# TRACK & FIELD™

FEBRUARY 24-25, 1989

Municipal Auditorium • Kansas City, MO

# How to get out of building maintenance and back into building minds.

If it seems you've started worrying more about how well the air conditioning runs than how well things in the classroom are running, then you need to put ServiceMaster to work.

We're education's largest supplier of management support services for maintenance, custodial, grounds care and food service.

It's our job to see that your air conditioning works, that the grass is cut, that tasty meals are served, and that routine maintenance checks are made with precision.

We do this all while helping to contain your budget. And we do it with your current staff plus our professional management team.

### TEAM SCORING

10 Points for First Place
8 Points for Second Place
6 Points for Third Place
4 Points for Fourth Place
2 Points for Fifth Place
1 Point for Sixth Place

# WELCOME

## Greetings!

It is with great pleasure that I welcome all athletes, coaches and spectators to the 1989 ServiceMaster NAIA National Men's and Women's Indoor Track and Field Championships.

I would like to take this opportunity to thank ServiceMaster for serving as the corporate sponsor for this 24th annual men's and 9th annual women's event.

Athletics on an NAIA campus is just part of the institution's overall program. Funding is typically from the same sources which finance the rest of the institution's educational programs. The support of a group like ServiceMaster is essential for us to provide championship opportunities for student-athletes without their participation placing a financial burden on the institution.

ServiceMaster's support of NAIA track and field events illustrates that they share our philosophy: Education of the student-athlete must always be the highest priority.

To that end, the NAIA membership has defined what it believes in through legislative action during the past two years. This association of nearly 500 member institutions has found a distinctiveness in academic standards and limitations. Action has been taken to ensure that our student-athletes reach two goals at the end of their athletic careers. Namely, the attainment of a college degree and the satisfaction of competing to the highest level of their athletic ability.

Congratulations to all of the student-athletes competing at these national championships!

Sincerely,

Jefferson D. Farris  
NAIA Executive Director

## Dear NAIA Participants:

It gives me great pleasure to welcome you to the first ServiceMaster NAIA National Indoor Track and Field Championships here at Municipal Auditorium in Kansas City, Missouri. ServiceMaster is excited to have formed our partnership with the National Association of Intercollegiate Athletics and in supporting student-athletes in their quest for excellence.

ServiceMaster has provided management support services to educational, industrial and health care facilities. We provide custodial, plant operations and maintenance, grounds care and food service to more than 400 school districts, colleges and universities throughout the United States. Tom Peters, one of the co-authors of *In Search of Excellence*, has cited ServiceMaster as one of the shining examples of a company with a wholesale commitment to serving its customers.

ServiceMaster salutes the nearly 1,100 student-athletes who are competing here and wish you continued success during your involvement with intercollegiate athletics.

Sincerely,

C. William Pollard  
President  
Chief Executive Officer

## James Houdeshell NAIA National Executive Committee

James Houdeshell, assistant dean and chairperson of the division of education at Findlay College, Findlay, Ohio, is the NAIA National Executive Committee coordinator for the ServiceMaster NAIA National Men's and Women's Indoor Track and Field Championships.

Houdeshell, the second vice president of the NAIA, also is the National Executive Committee coordinator for the men's and women's outdoor track and field championships, and the NAIA Coaches Association.

All NAIA championship events and the NAIA's 35 standing committees and associations are under the direct supervision and control of the 10-member National Executive Committee. The committee is elected by the membership of the NAIA at the association's annual business meeting.

## Robert Becker NAIA Coaches Association

Robert Becker, director of athletics and head golf coach at Saginaw Valley State University, University Center, Michigan, is serving as president of the NAIA Coaches Association (NAIAC) for the 1988-89 academic year. Becker is past president of the NAIA-Golf Coaches Association and also is a member of the NAIA Hall of Fame, honored for his achievements as a golf coach.

A subsidiary of the NAIA, the NAIA Coaches Association is the largest organization of college coaches in the world with more than 4,000 active members. NAIAC is charged with the responsibility of carrying on a program of intercollegiate athletics which benefit member coaches of the organization.

