SUDDEN DEATH OF REV. R. B. WILSON; VICTIM OF TYPHOID FEVER

This community was profoundly shocked Wednesday when a telegram came announcing the death of Rev. R. B. Wilson, D. D., at a hospital in his city, Jacksonville, Illinois, where he was pastor of the Presbyterian church.

Rev. Wilson visited here during Cedarville College commencement week during which time the degree of "D. D." was conferred upon him. At that time he was not well and upon his return home developed a serious case of typhoid fever. His son, Robert, and daughter, Dorothy, were taken ill of the same disease and the three were taken to a hospital in Jacksonville. A few days later Mrs. Wilson was taken ill with typhoid and has since been under the care of a nurse at home. Her mother, Mrs. J. R. Orr, has been there about two weeks.

While reports indicated that Rev. Wilson was seriously ill yet his friends here did not feel that death was so near. For this reason the sad news was quite a shock to his aged mother, Mrs. Caroline Wilson, and other relatives and friends.

The deceased was 46 years of age and received his education in the rural schools. A number of years ago he engaged in the grocery business and afterwards disposed of that business and entered Cedarville College where he graduated. He entered the theological seminary at Allegheny and graduated from McCormick in Chicago. His first charge was at Crosswell, Michigan, then at Hallowell, Illinois, and was then called the Jacksonville.

About fifteen years ago he married Miss Anna Orr, daughter of Mr. and Mrs. J. R. Orr, who survives. Three brothers, Rev. John Wilson, D. D., of Illinois; Mr. W. L. Wilson, and Harry Wilson, of this place, besides two sisters, Mrs. Addie Brewer and Mrs. W. A. Spencer also survive.

At this time no arrangements for the funeral can be announced.

SOLDIER'S LETTER

The following letter was received by Mrs. Florence Jackson from her son, Sherman Dudley, who is with the Headquarters Company 372 in France.

I now will take time to write you hoping that all are well and enjoying life. Everything is quite still here now. We are supposed to very soon be sent to the front. I have just the same old things as last time.

The landscape over here is indeed wonderful to gaze upon. The beautiful sunsets are admired by all. There is six hours difference between your time and ours. Well, mother, "Keep the Home Fires Burning" till the safe return of our boys fighting for Right.

The following letter was written on Mother's day:

"On this great memorial day for Mothers I am duty bound as a true and loyal soldier to write a few lines to Mother. I have lots to be thankful for, the Almighty having given me health and strength to take part in this great war where right and justice will prevail.

I have my bright and dark days while here but that can be looked for in army life. I must bring my letter to a close as time will not permit further writing.

Sherman Dudley, Headquarters Co. 372 R. I. U. S., S. P. 229, France.

MAYOR'S NOTICE

To the owners of lots and lands in the village of Cedarville, Ohio, in compliance with the requirements of Section 1732A, of the revised statutes I hereby notify the owners of lots and lands in Cedarville to cut and destroy all Canada thistles and other noxious weeds growing on such lots and lands within the corporation, so that they may not mature seeds and spread to adjoining lots.

On failure of any such owner to comply with the law in regard hereto, the town council may employ persons to cut or destroy said noxious weeds and the expense thereof will be a lien on said lots and lands and collected as taxes.

D. H. McFarland, Mayor of the Village of Cedarville.

SAFETY ZONE NOTICE

You are hereby notified that the safety zone laid out on the public square is for your own protection as well as for the owners of automobiles and other vehicles.

You are expected to cross the street following the white lines, and not cut across as has been the custom. Persons who might be injured while crossing the street out of the zones have no recourse to auto drivers.

D. H. McFarland, Mayor.

Among other good coffees we have a fresh shipment of Red Bird at Nagley's.

In the announcement column will be found the name of E. E. Lightbaker, of Xenia, as candidate for sheriff at the primary, August 13. Having been born on a farm near Spring Valley this young man, when at the age of 23, determined to do something for himself and he took up railroading which he followed for about six years. He finally located in Xenia and for six years was heating engineer at the Steel building. For eleven winters he was employed by the county to look after the heating of the court house while during the summer months he devoted his time to vegetable gardening. Next year he became a dryman and engaged in this business two years then embarking in the grocery business six years ago under the firm name of Lighthizer & Son.

Four years ago Mr. Lighthizer was a candidate for sheriff against Frank A. Jackson, of this place and was defeated by a majority of only 96 votes. He asks your support at the coming primary and states that recommendations as to his capability for the conduct of the office he seeks can be had from any Xenia business man. Adv.

WHAT ADVERTISING DID.

Mr. Andrew Jackson, township chairman for the War Savings Campaign, informs us that he made five sales of stamps within a few hours after the Herald was in the hands of the readers when announcement was made of the local drive. These people through local advertising called personally without having to be solicited. People here are just beginning to feel "at the War Saving campaign is not for children alone, but for adults as well.

PRAYER MEETING SLACKERS (?)

During a prayer meeting, Rev. J. S. E. McMichael made the statement at the Sabbath morning service that at a recent union prayer meeting, the one under the President's proclamation in May, was only attended by 26 people, not only the representatives of the local congregations, but to represent the community.

MADE SAFE JOURNEY.

Cards have been received that the 83rd division from Camp Sherman has landed safe abroad. It is stated that most of the boys who were in the 330th Co. F. were aboard one of the finest passenger vessels and that the trip was made in nine days, the fastest yet made since the submarine some has been established. Reports last week were that the War Department had landed 100,000 men, making a total of 900,000 so far. As more boats are promised next month, the government will probably be able to transport 125,000 to 150,000 weekly.

