Dear Cross Country Participant:

Welcome to Cedarville University and the 2009 American Mideast Conference Cross Country Championship at the Elvin R. King Cross Country Course. We at Cedarville are delighted to be the hosts for this wonderful event. Congratulations to each participating student-athlete and coach for their accomplishments and success during the 2009 season.

Again, we welcome each of you to Cedarville University, Greene County, and Southwestern Ohio. Have a *great* time of fellowship and competition!

Sincerely in Christ,

Bill Brown
President

ELVIN R. KING CROSS COUNTRY COURSE

A new era began in Cedarville University cross country with the opening of the Elvin R. King Cross Country Course. The venue was dedicated and named in honor of CU's Hall of Fame coach during Homecoming Weekend on Oct. 7, 2006.

The new home site, located at the north end of the campus just east of State Route 72, was constructed on 150 acres of property and was designed and built under the direction of former athletic director Pete Reese and King. Athletes run entirely on a grass course that includes rolling hills.

Athletes run entirely on a grass course that includes rolling hills.

This unique venue, which meets all of the NCAA requirements for a cross country course, hosted its first meet on Sept. 16, 2006 with the 16th Annual Cedarville Invitational. Nearly 1,000 runners participated in eight races and both Yellow Jacket teams won the first-ever college races on the course .

The site annually hosts the Cedarville Open and continues to be the setting for the National Christian College Athletic Association Championships each November. Besides the high school and junior high competitions in the Friendship Invitational, the Ohio Heritage Conference has staged its championship meets on the course.

The primary cross country courses are the 5,000 meter layout for women and the 8,000 meter course for men. There is also a 3,200-meter course for junior high competition.

The Yellow Jackets called John Bryan State Park as its cross country home for the better part of four decades. The beautiful site served as host of the NCCAA Championships from 1978 through 1992 and again from 1995 through 2005. It also hosted the annual Cedarville Invitational, the NAIA District 22 Championship, the Mid-Ohio Conference Championship, the American Mideast Conference Championship, and a number of high school meets.

ABOUT CEDARVILLE UNIVERSITY

Cedarville University is a Christ-centered, Baptist university of arts, sciences and professional and graduate programs. The school is located on a 400-acre campus at the north edge of the village of Cedarville, Ohio, a quiet town with a population of approximately 4,000. The village and its surrounding area have long maintained a reputation for providing a wholesome environment for learning.

Though located in a rural community, Cedarville is conveniently situated in the center of a triangle formed by three interstate highways, I-70, I-75, and I-71, and thus enjoys quick access to Columbus, Dayton and Cincinnati.

Founded in 1887 by the Reformed Presbyterian Church, Cedarville College was established by individuals who had a vital interest in the spiritual welfare of young people. In 1953, the operation of the College was transferred to the trustees of Baptist Bible Institute of Cleveland with the goal of enlarging the Institute's ministry. The name Cedarville College was retained, and the school continues to perpetuate the original purpose of its founders. The school credo, "...for the Word of God and testimony of Jesus Christ," reflects this commitment. The institution became known as Cedarville University in 2000.

Since its founding, Cedarville has coupled a balanced liberal arts program with a conservative theological position in regard to doctrine and patterns of conduct. All classes are taught by dedicated Christian professors who integrate the knowledge of their respective fields with biblical perspectives.

In keeping with the liberal arts concept, the undergraduate curriculum centers on a basic program of general studies including biblical education, communications, global studies, humanities, physical education, science and mathematics, and the social sciences. Following this program, students choose a major field of concentrated study related to their abilities, interests, and career goals. Upon completion, students receive the baccalaureate degree. The University also offers graduate coursework.

The University is known nationally as a leader in campus computer networking and instructional technology, providing networked computers in each of the residence hall rooms, laboratories, and offices. One of the major advantages to the network, called CedarNet, is that students have access to over 150 commercial software packages directly from the residence hall rooms without going to a specialized laboratory.

Cedarville views individual ministry involvement as a vital and necessary part of each student's education and personal growth. The Christian ministries division provides training to the hundreds of students who volunteer each year.

Cedarville attracts students from most every state and nearly 65 percent of the student body comes from out of state, including more than 30 international students.

Residence hall living is considered an integral part of the educational process with approximately 75 percent of the student body residing on campus in University housing.
