# CEDARVILLE COLLEGE

## BULLETIN

# Announcing OUR NEW CHAPEL CAMPAIGN

While other college enrollments have been dropping, the Lord has continued to direct more students to Cedarville College. Because of the increase in our college family, larger facilities are needed. At the present time the greatest need is for a new chapel. President Jeremiah has said that "the daily chapel service of the college becomes the focal point for Spiritual truths learned in the classroom and campus programs. In order to maintain the strong Christ-centered ministry of the College, a new Chapel is a necessity."

Alford Auditorium, the present chapel facility, was originally a church. After the establishment of Cedarville College and its expansion, this building was purchased and transformed into a gymnasium. However, further growth prompted the alteration of that facility once more into the now existing chapel building. Presently, closed circuit T.V. is being used during the chapel hour to allow all students to hear the chapel service. This situation scatters the students and deprives many of the benefit of personal contact with chapel speakers. In addition to the regular meetings, the annual conferences are also affected. The Fall Bible Conference

must be held in the gymnasium which is not conducive to concentrated and effective listening.

With a present seating capacity of 650 and an expected enrollment of 1050 this year, a new facility is needed that can more adequately fulfill the growing demand. The seating capacity of the new chapel will be 1500, including an eighty voice choir area. The chapel facilities will provide for daily chapel services, Sunday services and Wednesday evening prayer meetings. Other uses include recitals, lectures, large classroom use, offices for the campus pastor and Christian Service Department and use of the organ for practice. The platform will have removable furniture and choir risers, providing for multi-functions. Other facilities include a sound control and film projection screen; provisions for video taping, broadcasting, recording and organ-sound chambers. It will also be possible to excavate half the basement for construction of several large classrooms and office areas.

We are prayerfully anticipating the beginning of construction on the new chapel as the necessary funds become available.

## FROM THE PRESIDENT'S DESK

Dr. James T. Jeremiah, President

During the past twenty years, my friends have listened patiently to my pleas for money to help students by constructing buildings on the campus of Cedarville College. Through your prayerful and sacrificial gifts we have been able to build many splendid facilities, including a gymnasium-student center, a fine library, and an excellent science facility. These structures, with a total valuation of \$1,675,000 have been erected and paid for by contributions of churches and individuals interested in the spiritual and academic program of this institution. Nothing has been expected, requested, or received from the government in the planning, construction, or furnishing of these buildings.

Now we face a greater challenge than ever before. We need a new chapel. With a student body of over 1,000 and an auditorium seating less than 700, the need for this building is obvious to everyone. As before, I appeal to every friend of Cedarville College to help us now in every way possible to make this important structure a reality.

Our college family considers the daily chapel service of the college to be one of the most important elements of our program. Here our faculty and students are spiritually challenged from the Word of God and encouraged to fellowship with the Lord and serve Him in daily living. Graduates of Cedarville have indicated on many occasions how they profited spiritually by attending the daily chapel service when they were students.

In this issue of the **Bulletin** and in many future publications produced by the college during the coming months, you will be hearing about this new chapel. As always, we must emphasize the fact that this goal cannot be reached by a few, but by everyone working together diligently to see it come to pass. We need you to make this new facility a reality for our college family.

## CAMPUS CHANGES

Once again, the campus of Cedarville College is in the process of expansion and improvement. Two men's dorms are being built to house 128 men students. Due to a delay in the arrival of certain building materials, it is anticipated that one dorm will be completed in late October and the other in late December. A former security officer, Jim Turner, will assume resident advisor responsibilities. The two dorms, located southwest of the cafeteria, will absorb the off-campus and Patterson Hall residents. The dorms are arranged in units, each unit housing eight men and containing a lounge. Included in the new dorms are large recreational rooms with television, pingpong tables and games; laundry rooms; and study and prayer rooms. According to Dean Rickard,

there has been a lack of adequate co-ed events on campus in the past. To provide more opportunity for activity, the basements of the dorms will be used for scheduled co-ed activities.

Adding to the environment of the campus is the fireplace constructed at the east end of the cafeteria atmosphere room. This facility will be available each evening for students to enjoy.

Patterson Hall is now a one-story building which will serve a variety of functions this year. Until both of the new dorms are finished, this building will be occupied by students. After students move into the new dorms, Patterson will house the health service, one classroom, and the counseling services.

