schlener '75N) Bollback and I first arrived in Portugal in April of 1976, I can honestly say that the very last thing that crossed our minds was that we were the first Cedarville graduates ever to serve as missionaries on that particular field. What did cross our minds and in fact filled them completely was the tremendous spiritual needs of this small country of 12 million people. During our first months here we discovered that less than one-half of one percent of the population was born again. We also discovered that over 80% of the local evangelical assemblies throughout the country were without trained pastors and only a handful of those that did have pastors could be considered truly "New Testament" churches. So, we began to work and through God's grace we are now witnessing a spiritual revival that we believe will eventually bring the gospel to every Portuguese person in the country.

During the past five years we have held 15 major city-wide crusades in all the major cities of Portugal. We have also held

over 50 crusades in local churches across the country. Another aspect of our local church ministry involves our Bible Club program which has provided over 25 churches nationwide with scripturally sound and productive youth ministries.

In all, we have seen over 2,000 people make decisions for Christ through the ministries of Word of Life Portugal and that corresponds to an increase of around 10% in the Portuguese Christian community. Even more thrilling is the fact that through a well developed follow-up program over 60% of these converts have gone on to become active, baptized members in Portuguese local churches. Yes, the Lord has truly been gracious to us.

Although we were able to strengthen many of the established evangelical assemblies, we were simply unprepared to address the tremendous need of planting new churches. We began writing ABWE on a monthly basis and finally in the fall of 1976 a fact-finding team of seasoned ABWE missionaries was sent over to survey the field. Shortly thereafter, the Lord answered our prayers in sending over a team of three ABWE couples, including David ('70) and Evelyn (Hare '70) Southwell who are also Cedarville alumni. Already Dave and Ev and the rest of the ABWE team have founded a vibrant local church that, as of September 1982, began meeting in the first evangelical church ever constructed in the county of Loures. They have also laid the groundwork, including the establishment of home Bible study groups and the purchasing of land, for the planting of local churches in two other areas.

When we look back over the past few years we are amazed over all that the Lord has accomplished for His honor and glory in Portugal and look forward with great anticipation for all He will continue to do here in the future. The great spiritual need of Portugal has only become greater as has the need for more missionaries. Therefore we pray that more Cedarville alumni – perhaps even you – will consider Portugal as a field of service.

Because He Lives,
Dave Kelso

Benefits for Children of Alumni

Alumni families may now benefit under a summer program initiated last year. It provides up to ten hours of tuition-free study. Children who have at least one parent who is a graduate of Cedarville College would need to meet the following qualifications: the youth must profess Christ as Savior; be between the junior and senior years of high school; rank in the upper half of the class; and have a grade point average of 2.5 or above.

This program will acquaint young people with academic life on a Christian campus by permitting them to take such courses as Old Testament Survey, Fundamentals of Speech, Grammar and Syntax, Principles of Biology, and other general education courses.

A cost comparison between Summer School 1982 and present costs shows remarkable savings under this program. Books and supplies are additional expenses to these costs.

Summer School 1982

Tuition 10 hours	\$ 0
Registration Fee	25
Board per term	180
Room per term	120
Health Service	8
Science Lab	30
	<u>\$363</u>

Fall Quarter 1982

Tuition 10 hours	\$620
Application Fee	15
Board per quarter	380
Room per quarter	315
Health Service	47
Science Lab	30
	<u>\$1407</u>

An announcement concerning costs for Summer School 1983 is forthcoming and will again reflect significant savings. Any who are interested should write or call Dr. Edward L. Greenwood, Director of Summer School.

"Pure religion and undefiled before God and the Father is this, to visit the fatherless and widows in their affliction...."

James 1:27

It is not unusual to find Cedarville alumni involved in a ministry of missions, and Charles Monroe, a 1978 Behavioral Science major, is one of those alumni who began a career in missions after graduation. The unique ministry of Charlie and his wife Darlene, however, is not to natives overseas, but to churches across the state of Ohio through Baptist Children's Home and Family Ministries. Located in Springfield, Ohio, Baptist Children's Home of Ohio was established and licensed in January, 1979, and Charlie became the director in October, 1979, while still earning his master's in Social Work from The Ohio State University.

Before coming to Cedarville College, Charlie was employed by General Dynamics as an electronic engineer. He received a degree from Ferris State College, Big Rapids, Michigan, in Teacher Education in Electronics.