NAIAC provides coaches in all sports with a strong voice in the establishment of rules and standards in each sport. The All-America and Scholar-Athlete programs are a function of NAIAC, subject to the policies and guidelines established by each individual sport association.

## 1988 TEAM RESULTS

### Wayland Baptist Sweeps '88 Indoor Championships

For the second time in three years, the NAIA indoor championships gave the Pioneers cause for a double celebration.

In 1986, Wayland Baptist TX became the first school in NAIA track and field history (indoor and outdoor), to sweep both the men's and women's team titles.

The Pioneers repeated that feat in 1988 when the men's team overcame a 53-point first-day deficit to outdistance Azusa Pacific CA, and the women's team won the decisive event to give them a 1.5 point lead over archrival Prairie View TX.

#### Men's Team Results

1. Wayland Baptist TX	112
2. Azusa Pacific CA	75
3. Prairie View TX	40
4. Fort Hays State KS	30
5. Oklahoma Baptist	28
6. North Florida	24

# The Safe Choice.

Your office equipment is critical to the success of your business. It may mean the difference between mediocrity and success. Next time you're in the market for a copier, typewriter, or facsimile, consider Modern Business Systems.

**The Safe Choice.**

**Why the Safe Choice?**

- Because we market the most innovative line of copiers and facsimile in the industry. Ricoh.
- Because we're a division of Alco Standard, a Fortune 500 service company. That means we've got the financial backing and flexibility to offer you direct financing. Plus a \$1.5 million parts inventory in the Midwest and a nationwide network of sales and service locations.
- Because we're the largest independent office equipment dealership in the Midwest, with over 23 years of expertise in the industry.
- Because our unique computer dispatch system ensures that our service technicians will arrive in record time — usually 4 hours or less.

The professionals at Modern Business Systems know that your office equipment is only as good as the people who stand behind it. And we do.

Let us show you why the Modern Business Systems' commitment to customer service makes us The Safe Choice for your office equipment needs.

## And the winner is....

**ACCUTRACK IS USED  
BY EVERY MAJOR  
TRACK MEET IN  
THE U.S.A.**

With Accutrack Model 102A, every race is a photo finish. Because, that's our special feature. The electronic clock in the Accutrack camera is started automatically by a switch tied in with the system at the starter's gun.

As the gun is fired to start the race, an electrical signal is coupled from the gun to activate the clock in the camera position at the finish line. When the lead runner nears the finish line, an infra-red light beam is broken activating the camera filming action.

**OUR PICTURE  
IS WORTH  
1/100th OF A SECOND!**

The winner's photo finish and official electronic time are automatically recorded on Polaroid film. The other runners are also recorded on the same film in a similar way.

After the race, the judges are provided with one photograph showing the runners in finishing order with their respective electronic times accurate to 1/100th of a second displayed right on the film.

Accutrack is currently being used by such athletic associations as NCAA,

NAIA, NJCAA, AIAW, TFA/USA, TAC . . . just to name a few. In fact, Accutrack meets all IAAF automatic equipment requirements for certification of world records.

If you want the best in track timing and photofinishing, get ACCUTRACK.

# NATIONAL ASSOCIATION OF INTERCOLLEGIATE ATHLETICS

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association, currently administering programs of intercollegiate athletics to nearly 500 fully-accredited colleges and universities of moderate enrollment. The fundamental tenet of the NAIA is that intercollegiate athletics is an integral part of the total educational program of the institution. This belief is strongly reflected in the governing documents, activities and organizational structure of the association.

## HISTORY AND PURPOSE

Established in 1940 as the National Association of Intercollegiate Basketball (NAIB), the NAIA emanated from a "National Small College Basketball Tournament" inaugurated in 1937 in Kansas City, Missouri. The conversion of the NAIB to the NAIA came in 1952 when the organization expanded beyond basketball and added national championship events in golf, outdoor track and field and tennis. Football, cross country, baseball and swimming and diving were added to the championship calendar in 1956, and wrestling (1958), soccer (1959), bowling (1962-78), gymnastics (1964-84), indoor track and field (1966), ice hockey (1968-83) and volleyball (1969-80) were later additions.