PERTINENT FACTS REVEALED BY "REMAKING OF A NATION" FILM

Do you know that the Camp Sherman Laundry handles 250,000 pieces weekly.

The camp is 2 1/2 miles long and 1/2 mile wide.

The Base Hospital accommodates 1500 patients. It has 45 doctors on duty at all times and 70 army Nurses, pharmacists, wardmasters, attendants, cooks, mechanics, ambulance drivers, etc., number 400.

The average amount of bread baked daily at the camp bakery is 17,000 pounds equal to 8,500 loaves. 60 bakers are employed.

The food supply department handles 50,000 pounds of meat daily. Only 30 men are required to operate this department.

Up to January 1st the 83rd Division gained 875,000 lbs. of good muscle, which is equivalent to over 1,300 men weighing 400 pounds apiece. In other words, Camp Sherman has annexed an extra battalion without drafting a single man.

Up to Jan 1st, the boys at Camp Sherman kicked the stuffing out of 1218 footballs and brought utter destruction to 1780 indoor baseballs. Kilbane's boxing classes wrecked 680 pairs of boxing gloves. The soccer put out of commission number 560 and medicine balls 124.

Richard Quick, 25, was instantly killed and Miles Belle Griffith, 22, was seriously injured and four girls companions received lesser hurts when the automobile in which they were riding overturned west of Toledo.

Mount Union college conferred honorary degrees of doctorate on Gen. John Generale Edwin Glenn and Evan B. Johnson and William R. Day.

Executive committee of the Ohio Fair Boys' association has passed resolutions providing for the promotion of war activities. It has set stamps among the 90,000 to be held during the summer and fall.

Until the end of the war all the church bells of the city of Canton, Catholic and Protestant, will ring at 6 o'clock each evening, calling people to "Victory" prayer.

Supreme court ordered reinstatement of W. L. B. Brife, as state food and drug inspector, discharged under the Willis administration. The court held that as a civil service employee, he was entitled to his job and not receive a copy of the charges against him and opportunity to defend himself.

George D. Pearsall, of Birmingham, Mich., robbed of \$250 and beaten by a taxicab driver, is probably being held in a Toledo hospital.

General Hale declared that officers misinterpreted his orders in reference to visiting days at Camp Sherman and that civilians would be allowed periods on Wednesday and Saturday as well as Sunday.

Private Paul Hume, London was killed in action in France. Private C. R. Phillip of London died of wounds.

Man-stealing among the various industries, particularly those engaged in war activities, has become a knock-out blow. Fred C. Croxton, federal director of employment for the United States labor department, declared at a conference with employment managers of Ohio that the "purloining of men" is a serious problem in the war effort.

Governor Cox called on the state militia to be ready to go to Camp Leavenworth, Mo., for the soon for France.

Calvary Episcopal church, Xenia, will hold its dedication June 30 by Bishop Thomas Bowman of Allentown, Pa.

O. C. Chappelle, editor of the Circleville Union-Herald, will be a candidate for the Republican nomination for state senator in the Franklin-Pikaway district.

Professor M. B. Hammond, Ohio State university, has been called to Washington to represent the food administration in the war labor policies board.

Former City home guards organized with 76 members.

Robert L. Brainerd of Ashabula and Charles H. Caroy of Salem died of wounds received in action in France.

Former Governor Willis issued a statement denying the report that he is a candidate for the presidency of Ohio university at Athens.

Rev. Linus L. Stock, pastor of the First Presbyterian church at Marion, expects to sail soon for England to engage in the C. A. work.

President Alton Ellis of Ohio university, Athens, will resign to enter the government service as a war worker.

J. H. Leonard, for the past 27 years superintendent of the Mansfield reformery, has submitted his resignation to the state board of administration, to become effective Aug. 1. The reason for resigning is his continued ill health.

Farm labor bureau of the Ohio defense council announces that 955 men are now being trained to work on farms in Ohio at once.

George H. Wood, adjutant general of Ohio, has been appointed a colonel in the Thirty-seventh division. He will command an Ohio regiment in France. Col. W. E. Glumpkin will succeed Wood as adjutant general.

Edward R. Doty of Tuscaloosa, Ala., claims that, among other things, burglars at Toledo stole two gold teeth, which were taken from his mouth.

Clifford W. Chelmer of Toledo and Albert Silverton of Cincinnati, machines, were killed in action in France.

Mrs. T. J. Maur died at Toledo of heart disease 10 minutes after having left her only son, Bert, 23, who enlisted in the army motor mechanic school.

Ohio Bed and Mattress Manufacturers' association held its annual session at Cedar Point.

The New Pittsburgh Coal company and Stratton Brothers, both of Muskegon, are operating grocery stores near their coal mines, were fined \$30 and \$100, respectively, by Food Administrator Croxton for taking an illegal excessive profit on flour and selling flour in excessive quantities.

Richard Quick, 25, was instantly killed and Miles Belle Griffith, 22, was seriously injured and four girls companions received lesser hurts when the automobile in which they were riding overturned west of Toledo.

LIEUTENANT JEAN ALCIDÉ PICARD.

Lieutenant Jean Alcide Picard of the French army, who was in France and hurried to join his regiment. He arrived in Paris just in time to participate in the battle of the Marne, and in the two years of service which followed, he saw service at the first battle of Ypres, the campaigns in Alsace and Champagne.

He was disabled by wounds and returned to America at the request of the French Government to assist in the various war work activities which our allies are conducting in this country.

Lieut. Picard will speak on "The Spirit of France"—a subject which he is especially qualified to discuss, as he is the very exemplification of it.

THRESHERMEN FIX PRICES FOR THIS YEAR.

More than fifty threshers gathered at the annual meeting of the Threshers' Association of Cedarville, Ohio, Saturday afternoon.

