Your assistance is requested in the NAIA's effort to compile national records for men's soccer. Please complete this form at the conclusion of the 1988 season. All games, regular season and postseason, should be included in game, season and career records.

On single game records indicate the date and opponent. For season records indicate the number of games and year. For career records list the years played (i.e., 1976-80). Because the formula for figuring points has changed during the history of intercollegiate soccer, the formula Goals + Assists should be used for these career records.

PLEASE RETURN BY DEC. 2 TO:
