**TEACHER TRAINING COURSES**

We call special attention among the varied courses which Cedarville College offers to our courses of Education. Cedarville College is accredited by the Department of Education of the state of Ohio to train teachers. Courses in all subjects of Education required for this purpose are offered by the college. Cedarville College has been very fortunate in locating its teachers well. All of its history it has been successful most of the time

in locating its graduates even before they have completed their courses of study. Cedarville College maintains a free bureau for the location of its graduates who intend to teach. This bureau is also at the service of its alumni who are teachers.

Cedarville College has splendid opportunities for students, preparing to teach, to get observation and practice teaching in the grades and high school of the excellent public schools of Cedarville.

**FACULTY**

Cedarville College has always maintained an able staff of professors. Its faculty have gotten their higher education in such colleges and universities as Franklin, Monmouth, Wooster, Ohio Wesleyan, Wittenberg College, Denison University, Maryville College, Indiana University, Ohio State University, Northwestern University, Bowling Green State College, Ohio Northern University, and Purdue University.

The faculty are men and women of experience in their fields. They always are sympathetic with the students and bend every effort to encourage the students to do their best in preparation for their life's work.

**OUR STUDENTS**

Cedarville College is a co-educational college. During these forty years more than twenty states and several foreign countries have been represented in Cedarville College.

These students have been all this time identified, for the most part, with some church. This year they are one-hundred per cent members of the various churches. Among our churches the following have been and are represented: Presbyterian, U. S. A., Presbyterian, U. S., United Presbyterian, Reformed Presbyterian, Associate Presbyterian, Methodist Episcopal, Methodist Protestant, Baptist, Episcopalian, Christian, Disciples of Christ, Lutheran, Reformed, Adventist, Christian Science, Friends, Catholic, and Jews.

Nationalities among the students are and have been American, English, Scotch, Irish, Canadian, French, German, Italian, Korean, and Chinese.

Our students come from village, city and rural districts. Twenty-four counties in Ohio alone and over thirty villages and cities of Ohio were represented in the student body last year.

**PROSPECTIVE STUDENTS**

The outlook for increased attendance in Cedarville College in September is very encouraging. A large Freshman class will enroll. The upper classes will be increased in each by new members. Cedarville College welcomes young men and women who are earnestly seeking to secure a collegiate training.

**OUR ALUMNI**

Thousands of students have received a complete or partial education in Cedarville College. Over six-hundred have become alumni of Cedarville College. Our alumni

are located in practically every state of the United States and also in several other countries.

Our alumni have entered all vocations. Many of them are holding positions of influence and responsibility. They are farmers, mechanics, merchants, bankers, teachers, attorneys, legislators, congressmen, physicians, missionaries, ministers of the gospel, and in various other pursuits.

### ENTRANCE REQUIREMENTS

High school graduates who present one unit in Algebra, one in Plane Geometry, three in English, two in foreign language, one in science, one in history and civics, and six in other subjects from a first grade high school or equivalent will be admitted into the Freshman class of Cedarville College without condition. New students who lack two units or less of the above requirements may be admitted and instructors will be provided at the expense of the student to make up the deficiency.

### IN THE CLASS ROOM

It is the aim of Cedarville College to keep the classes of a size such that personal work may be done with the students. The classes average from five to twenty. The Socratic and lecture methods are employed in teaching. Library and research work is required. Visits are made to various concerns and organizations by classes and professors according to the subject which the class is pursuing. Frequent tests and final examinations are conducted throughout the semester. Professors give special attention to the vocational guidance and direction. The aim is to develop the student in and out of the class room so that he will be able to enter upon his life's work with zeal and accomplish it with success.

### THEOLOGICAL SEMINARY

One of the oldest theological training schools of the United States is located at Cedarville. It is affiliated with Cedarville College. It was opened for instruction in 1809. Since that time a continuous stream of young men have gone forth to preach the Gospel in all churches and all parts of the world. The students of the Theological Seminary have the opportunities and privileges of the students of Cedarville College. The courses of study in this seminary are standard and up-to-date. We invite young men of all churches who are looking forward to the Gospel ministry to consider Cedarville College Theological Seminary.

Cedarville Theological Seminary teaches that the Holy Bible is the inspired word of God; that God consists of three persons, Father, Son and Holy Ghost in the one divine nature; the resurrection of the body; redemption and salvation only through Jesus Christ, and the final personal coming of Christ to set the judgment and distribute eternal rewards to both the saved and the unsaved.

### LOCATION

Cedarville College is located in the village of Cedarville, Greene County, Ohio. Cedarville is a beautiful and typical college town of about 1100 inhabitants. It was founded over one hundred years ago by Scotch, Irish, Ger-

man, and Dutch peoples. It is made up of conservative loyal, American families. It is noted for its good homes, splendid schools, and excellent churches. Cedarville has paved streets, is well-lighted, has a modern system of water-works, is supplied with natural gas, and has enterprising business houses and one of the largest paper mills in the United States.

Near Cedarville is one of Ohio's famous mounds, and an old fort. The cliffs of Massies Creek noted for beauty, are about one-half mile from Cedarville, while the famous gorge of Clifton is only four miles away.

Cedarville is located in a rich agricultural community. Routes 42 and 72 and the main line of the Pennsylvania Railroad pass through Cedarville. These routes give easy access in all directions over the best of roads to all parts of our country.

Cedarville is only 8 miles from Xenia, 13 from Springfield, 24 from Dayton, 26 from Washington C. H., 22 from London, 44 from Troy, 53 from Piqua, 46 from Columbus, and 62 from Cincinnati.

Cedarville is the birthplace of the late Whitelaw Reid, former owner and publisher of the New York Tribune, and ambassador to King James' Court.

