FORTY-THIRD YEAR, NO. 4.

CEDARVILLE, OHIO, FRIDAY, JANUARY 23, 1920

PRICE, \$1.50 A YEAR

N. Y. SUN POKING FUN AT XENIA

We are in receipt of an editorial in the New York Sunday Sun from Mr. J.O. Barber, which would indicate that the Sun would have a little fun at Xenia's expense.

The little town of Xenia, Ohio, has undertaken to do homage to its noted son by a series of banquets. The plan, it is explained, is to let the public know how many prominent men Xenia and Greene county have given to the world.

The Herald might go a little farther than the Sun and state that Cedarville's township is the birthplace of the Hon. Whitlaw Reid, the old home being remodeled some years ago and furnished in the most modern fashion.

COMBINATION SUBSCRIPTIONS

The Herald will receive your subscription for daily papers and all magazines as in the past. We guarantee as low a price or lower in some cases than can be secured elsewhere.

The annual meeting of the shareholders of The Cedarville Building & Loan Association, will be held at the office of the association (Township Clerk's Office) for the election of Directors and such other business as may come before the meeting.

\$125,000 FOR SWAT KING IS RECORD

A new baseball star has flashed across the horizon, capturing the public's attention with the great \$125,000 for his services.

FARM AND FIELD NOTES

Five thousand farmers from every county in the state and many from other states and Canada are expected to attend the eighth annual Farmers' Week at Ohio State university Jan. 26 to 30.

Annual conferences and meetings will be held by 20 different farm organizations. The Ohio State Beekeepers' association meeting and the Ohio State corn show will be held all five days.

One of the features not heretofore offered is a seed-testing course, designed for all buyers of seed and describing home-testing methods almost entirely.

The course will include instruction in germination tests of grass and clover seeds, and identification of grass seeds; identification of legume seeds; identification of weed seeds, and practice work in seed testing.

ALBERT M'GIVEN CALLED BY DEATH

Albert M'Given, for many years a resident of this place, died at his home in Xenia Monday afternoon, following an illness of bronchial pneumonia. The deceased was born in Columbus and was 78 years of age.

SNOW, RAIN, SLEET ALL IN ONE WEEK

The oldest citizen can hardly remember the time when we have had any more snow, sleet or rain with ice covering the ground than we have had the past ten days.

HIGH SCHOOL NOTES

The High School examinations were given in the afternoons of Thursday and Friday of last week. Pupils having an average of 6 in all studies and in department, and no unexcused absences or tardy marks were excused from examinations.

LIBRARY NOTES

The College has added the following periodicals which are now on the reading tables and for the use of all library patrons:

OHIO NEWS IN BRIEF

Four straggle killed and 13 injured, three of them seriously, when an explosion in the burning mill of the C. L. Nepton and Spice company, Cincinnati, blew out the east wall of the structure.

One hundred fifty practical farmers and applicants have been accepted for the annual farmers' week program at Ohio State university, Jan. 26 to 30.

Warren and Belmont counties plans to build a new city-county hospital. In deferring the case on Postmaster B. Vernon Johnson of Belmont, who pleaded guilty to embezzlement.

WHITE-UP OF XENIA

The Dayton Sunday Journal had a splendid write-up of Xenia and what has been accomplished under the new form of government and by the Chamber of Commerce in the last issue. The article dealt largely with proposed addition to the city through the purchase of the Robert's estate and the development proposed by the new owner, Frank Dodds.

PURCHASES SOUTHERN LAND

A. E. Wildman of Selma who spends his winters about Orlando, Florida, has purchased a 60 acre tract of land near that city, of which several acres are bearing trees.

DAINTY FROCKS FOR WINTER WHIRL

Here are two frocks for semi-evening or afternoon wear which every young woman will appreciate at a glance.

YEP! HERALD GETS THE RESULTS QUICK

We cannot help but tout our own horn on Herald advertising as a paying proposition. A few weeks ago we listed ten of our popular young bachelors and we are now hearing good news as to the returns.

These young bachelors seem to be rather proud of the advance that has been made so far and are having the laugh on the others who have not yet been singled out.

MIAMI, FLORIDA. A farmer of the Miami valley back in Ohio would starve to death farming here, but they seem to know how to manage it here.

JUTLAND HERO HERE

Viscount Jallooc, admiral of the British fleet, is in Washington, D. C., the guest of the nation. It was Admiral Jallooc who commanded the British fleet in the one big naval battle of the war, the Jutland clash with the German fleet.

SOONER OR LATER

The man who does not live up to the rule of spending less than he makes will come to grief. Saving is as essential to happiness as breathing is to life.

RE

WISCONSIN FRIEND

H. A. Moehlenpach, New Appointment, Long Interested in Agriculture.

REPRESENTS COUNTRY BANKERS

Has Been Active in Encouraging Rural Development and Introduction of Better Farming Methods—Self-Made Man.

Appointment of H. A. Moehlenpach of Wisconsin to the federal reserve board establishes a link in the banking system of America which connects the great commercial and agricultural interests and serves to create a sympathetic understanding between the various factors in the financial organization of the nation.

For Mr. Moehlenpach was essentially a country banker—his own and an essential one to be sure—but nevertheless a farmer's banker and a banker representing and understanding the needs and problems of agriculture and of the small bank. He takes to the federal reserve board, which of course stands at the head of our financial system, a profound knowledge of what is required in the way of financing for the agricultural interests of this country. Since 1903 he has been connected, first as cashier and later as president, with the Citizens Bank of Clinton, Wis., an institution of \$500,000 capital. Within the last ten years he has organized and operated two large institutions for the handling of farm

Moehlenpach, known as the "Mortgage and Security" man, has a capital stock of \$100,000. It was organized in 1914 and during the first five years of its existence it made loans to sixteen hundred farmers aggregating \$10,000,000 of dollars. The second of these institutions is known as the Farmers' Joint Stock Land Bank of Milwaukee, organized in 1918 under the federal farm loan act, with a capital of \$200,000. This institution now has about seven hundred loans in effect totaling \$3,000,000.

