Who is the most amazing creature in the sea? Well this book helps the reader decide by featuring the bizarre, beautiful, and amazing animals that live the oceans today. Explore the dark depths of the abyss, the colorful coral reefs, and the endless open ocean. The art is exquisite and detailed to the point that a whale could jump right off the page. Each animal will try to convince the reader that it is the most amazing in the sea, and at the end the reader will have to decide.

Highly Recommended. Jordan Oldham Centennial Library Intern
