PAPER MILL FIRE

The distressful sound of the paper mill whistles and the ringing of the fire bell about 9:30 Wednesday night informed the people of Cedarville that fire was raging in the west end of town. So often has the department been summoned to this section that people were a little slow in assisting the department to the scene of the fire. The streets were soon filled with persons inquiring as to where the fire was and in a short time the second alarm came from the Hagar Straw Board & Paper company, the whistles indicating that the entire plant was threatened by fire. A Herald representative was on the scene within a few minutes after the first alarm was sounded and found that the fire was on the second floor of the addition just completed a few months ago. Had proper steps been taken at this moment the loss would have been nominal, but through the excitement a number of the employees became confused as to how to operate

the fire plug and during this time the fire gained great headway, having forced its way to the third floor. Within ten minutes after the first alarm the fire had reached the roof and the angry flames were pouring out of the opening at the top of the wall of the rotary room where straw is taken into the building. The fire having reached the carrier, soon worked its way towards the company's barns and the rapidly with which it spread is almost beyond comprehension. A HARD NIGHT. The company has its own fire protection which, is required under its insurance policies but its equipment was on too small a scale for such a fire. The fire engine was taken to the bridge on Bridge street by mistake and this only delayed the village department in getting to work. The engine was set at the school house cistern and pumped for two hours or more. Some five or six streams of water were playing on the burning building at one time beside the thousands of gallons of water that were poured into the building by the auto-

matic sprinklers. The fact that the portion of the building containing the four rotary boilers was saved was due to the sprinklers. The heat was so intense that the fire laddies could not get close enough to fight to great advantage. THIRTY MINUTES. Shortly after the alarm was sounded and when the building appeared to be destined for ruin Mr. E. W. Hagar, president, treasurer and general manager of the company, was telephoned at his residence in Xenia. Mr. Hagar is very proud of the motorcycle and his automobile, but neither of these would do for making such a trip as he was to make. Within thirty minutes from the time his Kentucky horse was hitched to his buggy he was at the scene of the fire directing his men in their fight to save the property. Before his arrival Superintendent A. Z. Smith had charge of the men. THE ORIGIN. The origin of the fire is not fully settled upon, yet is thought to have started from a hot box on the second

floor in the northwest corner of the room. The fire was discovered by a colored employee, Pierce, and a general alarm was sent in. The new building being constructed of brick and slate roof, while the floors were of pine which was dry as tinder, the roaring flames raged from doors and windows as if the building were a huge furnace. COFFEE AND LUNCH. After the fire Mr. Hagar had hot coffee and lunch served at Boyd's restaurant to the men who had fought so faithfully. The fire was under control about 11:30, yet the department did not get away until about two o'clock Thursday morning. THE INSURANCE. The new edition did not have the sprinklers in place yet, consequently the fire was hard to check. The loss is estimated at \$1,000 which is fully covered by insurance. The loss has been adjusted and contractor J. W. McLean is at work on the repairs. The mill was shut down all day Thursday but was started again Friday morning.

A CALLED MEETING.
Corporation Clerk, J. G. McCorkell has sent out notices that a meeting of council will be held this Friday evening to hear the report of the street committee on the removal of the hitching rack in front of the Kerr & Hastings ware house. It is said that the committee is divided two and two on this question, and that the whole matter will pass back to council as there can be no agreement reached as to what action the committee should recommend to the council. As the rack question has been the talk of the town for some time there promises to be a large crowd present at the meeting this evening.
Dr. J. G. Carson was nominated for State Senator at the convention at Washington O. H., Wednesday, without opposition. Judge T. E. Scroggy made the nomination speech. Hon. Charles E. Howard was chosen one of the senatorial committees.

44 TH O. V. I. REUNION

At the charming home of Mr. and Mrs. W. J. Smith on Chillicothe street the annual reunion of company D, O. V. I. was held Thursday. Invitations had been sent out to a number of comrades belonging to this company and regiment and in response to these about twenty five of the "boys in blue" gathered on this day to spend the time socially.

At the noon hour dinner was served to the comrades, wives, friends and a number of children on the lawn to the west of the house. The lawn was decorated with the "red, white and blue" and about sixty were seated at the first table. The dinner was prepared by the wives and friends of the members of the company, and a bounteous feast it was. Everything was served in the latest fashion the tables being waited on in a very easy and graceful manner. After dinner Comrade Smith passed the cigars and then came a short business session of the company.

Chairman J. W. McLean called them to order while Secretary J. H. Nisbet kept a record of the proceedings. The first business transacted was the appointment of a committee to nominate officers and name a place for the reunion next year. The committee appointed was James Hatfield, Thomas Jobe, Neeld Buckles. The old officers were recommended for next year. J. W. McLean, chairman; J. H. Nisbet, secretary; W. J. Smith, treasurer. They asked that Cedarville be the place for holding the reunion the third Thursday of June next year and at the same place.

The following letter was authorized to be sent to Captain S. C. Howell, of Selma.

Dear Captain and Comrade: According to appointment of one year ago at your house a goodly number of Company D met at Cedarville at the home of Comrade W. J. Smith, where we had an enjoyable and pleasant reunion. Swapped stories and enjoyed the company of Company F, and last but not least we partook of a splendid repast on a spacious lawn. We missed your companionship and presence. The boys all spoke feelingly about you and the affliction in your family which kept you from meeting with us. We have appointed another meeting for one year, we hope through kindness of providence to have you with us.

Respectfully,
J. J. Mitchell,
Alex. McConkey,
James Hatfield.