The threshers organized the Greene County Threshing Association, and after considerable debate set the following prices for the season: Wheat, 9 cents a bushel, shock or barn; rye, 10c; oats, 6c; job threshing of 100 bushels and under, \$10. Clover seed, \$2 per bushel.

In the organization Cedarville was honored in the presidency going to Mr. F. O. Harrison, while Mr. W. J. Frame of Yellow Springs was elected secretary and treasurer. Mr. Wm. Harrison will represent the association in the Greene County Farm Bureau.

More care will have to be exercised on the part of farm help in feeding wheat into the separators. It is said that there is bound to be a loss of wheat if the ahead does not go into the feeder head first. The machine owners promise support in providing equipment to save all the wheat possible.

CHANGE IN DATE

Mr. Gordon Ross representing the Coit-Alber chautauqua Co., who was scheduled to appear in the opera house Saturday evening, will be unable to get here until Sabbath evening.

The local committee has arranged for a union meeting in the opera house at which time Gordon-Ross, will be present and give us a talk on his experiences in the trenches. Having been wounded Gordon-Ross is now out of service and we are told he has a thrilling story to relate about the fight against the Hun. Gordon-Ross spoke last Sabbath evening at Ft. Recovery.

Baby Natural Monopolist. There is about the baby none of the subtle deceitfulness of the old, practiced baby who deftly turns the corner of his own exploits and affairs. Baby simply takes of the mother from his personal self. The entire household attention turns at once to his affairs. He monopolizes the conversation with his breathless account of his hunger or of his connection with the open safety pin—and that is all there is to it.

Know His Allment. "You're looking miserable, Subbs. Why don't you ask a doctor what ails you?" "I know what ails me—quick consumption." "You don't mean it?" "I do. I have to bolt my breakfast in two gulps to catch the train, and my lunch in two more to get back to the office."—Boston Transcript.

MRS. ALEXANDER TURNBULL DEAD.

Mrs. Sarah Barber Turnball, widow of the late Alexander Turnball, died Monday evening at the home of her granddaughter, Mrs. Wm. Wilson, Springfield.

The deceased had been in failing health for some time. She was the daughter of Mr. and Mrs. Joseph Humphrey and was born in this county August 9, 1842.

Mrs. Turnball was first married to A. G. Barber, whose death took place in October, 1893, at Jamestown, where they resided at the time. In later years she became the wife of Alexander Turnball and resided on the home place south of town until his death, April 8, 1916.

Besides a granddaughter, there survives a grandson, Rev. J. H. Dean, of Argyle, N. Y., children of a deceased daughter, Mrs. H. C. Dear, a sister, Mrs. R. S. Jacoby also remains of a large family.

The funeral was held Thursday afternoon from the Jacoby home at Gosport; burial at Woodland, Xenia.

O. E. BRADFUTE RE-APPOINTED.

Mr. O. E. Bradfute, who has been a member of the Ohio State University Board for a number of years, has been re-appointed for his third term. Mr. Bradfute first was appointed by Gov. Nash on the Wooster Experimental Station Board and during Gov. Herrick's term transferred to the Ohio State Board. His next appointment came from Gov. Harmon and the last from Gov. Cox.

CENTRAL COMMITTEE ENDORSES WILLIS, FESS, BRYSON.

The Greene County Republican Central Committee at a meeting last Saturday voted unanimously to endorse Frank R. Willis for Governor, S. D. Fess for congress and W. B. Bryson for state representative.

SOME WANT WAR CHEST.

For several days there has been some talk of organizing this township for a War Chest campaign. We are proud to say that the township would give its consideration we believe they would endorse such an organization. It has been tried in small towns and cities and with satisfactory and found to be very satisfactory.

The idea of the War Chest is to make one campaign do for the year for both organizations as any other that the controlling committee might see fit to recognize. Out of this fund subscribed by the people the committee only pays the assessment or quota and the balance remains in the treasury. Had our last year's subscription been handled that way we would have several hundred dollars to apply on the next call.

While Cedarville has always done her share there are other towns that have not at all times. This over-subscription only tends to keep up the standing of the county. Those communities that have not come up with their quotas have no right to be protected at our expense or of any other subdivision of the county that over-subscribed.

The War Chest is a good move and we suggest that before another campaign comes on we be ready to give it a trial.

SECOND CROPS FOR GARDENS.

Keep the war garden producing food all summer. First crops can be followed by later ones. Here are a few suggestions:

Celery succeeding radishes, lettuce, bunch onions, turnips, spinach and early potatoes.

Turnips or beets following the same as mentioned above.

Early cabbage followed by sweet corn, turnips, lettuce, radishes, spinach, beets, or late cabbage.

Lettuce followed by onion sets for bunch onions, the onions by beets and the beets by radishes.

Tomatoes, peppers, beans, or sweet corn after radishes, late lettuce, or onions from sets.

Early peas or beets, followed by late cabbage, turnips, string beans, and winter radishes.

Leaf lettuce followed by string beans, the latter being succeeded by fall turnips.

Spinach followed by early sweet corn or string beans, and the latter by radishes or lettuce.

Danger of Overconfidence. No human attribute is as dangerous to its possessor and to others as overconfidence. Inefficiency, even, isn't as apt to provoke disaster. My patience is small with those who claim that success merely depends on a man's confidence in himself. Self-confidence alone never won any of the battles of life.—Herschberg.

President Wilson Says:

"The work that the Chautauqua is doing has not lost importance because of the war, but rather has gained new opportunities of service."
"Let me express the hope that the people will not fail in the support of a patriotic institution that may be said to be an integral of the national defense."