## M. I. S.

While most college students found summer employment, the MIS department provided opportunities for forty-five students to be involved in missionary work in six countries.

Other ministries included the basketball team which traveled in the Philippines, a look at France by Marguerite Murray, student teaching at Faith Academy in the Philippines, and students serving in the United States.

### ISRAEL

What would it be like to visit Israel, not as a tourist, but as a volunteer laborer? This summer thirteen Cedarville students found out by participating with **Baptists for Israel**, an MIS organization of GARB schools designed to take the gospel message to God's chosen people. The unique aspect of this ministry was that these students actually lived and worked with the Israeli people in a kibbutz, getting to know them in a real and natural way. This gave the participants a better understanding of the culture and religious beliefs of the Jewish people.

Although the hours were long and the work hard, the college students enjoyed many blessings from God and brought back many memories. Dave True, one student, stated that his faith was strengthened through this experience. He related that one of the greatest impacts upon him was the realization that he was walking along the very Sea of Galilee where so many years before the Lord Jesus Christ walked. The reality and humanity of the Son of God was renewed and refreshed in the minds of the thirteen students.

### PERU

Four students had the privilege of observing and working with missionaries in Peru through the MAP ministry. The group, consisting of Diane Jacobs, Kirby Lancaster, Wendy Montgomery, and Dale Woolard, spent seven weeks in coastal Peru with ten other students. After learning Spanish hymns and phrases, the group spent ten days in the mountains participating in services in churches and marketplaces. Most of the remaining time was spent in Nazca which is desert land. It was an encouragement to find the believers hungry for the Word of God. "Just like the land produces crops when irrigated, the people, when given the gospel, readily accept it and grow in Christ," Diane commented. During the afternoon, the group was involved in visitation. The language barrier decreased their ability to communicate. Perhaps it is this experience which has prompted Diane to study languages in order to return to Peru as a translator. For Wendy, living without American luxuries was easier than she anticipated. The lack of these is not noticed when one realizes the need for laborers and the openness of the people.

### BRAZIL

Singing was the primary ministry of the Brazil team as they carried this ministry from airplanes, restaurants, schools, public places, to churches. Ten Cedarville students led by Larry and Cindy Bollback participated in 57 meetings during the twenty-one days spent in Brazil. Learning to live and perform in a different culture is not easy, but the group adjusted and even grew to love some aspects of Brazil such as professional soccer games and guarana, a South American soft drink.

From a repertoire of 23 songs, 85% were sung in Portuguese, backed by a sound track.

# SUMMER OF SERVICE

While Larry translated and did the preaching, everyone shared the gospel by passing out tracts. Independence Day, September 7, provided a unique opportunity as the team was given thirty minutes during a ceremony to sing and testify to several thousand people. According to Larry, the greatest experience was in São José Dos Campos, where the local church rented a hall. That evening, fifteen people professed faith in Christ. Through this ministry, members of the Brazil team gained a greater awareness of the different types of involvement possible on the mission field. Larry felt that most found "the job of a missionary is greater than they thought." As a result of their experience, Debbie Jones and Bob Melford plan to return to Brazil.

### SWORDBEARERS

"I do want to live the way God expects me to," 17 year old Kathy confided, "but I just can't seem to make it. Why?" This situation represents that of many Christian teens. Ellen Spaulding, a member of Cedarville's summer Swordbearers sensed a cause of the problem. "Many of the young people that I've talked to have a real desire to dedicate their lives and live for the Lord, yet they miss the whole idea of spending time in the Word of God. They don't realize that it takes work to become a mature Christian." Dealing with this problem was the purpose of "Quiet Time", one of many seminars presented by the eleven member Swordbearers team. Touring for ten weeks, the team presented such seminars as Youth Involvement in the Local Church, Dating, Evangelism and Christian Liberties to young people in churches, camps and rallies, attempting to bring these issues out in the open and to help teens form their own ideas. The ministry of the team was enriched through means of music, preaching and a children's program using puppets. Dan Steere found a

great need for Christian youth to develop a Christian frame of mind by which to determine living patterns. According to Dan, the key to meeting these needs of young people is an adult example and the teaching of practical application of the Scriptures.