Understands Farmer's Needs. While these facts show the financial relation of Mr. Moehlenpach to agricultural interests, they barely hint at his great activity in behalf of the farmer for he was active in Wisconsin and at Washington, D. C., in behalf of the legislation which resulted in the passage of the farm loan act. His last work in Wisconsin before going to Washington was that of getting under way the organization of a cattle loan company for the purpose of financing the movement of pure bred stock from southern Wisconsin to northern districts of that state. He had been active for many years encouraging better farming and has been identified with many movements like grain contests, exhibitions in rural schools, formation of country development associations and educational excursions made for the purpose of introducing pure bred stock and pure bred seeds. Many times he has been chairman of the committee for such work in charge.

Knows Big Politics. However, Mr. Moehlenpach is not merely a country banker. He is one who understands the larger aspects of finance and is able to think of financial problems in large units. He was considerable factor in the discussion of the federal reserve act before it became a law and perhaps more than any single individual was responsible for the endorsement of this act by the American Bankers' association. When the federal reserve act was before congress, the American Bankers' association called a conference in Chicago of the bankers of the country for the purpose of securing suggestions for amendments it was felt would be needed.

Represents Country Bankers. As a result of that conference, Mr. Moehlenpach was appointed a member of a committee of fifteen representing the bankers of the United States. He represented the country banks, all the other members being large city bankers: A. P. Hepburn, New York; W. A. Ricker, Atlanta, Ga.; J. E. Ferguson, C. M. Reynolds, Chicago, and others.

Amateurish Forethought. A band of youngsters with a peck at mischief ran a rabbit into a log on a local reserve the other day. An argument ensued as to what was to be done with the rabbit. The points of the party reasoned thus: "Let 'im go. The more rabbits the more fun for us!" "What's the use of a rabbit? It's a pest!" "I've seen 'im in the paper!" "I've seen 'im in the paper!" "I've seen 'im in the paper!"

Since in Argentina it is estimated that there are at least 1,000,000 plus these things enough for profitable hunting.

OHIO CLEANINGS

Her clothing containing the white she was preparing for breakfast, Mrs. Susan Chase, 17, widow, living alone one mile east of New Albany, Frank the county, was buried to death.

G. K. Needford, 63, who formerly was in railroad service for 40 years without an accident, was killed while operating an elevator in Toledo. Governor Cox, speaker at a dinner given by the Duckworth club, Cincinnati, said he had no recollection what ever and had never assumed to take seriously the mention of his name in connection with the presidency.

Theft of whisky and other liquors valued at \$10,000 was reported to the police by Morris Chamas at Cleveland. The liquors, according to Mr. Chamas, were kept in the basement of his home.

John C. Cramer, stock buyer and farmer, was killed when his automobile was struck by an interurban car near Bucyrus. His skull was fractured.

Findlay board of education elected W. A. Crates president.

Frank Wallace, 24, East Liverpool, coal miner, died of burns received in a premature powder explosion.

This ten-month-old child, O. P. Nixon, fell from a second-story window at Logan, alighted on a stray dog and escaped serious injury.

Andrew Anderson, 40, and George Murie, 35, Steubenville, were injured when their auto skidded and collided with a street car.

John Snook, 23, a farmer living near Lancaster, had his right arm torn off in a corn shredder.

The Ake law, which makes it illegal to teach German in elementary grades of schools in Ohio, was attacked in Ohio supreme court in a brief submitted by Timothy Hogan, attorney for Emil Pohl and H. H. Bohning of Garfield Heights, Cuyahoga county. Pohl as teacher and Bohning as trustee of St. John's Evangelical Lutheran congregation were convicted and fined \$25 and costs for teaching German in the school.

Edward Hall, 14, is held at Dayton on a charge of stealing six motor cars valued at \$11,000.

Read's mine, Crooksville, has been closed indefinitely by the Standard Hocking Coal company.

Clyde, 16-month-old son of Rev. and Mrs. Guy Chasch, fell into an open fireplace at Frasersburg, near Newark, and was burned to death.

Dr. F. J. Crosby was named head of the Perry County Medical society. A quarrel started seven years ago resulted in the shooting at Cleveland of Antonio Opekari, 30, whose condition is serious. Louis Dilcic was arrested.

Miss Sarah Moore, manager of the Logan Journal-Gazette, is dead.

Fire at Cleveland destroyed a restaurant and a motion picture house and threatened the entire Woodland hotel block with destruction. Loss \$20,000.

Ice in the Maumee river at Toledo was broken to permit the launching of the United States shipper board's latest ship, the Lake Elmore.

At Kenton, Mrs. Margaret Dickson fell two stories to the ground while checking rugs on the roof of a porch. Her injuries are serious.

Seven hundred barrels of oil belonging to the Ohio Cities Gas company and valued at \$5,500 were burned on the Bert Crawford farm in Licking county.

Frank Sattler, assistant superintendent, and Walter Davidson were killed and William Gorst seriously burned in an explosion in the pressurized mill of the Hercules powder plant near Youngstown.

Grief over repeated quarrels with her husband, police say, prompted Mrs. Mary Sudnik, Cleveland, to attempt to burn herself to death. She may die.

Lloyd Sherman Caudill, 8, Columbus, was hit by a taxicab and almost instantly killed.

Guarded by his two large dogs, the frozen body of Corbin Johnson, 73, was found on his farm near Stewart, Athens county. The aged man, who served four years in the Union army in the civil war, had been living alone.

John Flaherty, clerk of the juvenile court of Hamilton county, who was shot during an affray at an Inn on New Year's morning, died without revealing the name of the person who had shot him.