WHY WE ARE LATE

The Herald goes to press much
later this week than usual, all due
to circumstances beyond our con-
trol. We have been changing from
Benning Ferguson, son of Mr. and
Mrs. Albert Ferguson of the Clifton
and Old Town pike, at the home of
the bride's mother at seven-thirty
Wednesday evening.

Ferguson-Stormont Nuptials

In the presence of more than 125
guests Miss Bertha Alice Stormont,
daughter of Mrs. Ida Stormont, be-
came the bride of Mr. Benjamin
Ferguson, son of Mr. and Mrs.
Albert Ferguson of the Clifton
and Old Town pike, at the home of
the bride's mother at seven-thirty
Wednesday evening.

The marriage took place on the
veranda under an arch of hydrangea
and asparagus fern the ceremony
being read by Rev. E. O. McKibben,
of the Clifton U. P. church. He was
assisted by Rev. Andrew S. Green-
well, of Ousterlyville, Ill., and Dr.
W. R. McChesney of this place.

The couple was unattended being
preceded by Rev. McKibben and
Rev. Greenwell. Lohengrin's wedding
march was played by the bride's
sister, Miss Mable Stormont.

The bride was in a gown of white
indestructible voile over satin, with
bead trimming, and a short full
draped skirt. She wore a tulle veil
arranged cap fashion with a wreath
of white rose buds, and carried an
armful of bride's roses and sweet
peas.

A three course wedding supper
was served, the bride's table was
beautiful in decoration of ribbon and
honey suckle had places for the
following guests beside the bride
and groom: Rev. A. S. Greenwell and
wife; Mr. and Mrs. Charles Buck;
Miss Robert Ferguson and Miss
Mable Stormont; Miss Florence
Williamson, Miss Edna Stormont,
Mr. Charles Stormont and Miss
Mary Cooper. The other guests
were seated throughout the rooms.

When the bride cut the first slice
from the cake she secured the coin
which it contained. Miss Mary
Cooper a silver horseshoe and Mr.
Greenwell the button. The here-
after came from England and was
the gift of Miss Williamson who
secured it at a dinner served in
Iowa.

Mr. and Mrs. Ferguson went to
their home on the Gregg farm
not taking any honeymoon at this
time owing to the harvest season.
The bride is a graduate of Cedar-
ville college and has taught school
in Ohio, Iowa and for two years in
Cassarsport township. Both of the
young folks have many friends and
relatives in the county that extend
congratulations.

and C. M. Ridgway \$500.

POLITICAL ANNOUNCEMENT.

I desire to announce my candidacy
for the office of State Senator in this
the 5th-6th Ohio State Senatorial Dis-
trict, subject to the decision of the Re-
publican electors of the district, at the
regular primary election on Tuesday,
August 13th, 1918.

BIG FIGHT ON FOR LEGISLATURE

Will Ohio Ratify National Pro-
hibition?

ACID TEST FOR CANDIDATES

How the Present Ohio Senate and
House Stands on the Wet and Dry
Question and How Counties and
Senatorial Districts Voted on State-
Wide Prohibition Last November.
Looks as if Drys Will Control Both
Branches of New General Assembly.

Now that Congress has put Na-
tional Prohibition up to the states, and
as the states ratify or reject the pro-
posed amendment to the Federal
Constitution through their legisla-
tures, and as Ohio will elect a new
General Assembly this year, an an-
alysis of the Ohio situation at this
time is most interesting.

Regardless of what some politi-
cians desire, the wet and dry question
will be the dominant issue in Ohio this
year. In fact it will be the only big
issue. Everybody is for the vigorous
prosecution of the war so that cannot
and will not be an issue. The fact
that Ohio will again vote on state-
wide Prohibition and that the legis-
lature to be elected this year and
which will meet a year from this time
will vote on the ratification of the
National Prohibition amendment, is
certain to bring the wet and dry ques-
tion prominently to the front.

What about the legislative situa-
tion? At the time the present legis-
lature was in session a year ago, the
country had not entered the war and
war Prohibition was not before that
body, and in fact no wet and dry ques-
tion of importance was considered. It
was generally believed that while the
Senate was wet by a narrow margin,
the House was dry.

There are 24 Senatorial Districts in
Ohio, and there are 36 Senators in the
present body. Last November six of
these Senatorial districts with 13
members in the present Senate, re-
turned wet majorities, while 18 dis-
tricts with 23 members gave dry ma-
jorities. Under the Senatorial apportion-
ment, one of these wet districts, the
Cleveland district, will lose one
Senator in the next General Assembly,
while two of the dry districts—the
20-22nd and 24-26th—will lose one
each.

The Senate to be elected this year
will contain 33 instead of 36 members.
If the Senatorial districts elect sena-
tors this year on the basis of the wet
and dry vote of last November, the
next Senate will have 12 wet mem-
bers and 21 dry members.

There are 128 members of the present
Ohio House. The House to be
elected this year will have 124 mem-
bers. The counties of Belmont, Col-
umbiana, Franklin and Hamilton will
each lose a member. Last November
on the state-wide Prohibition vote, 76
of the 88 counties voted dry and 12
voted wet. The 12 counties which
voted wet, all have 39 members in
the next House, and the 76 counties
which voted dry will have 85 mem-
bers.

Of the 12 counties which voted wet
last November, Cuyahoga will have
13 members in the next House; Ham-
ilton, 9; Lucas, 4; Montgomery, 4;
Butler, 2; and Auglaize, Erie, Mer-
cer, Ottawa, Sandusky, Scioto, and
Shelby, one member each.

