Thank you to our very generous donors who support Cedarville University and the School of Nursing.

BSN Class Verse

But thanks be to God, who gives us the victory through our Lord Jesus Christ. Therefore, my beloved brothers, be steadfast, immovable, always abounding in the work of the Lord, knowing that in the Lord your labor is not in vain. – *1 Corinthians 15:57–58*

MSN Class Verse

He has shown you, O mortal, what is good.

And what does the LORD require of you?

To act justly and to love mercy and to walk humbly with your God. – *Micah 6:8*

Nursing Leadership in Healthcare Improvement

Amy Renee Hassell

Global Public Health Nursing

Kathryn Elizabeth Briggs
Mary Virginia Burke
Rachel Violet Harmon

*(* Also completed the Graduate Certificate in Global Public Health Nursing)*

MSN Graduate Certificates

Graduate Certificate in Nursing Education

The Graduate Certificate in Nursing Education enhances the Master of Science in Nursing degree by equipping students to teach in healthcare or education settings. Adding to students' advanced practice nursing skills, they gain core knowledge in curriculum design, evidence-based teaching and learning strategies, and assessment and evaluation strategies for education. This certificate helps prepare students to teach in healthcare or education settings as a nurse education, staff educator, clinical faculty member, or continuing education provider.

Graduate Certificate in Nursing Leadership

The Graduate Certificate in Nursing Leadership prepares students to effectively serve and lead in the nursing field. This certificate enabled them to develop and apply the skills demanded of nurse leaders. The foundation of knowledge they develop in topics including organizational behavior, quality and safety, and strategic decision-making, enable them to be an effective leader in multiple healthcare settings. This certificate helps prepare students to collaborate with a diverse team of medical providers to ensure the delivery of evidence-based patient care.

Graduate Certificate in Global Public Health Nursing

The Graduate Certificate in Global Public Health Nursing uniquely positions students to address trends in contemporary nursing practice, domestically and globally. The certificate program allows students to add core knowledge related to health ministry, epidemiology, global health issues, and population-focused nursing care to their advanced nursing practice.

*(SNA Officer †, NHS Officer #,
NHS Member †)*

BSN Organizations

Nursing Honor Society (NHS)

NHS is comprised of junior and senior students whose grades rank in the top 35 percent of their class. Inductions into the organization signifies academic excellence and provides unique opportunities to participate in academic enrichment, networking events, and professional development. From its initial launch in 2016, the organization has grown to induce and maintain approximately 50 members annually. NHS plans to become an official charter under the acclaimed research organization, Sigma Theta Tau International (SSTI).

Student Nurses Association (SNA)

The mission of SNA is to promote community in the School of Nursing (SON), represent the SON student body, and serve others through the ministry of nursing. In fulfilling that mission, members of SNA seek to provide and participate in mentorship opportunities and arrange student-planned events, act as a liaison between the nursing student body and the SON faculty and staff and collaborate with health professionals to serve the local community through health-promoting events.

2 Peter 1:5–8

For this very reason, make every effort to add to your faith goodness; and to goodness, knowledge; and to knowledge, self-control; and to self-control, perseverance; and to perseverance, godliness; and to godliness, mutual affection; and to mutual affection, love. For if you possess these qualities in increasing measure, they will keep you from being ineffective and unproductive in your knowledge of our Lord Jesus Christ.
