## Track and Field

### I. GENERAL REGULATIONS FOR NCCAA OUTDOOR TRACK AND FIELD CHAMPIONSHIPS

- A. The NCCAA National Men's and Women's Track and Field Championships shall be held on the second full weekend of May.
- B. Eligibility must be filed with the Regional Chair before the first contest.
- C. The Championship Director shall have the entry forms and pertinent information about the championship postmarked by April 1.
- D. All entries must be received by the host school by Monday at 12:00 noon, the week of the National Championship. There shall be no changes after this time. Entries shall be posted on host school's website and each school must check for errors then call to confirm the entries by 8:00 P.M. on Tuesday prior to the National Championship.
- E. The qualifying standards shall be established by the Standards Committee and shall not be more demanding than the average eighth place finish of the preceding three years. The starting height for the high jump shall be two inches below the qualifying standard, the starting height for the pole vault shall be one increment or three inches below the qualifying standard, and the remainder of the field events shall be adjusted to the lower inch. Entries are limited to the number of possible places scored within each event if the student-athletes make the standard or have right-of-entries. There are no qualifying standards for relay events, thus a right-of-entry is not charged in relay events.
- F. A student-athlete is permitted to compete in the National Championship only if properly entered and confirmed by his/her coach or representative. Teams are limited to a total of three non-qualifying entries per team. These entries may be used in any event (except relays, see Item E above), even if a qualifying student-athlete is also in that event.
- G. Both the men's and women's NCCAA Track and Field Championships shall be conducted under the NCAA Track and Field rules, except as modified by this document and other NCCAA guidelines.
- H. The annual track and field coaches' meeting shall be held at a time determined by the Tournament Host and National Track and Field Chair.
- I. The decathlon and heptathlon entries shall be treated like all other national events, where a coach can use a right-of-membership entry for these events without a person having established a performance mark. However, if the field is more than 16 athletes, any "no mark" athlete shall be deleted from the decathlon and heptathlon competition.

#### IV. NCCAA TRACK AND FIELD CHAMPIONSHIP POLICY AND PROCEDURE

##### A. Dashes and Hurdles

100 Meter, 200 Meter, 400 Meter, 400 M Relay, 1,600 M Relay, 100/110 M High Hurdles

1. Preliminaries and semifinals shall be conducted in accordance with the NCAA Rulebook as needed. The order of events for both men and women in the semifinals (if needed, Saturday morning) shall be as follows: 100/110 meter high hurdles, 400 meters, 100 meters, 400 meter hurdles, and 200 meters.
2. The following are guidelines for the maximum participants in a "final" race only, before a second heat is to be run. This is subject to change by a decision of the Games Committee, pending the actual number of contestants, but should be used as a guide for the Host Championship Director in setting up sections to be run against time.
  - a. In the 5,000 and 3,000 meter runs, there shall be a maximum of 24 athletes per heat.
  - b. In the 1,500 and 3,000 steeplechase, there shall be a maximum of 16 athletes per heat.

- B. Competitors must wear assigned numbers during the competition with an exception made in the pole vault and high jump. Competitors in the high jump and pole vault must have their numbers with them to show the field judge.
- C. The starting height for the pole vault shall be one increment of three inches below the qualifying standard (exception allowed for extenuating circumstances).
- D. The starting height for the high jump shall be one increment two inches below the qualifying standard (exception allowed for extenuating circumstances).
- E. **Proof of Performance:** The qualifying performance of any individual must be verifiable by the coach of the individual's institution. The NAIA Proof of Performance system shall be followed. A coach who challenges the performance must pay a \$25 challenge fee to the Championship Director prior to the first event at the National Championship. The challenged coach must then provide acceptable documentation that verifies the qualified student-athlete's performance as entered on the official entry. The fee shall be refunded if the appeal is upheld. If the challenge fails, the \$25 fee shall go to the Championship Director to help cover championship expenses. A successful challenge shall be reported to the NCCAA National Office and shall result in supervisory probation. Any athlete and all relay members whose marks are **challenged and confirmed to be inaccurate will be disqualified from competing at that year's current national meet.**
- F. A \$10 fee shall apply for protest, appeal of referee decision and photo review. An additional \$25 fee shall apply if the coach wants to see the photo. The fee shall be refunded if the appeal is upheld.
- G. Field Events shall be measured using the English system. However, printed results shall have both the metric and English system.
