New Years day. 1894

Monday Morning.

All Hail – New Year!

Thrice welcome to our waiting hearts;

We bid thee come.

Could man but know what thou--

In days of anguish fraught with toils and cares—

For him, before thy final day departs

Wilt bring: the storms might gather on his brow.

But better as it is, that none may know His future state.

Thy coming lifts the soul to higher hopes;

and richer joys shall flow

To him whose thoughts are centered on the goal.

“All Hail:”

“A happy New Year you can make it my dear,

By smiling and doing your best;

Be cheery and true the twelve months through,

So shall the New Year be blest.”

Now let us try to make these lines our rule of conduct through the days and months of 1894.

“By being cheery and true and smiling and doing our best.”

7" Jan Sabbath. A pleasant day but gloomy. Harlan Homer Jason and Willie McMaster at Sabbath School. Clayton Paul and Old George and Frank L- at home. Mr Mc and I at church. Mr Morton subject The revival at Pentecost – How a revival of religion may be secured. This prayer meeting was a model meeting – The husbands and the wives and the children were all there waiting and praying for the same thing. They were watching and waiting for Gods holy Spirit – and the spirit did come. This revival had its origin in that upper room prayer meeting. Earnest importunate prayer is where all real reforms begin. This has been true of all of Gods children. The mightiest of them overcome through tears fasting and prayer. There was a model sermon preached at this upper room prayer meeting. The preaching was filled with Gods holy Spirit – he preached with power as the Spirit gave him utterance. He held up Christ and the word of God before that waiting people – The word of God is a hammer and a fire and will put the devil to flight. When we hold up Christ and the word of God blessed results will follow. What a lost world wants – what a burdened sinner wants is Christ. They want peace – then want pardon. Fathers and Mothers if you would be successful in training your children for Christ you must stay much in your closets – and when you come forth your children and all around will catch your inspiration. Again it was a model congregation. The fire fell upon prepared material and the truth fell upon prepared hearts prepared hearts made prepared pews and the outcome was a revival of religion – a revived church. The same kind of prayer and the same kind of preaching will bring about the same kind of results to day. As we came up from church Willie McMaster stopped off at Aunt Rachels We were here for our selves this Eve. Harlan and Homer read the 17:18 chapters of Matthew with me. Frank L- went away after dinner. Harlan and Homer at the Young folks meeting and at the Union Services at the old side church. 11" Jan Fast day in our church and throughout the Reformed Presbyterian church. How many victories over our evil habits – our sins – and those of others eternity will reveal and will ascribe to these days of fasting. Wesley taking acre of the stock yesterday and to day. Gideon & Mrs H- here and finished up all of the work do day. All complete this eve. Mr Mc Uncle Joe and Homer and Jason and I at church. Paul at home with Frank. Mr Mortons text "But your iniquities have separated between you and your God, and your sins have hid his face from you that he will not hear." Subject of the text The dreadful consequences of sin. Sin is disastrous to us as individuals, and individual sins separate between us and God – and mars our happiness and hinders our usefulness. It is our sin that keeps us from getting near to God – and brings us into shame and disgrace. Sin in the soul is the fountain from whence all bitter waters flow. It produces envy, hatred evil speaking jealousy Evil surmising unkindness variance and a general lack of happiness and a want of interest in those things in which it is our duty to be interested. Now there are three things which every one ought to do – 1" find out what our sin is 2" Confess – and then in the strength of God turn from it and forsake it forever. It is sin in the church that causes such deadness and so little fruit. It is sin in the nation that brings the judgement of God upon it. There is only one perfect moral law for the individual the family and the nation and that is the law of Christ. If this nation or any nation would be exalted let it confess its sin & forsake it and come to Christ – acknowledging his authority as "Ruler of the Nations and bow in grateful and humble obedience to him. After the services – the congregation voted upon the question of adopting the U. P. version of the Psalms instead of continuing the old version – it was agreed to make no change at the present. Charlie and Mary McMaster Redpath and Charlie and Fern came out home with us. After dinner Mr Mc and Charlie R- called at Winston Cellars. Homer and Willie got here in time for supper – Mr Mc and Charlie R- at home in time too. This Eve Willie and Homer at C- on an errand. It is getting much colder to night. Willie McS rec'd the 2" son into their family to day.

12" Jan Friday. A little cold. Bright sunshine. By special invitation Mr & Mrs J. R. Orr here and spent the day. Josephine was with them. Mr & Mrs Redpath and Fran and Willie were with us last night and continued with us to day. J. R. Orr and Charlie R- went up to see Mr Fred Wilson and reached home in time for dinner. Homer & Willie at C- this P.M. Gideon helped to repair the pump at the pump house. Mrs H- and baby here and helped Frank with the dinner – all came up in good time – and we had a nice time generally. Mr & Mrs Redpath went home early – they have an engagement for tea. Homer and Willie went at the time – and spent the evening

around town. James R Orr & [illegible] remained awhile longer with us. Gideon here to dinner. Clayton came home this eve – He rode out with Dick Townsleys.

