CEDARVILLE COLLEGE BULLETIN

VOL. 55 NO. 2

APRIL-MAY 1973

CEDAR DAY PLANS ANNOUNCED

SOME MAY DOUBLE THEIR "PASSING THE TORCH" GIFT

Many friends interested in the growth and stability of Cedarville College have shown their concern through participation in "Passing the Torch," a concerted effort by the college to increase the general fund. In five months the fund has had 300 individuals or families participate in this program, providing over \$38,500 in pledges and gifts.

By contributing to this project, an individual plays a real role in subsidizing the cost of a student's education. No student pays the entire cost of his education, and the college is praying that people will be motivated to invest \$10 monthly to help train the Christian leaders for the next generation.

To serve as a prayer reminder, an individual who contributes \$10 a month will receive an attractive paperweight. He will also receive a quarterly letter from a student sharing his college experiences.

Every college has its traditions, and the best known tradition at Cedarville College is that of Cedar Day. Dating back to 1912, the weekend of festivities is now an annual event on the campus sponsored by Alpha Chi, a men's service organization. Plans are now in the final stages for what promises to be the biggest Cedar Day festivities in the recent history of the college. The Honors Chapel on Friday, May 4, will mark the beginning of a full schedule of events for the Cedar Day Weekend, May 4-5.

The activities of this year's Cedar Day weekend will be centered around the theme, "Memories of the Past," and will range from bath tub races in the lake to pie-eating contests. Such special events as horse and buggy rides, old-fashioned attire, lawn games and a pancake eating contest will transport the college and Cedarville community back into the early years for a day of fun and relaxation. To mark the official beginning of Cedar Day weekend, the college family will meet behind the library for a campfire inspiration song time at 10:30 p.m. Friday. A highlight of Saturday's activities will be a county fair style picnic and for the sports-minded, the Mid-Ohio Conference championship in tennis and a double-header in baseball is scheduled for the afternoon.

Alpha Chi welcomes prospective students to the day's events and has expanded the activities in order to give them a special opportunity to view the campus and students. A special program is planned for Saturday morning involving presentations of the academic and extra-curricular aspects of the college. Campus music groups, individual talents and dramatic readings will also add entertainment to the program. At various locations on campus, each academic division will have a booth which will serve as an information center for the particular discipline and will also provide answers to questions that visitors might have.

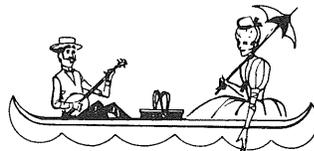

The final performance of the spring play and late evening fireworks will round out the weekend of activities on Saturday, May 5.

With the aid of those who are concerned for Christian higher education, the college will achieve full accreditation in the near future. However, it is imperative that the general fund be increased so that the college will be able to reduce the percentage of the cost of education for each student.

For friends of the college who are employed by "Matching Gift" firms, their opportunity to become part of Cedarville's "Passing the Torch" has double potential because "Two Can Give As Easily As One." It's true. If you work for any of the "Matching Gift" employers listed on pages five and six of this bulletin, your employer has already set up a program which will add to your gift from corporate funds. Many of these employers will actually match an employee's gift to Cedarville's annual giving

(Continued on page 2)

FROM THE PRESIDENT'S DESK

Dr. James T. Jeremiah, President

I want to extend my personal invitation to all of our friends to attend the Honors Day and Cedar Day Programs, May 4 and 5. This will be a good time for visitors to come to the campus and enjoy the program being planned for you. Details and the schedule of the day are outlined in another portion of the *Bulletin*.

Hopefully by that time the new science building will be completed so all of our visitors will have an opportunity to see what the Lord has provided for us in this new facility. Many individuals and churches shared in the success of this project. This new building stands as a result of cooperative participation that has been carried on in a sacrificial manner. It is encouraging to experience cooperation on a sound Biblical basis.

Through the years we have been grateful for the interest of Christian people who have seen and still see the importance of this Christian college. By the grace of God we have sought to take a clear-cut stand for the faith once for all delivered to the saints. We have not hesitated to teach our students what is wrong with religious compromise.

Often in these days one is reminded of the appeal of Ahab to Jehoshaphat when he said, "Wilt thou go with me?" and of the response Jehoshaphat who said to this wicked king, "I am as thou art."

It would seem that if the enemy of our souls cannot place us in the position of defeat by utterly denying the truth of God's Word, he will entice us to a position of compromise. Nowhere is this better evidenced than in the present day religious program called "Key 73" and other related programs that would engulf all religious activity under one great head with no regard for Biblical convictions.