Of major significance to the NAIA was the establishment of the women's division within the association on August 1, 1980. The NAIA's decision to offer competitive opportunities and championships in women's athletics was passed by the membership following two years of study and proposals by an ad hoc committee on the implementation of a women's division in the NAIA. Currently, the association conducts nine championship event programs for women in the sports of basketball, cross country, fast-pitch softball, indoor and outdoor track and field, soccer, swimming and diving, tennis and volleyball.

The initial purpose of the NAIA — to provide national championship athletic opportunities to institutions below the so-called "major" level — has indeed been well served. The association clearly outlines its own responsibilities and those of its members: a sound athletics program, administered and controlled by those responsible for the administration of the institution. This means direct supervision in caliber of competition, financing of the program and taking steps to assure that financial assistance is made available only through the institution and under the same general policies as aid to all students. In short, the basic premise is that the athletics program is a basic component of the overall educational process and not an entity apart.

## ADMINISTRATION

The NAIA is governed by two bodies. The Council of Presidents, composed of one president from each district, is responsible for fiscal matters, academic standards and supervision of the national staff. The 10-person National Executive Committee, elected by the membership, is responsible for organizing championship events and overseeing the committees and associations. The executive director and his staff conduct the day-to-day operation of the National Office, headquartered in Kansas City, Missouri.

The district is the basic unit of the NAIA. The association is organized into 32 geographical districts spread throughout the 50 states and a part of Canada. Each district is governed by a district executive committee, headed by the district chairman. The district executive committee administers district playoff events, the champions of which qualify to compete in NAIA area and national championship competition.

Eligibility rules within the NAIA govern all play in all sports recognized by the association, not just postseason play. All eligibility guidelines must be adhered to by all members, including those holding dual affiliation with other associations. Certification of eligibility of all NAIA participants is accomplished through a network of people including faculty athletics representatives, district eligibility chairs, and the National Eligibility Committee.

## MEMBERSHIP

Any four-year college or university or upper-level, two-year institution in the United States and Canada that awards the bachelor's degree or equivalent may hold active NAIA membership. Active member institutions must be fully accredited by an appropriate accrediting agency or commission.

## OBLIGATION OF MEMBERSHIP

Member institutions must conduct their intercollegiate athletics programs with the standards of the regulatory associations in which they hold membership and the NAIA. They must pay their annual membership dues and be in support of the policies of the NAIA. Where institutional rules and standards are more stringent than those of the regulatory group or the NAIA, those rules and standards of the institution are recognized and supported by the NAIA.

## Take the road by storm.

Like the wind that shaped it, the 1989 Ford Thunderbird SC moves with incredible force.

At the eye of the storm is a supercharged, intercooled, 3.8 liter V-6 engine. With a remarkable 210 horsepower and 315 foot-pounds of torque, it's the most powerful supercharged production engine in America.

### Motor Trend Car of the Year.

Thunderbird SC didn't win *Motor Trend* magazine's highest honor based on its engine alone. Equally important are four-wheel-disc anti-lock brakes. A 5-speed manual transmission. Speed-sensitive power steering. And an independent rear suspension with automatic ride control.

The sleek Thunderbird SC is new inside as well as out. And that means articulated bucket seats with power lumbar and side bolster supports. A performance analog instrument cluster. Even an available compact disc player

and a nine speaker JBL sound system.

The new supercharged Ford Thunderbird SC. It's one powerful storm that's headed your way. And according to *Motor Trend*, it's definitely going to reign.

### Transferable 6-Year/60,000-Mile Powertrain Warranty.

Covers you and future owners, with no transfer cost, on major powertrain components for 6 years/60,000 miles. Restrictions and deductible apply. Ask to see this limited warranty at your Ford Dealer.