13th Jan Saturday. Moderated considerably. Homer took Willie to C- and went to the office and was home in a very little bit. Uncle Joe and Wesley and Gideon around. Clayton at Selma at the shop on an errand. This afternoon Homer left for Carries and the Y. Springs. Clayton took Mr Mc to Clifton expecting to meet Homer and go with him to the Springs – but when he seen Homer he had Willie McMaster with him. It was getting so much colder Mr Mc let the boys go on by themselves. This Eve Gideon & Mrs H- and Clayton took Uncle Joe home. The boys did not get back until late – they did not get to see Mr Willingner.

14th Jan. Sabbath. Homer Clayton and Willie McMaster at Sabbath School and church. Jason Paul and Frank at home. Mr Mc & I at church – Mr Mortons text – Thy people shall be willing in the day of thy power in the beauties of holiness from the womb of the morning; thou hast the dew of thy youth.” Subject of the text is Christs volunteers. Now what is the characteristic of the soldiers of the cross as here delineated. They are volunteers they are willing to serve him. Soldiers of the cross are those who love Christ. They are willing people – this is also as true of satins [sic] volunteers – they are as willing to serve him. Soldiers of the cross are those who love Christ and souls so much that they are willing to make any sacrifice that they may win souls for heaven. The Kingdom of Christ is founded on love. The soldiers of the cross are a devoted people – so devoted that they consecrate their lives and all to his service. If we have this spirit of devotedness and willingness when we are called upon to make some sacrifice for Christ we will willingly and cheerfully respond. Young man if you have this spirit of devotedness to God when called upon to do some work for him you will be able to say I am ready. When called upon to visit the sick or the dying or to forgive some offending one you will be able to say I am ready. If you have this spirit we will be willing to give up our loved ones when death comes to claim them and when we are called to meet death we will be able to say I am ready. To be ready is the highest and grandest thing that can be said of any of us. Let us have this spirit of love – of willingness and devotedness to God and our whole lives will be changed. Our home will be changed into Bethels where Jesus would love to dwell. This spirit will also change our church – it would be revived. Gods people are a holy people – “In the beauties of holiness from the womb of the morning.” What the dew drops are to grass and flowers holiness is to the people of God. A holy person is a whole person – A perfect person. There is not anything like taking a bold stand for Christ. No matter where we are let us be able to say to the world I love Jesus – do you? We are made willing in the day of his power. When he says I will send the rod of my strength out of Zion It means I will send the Bible or the word out of Zion or out of the church. After preaching Mary Redpath and little Fern came home with us from church. Roy Bromegan came home with Homer – Willie went to Orrs. This afternoon Clayton and Jasons Catechism was heard. This Eve Homer and Roy at the Young folks meeting and at the U. P. church. Mary Redpath and little Fern and Clayton and I were at the U. P. church too. Rev Warnock preached. Homer went down at the same time to tell the folks in town good-bye – He waited for the morning mail and Uncle Joe came out with him. This afternoon he told us good bye and Mr Mc took him to Springfield to the evening train to go back to his place again to Monmouth College. On account of the scarcity of money in the country Hard times having struck us most terribly it was quite a struggle and at a great sacrifice that he went back I feel so sad—“May a light arise in this darkness—and our affairs be guided well— while I feel sad for him to go—I know I would have felt more than I could have expressed if he had not gone—for something tells me it is worth all the sacrifices—all the struggle. Uncle Joe at the office this evening. Gideon & Wesley busy to day. It is a very mild evening. Mr Mc did not get back from Springfield until after ten. Homer got started back to Monmouth this Evening Mr Mc took supper with Harlan at his boarding house before coming out. Mr Mc and I did not forget that this is our twenty seventh marriage anniversary. We need to study the Bible because it contains the words of eternal life and because it points to a world of surpassing beauty and loveliness beyond the starry skyes and because Gods law is perfect and converts the soul. 4" Feb. Sabb. At little snow fell last night. Clayton and Jason did not get to Sabbath School in time – and did not go – but were at home with Frank and Paul. Mr Mc and I at church. Mr Mortons text – “Verily, Verily, I say unto you He that believeth on me the works that I do shall he do also; and greater works than these shall he do; because if go to my father.” How Christs work is to be done is the theme of the text. The workers are Gods children – and he will give them the wisdom and courage and power that they need. What is faith – It is to trust in God when everything seems to be against us. By the exercise of faith we receive both moral and spiritual power. The work that we have to do is the same that Jesus would do if he were in the world. Christs life was a life of self denial and consecration. The reason that we do not accomplish more in the family and in the church is because we are not consecrated enough – because we are not enough like Christ. There are hundreds and millions of souls without Christ – and to do the work of Christ we would be deeply concerned about these and would be anxious to lead them to Christ. Christ came to comfort mourners and to lift burdens – to be like Christ is for us to forget ourselves and try to make others happy – Let us study to be like him – After dinner Frank went away. I heard the childrens lessons – This Eve Bible reading.

