The Night Library

Zeltser, David

Illustrated by Raul Colon

New York: Random House, 2019

9781524717988

The Night Library follows a young boy as he regains his love for books he lost after his grandfather's death. After his parents give him a book, magical lions take him to a night library to show the magic still present in stories. While the wording is small and at times hard to read, the story presents a strong theme of coping with loss through reading. Perfect for children learning the power of reading will become fascinated with the encaptured magic through the fun illustrations of talking lions, moving books, and magical libraries. Following this little boy in the magic library will pull at your heartstrings, making you smile once he gratefully accepts his library card. **Recommended** Sarah Trigg, *Centennial Library Intern, Cedarville University*.