Of the 76 counties which voted dry
last November, Franklin will have 4
members in the next House; Lorain,
2; Mahoning, 3; Stark, 3; Summit, 2,
and the remaining 71 will have one
each.

On the basis of last November's
vote, there is no reason why the dry
of the state should not control both
branches of the next General As-
sembly by wide margins. To see to it
this is done is now the duty to which
they must address themselves.

WHAT THE RECORDS SHOW

How Schools Affect Repopulation of
Trumbull County's Chil-
dren's Home.

Warren, O.—(Special.)—In the 27
years in which the Trumbull county
children's home has been in existence,
178,417 children of that county have fur-
ished 817 of the 684 children ad-
mitted from the entire county.

During the five years Niles was dry,
five children per year on an average
were admitted to the home from Niles.
In the years when Niles has been wet
there has been an average of 10 chil-
dren admitted from that town each
year.

During the last two years Niles has
furnished the home with 50 children.
Not one was an orphan. In almost
every case drink had caused the par-
ents to separate or to be unable or
unwilling to support their children.

Beer Sales Slump.
Washington, D. C.—Evidently
Americans are not drinking so much
beer these war times. According to
the Internal Revenue Commissioner,
the number of barrels of beer sold the
first quarter of this fiscal year is
fewer by 2,708,627 than were sold in
the corresponding period last year.

The slump shows that the people are
exercising good sense by letting alone
that which is injurious and which does
not do anybody any good.

Thirteen colored men will be sent
from this county to Camp Sherman
on July 16 or near that date accord-
ing to information sent out by the
local draft board. Only one local boy
is in the list, Joe Jones. A peculiar
situation exists with Jones in the
draft. His twin brother was drawn
several months ago and after train-
ing at Camp Sherman and Camp
Grant was sent abroad, landing a few
days ago Joe made an effort to go to
Camp Sherman with his brother but
he had to wait his turn which seems
close at hand.

LESSON FOR JUNE 30

REVIEW: JESUS CHRIST OUR RE-
DEEMER AND LORD.

GOLDEN TEXT—For God so loved the
world, that he gave his only begotten Son,
that whosoever believeth in him should not
perish, but have everlasting life.—John 3:
16.

You are the Christ, the Son of the
Living God.—Matthew 16:16.

It is not ashamed of the Gospel of
Christ, for it is the power of God unto
salvation to everyone that believeth—
Romans 1:16.

The method of review must largely
be determined by the individual teach-
er. For Junior and Intermediate
classes a good way will be by the use
of a good map of Palestine, to trace the
journeys of Jesus from his birth to his
ascension, giving emphasis to some of
his vital teachings, deeds of mercy
and power, atoning death, triumphant
resurrection and glorious coming
again. The following day may be
suggestive of the latter method:

Lesson I.—As Jesus was passing
through the coasts of Tyre and Sidon,
he was besought by a Syrophenian
woman to heal her daughter, who was
gravely possessed with a demon.

After apparent indifference, in order
to lead her into an intelligent faith,
he healed her daughter. As he further
journeyed through Decapolis, a deaf
and dumb man besought him for heal-
ing.

Lesson II.—As his earthly career was
approaching its end, Jesus began to
clear account of his ministry. He
wanted the disciples to have definite
and personal knowledge as to his per-
son. He knew that the opinions of
others would not suffice them in
hours of darkness which were immedi-
ately before them.

Lesson III.—Jesus was transfigured
before Peter, James and John, to show
them his triumph over death in his
glorious kingdom. This occurred at a
time when the disciples were sorely
tried. Jesus' rebuke apparently
entranced them. He was transfigured
"before them," showing that the chief
object of the transfiguration was to
prepare the disciples for the ordeal be-
fore them. An inspired commentary
upon this translation is found in II
Peter 1:16-19.

Lesson IV.—As Jesus was endeavor-
ing to show his disciples how he must
be crucified, they were disputing as to
who should be the greatest in the
kingdom. Jesus taught them that
humble, self-denying service is the
sign of true greatness. This is a les-
son which needs to be learned by most
of us today, as despite our best efforts
we note insidious self-seeking making
itself known.

Lesson V.—A certain rich man in-
quired of the Lord as to what he must
do in order to inherit eternal life.
This young man was of an honorable
disposition and earnest and sincere,
but he had wrong notions as to salva-
tion. Jesus showed him that his su-
preme need was not doing something
to be saved, but to be willing to sur-
render all things for him.

Lesson VI.—While the Lord was
consciously facing the cross, the disci-
ples were concerned about positions of
pre-eminence. Jesus taught them that
those who would follow him must not
seek for greatness or position, but to
render lowly service. In this Christ
has his own example. In due time he
will exalt those who in lowliness of
heart serve him.

Lesson VII.—Jesus drove out the
money changers from the temple, and
declared that the house of God should
be a house of prayer instead of a
house of merchandise. This lesson
needs to be learned by many churches
today.

Lesson VIII.—The scribes sought to
entrap Jesus by asking captious ques-
tions. To the question as to what was
the greatest commandment, he replied
that it was love to God with all the
heart, soul, mind and strength. Since
this is the first and great command-
ment, to violate this commandment is
to be guilty of the greatest sin.

Lesson IX.—While Jesus sat at
meat, a certain woman anointed him
with precious ointment in anticipation
of his burial. The Lord was pleased
with this act, for it was out of a heart
of fervent love that she lavished upon
him her best.

Lesson X.—In connection with the
last Passover, at which Judas betrayed
Jesus, the symbols which represent
the body and blood of Jesus were in-
troduced. In the emblems of the com-
munion we appropriate the very life
and blessings of Christ.

Lesson XI.—Jesus died between two
malefactors to make atonement for
the world's sin. He gave his life a
ransom for many. While on the cross,
they mockingly said he saved others,
himself he could not save.