Mr Mortons text "Look to yourselves that we lose not those things which we have wrought but that we receive a full reward." The Lord Jesus is deeply concerned about Christian Mothers and their children. About Christian parents and their children. The subject of the text is the Christians temper or our danger of losing part of our reward. Look at our selves – look at our children – at our home at our surroundings – look at where we are when we are going – take in the whole situation A mans worst enemies are those of his own household. Our danger often arises from our deadness our indifference. Our danger does not consist so much in our being in the world as in our letting the world come into our hearts. When we, as Christians, fail to cultivate the Christian graces which have been implanted in our heart we lose part of our reward. There is not anything which we possess

which is as valuable as faith holiness patience kindness charity and love. And the exhortation is to possess these in large measure – for there is not anything which gives us so much fervor. We need to be alive not only to awaken up but to be active We need to keep close to Christ – Keep close to the captain the source of power. What possibilities are ours. What a power we possess; what attainments we might make – what a rich reward we might enjoy. If a person is unfaithful and not devoted to the Lords work – he is weak and fails to receive the present blessing and reward as well as being in danger of losing the heavenly reward – will not have as many stars in his crown of glory as he might have had – for there are degrees of glory in Heaven – For “They that be wise shall shine as the brightness of the firmament; and they that turn many to righteousness as the stars forever & ever.” We are in danger of losing what has been wrought in the family. God sets the solitary in families A Christian family – a consecrated home where Jesus is honored and worshiped is the most sacred spot on earth. What are we in danger of losing in the family? We are in danger of losing the members of our families – There are many traps and dangers thrown around our homes There are evil companions often lurking around – the saloons are open – there are also traps – and seats of iniquitie Now what are we to do? We are to take our children and our loved ones to Jesus – there is no other battlement so secure – What are we to do? We are to pray and to work for the Salvation of our families – we are to be more earnest and more concerned about our families then what we are about the world. There is danger of losing what has been wrought for the church. The motto for the church should be all up and at it and at it all the time. This afternoon spent with the boys – This eve Wesley went home. We are here just by our selves – Reading – and Bible reading the order of the evening.

Jason and I at Sabbath School and church. Mr Mortons text "And from the days of John the Baptist until now the Kingdom of heaven suffereth violence, and the violent take it by force." How is the Kingdom to be taken – it is taken by moral force. This force is the force of the will – we need to be resolute and determined to secure the Kingdom at all hazards for our selves and for our children and our loved ones. Many a man fail in life for want of will power. This is true in regard to the every day duties of life – but much more so in regard to the soul. If we are in earnest about our own salvation or that of our children or of others and are determined & mightily in earnest with Gods blessing we will succeed. This Spirit of force or earnestness will make our souls all aglow with love for God and love for souls. If we would bring the blessing of God down upon our homes and churches we must as it were besiege God with the violence of prayer – If we would bring our children into the Kingdom we must take hold of God by the power of faith and the power of prayer and never give up until we receive the blessing and the answer. But the assurance is we will gain the victory we will receive the blessing – for the violent take it by force. Clayton Jason making an effort to finish the catechism.

18" March. Sabb. A mild day warm. Aunt Precilla, Wesley & Paul at home. Clayton and Jason at Sabbath School and church Mr Mc and I at church. Mr Mortons text "Prepare ye the way of the Lord, make straight in the desert a highway for our God." The encouraging message of the text is to prepare the way – for the Savior is coming – The time of his coming is at hand – Remove the barriers – the obstacles – get your hearts and your homes ready for he will appear. We are waiting for the Saviour – we want his presence and his help – and if we desire him we are commanded to get our hearts and our family and the people ready for his coming. Christ never comes into an unprepared heart. The subject of the text is our work. The part we are to do in securing Christs presence love and grace. Who is to prepare the way and get ready for His coming? Who is to introduce Christ and bring him into hearts – into our families and into our churches. We are the ones addressed. We are Gods Heralds and messengers to assure the