Although the purpose of the team was to minister, the Swordbearers were also the recipients of blessing and growth. Certainly when eleven people travel and live together for ten weeks, each person must learn to put away selfish desires and to be of "one accord, of one mind."

### CALLAN

Opportunities to speak at the Baptist Bible Seminary and Institute in Manila, Doane Baptist Bible Institute in Iloilo, and to youth at several camps highlighted Dr. Callan's experiences. Preparing for and coaching the Athletes For Christ Basketball Team was also part of the busy schedule.

Mrs. Callan, a registered nurse, felt the highlights for her were visits to medical clinics in Hong Kong, Malaybalay, and Hilonos, Leyte. She also stated that "the opportunity to meet, learn to love, and work with so many missionaries has to be the greatest experience in our lives."

For Jan and J. D., highlights included living with a Filipino family for a week, collecting shells, eating exotic food even when you don't want it, meeting new friends, and being MK's for six months.

Dr. Callan states, "our understanding of missions certainly has been expanded. Being immersed in the problems as well as the blessings has a way of bringing missions more clearly into focus. This experience will also better enable me to direct the MIS program and prepare students for their tours overseas." This never-to-be forgotten trip is a spiritual experience which has opened the

## FACULTY FACTS

**Mr. Lyle J. Anderson**, Assistant Professor of Music, was selected in July for inclusion in the *World Who's Who of Musicians*, an international biographical record of achievement in the field of music.

**Miss Irma M. Dodson**, Associate Professor of Education, was the speaker at the Scioto Hills Women's Retreat for GARB Churches of Ohio. The retreat was held September 12-14 and Miss Dodson spoke on the theme, "Complete in Christ", using the book of Colossians. Nearly 90 women attended the weekend retreat and experienced a time of fellowship and spiritual refreshment.

**Dr. Larry Helmick**, Associate Professor of Chemistry, has been granted a year's leave of absence to be involved in a post-doctoral research at the University of Florida in Gainesville. While at the University, Dr. Helmick plans to explore the reactions of vitamin B-1 as it relates to the human body. He anticipates gaining an understanding of new chemical research techniques that will aid him in his work at Cedarville College.

eyes of the Callan family to a realistic understanding of foreign missions; it has given them all a love for the Filipino nation and its people.

Putting on the tag of short term missionary for Chairman of the Physical Education Department, Dr. Don Callan, and his family involved much more than a transfer of locations from Cedarville College, USA to Manila, Philippines. For the Callans it meant trading a familiar diet of meat and potatoes for the taste of fish and rice. It meant learning the ways of a new culture; listening to the ideas of new people; living in the style of a new nation.

Last March, Dr. Callan, his wife Nedra, and two children, Jan (16) and Jon David (12), became temporary residents of the island nation of the Philippines. Their stay on that Filipino mission field half-way around the globe ushered them into every phase of the work of the Association of Baptists for World Evangelism (ABWE) in the Asian country. From hosting new mission appointees in their home to speaking in churches, youth rallies, and seminars throughout the islands, the Callans experienced the scope of ABWE's involvements. Through his various activities, Dr. Callan, who is also the Director of the Missionary Internship Service program of the college, gained insight into what prompts successful relationships with people of different nations.

Dr. Callan feels that successful working relationships must be preceded by "keeping in mind that you are in a foreign country. You ought to spend a great deal of time listening, learning, observing, and asking questions. You have to be open to different types of thinking when working together with people of another culture."

While little reliable material has been written on the timely subject of the virgin birth, it is frequently discussed. Just recently, Dr. Robert G. Gromacki, professor of Bible and Greek at Cedarville College, has written *The Virgin Birth*, published by Thomas Nelson, Inc., which deals with the deity and virgin birth of Jesus Christ. After reading J. Gresham Machen's work, which for years has been considered the most reliable work on the virgin birth, Dr. Gromacki felt the need to deal with this subject on a level understandable to both laymen and trained Bible students. Dr. John C. Whitcomb, Jr., of Grace Theological Seminary, believes Dr. Gromacki's book may become known as the "best study of this vital subject now available." Dr. Charles C. Ryrie of Dallas Theological Seminary, commented that "this is one of the clearest, most complete expositions of this curcial doctrine that I have read. Problems, ramifications, and denials are competently handled by the author." *The Virgin Birth* comes to the public highly recommended.

