In the factory, pasta noodles are very obedient. They stay in their packaging and never say a word to humans. One day, they overhear humans talk about eating pasta and chaos ensues. This delightful tale follows the likes of Fettuccine, Ramen, and Mac, as they develop a plan to stay alive. This comedic adventure is sure to delight readers of all ages. The illustrations are colorful and give the pasta each their own unique personalities. Any library collection would benefit from this addition.