It should be remembered in the Ahab-Jehoshaphat coalition that the liberal Ahab, King of Israel, said, "I will disguise myself and enter into the battle." (1 Kings 22:30) The record goes on to show us that God in His providence spared compromising Jehoshaphat, but his counterparts in this day may not be so successful. There is always a price to pay for Bible-believing Christian who do not forthrightly stand for the Word of Truth. We dare not compromise for this leads to corruption and to utter spiritual poverty and powerlessness.

Now as always, Cedarville College stands for "The Word of God and the testimony of Jesus Christ." By His grace we shall continue to raise the banner high and never dip our colors in compromise to sin, the world, or false doctrine.

CEDARVILLE COLLEGE EASTER BIBLE LANDS TOUR

Including the Seven Churches of Asia Minor

Friends of the College are invited to join Dr. James T. Jeremiah and Rev. Lee C. Turner in a fifteen-day tour of the Holy Land and various Asian cities.

FIFTEEN-DAY TOUR APRIL 16-30, 1973 \$949.00 FROM NEW YORK

Write for a descriptive brochure.

DR. JEREMIAH'S ITINERARY

April

- 1 Spring Bible Conference
Panama Baptist Church
Panama, New York
- 8 South Park Baptist Church
Dayton, Ohio
- 16-30 Cedarville College Tour in the Bible
Lands and the Seven Churches of
Asia Minor

May

- 21 Camp Patmos
Seminar for Pastors
- 27 Arcanum-Butler School District
Commencement Speaker

INVITES PASTORS' CONFERENCE SPEAKER

Dr. Lehman Strauss, pastor, evangelist, teacher, and writer, has been invited as the conference speaker for the Pastors' Conference, held annually by Cedarville College. The conference this year is scheduled for September 10-13, 1973.

Dr. Strauss began in the preaching ministry twenty-five years ago in Bristol, Pennsylvania and continued until 1963 when he left the pastorate in answer to numerous calls for a Bible teaching ministry in churches throughout America and on mission fields in other countries. Dr. Strauss travels an average of 40,000 miles in a year and delivers over 400 spoken messages.

Although his ministry keeps him travelling, Dr. Strauss continues to write. Fourteen volumes of his writings have been published and these include commentaries of Galatians, Ephesians, Philippians, James, The Epistles of John, Revelation and Daniel.

Dr. Strauss has spoken in such locations as the Moody Church in Chicago, Torrey Memorial Conference at Biola, Winona Lake in Indiana, the Marantha and Gull Lake Conferences in Michigan, and others. At the invitation of several mission boards, he has spoken to groups of missionaries and nationals in Korea, Japan, Hong Kong, Europe, South Africa and Viet Nam.

(Some May Double — Cont'd. page 1

fund dollar for dollar. All of these listed do match gifts to institutions of higher learning by some formula.

Upon receipt of required information about your gift, your "matching" employer will more or less automatically become a current donor to Cedarville College, thereby both increasing the effectiveness of your own gift and supplementing it with corporate funds. But this will happen only if you initiate the action, since normally your employer would have no way of learning about this charitable activity on your part.

Please look through the "Matching Gift" roster of firms on the last two pages of this bulletin. They are actively concerned with quality higher education and its support. In the process, you may discover that you can double your own annual gift to Cedarville College.

SCIENCE FACULTY VIEW ADVANTAGES

Dr. Walter Griffeth, professor of biology, and Dr. Donald Baumann, professor of biology and chemistry, view the addition of the new science center and the renovation of the present building from several perspectives.

Primarily, science students who are interested in Cedarville College, but hesitate to attend because of the lack of science facilities will no longer face this same problem. The present science building will house all areas of biological sciences. Three floors will provide ample space for lecture rooms and classrooms. Each branch of biology, such as zoology, genetics, and botany will have its own special exclusive laboratory facilities. An independent study lab will be available for the biology students in the present building.

Tripling the space now available for the science building, the 20,000 square foot structure will house the chemistry and physical science disciplines. Individual labs for each branch of chemistry and physical science are a major plan in the construction of the new center. Lecture rooms, classrooms, and some of the labs are structured for the future use for two single classes of as one large classroom.

Another advantage, not only for those involved in the science area but for the entire campus is the provision of additional classrooms for use by other academic disciplines. The 163-seat lecture hall will provide space for doubling of lecture classes, thus freeing an instructor for other duties and additional courses.

Open house for the new science center is being planned for Cedar Day—Prospective Student Day, May 5, 1973. Those interested will be able to gain a perspective of the new building prior to its actual completion.

SUMMER SCHOOL OPPORTUNITIES

For the student who wishes to graduate early, for the missionary home on furlough interested in extra course work, or for the student that wishes to catch up, the summer sessions at Cedarville College provide an excellent opportunity to secure needed course work. The two summer sessions will be June 11 through July 13, and July 17 through August 15.