## Mrs. Maddox Honored

Mrs. Miriam Maddox, Assistant Professor of Speech was granted the Distinguished Service Award by the Speech Communication Association of Ohio at a banquet on October 5 in Columbus, Ohio. The award was in recognition of fifteen years of service in the state, at Cedarville College.

Mrs. Maddox came to Cedarville College with her husband, Dr. Clifford Maddox, in 1956. She joined the speech faculty three years later and since that time she has given abundantly of her time and energy for the development of the speech program at Cedarville. Mrs. Maddox was also recognized at graduation ceremonies with the honor of Professor of Speech Emeritus.

## NEW FACULTY AND STAFF

Assuming the position of physical education instructor is 1970 Cedarville graduate **Mr. John McGillivray**. Mr. McGillivray has been teaching while coaching football, basketball, and track. His desire has been to return to Cedarville as a faculty member, possibly because he received Christ as his personal Savior during his sophomore year. Although track is his primary interest and proficiency in sports, Mr. McGillivray is looking forward to coaching the soccer team, assisted by John Rooke. Mr. McGillivray is not only a professor, but is also a student at the University of Dayton, where he is taking courses towards a masters degree in physical education. In addition to these professional responsibilities, he is also the father of four children, ages two through nine.

After being a graduate assistant for two years at Indiana University while obtaining her masters degree, **Miss Carmen Shirk** has decided to teach Spanish on the college level. In addition to her ability in foreign language, Miss Shirk also enjoys sewing and sports.

**Mr. Dean Kool**, former band director for Wisconsin State University, joined the college faculty as Assistant Professor of Music. He is a graduate of the University of Northern Iowa, completing the B.S. degree in 1953. He received the M.M.E. from Drake University in 1958. Mr. Kool's responsibilities will include directing the symphonic band, together with classroom and percussion instructional duties.

Another musician new to our campus is **Mr. Phillip McClure** from Seattle, Washington. Starting his piano career at the age of seven, Mr. McClure furthered his training with the desire to teach piano at a Christian college. He received the B.M. and M.M. degrees at the University of Southern California. Although his primary interest is in music, Mr. McClure is also an outdoor enthusiast, his favorite activity being back-packing. He spent this past summer at Camp Gilead in Washington as assistant camp director, where he organized a back-packing trip.

Coming to our campus to relieve Dr. Helmick for his leave of absence is **Mr. Nelson Wallis**, a 1969 graduate of Cedarville College. After teaching high school in Lancaster, Ohio, Mr. Wallis was a teaching assistant while completing the M.S. degree at Wright State. Most recently, he has been working as a chemist for The Stevens Company.

**Miss Marsha Shepard** of Clio, Michigan has begun working in the Communications Department. Miss Shepard will be involved in the area of speech, drama and oral in-

terpretation instruction. After receiving the B.S. degree from Bob Jones University, she taught speech at the school while completing her M.A. degree. Through her teaching experience, Miss Shepard felt that her ability would be best communicated with college age students. She is excited about teaching, as the ability to communicate is vital to the Christian. Besides participating in drama productions and oral interpretation, Miss Shepard has a variety of other interests. She enjoys painting, drawing, skiing, reading, horses, and traveling.

**Mr. Elmer Tudor** of Cincinnati, Ohio will serve on a part-time basis as Professor of Business. Mr. Tudor received the B.S. degree from the University of Cincinnati and the M.B.A. degree from Xavier University. In addition to his work in marketing and plant management, Mr. Tudor has been actively involved in his church program.

Joining the faculty of the physical education department is **Dr. Pamela Diehl**. It was through the ministry and testimony of Dr. Maryalyce Jeremiah and the women's field hockey that Dr. Diehl received Christ as her Savior while a student at the University of Dayton. Dr. Diehl is therefore excited about her opportunity of coaching the field hockey team this year. After receiving the B.A. degree at the University of Dayton, Dr. Diehl completed her Ph.D. at Ohio State. While volleyball is Dr. Diehl's favorite sport, she also enjoys camping and fishing.