William J. Laub, former mayor of Akron, was named city manager under the new charter. His salary is \$10,000 a year.

John Hoover and John Cornelius, employed by a wreacking company, perished in an explosion which wrecked the Ohio-Toledo Ice Cream company's new plant at Toledo. The fire loss was \$120,000.

With her face, neck, back and hands mutilated as a result of the wilding of a butcher knife, Mrs. Belle Cochran, wife of Blair H. Cochran, attorney, is in a serious condition at her home in East Liverpool. Hulme Cochran, a former service man, is being held in connection with the attack.

Roy Armstrong, 19, Uhrichsville, was fatally burned when he poured oil on a fire in a stove.

Rev. E. M. Freeman, pastor of the First Congregational church, Mt. Vernon, received a call from the Pilgrim Congregational church, Chattanooga, Tenn.

Rev. C. C. Luman resigned as pastor of First United Presbyterian church, Findlay, to accept a call to Erie. Cuyahoga county fair committees recommended an increase of 50 cents a ton on the retail price of coal.

The Three Graces. First Girl—"I know Jack can't give very much money, but we can live on faith, you know." Second Girl—"And how, too, I suppose." Third Girl—"And charity."

"Half-Mast High." Everyone "nows when he sees a flag down at half-mast that it is a sign of mourning, but few have any idea how the custom originated. It arises from the old naval rule that the sign of submission was the lowering of the flag by the vanquished.

ECONOMIC VALUE OF RAT EXTERMINATION

Indiana Counties Wage Intensive War Against Pests.

People Not Yet Easily Aroused to Fearful Menace of Rodents and Importance of Ridding Country of Little Animals.

Prepared by the United States Department of Agriculture. Twenty-eight Indiana counties have waged intensive war against rats, in co-operation with the United States department of agriculture, through the bureau of biological survey. A special day was set apart for this purpose, at which time, according to the official casualty list, 87,000 rats "went west." Complete figures are not available, but estimates are to the effect that several hundred thousand rats ended their earthly careers on "rat drive day."

The economic value of rat extermination is considerable, especially to the farmer, as a single rat will easily destroy one bushel of corn a year and at the same time inflict as a special

Getting Rid of Rats.

messenger for the spreading of disease. Rats are very prolific, producing from six to ten young in a litter and more than six litters a year, a fact which makes the rat a most formidable enemy. Notwithstanding the enormous loss it incurs to the farmer, people are not yet easily awakened to the fearful menace of these pests and the importance of ridding the country of them. Recommendation has been made by the agricultural authorities that the governor of Indiana appoint a special "rat day" each year, in order that this campaign may be annually continued. During the recent campaign Knox county led in the total number of rats killed, the inhabitants of this territory slaughtering 10,000 of the marauder.

IMPROVEMENT IN MARKETING

Margin Can Be Cut If Producers Will Work Together—Uniform Product Is Favored.

A. D. Wilson, chief of the agricultural extension division of the University of Minnesota, holds that the price margin between the producer and consumer can be cut down if the producer in every community will work together uniformly to produce a standard product of good quality and in quantities large enough to let it be marketed in carlots. "Improvement in marketing," he says, "must be along the line of reducing the labor and expense required in getting the products from the farm to the consumer. One of the things which tends to reduce this cost is to have produced in a community a large quantity of a uniform product." The marketing of co-operative creamery butter is cited by Mr. Wilson as an illuminating illustration of the truth of his premises.

ERADICATION OF BLACKHEAD

One of Most Difficult of Poultry Diseases to Contain With Frequent Weather Helps.

Blackhead is one of the most difficult of diseases to eradicate and since occasionally other poultry becomes affected, it is well to carefully plow up all poultry runs, whitewash fences and houses, and have all feeding vessels burned or boiled. Frequent weather is an aid in stamping out the disease, but it is best not to try to raise turkeys the following year, if the disease has been very bad on the farm. In beginning with a new stock another year, be very sure of your eggs or breeding stock and that they come from a place that has not been infected.

WINTER SHELTER FOR STOCK

Suitable Protection Is Most Desirable to Prevent Loss From Sudden Severe Storms.

Shelter is highly desirable during winter. Animals may survive very sudden and severe weather if they generally do. But these sudden spells always cause a loss to the feeder when the animals are exposed to the weather.

Good Times. I suppose no one has "looked more indistinctly" in more places, for a good time than I have. Results have been so meager that I have concluded that a good time is more or less of a phantom.—E. W. Howe's Monthly.

A Nest of Eggs. Fatalum, center of the largest poultry district in the world, sent to the California industries and land show a basket holding 72,000 eggs. The basket was 18 feet long, 5 feet high and 3 feet wide.

Why is A Headache?

Various Causes for this Common Affliction.

Anemia or Bloodlessness a Very Common Cause.

Pepto-Mangan Overcomes Anemia and Tends to Prevent Headaches.

When one has a seasonal headache it is usually due to some reaction or reaction series, such as indigestion, over-exhaustion, etc. When, however, one suffers from frequent periodic headaches there is always some special reason for it. Among the most common of such reasons is Anemia or Bloodlessness. This condition is especially frequent among girls and young women and these whose occupations or habits of life keep them too much in doors. The one important necessity in such cases is to build up the quality and quantity of the weak and watery blood. Gude's Pepto-Mangan is especially valuable for this purpose. It increases the number and improves the quality of the red blood cells, those vital little bodies which carry nutrition to all parts of the body. It improves the appetite, imparts color to the face, and restores the health and strength to the body generally. After a short course of Pepto-Mangan the headaches decrease in frequency and severity, and finally disappear, if they are due to Anemia. Pepto-Mangan may be had either in tablet or liquid form, as preferred. When buying Pepto-Mangan be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

Sturdy Old Italian Dame.
The women of the lower classes in Italy are indefatigable workers. They have to be, and do all sorts of laborious and unwholesome tasks, according to our American ideas. In fact, the traveler in Italy is almost convinced that the women do all the work, while the men do the talking. Age is no barrier to feminine activity, for one of these at least eighty, to judge from her wrinkled face and retreating steps, was photographed carrying an immense basket of figs, all alone, across one of the busiest streets in lovely Lugano in Italy.

