November 3, 1993

Greetings:

As Governor of Texas, it is a pleasure for me to join Incarnate Word College in welcoming you to San Antonio for the 35th Annual NAIA National Men's Soccer Tournament.

The young men and teams participating in this tournament have worked very hard to come this far, and they have proven their skill and competitive spirit. This tournament has been a great success in past years, providing great athletic opportunities for the athletes and a great exhibition for the spectators. Texas is known for its exciting sports tournaments, and this one will be no exception.

The people of Texas are proud that the tournament is being held in our state this year. San Antonio is a beautiful city with an endless variety of things to do, and I hope you will have the opportunity to get around town a little and see some of what it has to offer. I know your hosts will show you all the hospitality for which the Lone Star State is famous.

All my best!

Sincerely,

Ann Richards

Dear Soccer Fans,

Welcome to San Antonio and the Sprint-NAIA National Men's Soccer Tournament. The College is proud to once again host the national soccer tournament. We hope you enjoy your stay and it is one filled with excitement as you attend the games at the Blossom Soccer Complex, the other tournament activities and visit our campus and city.

Many of you will be away from your family and friends this Thanksgiving Week but you will be taking part in a once in a lifetime adventure. While we can't replace the warmth only a family can give at this special holiday time, we hope we can replace it with South Texas hospitality. This also marks the beginning of the Christmas holiday season and we invite you to our campus to view the hundreds of thousands of brightly shining Christmas lights.

This tournament would not be possible without the hard work and dedication of our Director of Athletics and soccer coach Howard Patterson; Jimmy and Liz Parks, the tournament directors; and all of the soccer parents and volunteers. We appreciate all the long hours you have put in to insure a successful tournament.

Congratulations to all of the teams for reaching the national tournament. It has been a long road since your first day of practice but the hard work has paid off. I wish all of the competitors the best of luck, now and in the future.

Sincerely,

Dr. Louis J. Agnese, Jr.
President

November 22, 1993

Dear NAIA Participants:

It is with great pleasure that I welcome all student-athletes, coaches and spectators to the 1993 Sprint-NAIA Men's National Soccer Championship hosted by Incarnate Word College.

The NAIA is fortunate and certainly appreciative to have Sprint as title sponsor for this, the 35th annual men's soccer championship. The support of a company like Sprint is fundamental for the NAIA to provide championship opportunities for student-athletes.

The NAIA is also fortunate to have the enthusiastic support of Incarnate Word College and the local NAIA tournament committee and their respective staffs.

As an association, the NAIA serves the student-athletes at our member colleges and universities by creating for them an environment in which they can succeed academically as well as athletically. This association of approximately 400 member institutions has found a distinctiveness in academic standards. This foundation is at the base of the NAIA's strongest belief that athletics is an integral part of the total educational program of an institution.

Further, any action taken on the part of the association is done to ensure that our student-athletes reach two goals at the end of their athletic careers. The first goal is the attainment of a college degree, and the second is the satisfaction of competing to the highest level of their athletic ability.

Congratulations and best of luck to all student-athletes competing at this year's men's soccer championship!

Sincerely,

James R. Chasteen

The NAIA – Providing Balanced Athletics Programs for More Than 65,000 Student-Athletes

OVERVIEW

Throughout its history, the National Association of Intercollegiate Athletics (NAIA) has provided strong leadership for all aspects of intercollegiate sports. Since its introduction of intercollegiate championship basketball in 1937, the NAIA has maintained the highest standards while administering first-rate athletics programs.

Time and time again, the NAIA has stepped forward to address the important issues of the day — be it racial integration in the '40s and '50s or establishing the first women's championship program in 1980. The NAIA has not been afraid to enact changes while others have watched and waited.

In the past decade, presidents of the NAIA colleges and universities have assumed a position of responsible leadership. The NAIA's Council of Presidents, the organization's primary governing body, is comprised of 32 college and university presidents from all regions of the United States.

With its major emphasis on educational development, it was natural for the NAIA to further strengthen academic eligibility requirements in the mid-'80s. All NAIA participating student-athletes must maintain a certain grade-point-average (GPA) while accumulating credit hours for a declared academic degree. Unlike other associations, NAIA student-athlete academic eligibility is monitored on a semester-by-semester basis.

The All-America Scholar-Athlete program, a long-standing NAIA tradition, recognizes junior and senior student-athletes with a minimum cumulative GPA of 3.5 (on a 4.0 scale). This past year, over 700 NAIA student-athletes were so honored, representing 225 member institutions.

Since 1937, the NAIA has administered athletics programs and championships in proper balance with the overall collegiate educational experience. Serving higher education in this manner is a responsibility the NAIA does not take lightly. It is a relationship built on confidence and trust — a relationship strengthened year after year. The future of 65,000 young people is too important to handle any other way.

CLIFF MCCRATH

CLIFF MCCRATH

Seattle Pacific University

Cliff McCrath's glowing reputation for his rapier wit and moving motivational speeches is equalled only by his mounting achievements in the game. He is No. 2 in all-time collegiate coaching victories, and in 1993 he joined yet another elite group with his induction into the United States Soccer Hall of Fame. Included in his induction class was the legendary Pele.

His Seattle Pacific University teams have appeared in nine NCAA championship games, matching the cumulative totals of the other top four coaches in America. His Falcons have also qualified for the NCAA playoffs 18 of the last 20 years. Under McCrath, the Falcons have put together winning records for 22 straight seasons. They have won 72 percent of their games under McCrath. Twenty-six players have been drafted by professional teams in the past 15 years.

McCrath started the Seattle Pacific program from scratch, going winless his first year, making the playoffs his second season and playing for the national title three years later.

McCrath's humor has set apart from his colleagues. He kept his promise after winning the 1978 title by crawling two miles on his knees from campus to the Space Needle. In anticipation of the 1983 crown, he flopped face-first into a pool of Jello-O.

Patterson Soaked with Victories

Incarnate Word College soccer coach Howard Patterson (right) tries to dodge the oncoming bucket of water from players David Gilliam and Lionel Williams. Patterson was being rewarded for earning his 300th collegiate soccer victory, becoming just the 11th college coach and only the second NAIA coach to reach 300 soccer victories. Patterson, who is in his 21st year of coaching of men's teams and first year coaching women, won his 300th game coaching the IWC women's team with a 1-0 shutout of Huntingdon in Alabama on October 16. He is in his fourth year at Incarnate Word College.

**HE'S GOT
HIS HEAD ON THE
GROUND AND HIS
F E E T
IN THE CLOUDS.**

Sure he's an athlete. But once you've seen his scissors kick, you understand why so many fans refer to him as an artist.

He runs five miles before practice. Another 5 to 6 miles during. And finishes with a two mile warm down.

He's a good forward. And a better striker. He's a soccer player. The genuine article.

With almost super human endurance. A belief in teamwork that's become second nature. With a passion for the game that's matched only by his skill.