people that He is coming and to get ready to give him a cordial welcome. This preparation is a personal work – Each one must do this work for himself and herself. Thousands of men and women are full of ignorance and darkness and we are charged with the work of bringing them to Christ. To do this successfully we need to have our hearts full of love to God and to man. To reconcile parties that are at variance we need to have our heart full of love for both. We want Christ in our hearts – if we do let us remove the barriers that are in the way of his coming. We want Christ in our homes – If we do let us prepare our homes for his coming by removing the coldness and selfishness and evil speaking and unkindness – This is also true of our church if we would have it ready for his coming. For Christ will not come until we are prepared for his coming. Christ does want to come – He stands at the door and knocks. He wants to come into our hearts with greater love and power than ever he did before – but we can have no special evidence of his love until we prepare the way. In what does this preparatory work consist. The thing we need is a new heart. We must be created a new in Christ Jesus. If we would prepare the way we need a spirit of forbearance and a forgiving spirit. If we love God and our neighbor as we should the way of the Lord is prepared and he will enter into souls. If we would be ready to receive Christ into our hearts we must forgive as we would be forgiven and when we are filled with this spirit the way of the Lord is prepared. If we would have Christ in our heart we need to repent of our sins. When John the baptist came to prepare the way of the Lord the burden of his prayer & preaching was repent ye – and then pointing to Jesus he said “Behold the Lamb of God that taketh away the sin of the world.” If we would save the world we must point them to this same Saviour. If we would have Jesus in our homes we must prepare a room or a lodging for him – if we would have him in our hearts we must prepare a lodging place for him. Well, Jesus has sent us word that he is coming to hold communion with us and if would have Him come we must be prepared to give him a cordial welcome. And if we are ready and waiting the Saviour of the world will appear in is glory. Now let us remember if Christ does not come it is because we are not prepared to receive Him. This afternoon spent with Clayton Jason and Paul – none of the ones that are gone were forgotten.

19” March. Monday. Almost like a May day – drizzling rain a little now & then. Wesley & Isaac at work – hauling in hay. Jason at School. Mr Mc around home all day. Paul following after him. Our Penn Dutchman & Wesley around. This Eve Wesley at C- I have been on the sick list all day – have had a worse spell than usual with my stomach. Aunt Precilla busy.

23” March. Friday. A dreary day – a little colder. Services in our church preparatory to our communion at eleven Oclock. Mr Mc and Uncle Joe and Jason and I there. Clayton was there too and came home with Uncle Joe after the preaching. Rev Mr McKinney preached – text “But when the Jews saw the multitudes, they were filled with envy, and spake against those things which were spoken by Paul, contradicting blaspheming.” Christ came not bring peace on the earth but a sword – But Christ purposed to bring peace but to have this there must first be war. To have peace it is necessary to have war in the human heart. The gospel turns things upside down. The gospel in the heart will drive sin out of the heart The Gospel tells men they must turn from the way they have been going and go another way. The gospel lays its hand upon the sins of man and says these must not be. The gospel opposes selfishness and pride. While opposition to Christian effort is natural it is always helpful to those who have overcome. If you meet with opposition in your heart and in your home do not be discouraged but go forth bravely and you will conquer after awhile. Opposition is not to be sought, but if God sends it meet it bravely and in the strength of God – for without his presence and help opposition will kill. But it is life and triumph to meet it bravely patiently and in the strength of God.

24” March. Saturday. A little cooler – not so pleasant. Mr Mc up at the Hollingsworth sheep until noon. Clayton went by way of Cedarville to Springfield for Harlan – Uncle Joe went with him as far as C- to be ready for church this P.M. Isaac busy until noon – Mr Mc discharged our PA – Dutchman this morning. Wesley busy. This afternoon Mr Mc and Jason and I at church – Paul stayed with Aunt Precilla. Mr McKinneys text “By him therefore let us offer the sacrifices of praise to God, continually, that is, the fruits of our lips giving thanks to his name. But to do good and to communicate forget not: for with such sacrifices God is will pleased.” The means by which we offer our sacrifices “By him let us offer our sacrifices to God. Notice the material or contents of the Christians sacrifices that is the fruit of our lips. The first thing in sacrifices is surrender – it is to give up our inclinations – and likes and leave all to God. Does god rule your life – your home – or your business if he does not then you have not attained to what he would have you be. The fruit of our lips and the fruit of our life should go together. One should not be without the other – for good words and good works should go hand in hand. We should praise God by telling others of his love – by showing forth his loving power & letting the world see what a loving Saviour he is. After preaching we made a short call down town – stopped to see grandmother Murdock. Dr. W. H. Winslow of Pittsburg sent his first medicine to me to day and I began taking it this eve. Clayton and Harlan did not get home until nine – they did not get away from S- until after six. This is the first time Harlan has been home this year. He was here

for a day or so at the Holidays – and Homer took him back to S- the day after Christmas. We are glad to have him home once more.

25th March. Sabb. Cold – winter again – the bright warm days gone. Harlan and Clayton and Jason and I expected to have been at the prayer meeting this morning but failed – But we and Mr Mc were all in time for preaching. Sermon by Rev Mr McKinney. Text “He shall see the travail of his soul, and shall be satisfied” It is well to dwell upon what Christ thinks of us – While Christ as man suffered untold agony yet his greatest suffering was spiritual He knew what sin was in the sight of God Then the father left him to suffer – he hid his face from him. The redeemed are Christs purchased ones – he bought them they are his – He says of them I am satisfied they are mine. Now if Christ loves us so much – O how much we ought to love him. For, “Beloved what manner of love the father hath bestowed upon us, that we should be called the sons of God” Let us think much on these things. Afternoon – The Lords Supper was observed. This has been one of the blessed days – Harlan with us – At seven he and Clayton & I at our church – Rev Mr McKinneys text – “Rise up my love, my fair one, and come away.” If we want love – if we want to know what Christ thinks of us let us read his letters – let us dwell much on his declarations of love. His people are fair and lovely in his prospects for them. He bids us come away from our sins from our environments and come to him – the light & beauty and hope and glory of this dark world – Look to where the light shineth – to where the flowers never fade – where it is one long grand happy never ending day.

