FALL OPENING

The thirty-third year will open September 8, at 9:30 a. m. Register Monday, September 6, and Tuesday September 7, from 9 a. m. till 4 p. m. each day.

OUTLOOK

A campaign for one hundred Freshmen is on. Most of them have been secured. There is no doubt that the Freshman class will be the largest in the history of the college.

FACTS ABOUT CEDARVILLE COLLEGE

Last year's attendance was the largest in the history of the college. The class just graduated was the

largest in the history of the college. \$25,000 was received during the past year for the building and en-dowment fund.

The Alford Memorial Gymnasium

is being expanded and remodelled at a cost of \$22,000. It will, when finished, be one of the best in this part of the state.

the faculty, and the churches give the students ample opportunity to develop the social side of their nature.

Moral and religious development is to be had in the chapel service, the Y. M. and Y. W., the churches and splendid Christian homes, where students room.

Lectures in class room and chapel and in the popular lecture course of Cedarville bring the students in touch with all matters of human interest at home and abroad.

Athletics is encouraged by the faculty. Football, basketball, baseball, tennis. etc., are popular. Physical education is given both sexes.

FINANCIAL SECRETARY

attick.

At the last meeting of the Board of Trustees held June 3, 1926, it was decided to employ a financial secretary for the coming year to collect endowment pledges that are outstanding and to get new or renewal contributions to the endowment. The ordowment now is \$183,000. We contributions to the endowment. The endowment now is \$183,000. We ought to get enough additional this year to put the endowment well over the \$200,000 mark. The goal is \$500,000. It must be raised in the next five years to save Cedarville College. We call upon all the alumni to come to the help of their alma mater. Cultivate friends of means for your college and help us reach the goal. Much can be done by our graduates and former students in securing money for the permanent endowment of Cedarville College. Each of you has a friend who would be of you has a friend who would be willing to help. Three of the graduates have secured over \$11,000 in this way. If each graduate would secure \$100, that would bring in \$30,000. Let us all try, and begin the graduate would secure \$100, that would bring in the graduate would secure \$100, that would bring in the graduate would begin the graduate would begin the graduate would be graduated by the graduated b

TEACHERS COURSES

Cedarville College is recognized by the Department of Public Education of the State of Ohio for the training of the State of Ohio for the training of teachers for instruction in the public schools. Cedarville College has a specially trained professor of public school experience at the head of this work. Observation and practice teaching besides methods are given to all of our students pursuing the courses of Education. Our graduates from our courses in Education are readily placed in attractive and are readily placed in attractive and lucrative positions. Our department in Education is one of the most popular in Cedarville College as well as one of the most practical and efficient.

Upon the completion of these courses the student is given a state provisional certificate entitling him or her to teach, as the case may be in any grade or high school in Ohio. In any grade or high school in Ohio. Upon the completion of a four years' course, the degree of A. B., is given in addition to the other privileges mentioned. The supreme value of our teachers' courses in Cedarville College is that they prepare not only for teaching but for practically all other pursuits as well.

PRACTICE TEACHING

Arrangements between the local Arrangements between the local public school and the college give the privilege to students preparing to teach to get their practice teaching in the grades and the high school; and in this manner they are brought into real contact with the duties and problems of the school as they are to be met and solved in the actual work of teaching and conducting a school.