"Baptist Children's Home of Ohio was created by God to be a ministry proclaiming God's Word to hearts and lives of people," stated Mr. Monroe. "We are a vehicle to carry out the Great Commission and not just a social service," he added. Four programs set up with the idea of carrying out God's Word are in the areas of adoption, foster care, maternity care, and family counseling. Mr. Monroe describes the agency as an "extension of the local church." We are set up not to take care

Alumnus Heads Children's Home

of all the world's ills, but to serve the local New Testament church. The clients of Baptist Children's Home are referred through the church, although they are not necessarily people in the church. In this way, the agency often has an opportunity to minister to the lost as well as to Christians.

One of the ministries that the Monroes are most excited about is their opportunity to meet the needs of unwed mothers. "We need to be burdened for people who are hurting," Mr. Monroe commented. Realizing that in times of trauma people are very vulnerable and are seeking change in their lives, the Monroes seek to provide Biblical counsel to unmarried, pregnant women and their families. "If a young woman opts to give up her child for adoption, the agency places the child on the basis that the girl loves the baby and not that she wants to be rid of it for selfish reasons. In this way the young woman is able to leave the situation with a peace of mind, knowing that her child has been adopted by Christian parents," Charlie noted.

The greatest limitation to Baptist Children's Home is lack of funding and people willing to become involved in the unwed mother and foster care programs. Several churches and individuals have placed the Monroes' ministry on their mission budget for monthly support; however, they need additional support.

Until recently, the Monroes have worked out of their home, but God has made provision for office space on the property of Southgate Baptist Church, Springfield, Ohio, where the Monroes have been members since 1976.

Mr. and Mrs. Monroe have two children: Mrs. Ronda Henderson and Randy, a sophomore attending Cedarville College. Randy is hoping to work with his parents after graduating.

If you know of someone in Ohio who could benefit through Charles and Darlene's services, they can be reached at Baptist Children's Home and Family Ministries, 2150 S. Center Blvd., Springfield, Ohio 45506, ph. (513) 322-0006 or 324-2352.

Alumni Gatherings Successful!

During the 1982-83 basketball campaign, alumni have enjoyed the opportunity of watching the Yellow Jackets in action as well as meeting with college faculty, staff, and friends. Recently five social gatherings were arranged by your alumni office with the help of the following individuals: Detroit, Michigan - Randy Cagwin ('79); Dayton, Ohio - Sandra Entner ('59); Marion, Indiana - Steve Moulder ('71); Findlay, Ohio - Mike Brumbaugh ('79); and Akron/Canton, Ohio - Dale Thomson ('56). The Alumni Association wishes to thank these individuals and all alumni who supported the meetings by attending. The average attendance of 46 persons included alumni, parents, and friends. For an enjoyable evening of food and fellowship with an update on your alma mater, plan to attend the next alumni gathering in your area.

Attending the Akron/Canton alumni gathering at Malone College were: (left to right) Larry ('71) and Pat (Flowers '74), Jean (Carter '55N), Christian, Nancy Lock, Debbie (Detweiler '80), Seawell, Joan Surso ('79), Jeff Acker ('80), Larry Seawell ('81), Beth (O'Keefe '70), Bouw, and Bruce Detweiler.

New Director of Planned Giving

Robert Auckland

The Cedarville College Development Department has announced the appointment of Robert Auckland as Director of Planned Giving. From Corning, New York, Auckland was formerly the Eastern United States Director of Planned Giving for the Salvation Army. Prior to this, he was with the Prudential Life Insurance Company for 21 years, 17 as agency manager.

Mr. Auckland and his wife Mary have two daughters. One is a junior at Cedarville College and another will be a freshman at Cedarville this coming fall.

As part of Cedarville's Development Department, Auckland will be responsible for working with donors, current agreement holders, and future prospects for the financial development of the college.

"Planned giving," says Auckland, "is a way to assist people in their financial planning. It is generally through this assistance that we find individuals who by means of wills, trusts, annuities, or other financial vehicles may make deferred gifts to the college." Mr. Auckland is available to conduct will clinics and financial planning seminars in local churches. His services will prove helpful to alumni who are interested in furthering Christian higher education by developing endowed scholarships or trust funds.

