## Welcome . . .

It is a great pleasure to extend most cordial greetings on behalf of the NAIA to the coaches, participants and spectators at this week's 20th annual NAIA Soccer Championships. The teams have advanced to this tournament by winning district and area tournaments and are truly deserving of a berth in the national tournament.

The recent growth of soccer in the United States, on both the amateur and professional levels has been amazing. The increase in the number of institutions sponsoring the sport has paralleled the participation increase nationally.

The Dr Pepper Company has elected to promote the development of soccer and youth activities through corporate participation with many soccer sponsoring groups, including the NAIA. Travel expenses of teams participating in the NAIA Area and National Soccer championship tournaments are being financially supported by a grant from the Dr Pepper Company. Certain administrative expenses of the Tournament, including awards and the Hall of Fame Banquet are being underwritten by the Dr Pepper Company. On behalf of the NAIA Executive Committee and the NAIA Coaches Association I express sincere appreciation to the Dr Pepper Company for this generous support.

Further, we appreciate the support of President Dr. John C. Wright, Athletic Director Dennis Killups of the University of Alabama-Huntsville and their co-workers and associates for sharing this beautiful campus facility and for their cooperation and assistance in bringing this National tournament to Huntsville.

## Greetings . . .

Greetings to the coaches and athletes at this week of championship soccer at the University of Alabama in Huntsville. Approximately 200 colleges and universities in the NAIA now include soccer as part of their intercollegiate sports activities. At many member institutions, homecoming and other student and alumni activities revolve around soccer.

Congratulations to the eight Area champions who are competing for the National Championship. May this tournament be a highlight of your intercollegiate career and may each coach and athlete bring honor to himself, his team and the institution he represents.

The NAIA wishes to thank the University of Alabama-Huntsville and the Dr Pepper Company in producing this 20th annual national championship tournament.

This championship tournament is just one more example of the NAIA's belief that intercollegiate athletics are an integral aspect of the total educational program of the institution.

We trust that this week, with the fine people of Huntsville, will be a high point in your life and that it will be one more worthwhile educational experience that the NAIA and your fine colleges and universities have provided.

# The NAIA . . .

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association which administers programs leading to national championships in 15 events for more than 500 fully-accredited four-year colleges and universities in all 50 states and Canada.

Established in 1940 as the National Association of Intercollegiate Basketball the NAIB evolved from the institution of a "National Small College Basketball Tournament" which was inaugurated in 1937. In 1952, the NAIB expanded to include tennis, outdoor track and golf, and that year the organization was renamed the NAIA.

Since that time the NAIA has further enlarged to encompass football (two divisions were formed in 1970), cross country, baseball and swimming, which were added to the NAIA championship program in 1956, wrestling (1958), soccer (1959), gymnastics (1964), indoor track (1966), ice hockey (1968) and volleyball (1969).

With its national headquarters and staff located in Kansas City, MO., the NAIA is organized into 31 districts. The District Executive Committee is the governing body in each District with the District Chairman serving as the chief officer. Within the district an eligibility chairman and publicity chairman are appointed to handle various duties.

A major factor in the success of the NAIA program is the importance placed on "grass roots" organization, in which each district administers and organizes the programs of the schools within their own district. The districts are usually small enough in the number of schools involved that each individual institution has a major voice in the policy and decision-making process within that district. This procedure carries forward to the national level, where each of the 31 districts have an equal voice in national matters.

The NAIA clearly outlines its own responsibilities and those of its members: a sound athletic program, administered and controlled by those responsible for the administration of the college or university. The NAIA encourages a broad program of athletic pursuits in its member institutions and aims at uniformity and equity in policies and practices through its district and national championship events.

Eligibility rules in the NAIA govern all competition in sports recognized by the NAIA, not just post-season competition. These rules must be adhered to by all NAIA member institutions, including those members holding dual affiliations with other associations. NAIA member institutions must pay the annual membership dues and be in support of the policies of the Association.

## NAIA and DR PEPPER ANNOUNCE THREE-YEAR SPONSORSHIP AGREEMENT

The National Association of Intercollegiate Athletics (NAIA) and the Dr Pepper Company have jointly announced a three-year sponsorship agreement for the NAIA Area and National Championship soccer tournaments.

The sponsorship involves the Dr Pepper Company providing a grant which will contribute to travel proration for the competing teams in NAIA area and national tournaments. It also includes sponsorship of the Hall of Fame banquet and other tournament awards.