Classes in all departments will be offered in one or both of the sessions. Prospective students can choose to take work in Biblical education, business, education, English, speech, physical or biological sciences, psychology, history or music.

Information concerning tuition, room, and board or other class information can be obtained from the Registrar, Cedarville College, Cedarville, Ohio 45314.

Following many afternoon and evening hours in the science building chemistry laboratory, chemistry major, senior Dan Thompson, assisted by Dr. Larry Killian, was successful in predicting a chemical compound that had not been discovered. A result of an independent study requirement, Dan learned better techniques in studying chemical reactions. Gaining this accomplishment while working in the disadvantages of a crowded room with limited space for individual study, Dan as well as the science faculty and other science majors are anticipating the opening of the new science center in late spring.

FELLOWSHIP PLANS SPRING PROGRAM

A project and program highlight the Cedarville College Women's Fellowship news as spring 1973 approaches.

Beginning the drive for a pipe organ just one year ago, the fund has grown with 80 women giving \$3,119.28 and pledges totaling \$424.18. The proposed plan is to have 260 loyal women giving \$37.76 a year for five years.

"Disappointment—His Appointment," is the topic for the April 7 meeting of the Women's Fellowship. Testimonies of how God brought miracles into people's lives from seemingly tragic and adverse circumstances will be the central core of the discussion period.

The final meeting for the year will be held Friday, June 1, 1973.

FACULTY AND STAFF NEWS

Associate Professor of Physical Science, **Mr. L. Bert Frye** attended the Colloquium on Photopolarimetry in mid-November in Tucson, Arizona.

June Kearney, Associate Professor of Physical Education, was elected as the Division of Girls' and Women's Sports State Officiating Coordinator. She will serve as head of women officials in the state of Ohio.

"Is Fasting for Today?" is the title of the Adult Training Union Program Baptist Publication, written by **Dr. Robert Gromacki**, Professor of Bible and Greek. The publication will be circulated Spring, 1973.

Director of Financial Aid, **Mr. David Gidley**, attended the Guidance Counselor Conference at Urbana College in February. The importance of using the Parents' Confidential Statement was discussed.

Beginning winter quarter, **Mr. Ken Nichols** assumed the responsibilities of Director of Counseling. In February he attended a family seminar at Emmanuel Baptist Church in Toledo.

Dr. Merlin Ager and **Mr. Dwayne Frank**, of the Education Department attended the national meeting of the Association of Teacher Education, February 22-23 in Chicago. The topic for the session was "Competency-Based Teacher Education."

CONFERENCE FOCUSES ON MISSIONS

A world-wide view of missions was the perspective gained by the student body of Cedarville College during their annual Missionary Conference, April 1-7, 1973. "Bearing Precious Seed," from Psalm 126, was selected as the theme for this year's conference.

Bringing to the college community the responsibilities in the Philippine Islands was Rev. Henry (Bud) deVries, Jr., who with his family is serving in Puerto Princesa, Palawan, Philippines. Among his many duties as a missionary, Mr. deVries is captain navigator and engineer of the Gospel Launch which transports personnel and equipment vital to his ministry among the island people. He is involved in tent evangelism, training institutes, church and leadership conferences and Camp Treasure Island for youth. In the town of Puerto Princesa, he has constructed the Palawan Christian Student Center of which he is director. His wife, Virginia, is engaged in Bible translation and teaching and assists her husband in his ministries.

Home for their fifth furlough, the Ben Kendricks have been serving on the mission fields of Africa since 1951. Since 1969, the Kendricks have been at Bangui working with a radio ministry, and the organization and construction of the Bangui Baptist High School and dormitory. They have served in the Chad among the Sera tribes, in the Oubangui Cheria among the Banda tribes and as house parents for missionary children at Crampel in the Central African Republic.

Serving as a medical missionary in Chad, Africa, Cedarville graduate Kay Lamb ('65) is home for her first furlough. Not only working in the capacity as a nurse, she is also teaching medical subjects in the official language of that country—French.

(Cont'd. page 4)

**ATTENTION ALUMNI
"AVISO" NEWSLETTER
PUBLISHED**

The month of February brought a new publication addition to the Alumni Office of Cedarville College. For the first time in the recent history of the College, the Alumni Office will be publishing a quarterly newsletter which will be mailed to the Alumni and friends of the College.

"Aviso" will attempt to keep its readers informed of the progress of the school and its graduates. Special events and new campus projects that will concern alumni will be listed. Other interesting information about the college that would be of interest to the constituency of the college will be included.

Anyone interested in receiving "Aviso" and not on the Alumni mailing list is encouraged to write the Alumni Office with their request.