Want Sweeter Coffee.
"Sweet are the uses of adversity," but we have no use for it—Boston Transcript.

NEW YORK MADE RAY TIGHT

Phrase Means That Enemy Agents and Spies Have Retaken From Great United States Port.

"The port of New York is ray tight." This is the phrase in the vocabulary of the sea which is going around the world to every quarter of the globe since the customs intelligence bureau was organized in New York a year ago. Paraphrased in the speech of the average American it means that it has been impossible for an alien enemy or spy, any article of contraband, or any secret message or forbidden information that might benefit the cause of the enemy, to come or go out of this port without being detected by the vigilant eyes of Uncle Sam's guardians, a New York Pittsburgh dispatch states.

More than 75 per cent of the immense volume of munition shipments sent from the United States to Europe passed through the port of New York, which has been the most important port in the world. Moreover, it has been the main gateway through which travelers have passed either in going to allied or neutral countries or coming from such countries to the United States. Because of this volume of travel and traffic New York has been the spot from which enemy agents have worked most assiduously to send information and supplies to enemy countries. And it is because of these conditions that it has required more force, more determination and constant scrutiny to afford the protection which the vast interests centering here have received.

The best evidence that these conditions have been adequately met is found in the motto of seamen quoted above: "New York is ray tight." It sums succinctly the full measure of value which has been rendered to allied nations by an agency of the government which has worked so quietly here that many citizens even have not known of its existence. This agency is the customs intelligence bureau, organized at the beginning of last year by the collector of the port. Up to the time that America entered the great world war persons desiring to travel abroad found no trouble in leaving the United States. But with the opening of the war the customs branch of the government became an agency of grave importance. And the work they have accomplished without any question has saved many lives and millions of dollars.

WELCOME NEWS.

Regardless of Paper Shortage and Increased Advance in Prices by Other Newspapers, the Ohio State Journal Announces Its Annual Bargain Offer—January to Again Begin the Month.

About everybody knows of the big paper shortage in white print news paper and realizes subscription prices are likely to be advanced any time. Notwithstanding this fact, the Ohio State Journal has made announcement of their Annual Bargain Offer, to be in effect during the month of January. The Bargain Offer embraces 14 Club Offers and is mighty attractive. There is a reduction in the regular price of each club, the publications, included being leaders in their respective fields. No one should experience any difficulty in expressing just what they desire. The increased size of the Ohio State Journal during the past six months, making possible additional news reports, has created favorable comment everywhere the Ohio State Journal circulates, the unanimous verdict being that it is a bigger, and better newspaper than ever before. Being the only morning newspaper in Central Ohio, thereby reaching rural route patrons on day of publication, it is naturally to be preferred.

The Associated Press news service always reliable, state and Columbus news, brilliant editorials, live stock, grain, produce and general market reports, "Letters From Our Readers," weather observations, baseball and racing, Mutt and Jeff, with their daily comic antics, all help make a complete newspaper. The Ohio State Journal is so clean in tone that it welcomed every home.

During January the yearly price of the Ohio State Journal will be four dollars. With either the National Stockman or the Ohio Farmer the price will be four dollars and fifty cents. Subscriptions may be sent to this office or direct to the Ohio State Journal, Columbus, O.—Adv.

Work of Early Missionary.
The first known European to travel along the Ohio river route from the present site of Tuscon, was a Jesuit priest, Eusebio Kino, not a Spaniard, but a German by birth, of the family name of Kuhn. He established a chain of missions or visitas down the Sardin Cruz river and then down the Ohio among the Papago, Pima, Cococ-Maricopa and Yuma tribes. This was between 1682 and 1710, and though it is recorded that during his life he baptized more than 48,000 Indians, none of his religious establishments along the Ohio endured.

January Clearance Sales

More Wheat Per Acre For Greater Profit.

With the world's demand for increased food production, the farmer has a great responsibility. But with responsibility he has great problems. Farm labor is now highly expensive and scarce; moreover, the farmer is turning to the tractor fast, but will the tractor be enough?

The average yield of wheat per acre in the United States is something over 15 bushels. Only a few years ago it was 13 bushels. This is progress but will we not have to make progress faster?

Are our botanical and agricultural chemists bending every effort to produce better varieties of wheat—wheat with greater yields and also disease-resisting?

In his connection it is interesting to note that England is making rapid strides with improved wheats. For 20 years her botany and agricultural scientists have been experimenting and great results are now showing. Prof. Baffin, of Cambridge, has produced "yeoman," a variety that has been developed for high yield, disease-resistance and to compete in England with the "strong" wheats of Canada. The English Journal of the Board of Agriculture, tells us that three fields of "yeoman" were planted near Wye, Kent. No artificial manure was used. The usual normal cultivation methods were carried out. The three fields contained a little more than 27 acres and the wheat crop was 2072 bushels, or 77 bushels per acre. Another field of a little over three acres, normally cultivated but which had been under beet the previous year, averaged 86 bushels per acre.

Of course, "yeoman" would probably be no good at all in our soil and under our climate, but its success is proof of what can be done by scientific skill.

PROVISIONS UNDER CONSTITUTIONAL PROHIBITION.

Constitutional prohibition, effective at midnight January 16, and the enforcement legislation enacted by Congress, make the following provisions:

Declare unlawful the manufacture or sale of any beverage containing one-half per cent. or more of alcohol.

Declare places where liquor is sold in violation of law to be common nuisances, abatable as such.

Search and seizure powers given prohibition enforcement officers, except for the search of private dwellings unless used for the unlawful sale of intoxicants or in part as places of business.