26th March. Monday. Still cold – blowing snow sometimes – Clayton left with Harlan for Springfield – He got back to his place at Carsons & Fox. April 1894

"1" Sabb of April. Easter to day."

1" April Sabbath – Cool – but a breath of Spring in the air. Our Irishman is gone this morning. Wesley & Paul and Aunt Precilla at home. Clayton & Jason at Sabbath School and church – Mr Mc and I at church. Mr Mortons text "I am crucified with Christ: nevertheless I live; yet not I but Christ liveth in me; and the life which I now live in the flesh I live by the faith of the son of God, who loved me, and gave himself for me." If we are real Christians we can look into this text and see a true picture for our selves. If we are crucified with Christ we are dead to sin to Satan [sic] and to the world – are alive to God to the church and to their souls eternal interest and to everything that is good. The source of the Christians life is in Christ "Yet not I but Christ liveth in me." Now what we need is nearness to Christ. The life of the Christian is a life of faith – He lives "by the life of faith of the son of God." The true Christian makes religion the object for which he lives Let us remember that we will be assaulted by Satan [sic] on every side – but let us go forth in the strength of the Lord our God – "Some trust in chariots, and some in horses; but we will remember the name of the Lord our God." This afternoon spent with the children.

Mr Mortons text "And he took the mantle of Elijah that fell from him, and smote the waters, and said, where is the Lord God of Elijah; And when he also had smitten the waters, they parted hither and thither; And Elisha went over." The leading thought – How the Lords work can be successfully carried forward. He accepted the

work – and entered upon it – He took up the mantle of Elijah and went forward. We like Elisha ought to use the power God has given us Elisha smote the water. We are opposed by enemies by evil thoughts we are surrounded by the powers of darkness – they are mighty but if we use the power God has given us and look to him for help we will come off more than conquerors. Between us and our home is the dark river of death if we use the power God has given us the waters are divided and Jesus will lead us across in safety. God has placed the power in our hand of removing wrongs and of effecting reform and this is the only way that any of these desired changes can be brought about. No great enemy or great reform or good is ever brought about without persevering effort. If people are ready for moral reform in any country or community it is because some one has gone before and opened up the way. What is needed to take the world for Christ is an army of Christians with the spirit and determination of Elisha. If we would be successful we must get our strength and inspiration in our closets. Put on the armour and use it – but do not depend on it but look beyond it to the Lord God of Elijah. We must work and pray. The watch word of the church is the sword of the Lord & Gideon – There must be a meeting of human & divine agency. This afternoon Catechism. Mrs McCollum is dead. She died yesterday morning. There is no field where a greater work can be done for God than what can be done in the home. It is here where lessons can be taught which never can be forgotten. It is here where men & women are trained to go out into the world and take up the great burden and work of life – and are prepared to enter upon the glories of a future world. cause them to inherit." Our work & how to perform it. Joshua's work was to lead the Lord's people out of the wilderness across the Jordan into the promised land—and we are to help—to teach and although the work is too great God can give us the needed courage strength and power. If we would be strong we must cultivate the graces of the spirit—There is a wonderful power in love and holiness patience and if we develop these powers then we will be strong. To be winners in the battle of life we need more piety more of God's holy spirit. Prayer gives us moral and spiritual power—power to overcome enemies and perform duties. Again if we would be strong we need the Christians armour on. If we have on this armour we are invincible to any power that opposes us. Holy living is needed. The greatest weapon ever put in our hand is taken from the armory of a Christian life. Sam Murdock and the new Prof of C. College at church to day. This afternoon spent with Clayton Jason & Paul. 22" July. Sabb. A beautiful day. Clayton at home with Aunt Katy. Homer Clara and Jason at Sabbath School and church. Mr Mc and Paul and I at church. Mr Mortons text "And I, if I be lifted upon from the earth, will draw all men unto me." Subject The attraction of the cross. The party that draws is Christ. He has an almighty arm. He sits on the throne of the Universe – has all power and is able to draw. He that says I will draw all men unto me is human – has a brothers heart – he knows our weakness. Our coming to Christ does not depend upon our own strength or any creative power – for if it did we never could come to him. "No man can come unto me except the father that sent me draw him. Thank God there is a divine drawing. But