**CEDAR DAY SCHEDULE
OF EVENTS**

For a more complete schedule and registration form, write: Development Office, Cedarville College, Cedarville, OH 45314.

- 8:00-9:00 a.m. Pancake breakfast and pancake eating contest
- 9:00-9:45 a.m. Parade
- 10:00-11:30 a.m. Activity time for campus students
Special program for prospective students
- 11:30-1:00 p.m. County Fair Picnic
- 1:00-5:00 p.m. Activity Time
Open house—2:00 to 3:00 p.m.
- 5:00 p.m. Evening meal
- 8:00 p.m. Spring Play — "Family Portrait," a story dealing with the last three years of Christ's life.
- 10:30 p.m. Fireworks

(Missions — Cont'd. from page 3)

Mr. Ron Meznar, serving in Sao Paulo, Brazil, since 1957, shared his experiences in the areas of literature and teaching. He works as co-manager of the Regular Baptist Press of Brazil and as professor of New Testament and Greek in the Baptist Bible Seminary of Sao Paulo. He and his family are home on furlough following their third term of service.

Primarily beginning fundamental Baptist churches in towns of North America is the work of home missionaries, Dave and Gwen Woodman. A '65 graduate of Cedarville College, Dave and his wife are now serving in Marathon, Ontario. Before beginning work in that northern country, they worked for two years with small churches in the upper peninsula of Michigan.

Throughout the week, students were challenged to think about, pray about and review their responsibilities to home and foreign missions. The conference concluded with a Friday evening session.

SBP CREATES ADVENTUROUS PROJECT

The Plan—to run across the United States; the Purpose—to raise funds for all-campus improvements; the Participants—the Cedarville College students and alumni. These three elements will prove the winning combination in the largest and most adventurous project devised by the Student Body Project Committee of Cedarville College.

Announced to the student body amidst the ecstatic atmosphere of a pep rally on February 23, 1973, the project, "Cross-Country for Christ," was met with overwhelming enthusiasm. The run is the idea of Mr. Elvin King, Assistant Professor of Physical Education and the college cross-country and track coach. Jeff Kistler, a junior from Haddon Heights, New Jersey, is serving as chairman of the SBP committee and is assisted by a student group of thirty members.

For the last three years, the student body at Cedarville has taken an active interest in campus development at the college, and the creative plans in 1971 and 1972 saw great success. In 1971, the first Walk-a-thon to Springfield, Ohio, raised over \$20,000 and in 1972 that amount was doubled. Bleachers for the new athletic facilities, construction of a concession facility near the athletic fields, purchase of a Christian service van purchase of carpeting for the present student lounge and main reading area of the library

and major contributions to the Missionary Internship Program and the Student Body Loan and Grant Fund are concrete results of past SBP efforts. The goal for this year's project has been set at \$120,000 and the funds will be used for further campus improvements which will be announced in May.

D-Day, Departure-Day for the sixteen Cedarville College athletes from the West Coast, is scheduled for August 20, 1973. Running through Oregon, Nevada, Utah, Colorado, Nebraska, Missouri through the Midwest to Pennsylvania, New York, Vermont, New Hampshire, and ending in Portland, Maine, the participants will be part of what is believed a first-time effort of this particular kind. The runners will be rotating in shifts, keeping the pace moving twenty-four hours a day, seven days a week.

During the run across the U.S., the team will be visiting churches and have an opportunity to share its purpose during news conferences. Arrangements for a tract ministry are also in the planning stages. Major companies, as well as churches and private individuals are being contacted to sponsor the runners in this endeavor to strengthen a college that educates Christian young adults. It is planned that approximately 150 miles a day will be covered in the estimated three to four week jaunt.

At last

we know why you don't have a will . . .

For a long time we assumed it was because of lack of knowledge about wills, estate transfers, etc. We tried to stuff our publications full of facts to motivate PEOPLE. NOW we have the answer. It wasn't too few facts; really it was too many fictitious "facts"—"facts" that PEOPLE long thought they knew. So they never had a will made.

If you know too much fiction to have your will made, you need to send for this booklet TODAY—to get the facts.

Without obligation, please send me your free booklet on what I need to "unlearn" about wills.

CEDARVILLE, OHIO 45314

A Baptist College of Arts and Sciences

Published bi-monthly by Cedarville College.
 Entered as second class matter prepaid at the
 post office at Cedarville, Ohio, April, 1915,
 under act of Congress of August 24, 1912.

LEE C. TURNER, Editor
 TY BRYANT, Assoc. Editor
 JAYNE EBERLING, Asst. Editor

1972-73 YEAR VERSE

*"That the generation to
 come might know... That
 they might set their hope
 in God..."*

Psalms 78:6-7