Liquor seized to be destroyed, vehicles and other property to be sold and proceeds paid into the United States treasury.

Advertising of liquor by any method prohibited.

Permit manufacture at home for personal use of non-intoxicating elixirs and tonic juices. "Wine" "non-intoxicating" is not defined specifically; the term "intoxicating" is construed by law to mean one-half of one per cent. or more of alcohol.

Permit manufacture of alcohol liquors for sacramental and medicinal uses under restriction.

Permit manufacture of alcohol for industrial and scientific uses.

Permit possession of liquor in home if purchased before prohibition became effective.

Physicians prohibited from prescribing alcoholic liquor for patient unless in good faith they believe it will afford relief from ailment.

Not more than one pint can be prescribed in any month for one person.

Complete records of sales, including names of persons obtaining liquors, required of manufacturers and druggists.

Various penalties for violation fixed, the most severe being \$2,000 fine and two years' imprisonment.

LOOKING AHEAD.

Soon we will be getting ready to paper that room. That job used to be comparatively simple. You looked over a restricted lot of samples, and when you found one you liked fairly well, you bought it.

Today Mother has been reading about harmony of color and design. Sister, too, has been fed the same at college. If they had any definite opinion or conception of what constitutes harmony, it might not be so bad. Now the whole family picks out the paper. Large stocks are over-hauled to harmonize with brown woodwork, cherry or oak furniture, a blue carpet or whatever combination would harmonize with such a setting, the dealer may have to send away for exhaustive sample books containing all known varieties. Then some nondescript design is finally selected that does not jar too much.

On some fine spring morning, when the birds are tuning up, the flowers budding, and all life singing its song of elysium, Father walks in and perceives vast desolation. In the place of his favorite chair is a sticky heap of wall paper, while the mawkish odor of paste fills the air.

Then something requires the absence of the paperhanger for a day or two, while he plants his dominion of disorder elsewhere. Then it is found that you need one-half roll more to complete the job—and there is more delay.

Yet, when it's all over, can anyone in the landscape beat the sunshine in the faces of your women folks?

FEED THE BIRDS.

This is the time of the year when our friends, the birds, have a hard time. Many people do not stop to think that when snow and ice cover the ground that many of the denizens of the air will starve to death unless they can get something to eat from the homes of people who throw out scraps of food.

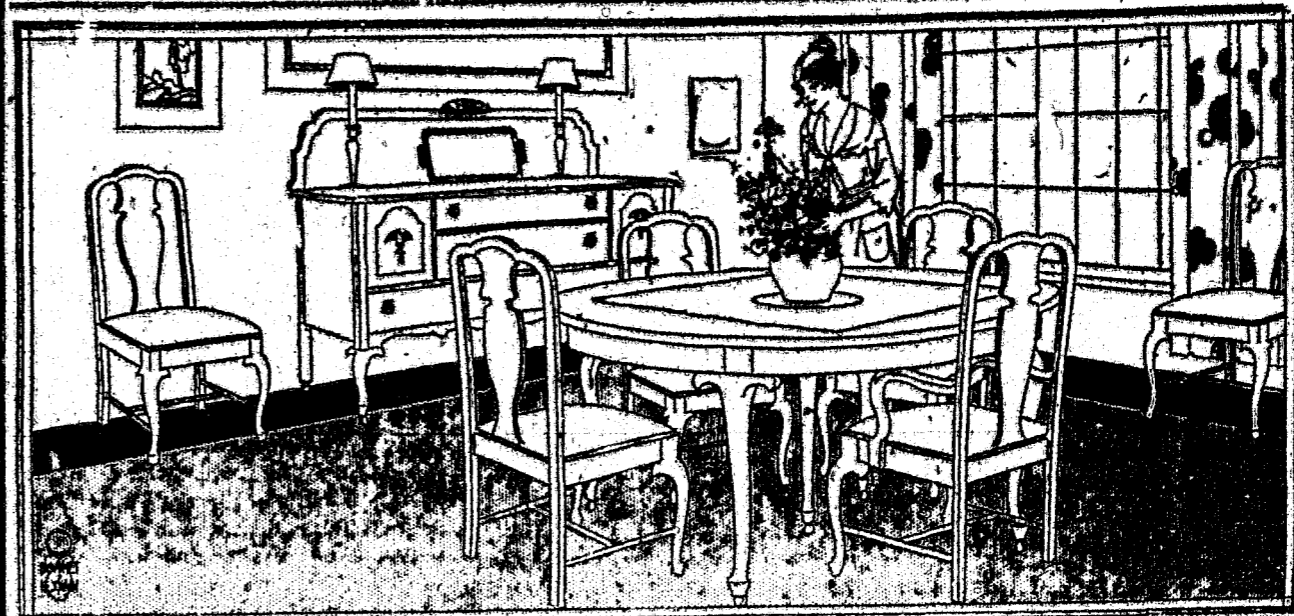

There are many birds who spend the winter in the North and never attempt the pilgrimage which others make annually to the warmer climate of the Southland. These birds get a fair living when there is an open winter, although even then they will appreciate a hand-out from their friends. But when the winter is severe, it is a matter of life and death with the birds to get extra food from the homes of the people not only in the country but in the towns.

Almost any scrap of food will be appreciated by the birds. They are especially fond of fruit, cooked meat, tallow and small grains. Throw out a scraped soup bone and see the gathering of birds. It will be a time of rejoicing among the feathered creatures and it will make your heart glad to see them eat. They do not need much food but they must have some. Throw out a few scraps occasionally where the birds can get them.

FESS REVIEWS HISTORY OF PEACE TREATY.