He could not save both himself and
others, so he chose to save others and
give himself to die.

Lesson XII.—Jesus arose from the
grave and demonstrated his resurrec-
tion with infallible proofs. In this
God declared him to be his Son, and
set his stamp of approval upon his
work. The disciples ought to have
reflected that the tomb was empty.
Had he not arisen, his entire work
would have been proven a failure. The
resurrection of Jesus Christ, and the
bodily resurrection of those who are
Christ's, is central to the Christian
faith.

NOTICE TO HORSE BREEDERS

COLESHILL DIAMOND KING
Coleshill Diamond King is an imported Shire, bay, weight 2100.
He has proven himself a sire of draft colts that will mature into ton
horses. His colts have sold higher than any other horse that has
ever stood in the county. One pair of yearlings sold last fall for
\$352.50 and his suckling colts have sold as high as \$125.00. A sure
breeder and good disposition. Will make the season at \$20.

PRINCE ALBERT
Prince Albert is an imported Belgium; sorrel weight 2000 another
one of the greatest sires that ever stood in the county. You need not
tell anyone about Prince Albert, everyone knows him and his colts.
Will make the season at \$15.00.

EPI
Epi is an imported Belgium; horse that is known to hundreds
of breeders in this section for his fancy colts. He is a sure foal getter
and his colts are always in demand. You can make no mistake in
using this horse.

Will make the season at \$15.
These horses will make the season of 1918 at my barn 1-2 mile
south of Cedarville on Wilmington pike. All colts insured for thirty
days. If not sound and all right at that time don't settle till they
are right. These horses will be in the care of a competent and care-
ful groom, and everyone will be treated right. Care will be taken to
prevent accidents, but will not be responsible should any occur.

What if Your Spark Should Fail?

If the spark fails there's nothing to do but phone for help. Worse than the expense is the annoyance — the loss of time — both easily avoidable. We can show you how to get at the facts and avoid the danger of a "dead" engine and a tow back home. In the Still Better Willard with Threaded Rubber Insulation there's more starting capacity, more sparking ability and better lighting than ever before and besides that it is the only battery with the "Bone Dry" principle that is your absolute assurance of getting a battery as new as the day it left the factory. Let us tell you about it.

For Sunday service apply to The Hosier Sales Co., just 5 doors west of The Willard Service Station, 118 East Main street, Xenia. R. C. Shroyer, Battery Expert, in charge. Repair and recharge any make of battery. Bell 638-W. Citizens 220.

LOCAL AND PERSONAL

The time for payment of taxes has been extended until July 20.

The Wednesday afternoon club was entertained this week at the home of Mrs. Lucy McClellan.

Mrs. Paul Turnbull has gone to Camp Lee, Virginia, to join her husband, who is Second Lieutenant.

Miss Helen Ogilbee has accepted a school at Ansonia, Ohio, and will teach there the coming year.

How About Your War Savings Stamps?

Mr. Warren Barber of Dayton spent Sabbath at home.

Mrs. Thirza Townsley, of Jamestown, has been spending several days at the home of Mr. C. M. Crouse.

Miss Mary Stormont entertained at a "recipe shower" honoring her sister, Mrs. Leroy Bates, and her cousin, Miss Bertha Stormont, last Thursday afternoon. About twenty girls were present.

Mr. and Mrs. W. P. Anderson have received word of the birth of a grandson, William Barkley Anderson, Greely, Colo., on June 18th.

The draft lottery for the newly registered men will be held in Washington, D. C., Friday, when the 800,000 men will be given serial numbers.

Rev. Jason McMillan and family have returned to their home in Johnson City, Tenn., after an extensive visit with relatives here.

Mr. F. B. Turnbull has a Dodge touring car.

Prof. John Stewart, wife and son of Indiana, Pa., arrived last night for a visit with Dr. and Mrs. J. O. Stewart.

The Fourth Liberty Loan comes in October and will be for six billion dollars.

The Houstonia Creamery company, South Charleston, shipped a car of 16 tons of butter to Eastern market last Saturday.

Mr. S. W. Smith and wife, who have been spending several months in California, are visiting their son and daughter-in-law, Mr. and Mrs. L. S. Smith.

Mr. W. W. Cresswell is preparing to remodel his residence. The building will be raised and other improvements made that will add much to the convenience and appearance.

Mrs. Peter Knott, mother of Mrs. Leo Anderson, suffered a paralytic stroke Saturday, at her home near Clifton.

Carpets and Rugs, Matting Rugs, Linoleum and Congoleum. A splendid line to pick from.

R. Bird & Sons Co.

Columbus expects to secure 3,500 persons in that city that will subscribe for \$1000 worth of War Savings Stamps.

Go see the Camp Sherman pictures at the Murdock Theatre. The ad. tells you all about it.

Word has been received concerning Rev. R. B. Wilson, D. D., Jacksonville, Ill., who is ill with typhoid fever, that he is in a very serious condition. Mrs. Wilson and the two children all are sick with the same disease, but are reported better.

The county commissioners are improving the Yellow Springs and Springfield pike with macadam. It is said that E. S. Kelly, owner of Whitehall farm, has agreed to keep the pike along his vast estate oiled for five years.

J. M. Light, former editor of the South Charleston News, is now managing editor of the Daily Tribune at Greenville. He will continue to reside in South Charleston for the present.

Roy and Howard Hagler, of Washington C. H., last week sold what was probably the largest load of wool that was ever sold in Fayette county. The load consisted of 700 fleeces, a total of 4,700 pounds, and brought \$3,100.

