THE UNSUNG HEROES

There is a certain satisfaction that you feel when you know the job was done the right way, whether anyone *noticed* it or not. That quiet, inner pride puts a smile on your face because you did your job and you did your job well.

ServiceMaster does *notice* when a job is done well and considers it a privilege to work with over 150,000 of these unsung heroes daily. Heroes . . . that's what the support service workers are to ServiceMaster. . . dedicated, dependable, servant-oriented. These heroes are hard at work in your buildings each and every day.

At ServiceMaster we are committed to serving your needs by training, developing and motivating

your support staff to provide you with attractive, clean and safe buildings, while controlling costs through efficient management.

Our extensive background in serving over 500 schools and colleges enables us to understand and anticipate the needs of the academic environment. The Management Support Programs we offer include:
□ Custodial □ Plant Operations and Maintenance □ Grounds Care □ Food Service and □ Pest Control.

Our common goal is to recognize and encourage the individual to achieve excellence while working as a team dedicated to creating a quality education environment.

Greetings!

It is with great pleasure that I welcome all athletes, coaches and spectators to the 1990 ServiceMaster NAIA National Men's and Women's Indoor Track and Field Championships.

I would like to thank ServiceMaster for serving as the corporate sponsor for this 25th annual men's and 10th annual women's event.

Athletics on an NAIA campus is just part of the institution's overall program. Funding is typically from the same sources which finance the rest of the institution's educational programs. The support of a group like ServiceMaster is essential for us to provide championship opportunities for student-athletes without their participation placing a financial burden on the institution.

ServiceMaster's support of NAIA track and field events illustrates that they share our philosophy: Education of the student-athlete must always be the highest priority.

Congratulations to all of the student-athletes competing at these these national championships!

Sincerely,

Jefferson D. Farris
NAIA Executive Director

Dear NAIA Participants:

It is a great pleasure to welcome you to the 1990 ServiceMaster NAIA National Indoor Track & Field Championships.

ServiceMaster is privileged to work in partnership with the NAIA and is proud to make a difference in the lives of student-athletes. We salute the NAIA and it's member colleges and universities for setting high standards and instilling the desire for so many students to strive for excellence in all that they do.

ServiceMaster provides Management Support Services to over 500 schools and colleges in the areas of maintenance, custodial, grounds management, food service and pest control.

We wish you the best of success as you compete in these championships and as you pursue your future goals.

Sincerely,

C. William Pollard
President and
Chief Executive Officer

**ACCUTRACK IS USED
BY EVERY MAJOR
TRACK MEET IN
THE U.S.A.**

With Accutrack Model 102A, every race is a photo finish. Because, that's our special feature. The electronic clock in the Accutrack camera is started automatically by a switch tied in with the system at the starter's gun.

As the gun is fired to start the race, an electrical signal is coupled from the gun to activate the clock in the camera position at the finish line. When the lead runner nears the finish line, an infra-red light beam is broken activating the camera filming action.

**OUR PICTURE
IS WORTH
1/100th OF A SECOND!**

The winner's photo finish and official electronic time are automatically recorded on Polaroid film. The other runners are also recorded on the same film in a similar way.

After the race, the judges are provided with one photograph showing the runners in finishing order with their respective electronic times accurate to 1/100th of a second displayed right on the film.

Accutrack is currently being used by such athletic associations as NCAA,

NAIA, NJCAA, AIAW, TFA/USA, TAC . . . just to name a few. In fact, Accutrack meets all IAAF automatic equipment requirements for certification of world records.

If you want the best in track timing and photofinishing, get ACCUTRACK.