Representative Simeon D. Fess of this district, delivered in the House a carefully prepared address in which he reviewed the history of the peace treaty negotiations, particularly with regard to American participation in the proceedings, and the differences arising over the league of nations. Mr. Fess did not undertake to argue the merits of the league question or to discuss the treaty, but merely to give a brief but comprehensive resume of the most important events. The speech will be a valuable one for reference by anyone desiring to preserve a convenient record in condensed form.

LOCAL AND PERSONAL

"Watch your Step" seems to be the most important thought among our people these days.

Samuel Albright is in a very critical condition.

Mr. and Mrs. C. E. Bingham spent a few days in Cincinnati this week.

R. L. Hixon was called to Greenville Sabbath evening to a fall that his mother sustained when she broke an arm and one leg.

Deputy County Auditor P. H. Crewell is able to return to his work after a siege of the grip.

Frank Armstrong was called to Dayton Wednesday evening owing to the serious illness of his mother.

Rev. J. P. White preaches the preparatory sermon for communion at the Second U. P. church, Xenia, on Saturday.

W. J. Tarbox attended the annual convention of the Ohio Lumberman's Association held in Dayton this week. There was a bulldozer exhibit in connection with the gathering of lumbermen.

We understand that Evangelist Belderswolf will be in Xenia during the month of April for two weeks. Dr. Belderswolf visited Xenia several years ago and his meetings were very successful.

The plat opens on Saturday afternoon for the next number of the lecture course which comes on January 27.

Mrs. Van Eitzen, mother of Mrs. J. O. Stewart is in a very critical condition. She is in her 96th year being the oldest person in the community.

The members of the Ministerial Association and their wives were entertained last Saturday afternoon at the home of Rev. and Mrs. J. P. White celebrating the 88th birthday anniversary of the former's father, Dr. James White. A very pleasant hour was enjoyed by all present, departing with best wishes for many happy returns of the day. Dr. White is enjoying the best of health for one of his age.

The McCords, will be the next number on the lecture course on January 27. The company is composed of man and wife and some highly recommended as entertainers. Seats on sale at Johnson's on Saturday afternoon.

Mrs. Charles Nisbet and sons Lawrence and Thomas of Loveland were called here the first of the week owing to the illness of the former's mother, Mrs. Andrew Winter.

We notice an illustrated article in the New York Sun giving an account of Thrift House at 243 Main street White Plains, of which Mrs. White-law Reid is the chairman.

Fred Marshall of this place entertained the members of the Chamber of Commerce at the weekly luncheon Wednesday with his cartoonist. He gave a thirty-minute talk illustrating his remarks with cartoons and sketches of notable people. Mr. Marshall is contemplating going on the Chautauque platform this summer.

Miss Margaret McCarty of Clifton entertained a sled load of college students at her home in Clifton Saturday night.

I am going to quit the dairy business the last of January. All accounts not settled by the 30th day of January will be turned over to Mr. Andrew Jackson to collect.

The College basketball team only won one game on the tour last week, defeating Ashland. The other teams played were at Bluffton, Defiance and Findlay.

Miss Lucile Gray had for her week-end guest, Miss Margaret Hughes of Dayton.

Elwood Kennon is in Columbus this week with his uncle and aunt Mr. and Mrs. Elwood Benton, who are playing at the Lyceum theatre, in "The Jazz Babies." Mr. Benton is in a vaudeville offering and Mrs. Benton is in the chorus, which is described as one of the snappiest on the circuit.

Cases of local interest that will be tried in Common Pleas Court are McMillan against Marshall on Feb. 4 and Kondes against Barber on Feb. 17.

For Sale: A second hand buggy and a murre sprayer.

The legislature has changed the squirrel law so that there can be no hunting only between Sept. 15 and Oct. 15.

The Basket Ball Tournament being held in Xenia this week looks favorable for the local High school winning first place or the \$48 in money. Last night Cedarville defeated Bowersville by a score of 21-11 and Port William by a score of 21-15. The winners so far are Cedarville and Fairbrook and they meet tonight to decide the contest for first honors.

LECTURE COURSE NOMINEES.

The committee on nominations for the Cedarville Lecture Course committee have reported with the following nominations which will be voted upon in the usual manner:

- Leroy Allen
V. E. Bauser
W. P. Harrison
E. S. McElhinney
J. O. Stewart
O. P. Elias
Frank Cresswell
Andrew Winter
Mrs. J. P. White
Anna Collins
Louise Smith
Milton Yoder

Miss Belle Winter, who is teaching at Falmouth, was called here Thursday evening by the critical condition of her mother Mrs. Andrew Winter.

Mr. and Mrs. W. B. Stevenson entertained a company of friends and relatives at dinner, Thursday.

Mrs. Walter Morton and son of Kentucky are guests of her parents, Mr. and Mrs. S. M. Murdock.

Keep your piano in shape by having it thoroughly cleaned, tuned and regulated. Call Knox Hutchinson.

W. J. Tarbox has purchased the property at the north-east corner of Cedar and Bridge streets belonging to Robert Bird.

Robert Bird has sold what was formerly the Northrup property on College street to George Barlow.

Mrs. W. P. Anderson and her sister, Mrs. George Herbert of Glasgow, Scotland, have gone to Riverside Cal. where they will spend several months. The trip was made by the Southern route, stopping in New Orleans for a time.

The Masonic lodge enjoyed a fine chicken supper at the lodge room last evening following inspection by the district lecturer, Mr. Huston of Circleville. There was work in the third degree during the evening. Following the supper were a number of short talks by members of the lodge and visitors.

For Sale: Ross Comb Rhode Island cockerels, Holiday strain.

Mrs. A. T. Finney.

WANTED-To rent, a farm on thirds or a small farm on halves. Inquire E. O. Box 35, Cedarville, O.

