DECEMBER 10 UPDATE: CHANGES TO QUARANTINE POLICY

[Home](#) > [Caring Well, Staying Well](#)

December 10, 2020 |

Following recent guidance from the CDC and after careful review of our own COVID-19 tracking data from fall semester, we have adjusted our quarantine policy. The following changes are effective immediately for employees and in-season athletes and will guide our protocols for all students starting with spring semester:

- We will require students to quarantine only if they have been identified as a close contact with someone who has had a positive COVID-19 test.
- Quarantined individuals will be monitored closely for symptoms over time, and they can be released from quarantine on day 7 with a negative COVID test or on day 10 if no symptoms occurred.

You can find these changes on page 20 of the [Caring Well, Staying Well, COVID-19 Operating Plan](#). As a reminder, we are finalizing updates to our operating plan for spring semester and plan to release in early January.

On behalf of the Caring Well, Staying Well, communications team, we wish you a hope-filled Christmas season celebrating Immanuel, God with us!

What about students that have traveled overseas? (Europe) Will my son returning from Spain need to quarantine as long as he has not been in close contact with someone who has tested positive?

Sarah says:

If student have been vaccinated will they ever have to quarantine based on close contact?

Sarah says:

[January 5, 2021 at 11:50 am](#)

Hello Nathan! We have not announced our protocols for this yet. The operating plan will be released soon and your question will be answered.