this does not tell us to sit still and to wait for Christ to do all the work – but we are commanded to work out our own salvation with fear and trembling. The parties that are drawn – It is said I will draw all men unto me It means he will draw all men and things into his service – He will draw all classes of men & finally all that the father has given him will be called. All the learning and influence of the world will be brought into his service – All the railroads & printing presses and manufactories & commercial interests of the world shall be brought into his service – All the wealth and the nations of earth shall be given to Christ. “He shall have dominion also from sea to sea, and from the river unto the ends of the earth.” They that dwell in the wilderness shall bow down before Him; and His enemies shall lick the dust. The Kings of Tarshish and the Isles shall bring presents: The Kings Sheba and Seba shall offer gifts. Yea, all kings shall fall down before Him; all nations shall serve Him.” O what an inspiring thought what a glorious blessed era that shall be. How does Christ bring people to himself – He draws – he attracts allures and persuades. He does not compel persons to come to Him He makes them willing in the days of his power. He will imbue us with His spirit – fill us with his love – with his grace make us like him – He draws us to our closets – to our family altars, he draws us to his house and to the communion table – What is the power that he uses – It is the power of the cross. If we would bring men to Christ we must show them Christ let them see how glorious and living a Saviour he is. For if he is lifted up he will draw all men unto Him.” This afternoon our Sabbath lesson – After preaching Clara went from church with Aunt Mary to grandmothers She came back with Homer from the young folks meeting.

Mr Mortons text "And the Lord said, Simon, Simon, behold Satan [sic] hath desired to have you, that he may sift thee as wheat; But I have prayed for you that thy faith fail not: and when thou art converted strengthen the breathern [sic]." This text is a description of Christian experience. What the Lord said to Simon he says to you and to me to day. We may be assured that our lives are each made up of falls and recovery. Of good and bad. We have pointed out the sifting process we are to have in our journey to heaven. Satan [sic] tries and [illegible] and sifts Gods own people. Peter had a weak point in his make up Satan [sic] found it out and attacked him there – And he became an easy prey to the enemy. He followed Christ afar off – he got into the wrong company and finally denied his master and forsook him. Often Satan [sic] finds us off our guard – and takes us for his prey. We may be Christians yet if we follow Christ in the distance – be negligent about prayer meeting – church and our closets Satan [sic] will be sure to find us out. If there be a spirit of envy of evil speaking among us Satan [sic] is at the bottom of it. Satan [sic] is a deceiver and

meets us under false pretenses. God sometime gives Satan [sic] the power to sift his people – gives him power over diseases, but his power is limited he can only go to the end of his chain. Satan [sic] desires to sift us that everything that is bad and sinful in us may come to the top and everything that is good may go to the bottom & not be seen. But our deliver is strong – he has never lost a case – he is our advocate – Our refuge Our Saviour. Aunt Mary E. Katy and Clayton & Paul. We had twenty men here to dinner & eleven to supper – Helen lent a helping hand to day – Aunt Katy faithful to the end. We were forceably reminded to day that in the midst of life we are in death – Jason was scarcely a hairbreadth of being knocked into a eternity. One of the machine men was bringing the auger down with heavy blows against a post – Jason was at his side – looking down – when he missed the post and glazed past Jasons head – if he had received the stroke – it would have been instant death – how much we have to