### BOARDING CLUB

Cedarville College has its refectory in the basement of Carnegie Library. Most of the college students and some of the faculty take their meals at the College Eating Club. The meals average about \$3.25 a week throughout the year. Cedarville College Eating Club is noted for well cooked and generous meals.

### ROOMING PLACES

Furnished room, lighted and heated, may be obtained either for the summer school or the regular college year for \$1.25 a week up to \$2.00 a week. These rooms are in good Christian homes and have the modern conveniences. The hospitality of these homes gives cheer and comfort to the students and also affords the nearest approach to ones own home obtainable.

### Y. M. and Y. W. C. A.

The Y. M. and Y. W. C. Associations were organized almost with the founding of Cedarville College. They promote the physical, mental, moral and spiritual life of the students. Each week these associations meet to discuss the problems which young people have to confront. Capable speakers and entertainers, near and far, appear from time to time before these organizations. Delegates from these associations are sent to state and national conferences.

### COLLEGE LIFE

The life of Cedarville College is made up of the physical, on the athletic field and floor and in the gymnasium and hikes; of the mental in the classrooms, lectures, dramatics, and literary meetings; of the social in picnics,

spreads, receptions and banquets; of the moral and religious in Chapel, Y. M. and Y. W. C. A., the churches, and religious conventions and conferences.

### STUDENT ACTIVITIES

The student activities are numerous and furnish an education in themselves. They are:

1. **Athletics.** Cedarville College plays both intramural games and inter-collegiate games. The leading games are basketball, tennis, and baseball. Cedarville College is a member of the Northwestern Conference.

2. **Physical Education.** The Director of Physical Education is assisted by two helpers, one for the men and the other for the women. A good gymnasium together with calisthenics, field sports, folk dances, and hikes give an abundance of opportunity to develop health and strength.

3. **Social Affairs.** Our students get together in church receptions, Y. M. and Y. W. socials, class spreads, faculty receptions, and the president's annual reception.

4. **Forensics.** Public speaking, debates with other colleges in which Cedarville College has accredited itself, Bible Reading Contests, and dramatics develop the platform ability of our students. A good literary society offers excellent opportunity for training in forensics besides social privileges.

5. **Music.** A girls' glee club, a mixed chorus, and three quartettes actively engage large groups of students in song both on the campus and away from home at churches, clubs, and public schools.

6. **Monk's Club.** A group of young men preparing to preach the gospel have been going in bands of four to six and addressing various churches in Greene and surrounding counties. They have had more engagements than they could fill.

7. **Y. M. and Y. W. C. A.** For years the Young Men's and Young Women's Christian Associations have been identified with Cedarville College. They do an excellent spiritual work among our students. Moreover they are affiliated with the state and national organizations of like character. They bring our students into touch with large groups of young people and face to face with present pressing problems.

8. **Publications.** Our students publish from the college office a bi-monthly known as "Whispering Cedars." They also publish the college annual—"The Cedrus." This year's Cedrus is the Fortieth Anniversary number and is replete with many matters of interest to all of our alumni, former students, and friends.

9. **Student Government.** Our student body is organized to carry on its own business activities. Each week, on Thursday, our student body conducts business meetings, in which all the students are free to take part.

10. **State Relief and Federal Emergency Relief.** Cedarville College was duly recognized to participate in State Relief and Federal Emergency Relief to aid students. One-tenth of our student body has thereby received aid and are at work earning a part of their way through college. This same means will be open to a limited number of students next September, inasmuch as

State and Federal governments are continuing the program.

### FACULTY PERSONALS

President and Mrs. McChesney expect to visit during July and August the New Century of Progress, Yellowstone National Park, and Southern Illinois.

Dean C. W. Steele received in course the degree of Master of Arts from Northwestern University.

Dr. F. A. Jurkat is pursuing a course in history toward the degree of Doctor of Philosophy in Ohio State University.

Prof. J. W. Auld is pursuing a course in Mathematics toward the degree of Master of Science in Ohio State University.

Prof. Heintz is pursuing a course in English toward the degree of Master of Arts in Toledo University.

Prof. Work is pursuing a course in Music in Cincinnati Conservatory toward the degree of Master of Music.

Prof. Kuehrmann is canvassing Southern Ohio counties for students.

Professors Hostetler, Steele, Jacobs, Kuehrmann and McChesney are teaching in Cedarville College Summer School. They were ably assisted by principal Carrie M. Rife of Cedarville public schools and Prof. Warner, Superintendent of Bath Township public schools. Mrs. Walter Corry of Clifton assisted in Music and Misses Stevenson, and Harbaugh and Mr. Trubee assisted in various classes.

### RELIGIOUS ADVANTAGES

Cedarville College cultivates the entire personality. In athletics, physical education and the gymnasium, the health and welfare of the body are considered. The mental man is developed by text-book, lecture, experiments in the laboratory, research in the library, and recitation in the class room. The moral man is trained by precept and example in and out of the class-room. The spiritual and religious tendencies are afforded chapel reading of the Bible, prayers, and praise. Reverence for God and the things which make for true character are taught. Students are left to the choice of their own Church and the formation of their own religious convictions.

Cedarville College claims that the greatest need of America today, and of the world too, is strong, healthy, clear and true thinking, clean-hearted, upright, God-loving, humanity serving, men and women.

Our aim in training our young men and women is to lead them to be strong and chaste in body, correct and quick of thought, upright and serviceable among their fellow-men, and to live conscious always of the presence of God.

### INFORMATION

A small bulletin, such as this, cannot give you full information. If you are interested in coming to Cedarville College, write for the 1934-35 catalogue for full information. Address all correspondence to the president.