"The development effort at Cedarville is vital," states Charles Ross, Vice President of Development. "As you are aware, the college maintains a firm position on not accepting federal, state, or local government funds for either operating or capital purposes. For this reason, income must be sought from foundations, businesses, and individual donors in order to augment income from tuition."

Mr. Ross indicated that the college budget this year is over \$9.5 million, an increase of 9 percent over last year. Yet he noted that tuition is the lowest in the nation among four-year, accredited, private colleges. Ross stated, "The difference must be made up in gifts, and adding a man of Robert Auckland's experience will be of great help."

Mr. Ross indicated that gift income has increased substantially in recent years, about 164 percent in the last five years. Unrestricted gifts for the last year totaled \$399,000 and accounted for 4.6 percent of the college operating budget. Capital gifts for buildings, endowment, and equipment totaled \$990,000.

Son of Alumni Excels

DAVID CARR
NAIA District 22
1st Team

Former Cedarville High School basketball standout David Carr is in his senior year at Cedarville College as captain of the Yellow Jackets. David is the son of alumni Roy ('68) and Alberta (Graham '63) Carr of Cedarville. He is one of six varsity lettermen who returned to this year's squad. David's four years of varsity experience has molded him into a strong team leader. Since his arrival, David has played in 115 consecutive games, the most of any Cedarville basketball athlete.

Dave, a preseminary Bible major, has been a starter for coach Don Callan since the beginning of his sophomore year. This has enabled him to establish a strong inside game as well as a good outside shot. David currently leads the team in rebounding, assists, and recoveries, as well as scoring at 15.1 points per game. His best outing this year was 27 points, 12 rebounds and 5 assists in a double overtime loss (105-102) to Walsh College.

The Yellow Jackets ended regular play 16-12 on the season. Basketball has been quite successful in recent years under head coach Dr. Don Callan. He is in his 23rd season at the helm with an overall record that stands at 320-280. The Yellow Jackets are the defending NAIA District 22 Champions. They have captured the tournament the last two years, thus earning the right to play in the NAIA Nationals in Kansas City, Missouri.

Official statistics for individuals scoring 1000 points or more are as follows:

"The Gavelyte Deli" Opens

In November of 1905, a number of students at Cedarville College, realizing a deficiency in the practice of parliamentary law and in the technique of conducting public meetings, as well as in their literary training, were led to organize a club to remedy the common deficiency. "The Gavel Club" was officially organized on November 13, 1905, with the motto of the grasshopper, "hop to it," and the purpose of training in the technique of wielding the gavel. The immediate mission of the club was to edit the college newspaper which they proudly called "The Gavelyte." With their combined and untiring efforts, they surmounted the obstacles and brought the paper into tangible form in January, 1906.

It is with the same combined and untiring efforts 78 years later that Cedarville College students have proudly announced the beginning of "The Gavelyte Deli," the new delicatessen on the college campus. Located in the new student center, the deli strives to meet the students' social needs by creating a warm, comfortable atmosphere for them. The menu includes almost everything you would find in a deli, including "The Dean's Beef," "Heritage Hot Dog," "The Excellence Experience," and "The Gavelyte Gulp." Larry Schweinsburg, a sophomore, comprehensive Bible major from Bellevue, Nebraska, is the facility's manager and overseer of the entire deli operation.

In addition to "The Gavelyte Deli," the entire student activities area will feature a new decor, incorporating "Heritage Square" as a theme. Motifs will date to the late 1800's and early 1900's. The walls will soon be storefront windows displaying mementos of Cedarville College days gone by, including old letter sweaters, publications, cartoons, and portraits. The blue and rust interior decorating also depicts the college heritage when prior to 1924, the Yellow Jackets were referred to as the Orange and Blue Warriors. "Heritage Square," including "The Gavelyte Deli," is certainly an attraction not to be missed next time you visit the campus.

It's Going to Ring!

Alumni Phonothon
 April 11-28

Cedarville alumni, faculty, staff, and students will be calling from coast to coast during the weeks of April 11, 18, and 25.

Approximately 90 volunteers will be contributing their time to assist in this annual fund raising endeavor. It is designed to broaden the base of alumni donors in the 1982-83 Alumni Annual Fund. This year's Annual Fund goal of \$100,000, for current operating expenses, will be difficult to reach without your participation. Consider now what gift you might send today or pledge through one of our friendly phone contacts.