Mr Mortons text – "If thou hadst known even thou, at least in this thy day, the things which belong unto thy peace; but now they are hid from thine eyes." Some of the things we should know we should know ourselves. We should know the state of affairs around us. We should also know the way of peace and riches and value of salvation. Now what is our day? There is a limited season to learn these lessons and if not learned now they are not learned at all. The present is our day. Life is given us to prepare for eternity – and if we allow this time to pass without this preparation our time is gone and gone forever. Life here is largely what life is yonder. Every day is telling for eternity. Lost time or lost opportunities have no resurrection. Youth is the best time to serve the Lord. God makes promises to young folks which he does not make to any other. 16" Sept. Sabbath. Heavy rain last night – damp to day. Clara and Aunt Katy and Paul at home. Homer Clayton and Monroe and I at Sabbath School & church. Mr Mc and Jason at church. Mr Mortons text "And the Lord thy God will put out these nations before thee by little & little; thou mayest not consume them at once lest the beasts of the field increase upon thee." Subject Israels conquest or the Christians conquest. We will meet with opposition all along the way. See the mighty nations, seven in number that stood in the way of Israel entering the earthly promised land – these together with the crowd of internal foes rose high. Their history is our history – their experience is our experience as we journey through life. See the mighty enemies that stand in our way. When try to come to Christ or to bring some one else to him the Devil the flesh and the world are arrayed against us. Often after we have embraced Christ these enemies are allowed to remain to vex and annoy us. Then we have internal sins to annoy us – Jealousy selfishness anger wrath envy hatred, all of these seek an entrance – The Christians is a warfare – a struggle – hard work and a battle. It is no easy matter to conquer the world the flesh and the devil. To expect smooth sailing over the ocean of life is to be disappointed – for tempests and storms will come. We will have to fight our way all along to the celestial city. But the encouragement is that these enemies will be conquered and victory will be achieved. These enemies will be driven out by the word and spirit and providence of God. God will destroy the love and power and dominion of sin in the soul – and fill the soul with the love and peace of Jesus The agency employed to do the work The Lord thy God will do it – He will do it little by little. Would you like to have your heart made clean and filled with the peace of Jesus; use the means God gives you – and the work will be done. This work is done gradually little by little – this is where we make our mistake – we want all to be done in a day – all at once. The enemies of the Lords people were not all conquered at once – but nation by nation – city by city. Gradual growth and development is the law of the Kingdom. This victory is obtained by reading the Bible – and in the closet Some of the most signal victories have been given in answer to prayer. 23" Sept Sabbath. Gloomy most of the day. Homer Monroe Clayton and Jason and I at Sabbath School & preaching. Mr Mc at church. Mr. Morton's text. I will behave my self wisely in a perfect way. O, when will thou come unto me; I will walk within my house with a perfect heart." This text contains the principles by which we should be governed. In starting out in life or assuming new responsibilities we should make this resolution. The subject of the text is the model home—or religion in the family. To be successful in establishing a home we must be truly pious. What is it to walk with a perfect heart? It is to have the heart right. A model home is a home where Jesus dwells. What is a perfect heart? It is a heart made perfect in Christ. If we have our hearts full of the love of Jesus—then we will have pure hearts—pure life and pure motives. The heart is the motive power—the main spring of life. These principles apply to the church, the school, and the nation. If we would have our children right we need to pray and work more for our selves; we need to pray earnestly for our selves that we would be better teach others. If we would be successful, we must do this. What is it to walk wisely? It is to live right lives. To do this is to love God more and to show our love by our lives and to love many more and to show our love the same way. It is also to eliminate our tempers. It is to keep them under check. If we fret at God's providence and see no light in his dealings with us is not acting wisely. To act wisely in the home we must have parental government or government in the home. There must be a mingling of parental authority with parental love. We are not acting wisely if we leave our children to decide whether they go to church or not—or whether they ramble about on the street or not. We are God's appointed guard and bound to them by the tenderest ties. Sometimes when it is too late we find that we have not acted wisely. We should regulate our lives by Gods words. The life must be right at home. We must be consistent Christians at home. We should be gentle and polite and patient in the home, although we may find much to vex and annoy us amid the trial and care of every day life. Some folks are kind and pleasant every where but at home. The home life after all is the true life. A mans life at home always reveals his true character. We should walk wisely at home because of our influence and our responsibility, and because there are streams that flow from the home that will either bless or curse the earth. The seeds that are producing such a glorious harvest were cultivated in the home. The seed that is bringing forth such an abundant harvest to curse the world was cultivated in the home. The home of the godly is a training school where boys and girls are trained for the university of heaven. While this is true of the godly, the opposite is also true of the home of the ungodly. Clara has not been home since college opened until to day she came with us from church – This Eve she and Homer at the young folks meeting. Clara at

Mr Mortons text “I have put my work in thy mouth, and I have covered thee in the shadow of mine hand, that I may plant the heavens and lay the foundations of the earth, and say unto Zion, Thou art my people.” God purposes to people heaven with men women and children that are fitted for that home. He also proposes to lay a sure foundation Christ and the Bible is a sure foundation None who build on this shall ever be put to shame. God proposes to establish religion and morality on the earth. When we work so hard to bring our children to Christ and to make them workers for him and meet with so little success we often feel discouraged – but we need not for the mighty Lord is on our side and we shall surely triumph. We shall surely come off victorious. God proposes to bring all of his children into his own family. There is no such love and forbearance in all the universe as God has for his people. Mr Mortons text "Can that which is unsavory be eaten without salt; or is there any taste in the white of an egg." Unsavory food for bodies or souls need seasoning. What are the unsavory things that need to be seasoned? What are the trials and struggles of life that need seasoning? The gospel and the truths of the Bible are unsavory to the world and need to be seasoned with the love and the grace of God. There is a wonderful power in love – in charity and in sympathy and those who would be successful in rebuking or correcting others should possess a large amount of these graces. Kindness and charity are important factors in reproof. Afflictions need to be mingled with a large measure of patience love and holiness. When disappointment and bereavement come they need to be seasoned with the love of God and with the blessings of his holy Spirit. We need Christ in all of these things – in everything – in prosperity and in the day of trial. Clara came home with us from church – and Clayton took her to the young folks meeting