The crowd next repaired to the parlors of the Smith home where a number of the old patriotic war songs were sung. Mr. James Hatfield with his usual wit and character acting sang a solo which brought out great applause. Miss Nellie Barlow gave a pleasing recitation. Rev. H. C. Middleton was called upon and in a very neat address spoke of the life of the soldier and the honor and respect that was due him.

A patriotic poem from the pen of W. D. Nisbet was read by Miss Beale Milburn.

During the afternoon the comrades and friends enjoyed the fresh June atmosphere while reminiscences, stories and incidents were related which covered the time the "boys" were in ser-

vice. The stories were very interesting, to those who had no knowledge whatever of the hardships that were endured.

A vote of thanks was tendered Mr. and Mrs. Smith and their many friends who so faithfully helped to entertain the guests in such a royal manner.

The following comrades were present. H. C. Johnson, Springfield; T. B. Jobe, Yellow Springs; A. H. Ellis, Clifton; C. C. Buckles, Xenia; Alex. McConkey, New Moorefield; James Hatfield, Springfield; J. J. Mitchell, Dayton; Henry Confort, Selma; John Iliff, Sandusky; George Shroad, Springfield; T. V. Iliff, W. J. Smith, J. W. McLean, J. H. Nisbet, Alex. McLean, John Cross and J. H. Milburn, Cedarville. Members of the 44th belonging to other companies who were present were J. M. Barlow, J. N. Lott, George W. Shroades, Cedarville; J. E. Johnson, Owen Thompson, Clifton; E. J. Kitchen, Pitches; Cyrus Shaw, Springfield.

A LARGE DAMAGE SUIT.

Mr. John Iliff who has been at the Soldiers' Home at Sandusky is visiting his brothers, W. H. and T. V. Iliff of this place. Mr. Iliff has been unfortunate in having to remain in the hospital for nearly seven months suffering with a broken leg. On December 2 last, he was crossing the tracks of the city car lines which enter the ground, and there being no head light on the car and no warning given he did not know of the approaching danger and was thrown under the car. His right leg was broken in three places while his left was badly bruised. Mr. Iliff is now able to get around by the aid of crutches. He has sued the city street car company for \$10,000.

GOWDY HIS OWN COOK.

Out in Chicago the waiters and cooks are out on a strike and the hotels and restaurants have been importing outsiders to fill the places. The Virginia hotel under the management of Mr. Albert Gowdy a former Cedarvillian is also effected by the strike and the Chicago Record-Herald has the following to say:

"At the Virginia Manager, Gowdy was his own cook for awhile, and the guests said they never ate better cooked food in their lives. As soon as he was relieved of his duties in the kitchen he found himself short the services of milk. Mr. Gowdy thought a minute and then went to the telephone.

"Send my automobile over here right away," he said to the man at the barn.

And when they arrived he jumped into it and started off for a load of milk."

Mr. Perry Shull, of Kansas City, Mo., arrived here Tuesday evening to spend a few days with his mother, Mrs. Criss Shull. Mr. Shull is a member of the firm of Shull & Jelley, tailors and gents' furnishers. This concern met with a heavy loss a few weeks ago on their stock, the origin of the fire being from defective electric light wiring. The loss was \$16,000 on a stock of \$40,000, fully covered by insurance. Mr. Shull reports that business was greatly affected in Kansas City by the high water. The bank clearings dropping from \$17,000,000 to \$7,000,000, in one week. Mr. Shull expects to return today.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newton, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Chamberlain's Colic, Cholera and Diarrhea Remedy and the result was miraculous. I improved at once and I am now completely recovered." For Liver, Kidney, Stomach and Bowel troubles Chamberlain's Bitters is the only medicine. Only 50c. It's guaranteed by B. G. Ridgway, Druggist.

MRS. CECILIA STOWE,
 Orator, Entertainer, Club.

176 Warren Avenue, Chicago, Ill., Oct. 22, 1902.

For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disinclined as well as I for home with a sick woman is a desolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.

THE CIRCUS.

Next week will be a gala week in Xenia, at the circus which the Elks have secured will own the city from June 23 to and including the 27th. Parties of loyal Elks have during the past week been going to all the surrounding towns and thoroughly billing the circus, and from all appearances and the way tickets are selling, each town will be better than well represented.

Each performer in this great aggregation consisting of over 100 is a professional, who has spent his life in preparing for his own special act. There are no fakirs who try to squeeze the money out of you and leave you holding the bag, but a straight legitimate circus within the reach of all twenty cents. No stone is being left unturned to make this a success. The streets of Xenia are now full of the boys wearing jaunty little caps of purple and white, the Elks' colors, advertising the show. Let no one miss the chance of seeing a good moral show, one that you need not be afraid of bringing your wife, sweetheart, or sisters.

A performance will be given every afternoon and evening, rain or shine, under an enormous rain proof tent erected on the Robert show grounds. Children 10c, adults 20c.

In connection with the show, a fine runabout costing \$250 will be chanced off at the show grounds, Saturday, June 27. Chances at 10c apiece are now being sold by members of the Lodge. You may be the lucky one.

Mr. Lon Manley had Brigat's Disease and after his home doctor had treated him for sometime he finally told him that he could do nothing more for him, and that he would surely die.

A friend who had heard of what Dodd's Kidney Pills had done in cases of Kidney trouble, advised Mr. Manley to try a treatment of this remedy.

He did so and everyone was surprised and delighted to see an improvement in a very short time. This improvement gradually kept on as the treatment proceeded, till now Mr. Manley is well. He says:

"The doctor said he had done all he could do for me. He gave me up. A friend advised me to take Dodd's Kidney Pills, and in a few weeks I was nearly all right again."

A wagon has been used in taking women and children to places of safety and Mr. Bradford was standing in four feet of water.