Due to the rapid growth of the broadcast major, there has been a need for another experienced and knowledgeable person to expand and develop the curriculum. Coming to meet that need is **Mr. Roger Booth**, who brings fifteen years of Christian broadcasting experience to the new position of Coordinator of Broadcast Instruction. His work in radio began while he was a student at Bob Jones University, where he completed five years of study in communications and radio. Mr. Booth has also attended Trinity College and Northwestern University and has held offices in the National Religious Broadcasters' Association. After gaining five years of experience at WMBI in Chicago, he moved to San Diego, California, where he developed the program, "The Quiet Hours." Mr. Booth's desire is to "multiply my radio experience in the lives of young people" and to recruit good students. In radio, he stresses the importance of knowing one's audience and making sure they understand what is being communicated. With his family of four boys, ages 14, 11, 8, and 6, Mr. Booth enjoys fishing, bicycling, tennis, and golf.

**Miss Patricia Bates**, from northern Kentucky, has been appointed to the position of Dean of Women. In the past she has been involved with state institutions, working with delinquent youth. Miss Bates has served as a social worker for the past six years with the Department for Human Resources in Kentucky. After receiving a B.S. degree in psychology at Ouachita University in Arkansas, Miss Bates obtained a masters degree in corrections at Xavier University. During her free moments, students may find the new dean on the tennis courts or getting acquainted with students.

Coming to our staff from Virginia is **Dr. Martin Clark**, who has assumed the position of Director of Counseling. Before coming to Cedarville, Dr. Clark pastored three churches, the most recent being in the college town of Blacksburg. As a result of a burden for college students, much of Dr. Clark's pastoral work was college oriented, holding Bible studies, meetings, and doing evangelistic work on the campus of Virginia Polytechnic Institute. Dr. Clark is a graduate of Bob Jones University where he received the B.A. and M.A. degrees in Bible. He recently received the Ed.D in Counseling and Student Personnel at Virginia Polytechnic Institute and State University. While in college, Dr. Clark participated in cross country, basketball and swimming. However, he has just begun a new interest in golf. In addition to his new position at Cedarville College, he will begin another new responsibility soon—that of fatherhood.

## COMING EVENTS

Oct. 11	Artist Series: Pianist Dennis Moffat
18-19	Homecoming
19	WCDR-Concert
25-26	ISI Seminar
12	Artist Series:
Nov. 2	Swordbearers' Conference
12	Artist Series: Miami University Symphony
15-16	Fall Play
23	Choralaires' and Orchestra Concert
Dec. 3	Oratorio Concert
7	Collegiate Singers & Brass Choir Concert

5	Tue.	Univ. of Dayton	A	3:00
8-9	Fri.-Sat.	NCAA Finals		
16	Sat.	NAIA Dist. 22 Play.		
20-23	W-Sat.	Area Playoffs		
27-30	W-Sat.	NAIA Nationals		

# SPRING SPORTS REVIEW

Last spring, Cedarville's sports teams experienced much success. Having not lost a match in over 40 consecutive starts, the tennis team took the championship in the NAIA Nationals at Kansas City, Missouri. The team remained undefeated in all competition during the season. Cedarville's team of Steve Milikan and Al Edmund won the doubles title in the NAIA District 22 Championships.

In the area of track, senior Barrett Luketic set new records in the dashes, the long jump, and triple jump. The track team also became the District NAIA 22 Champions, and ended the season with seven meet wins and no losses. Sophomore Jon Mitchell broke the intermediate hurdles record at 54.4. Earlier in the season, five Cedarville trackmen put in record-breaking performances at the Second Annual Christian Athletic Association track and field championships held at Cedarville to put the Yellow Jackets in third place at that meet.

The baseball team completed its most successful season in many years, ending it with the National Christian College Athletic Association Championship. Cedarville finished 17-8, setting a new school record for the most wins in one season, team batting average of .304, most hits at 204, and most runs at 144. They tied two records during the season—most doubles at 29, and best field percentage at .945. Senior Dennis Lowsetter commented that in the past four years the team had grown closer to the Lord, and to each other, especially as they were able to travel on Spring Tour to the south.

The golf team ended the league season placing 2nd in the Mid-Ohio Conference, and finishing third in the District 22 play-offs, one notch higher than last season. The player with the best average and the most points won was freshman Chris Burk, who was chosen for the All-M.O.C. squad.