The new automobile license law has been held constitutional by the Franklin county Common Pleas court. The case may be taken up but it is expected that the upper courts will decide with the lower court. In that case cars of 20 horsepower will pay \$3 for a yearly license; cars of 25 to 35 horsepower, \$12; over 35 horsepower, \$20. Carrying capacity and weight will also add to the cost of the above fees. As for trucks the fee will be according to the weight and paying a fee of \$68 for the yearly license, the largest trucks license.

WANTED-POULTRY. Call us at our expense. Phone 12-187, South Charleston, O. Irwin Bros., Gladstone, O.

WELCOME NEWS.

Regardless of Paper Shortage and Prolonged Advance in Prices by Other Newspapers, the Ohio State Journal Announces Its Annual Bargain Offer-January to Again Begin the Month.

About everybody knows of the big paper shortage in white print news paper and realizes subscription prices are likely to be advanced any time. Notwithstanding this fact, the Ohio State Journal has made announcement of their Annual Bargain Offer, to be in effect during the month of January.

The Bargain Offer embraces 14 Club offers and is mighty attractive. There is a reduction in the regular price of each club, the publications, included. No one should experience any difficulty in expressing just what they desire. The increased size of the Ohio State Journal during the past six months, making possible additional news reports, has created favorable comment everywhere the Ohio State Journal circulates, the unanimous verdict being that it is a bigger and better newspaper than ever before.

Being the only morning newspaper in Central Ohio, thereby reaching rural route patrons on day of publication, it is naturally to be preferred. The Associated Press news service always reliable; state and Columbus news, brilliant editorials, live stock, grain, produce and financial market reports, "Letters From Our Readers," weather observations, baseball and racing, Matt and Jeff, with their daily comic antics, all help make a complete newspaper. The Ohio State Journal is so clean in tone that it welcomed inquiry home.

During January the yearly price of the Ohio State Journal will be four dollars. With either the National Stockman or the Ohio Farmer the price will be four dollars and fifty cents. Subscriptions may be sent to this office or direct to the Ohio State Journal, Columbus, O.-Adv.

Y. W. C. A. PLANS WORLD PROGRAM

Mrs. John D. Rockefeller, Jr., Heads Association's 1920 World Service Program.

\$3,000,000 NEEDED FOR WORK.

Leader Calls Association a "Stabilizing Influence", in Outlining Post-War Program for Women-Federal Council of Churches to Announce "Y. W. C. A. Sunday."

Mrs. John D. Rockefeller, Jr., chairman of the National Educational Campaign Committee of the 1920 World Service Program of the Young Women's Christian Association, has made the following statement: "Since the war we are more than ever aware of the economic, industrial, educational, social and religious dim-

MRS. JOHN D. ROCKEFELLER, JR. Chairman of the Educational Campaign Committee of the Young Women's Christian Association.

culties which beset the lives of girls and women everywhere. In meeting the post-war needs of women the Young Women's Christian Association stands as an instrument of service, tested and proven by war, and organized to meet the manifold problems of peace.

Because of its fifty odd years of experience in meeting fundamental problems affecting girls, the Young Women's Christian Association is an organization, particularly fitted to exert a stabilizing influence upon the troubled times through a consistent program of service for girls and women.

"American women are asking how they may share in the world's reconstruction. They can do so by enlisting the support of their communities for this World Service Program, which will insure to the world a healthier and better womanhood.

"This campaign of the Y. W. C. A. to tell the people of the United States about its work and to raise \$3,000,000 with which to carry on Y. W. C. A. work during 1920 in the United States, Europe, China, India, South America, Egypt, Siberia and Mexico will close the week of February 22 to 29, which will be known as Y. W. C. A. Week.

"The Federal Council of Churches will probably at one Sunday a time for ministers throughout the country to address their congregations on general conditions affecting women and the Young Women's Christian Association as an instrument of service.

"The immediate task is to bring to the people of the United States a knowledge of conditions affecting the lives of women in all parts of the world. We can no longer ignore the character, the manner of life and the ideals of other peoples, whether we want to or not. A special call is now coming to the Association from China, Japan, India and South America, where work was held back during the war because of the necessity for special activity in France and the United States.

"The World Service Program calls for \$4,500,000. Of this amount \$1,500,000 has already been secured."

The educational campaign committee includes among its members Mrs. Robert E. Speer, president of the National Board of the Y. W. C. A.; Mrs. Henry T. Dawson, Mrs. William V. Hayes, Mrs. Robert L. Dickins, Mrs. William Adams Brown, Mrs. Van Sanford Merle-Smith, Mrs. Lewis E. Lapham, Miss Ellen Hale Stevenson, Mrs. Frederic B. Pratt and Mrs. Herbert Lee Pratt.

SMALL Y. W. C. A. IS COMMUNITY CENTER

Recreation for Girls is Important Feature of Work. Fifty-two young women in the United States are known as Y. W. C. A. "town secretaries." All of which means that the fifty-two are organizing recreation work for girls and for the community at large in towns of less than 10,000 inhabitants.

The Y. W. C. A. may be in one rented room or more. It may be a whole building but at any rate there is a recreation room and if possible a kitchen, reading and writing rooms. If the Y. W. C. A. has a building of its own it becomes a community center, where all women's organizations may meet.

SUNDAY SCHOOL LESSON

LESSON FOR JANUARY 25

PETER STANDS UP FOR TRUTH AND HONESTY.

LESSON TEXT—Matt. 18:15-20
ADDITIONAL MATERIAL—Rev. 18:1-20
PRAYER TOPIC—The Church
CHILDREN'S TOPIC—The Disciples and What We Can Learn From Them
ADULTS' TOPIC—The Church and the World

In this lesson we see the new community now called "the church" (v. 17) vindicated in the boldness of Peter and John as they stand up for the determination on the part of the disciples to be led by the Holy Spirit. It is for this reason that the body now gets the name "church." Since the break has come it must be shown to be a holy body; it must have recognition as being sacred. This sanctity of the tabernacle is transferred to the new body, which is God's dwelling place (Eph. 2:19-22). The church itself, as well as the people about, did not know this until God's judgment burst forth.