America's influence in the war is showing itself in the aid given Italy. During the last week thousands of Austrians have been killed and captured and there has been a retreat of many miles.

Ingersoll Watches. Full line of them for sale at

R. Bird & Sons Co.

Mrs. Raper Wade who was operated upon at the McClellan hospital, Sabbath, for gonorrhea by Dr. Croft, of Columbus, is reported doing as nicely as could be expected.

It is stated that the McClellan hospital in Xenia will be closed shortly and no new patients received. Dr. E. R. McClellan is a lieutenant and has been called into active service at the base hospital at Fox Hill, on Staten Island.

Among the men home from Camp Sherman over Sabbath were Corp. Leotis Brodies, Wm. Fisher, Joe Bratton and Elmer Graham. The boys expect to leave the camp about the middle of next month for an Eastern port.

According to the Enquirer last Saturday, the government is taking steps to curtail the importation of coffee into the country. Ships that carry on commerce with South American countries that raise coffee are needed for government use in transporting soldiers and provisions to Europe. Cincinnati is said to have a supply only for three months ahead.

War Savings Stamps should be in every home. Remember this, town-ship's quota is \$20 per capita, \$60,000. Have you taken your share?

The funeral of the late Dr. R. B. Wilson will be held Saturday afternoon from the home of his sister, Mrs. W. A. Spencer, at 3 p. m. The body is expected to arrive in Xenia during the morning accompanied by a delegation from Jacksonville, Ill. Burial takes place at Massie's creek.

Rev. J. E. McMichael delivered the sermon for the Xenia branch of the American Bible Society at the First Reformed church last Sabbath evening.

R. Bird & Sons Co.

B. B. Vandervort, the fruit grower on the lower side of the county, has managed to cheat the state out of a \$5 license fee by using the same license on two different machines. This is prohibited by law and Mr. Vandervort was haled into mayor's court in Jamestown charged with such an offense and upon plea of guilty was fined \$25. It is said that he practiced the same trick last year.

Mr. O. E. Bradfute and wife in company with the other members of the O. S. U. board attended a luncheon at the Eggers' home in Dayton Tuesday. Monday the women of the party were luncheon guests of Mrs. B. F. McCann at her home and during the evening were entertained at dinner at Peley Dell in company with the gentlemen of the board. Following this dinner the party were entertained at the home of Mr. C. P. Kettering at an informal musical.

Rev. W. R. Graham has been appointed as Chaplain at the Newport News camp and has entered the government service. He has been spending a few days here with his family, who have been visiting with Mrs. Louisa Hill. Rev. Graham has been connected with the W. M. C. A. work at the Newport News camp and assisting Evangelist Beiderwolf and it is said that his work attracted the attention of the army officers. Rev. Graham returned to Rickville, Ind., his former charge, Wednesday, where he went to prepare his household goods for shipment to Newport News. He expects to resign his pastoral charge in that place.

New rules have been issued on the sale of sugar. The allowance being three pounds per capita per month. Ice cream manufacturers and soda fountain proprietors have also had their allowance cut. We understand two pounds has been the limit at local stores for some time.

Relatives have received word from Wm. Kennon that he has arrived safely overseas and is in the best of health. He is in Co. G, 208th Field Signal Battalion.

Dr. and Mrs. Frank Newoomer, of Dayton, motored over and spent Sabbath with Mr. and Mrs. Wm. Corne of Clark's Run neighborhood.

Probably the best clover hay crop put up in years has been harvested within the past week. The weather has been ideal for harvest but not so good for growing crops, especially corn. The nights have been cool, especially Saturday night, when the mercury dropped to 40 and below, there being quite a bit of frost in all the low spots. Much of the corn in the lowlands was badly burned by this frost.

John T. Harbino, Xenia attorney in the Allen building, dodged a bullet Saturday night, while in his office, the gun being used by a hold-up man. Most of the offices were closed at the time and there was no one in the office except Wm. Clemens of this place. The fellow made his escape before the police could be notified.

Mr. John A. Alexander, of Topoka, is here on a 10 week visit with relatives. Mr. Alexander speaks encouragingly of the crop prospects in the West, particularly his state. He informs us that men are drafted from the shops and stores to assist the farmers in harvest. Most of the stores and factories are granting the men vacations at this time and the men, realizing the needs of the country, are responding nobly. Fruits are plentiful in that country, something that cannot be said for this county.

GETTING MONEY FOR PUBLIC SERVICE COS.

A Typical Experience of One Who Tries to Secure Money Needed to Extend an Electric Light Plant.

City service corporations are required to add extensions to their plants as the public demands. The rapid, recent growth of many Ohio towns has required utilities to secure added capital. The doubling of costs of operation and maintenance have consumed surpluses.

How will they get the necessary money? Not long ago Mr. E. K. Hall of the Electric Bond and Share company, N. Y., gave a typical dialogue showing the difficulty of getting new money for extending a utility, as follows:

You say to the man, "We would like you to come right in with us; come in as a stockholder."

"How much do you pay on your stock?"

"Right now we are paying four per cent."

"How much is your stock selling for on the market?"

"Selling for about \$50, but we will sell you new stock for \$100 a share. We are not allowed to issue it at less than par."

"No, thank you; I don't believe I'll come in, but I'll tell you what I'll do. I will loan you some money if you will give me good security."

"We say, 'What can you give me for security?'"

"We say, 'To tell the truth, everything we have got except the office boy's fingers will be mortgaged already.'"

"Now, under these circumstances, we don't get very far in financing extensions, or improvements, do we? What is the result? The result is that we have a crippled company; we have a company that is not up to date; that can give the service the public wants and there is no progress. This really is the fundamental problem of regulation today."