The subject of the text is Christ and the Christian. The dove is the most inoffensive & harmless creature in the world – and when a Christian is called a dove it means that he is like a dove – The clefts of the rock is a place of safety and security. No matter what the dangers are to which we are exposed if we are sheltered in Christ the rock we are safe and all the storms of the earth and the gates of hell can not prevail against us. Christ gives the kind invitation – let me hear thy voice let me hear thy countenance. The voice of Gods redeemed children is sweeter to him than the songs of the angels and we can not ask too much from him and he urges us to come near. Christ is coming into our hearts to remove all disorder and to bring peace and love and happiness and he says show me thy countenance your approbation Let me hear your voice in prayer in praise and in teaching Let me hear your voice on the side of right. Ollie and baby came back this morning. At two O'clock Mr Mc and Clayton and Jason and I at church. Rev Mr Chestnut preached text "I must by all means keep this feast in Jerusalem." The Lords Supper of the Old Testament is the Lords Supper of the New Testament. It is a love feast – three kinds of love exhibited. It represents Gods love for man – and mans love for God – and our love for one another. When ever an individual or a family neglects to attend upon the divinely appointed ordinances of God it soon leads that individual or family to drift away from God – and to become careless in regard to their duty. Our safety requires us to keep this feast. The Blessed King at whose table we appear ask each of us what is your request and what is your petition and it shall be granted – and there is no time in the history of our lives when we have such power with God as when we seated at his table – Therefore have your petition ready – have on the wedding garment – and come in the exercise of a strong faith in the Lord Jesus Christ. This plant of renown is the Lord Jesus Christ. He has all healing qualities. The blood of the Lord Jesus will heal & completely cure the most deadly disease. This afternoon we had the Lords Supper – and after this service Homer and Clara came back with us – This eve Mr Mc and Harlan Homer Clara and Jason and I went

back to church. Mr Chestnut preached – His text was Gideons Army – What the sword of the Lord and Gideon accomplished. This army of three hundred men chosen of God was characterized by their courage – zeal and faith and their obedience. The sermon was very grand the house full. 4 Nov. Sabb. Gloomy & chilly. Mr Morton at Cincinnati to day. Clayton and Jason at our church at Sabbath School – then came down to the Old Side church where Mr Mc and I were. The old side minister from Utica Ohio preached – Text “Master it is good for us to be here” It is good for us to be here because Christ commanded us to be here. It is good for us to be here because this is the day we celebrate the Lords Supper and this service is a token of Christs redeeming love. It is good for us to be here because this service is an appointed means for spiritual growth – and comes to us as a pledge for the future. The communion services this afternoon – but we came home after the sermon I stopped in at grandmothers and told her and Aunt Mary good bye – Clara and Homer came home with us. We had questions and I went over the Sabbath lesson with the children. This Eve Clayton Homer and Clara at the young folks meeting. Came back through the rain. I have been feeling sad to day – for tomorrow I start to N.Y. to see Fannie and her family. Is it strange I should feel sad since in twenty seven years I have never been away from the “home nest” longer than a few days at a time – Then another thing I go the journey alone – but then we can be alone yet not alone – In the same sense those, others, of the family that are away are not alone. Now I lay my pen down for Jason to keep up this book while I am away.

[**Transcriber note:** From November 5, 1894 to January 2, 1895, Martha is in New York visiting with her daughter Fannie and family. Others are keeping the daily journal at home, thus a variety of different handwritings and writing styles are evident. [**Transcriber note:** Martha steps in on her return home to write a final note at the end of this year's journal.]

When I came home and found that Clayton had kept this book faithfully every day since the 5th of November – I certainly felt very proud of his faithfulness – He kept an account of the home

and I kept an account of my visit while I was at Fannies at Pine Bush N – which I will insert in the next page.

[**Transcriber note:** The journal kept by Martha McMillan on her trip from November 5, 1894 to January 2, 1895, visiting with her daughter Fannie and family in New York, is glued into the 1894 journal at this point. A separate transcription of that journal is available.]

[**Transcriber note:** Following the inserted journal of Martha's trip, the last page of the Journal includes the following:]

The Power of Prayer

Lord, what a change with in us one short hour
Spent in thy presence will avail to make;
What heavy burdens from our bosom take,
What parched grounds refresh us with a shower;
We kneel and all around us seem to lower;
We rise, and all the distant and the near
Stand forth in sunny outline brave and clear
We kneel – how weak: we rise – how full of power;
Why therefore should we do our selves this wrong.
Or others, that we are not always strong,
That we are ever overborne with care,
That we should ever weak or heartless be,
Anxious or trouble, when with us is prayer –
And joy and strength and courage are with Thee.
Archbishop French

“Don't you think that the Lord Jesus can rest you anywhere except by the way of the grave? That is such a mistake, and I made it for so long that I know all about it. Don't you hear his voice calling to you to come to rest in him this minute?” Are there no release or deliverance from trouble by way of the grave – Yes there is

20” June 1894 – “See Journal”

Aunt Mary E said after the folks drove out – It is parting here but yonder “We shall meet at Jesus feet shall meet to part no more.

We want a living victory. A victory through our Lord and Saviour.