"We are excited to be a part of America's fastest growing sport and are impressed with the influence of the NAIA's national soccer championship format," said W. W. Clements, Chairman of the Board and president of Dr Pepper Company.

"NAIA has an obvious commitment to soccer having crowned a national champion every year since 1959. The outreach of NAIA member institutions is extremely large, embracing an undergraduate enrollment of nearly one million," said Clements.

"Soccer has experienced a phenomenal growth in colleges and universities in recent years as it has in all sectors. Soccer has become the pivotal fall sport on many NAIA campuses and we are very grateful to the Dr Pepper Company for providing the assistance through which the NAIA can expand and give impetus to this program," said Dr. Harry Fritz, NAIA Executive Director.

The University of Alabama in Huntsville is one of three independent institutions within The University of Alabama System.

The youngest of the three universities, UAH became completely independent in 1969, when Dr. Benjamin B. Graves was appointed its first president. Dr. John C. Wright, appointed to take office in September of 1978, now serves as the university's second president.

The university's roots date back to 1950 when the first academic offerings became available in Huntsville under the sponsorship of the University of Alabama in Tuscaloosa.

Today, the institution's graduate and undergraduate programs are divided into five schools: Science and Engineering, Humanities and Behavioral Science, Nursing, Primary Medical Care, and Graduate Studies. A variety of offerings are also

available through the UAH Division of Continuous Education, both for college credit and continuing education units.

UAH is also the location of the Kenneth E. Johnson Environmental and Energy Center which conducts a variety of research projects concerning solar energy, air and water pollution and automotive safety and emission problems.

Current figures place UAH enrollment at approximately 5,000.

At present, UAH has a physical plant consisting of 15 major buildings located on the 337-acre campus and in the Huntsville Medical District.

The university owns and leases 88 apartment units to provide housing. Due to a federal loan of 2.3 million dollars, plans are under way for construction of additional units to house 240 people.

## A LOOK AT LAST YEAR

With senior All-America forward Emilio John leading the way, the Quincy College ILL Hawks captured their seventh NAIA soccer title in history in 1977, beating Keene State NH 3-0 in the Nov. 27 championship game on the campus of the University of Alabama-Huntsville. Coach Jack Mackenzie's kickers swept through the tournament unscored upon - downing Rutgers-Camden NJ, 3-0; Erskin, SC 4-0 and Keene, 3-0. In all a record 10 of 12 games played were shutouts.

Davis & Elkins W VA beat Erskine, 2-0, for third place; 1976 titlist Simon Fraser University CANADA downed Rutgers, 2-0, for fifth; and Midwestern State TEX blanked Goshen IND, 3-0, for seventh. Simon Fraser's hopes for a repeat title were shattered when Davis & Elkins nipped the Clansmen 1-0 in their opening round contest.

John, scoring a goal in each of Quincy's victories to finish with 57 career tallies, was named the tournament's Outstanding Forward and Most Valuable Player while Keene State's Trevor Franklin was tabbed Outstanding Back.

## THE BRINE BROTHERS ARE DOING SOMETHING MR. SPALDING AND MR. AMF VOIT CAN'T DO!

### PROVE IT TO YOURSELF

Send in this coupon and we'll send you our Brine International 32 Soccer Ball at the reduced price of \$20.00. We'll also send you a handsome tie like the one we're wearing in the photo and our Brine Soccer Catalog. If you don't want the ball and the tie, but would like our color catalog on the full line of Brine Soccer equipment, we'll send that. We know Mr. Spalding or Mr. AMF Voit would never offer you a choice like this.

Mr. Spalding and Mr. AMF Voit can't stand behind their soccer balls like the Brine Brothers, that's because there is no "Mr. Spalding", no "Mr. AMF Voit". Spalding and AMF Voit are just divisions of huge conglomerates.

The Brine Brothers (Peter and Bill) can stand behind Brine Soccer Balls. That's because they own W. H. Brine Co. Peter and Bill are personally responsible for the quality and workmanship of all Brine soccer equipment.

Peter and Bill stand behind their "no hassle" guarantee on their Brine International 32 Soccer Ball: "Use it for one full season. If you are not satisfied for any reason return it. Brine will replace it free. No 'ifs,' 'ands' or 'buts'."

You couldn't find a "Mr. Spalding" or a "Mr. AMF Voit", if you wanted to talk to them. But if you like your Brine International 32 Soccer Ball you can call Bill. If you don't like it, call Peter. (617-444-9200).

We know from fifty-five years of experience that Bill will get almost all the calls.