Coal is the principal cost to companies distributing electrical power for cars, or light or heat. For cars receiving power from a trolley or a third-rail 650 volts are required, which is but a trifling amount that required by street lights.

No telegraph wires carry a dangerous current, except when in accidental contact with one carrying a much heavier voltage, for they are given but 25 to 60 volts, except for the longest distances, which require but 300.

Better to Go Slow.

If you try to live two days at once, you divide up the strength with which you should be getting the very best out of the present. Every regretful hanging over past mistakes, every foreboding thought of what the future holds, diminishes your present efficiency by just so much.

OFFICIAL FOOD NEWS

U. S. Food Administration of Ohio

TO MAKE EVERY EGG COUNT

PRODUCERS SHOULD:

Provide proper housing for hens. Gather eggs twice daily in hot weather.

Place eggs as soon as gathered in cool, dry place. Market eggs frequently—twice a week, if possible.

Do not market thin shelled, or checked eggs. Do not sell eggs from incubator or eggs from stolen nests.

Protect eggs from hot sun, when taking to market. Produce infertile eggs for marketing.

Sell on a quality basis. In selling eggs by the case count system, you are making up a loss of 2c per dozen on your neighbor's bad eggs.

DEALERS SHOULD:

Candle all eggs and purchase on a quality basis. Allow the producer to see you candle and grade his eggs if he so desires.

Pack carefully in strong, clean cases and fillers. Keep eggs in a room having a temperature of 70 degrees or less.

Provide an ice box if handling 25 or more cases per week. Under no circumstances keep eggs in a muddy cellar or next to other odoriferous merchandise.

Ship daily in warm weather, using refrigerator cars or express service. U. S. Food Administration

The Federal Food Administration in Ohio, co-operating with the Bureau of Dairy and Foods and the Bureau of Markets and Marketing, and the State Department of Agriculture and the Agricultural Extension Service of Ohio State University, has launched a statewide campaign to prevent traffic in rotten eggs.

Fred C. Croxton, Federal Food Administrator for Ohio has announced the following regulations for dealers and consumers:

(1) All dealers in eggs, including grocers and hucksters, who ship or sell to others than consumers are required to be licensed, regardless of the volume of business done.

(2) Cashed whippers and jobbers shall candle all eggs and buy only on loss off basis. Ticket bearing date of candling and license number, shall be included in each case.

Careful and conservative estimates made by the U. S. Food Administration show that for the past five years during the period from June 1, 1913, to October 1, 1918, per cent of all eggs were a total loss and 40 per cent were materially depreciated in food value.

Because of this great waste of food, and because of the great cost entailed in using over-taxed transportation facilities in carrying food units for human consumption, the Food Administration has made a special appeal to producers and retailers in eggs to help eliminate this waste.

"SAVE EVERY GRAIN;" APPEAL TO THRESHERS

With the wheat harvest already under way in the southern part of the state the United States Food Administration in Ohio has issued a special appeal for careful threshing in the handling of wheat in order that the common losses from this operation may be reduced to the minimum.

The appeal of the Food Administration is as follows:

"Everything should be made ready for threshing beforehand, in order that delays may not occur."

"To this end farmers are now urged to provide light-bottomed racks or canvas for wagons hauling wheat from the fields."

"See that all sacks and wagon boxes are in condition to take the grain away from the machine without loss."

"Prepare the place for the machine to set, before its arrival, by providing a canvas to spread over the ground, or remove all stones, weeds, grass, etc., in order that all shattered grain can be readily saved."

"Provide the best coal you can secure for fuel. Wood is extremely dangerous, and threshermen are being instructed not to use it except when absolutely necessary."

"If unable to secure coal for threshing, farmers should report to the office of the Food Administration, Columbus, where every possible assistance will be given."

"Thoroughly clean all bins and make sure they are perfectly tight. Lack of elevator space or freight cars will doubtless make it necessary to store much of the grain temporarily."

"Farmers may greatly help to solve their labor problems during the threshing season, and at the same time lighten the labor of the women by forming threshing circles, and by all help, excepting the threshermen, carrying their own dinners."

Going up. What? EGGS of course. We always pay highest price for them. Call us for price before you sell. R. Bird & Sons Co.

The Irresistible Appeal of Snowy White Porcelain

HOW proud you are of the porcelain in your home! How spotlessly pure it always looks! No other material could possibly take its place. In the best homes porcelain is always used wherever possible—it is so sanitary, so easily cleaned, and really the most economical in the end.

No other material is so easy to keep spotlessly clean. It does not break, chip or crack. The refrigerator is one of the most important places for porcelain to be used. For economy's sake food must not be allowed to spoil. For health's sake our food must be kept absolutely pure.

The four essentials of a good refrigerator. The first requisite is a real porcelain lining. The refrigerator must be designed so there will be a proper circulation of cold air. The insulation must be as nearly perfect as possible. Workmanship and material must be of the very best.

Why the best refrigerators are made in Grand Rapids

Here in Grand Rapids are the most skilled cabinet makers. The largest refrigerator factory in the world is here—the Grand Rapids Refrigerator Company. For over 35 years this company has been making refrigerators and has accumulated a wonderful experience in the science of domestic refrigeration.

"Like a clean china dish."

The Leonard Cleanable Refrigerator is so clean and so easy to keep clean that thousands of women know it by the above phrase. The beautiful one-piece porcelain lining in the Leonard Cleanable has received high food awards. This is a most valuable patented feature and cannot be found in any other refrigerator.

In the Leonard Cleanable ten walls shut out the heat and shut in the cold. Come in and get an interesting and instructive booklet—"Care of Refrigerators." Let us show you one of the famous Leonard models.