Characteristics of the Primitive Church (v. 15-20).
 1. It was a praying church (v. 19). For every want and every need they betook themselves to God in prayer.
 2. It was a Spirit-filled church (v. 20). A praying church is a Spirit-filled church. The Spirit is given in answer to prayer (Eph. 2:22).
 3. It was a church which had great boldness in preaching the Word of God (v. 21). The minister in a Spirit-filled church will not offer an apology for the Bible, but will fearlessly preach it.
 4. It was a united church (v. 22). They were "of one heart and one soul."
 5. It was a charitable and generous church (v. 23). As needs arose supplies were given from a common fund.
 6. Its ministers had a powerful testimony (v. 24).
 7. It was a church whose membership exhibited unblemished characters (v. 25). For "great grace was upon them all."
 8. The sin of Ananias and Sapphira (v. 26-27).
 9. Its occasion (v. 28). This was their hypocrisy; the generous act of Barnabas (4:36, 37). Because of the peculiar distress of the early church when the open rupture was made with Judaism, the members for a time had a "community of goods." This was not universal nor permanent; some continued to own their own homes, as for example John Mark's mother, who used her home in which to entertain Christians. Ananias kept back a part of the money re-

ceived for his land while pretending to have brought it all. His wife was a partner in it. They wanted the honor of generosity without paying the price. 2. The judgment (v. 29). Ananias allowed Satan to fill his heart and lied to the Holy Ghost in keeping back a part of the price of the land. It was most likely an acted lie. They were not under obligation to sell their land, or having sold it, to bring any of the money and place it in the common fund. Peter declared that they were absolutely free to do as they pleased with it. Love of praise is causing many today to make the same dreadful mistake. People are walking in the way of Ananias and Sapphira when they make a profession of religion for temporal gain and pleasure; or even preaching sermons not their own. Frequently men preach the sermons of Moody and Spurgeon without giving credit. Physical death was visited upon Ananias and Sapphira for their sin.

III. The Effect (v. 13-16).
 1. Great fear came upon the church and upon all who heard of these things (v. 13). Irreverence is an outstanding sin of this age. The church should be recognized as holy—the very dwelling place of the Most High God.
 2. Multitudes of men and women were added to the Lord (v. 14). This caused the fame of Peter to be spread far and wide, so that the people were anxious to come under his shadow. Were the holiness of the body of Christ recognized, there would be many coming for pardon and salvation.
 3. The hypocrites did not dare to join (v. 15). It is interesting to note that this vindication of the holiness of the church did not deter any but hypocrites from joining it. Nothing unholiest or ungenerous person has a place in the church. This applies to our offerings as well as to our person.

Daily Prayer.
 Oh Lord, we thank thee that men turn to thee; the measure of their need is the measure of thy supply. Let thy spirit dwell in our spirits, and then all shall be well within and peaceful without. We pray thee to give us a fuller and firmer, and more continual, and more vigorous and efficacious communion with thyself. Through Jesus Christ our Lord. Amen.

Character Building.
 Life is mainly an opportunity for character building and testing.

Irish Mothers' Superstition.
 Among the people of the south side of Aran, off the coast of Ireland, there is an odd belief that ill luck is sure to follow if a mother sees the first garments for her offspring. The garments for the little one must come from a distance, and are the coarsest makeshift possible. The oldest rags are considered to be the safest as a preventive against any sort of evil.

We Fancy They'd Like It.
 Lawn Tennis Report—"Because the play was not spectacular, the brilliant skill was not appreciated by the majority of the spectators—it was 'as cavalier before swine.'"—Boston Transcript.

CHURCH SERVICES

Covenantal Church, Xenia Ave., Rev. E. S. McKinney, Pastor. Sabbath School at 9:30 A. M. Preaching Service at 10:30 A. M.

NOTICE

To the Consumers of The Ohio Fuel Supply Company

XENIA DIVISION CEDARVILLE, O.

Owing to the rapid decline in the natural gas supply every effort must be made to conserve it that its use may be prolonged. Natural gas for industrial purposes is nearing the end. How long you will continue to have for domestic use will depend largely upon your economy in its use. Industrial consumers and a few large residential furnace consumers have been the chief, and for the most part the only profitable consumers of the natural gas company. The time is here when this industrial consumption must be lessened and soon be discontinued in favor of the domestic consumer.

The average new well drilled off gas today, if a producer at all, produces one-third of the average production of a well four years ago, because of the fact that the good gas territory has heretofore been developed; and yet the cost of drilling a well now is double that of four years ago. These conditions exist because of the restricted areas of gas deposits, the exhaustion of the better and more reliable territory and the economic conditions brought about principally by the War and which are certain to remain with us for some time.

It is imperative that we greatly increase our development if we are to produce a necessary supply of natural gas in the immediate future years to come for even domestic use. These conditions necessitate an increase in rate to consumers of this company and we have uniformly and equitably increased the rate which for the time being on the Xenia Division will be Forty cents (40c) net per thousand feet, with a minimum monthly charge of Eighty cents (80c) to each consumer. How long the company can maintain a supply at that rate, or any rate, remains to be seen. In the opinion of gas experts at least three-fourths of the natural supply of natural gas is exhausted and it is plain that rigid economy must be practiced in its use if you are to continue to have the luxury of natural gas for any considerable length of time. If you will practice economy in its use, your gas bills under the increased rate will not be higher than under the former rate. You will thus postpone the day of artificial gas, costing three times as much and of one-half the heating value as the natural gas which you now consume. If you appreciate natural gas and desire to continue its use, this message raises a question of vital concern to you.

As a public utility the records of this company have been and are open to public inspection. If you desire any additional information, you are invited to call upon our local agent or write us direct.

Sincerely yours,
The Ohio Fuel Supply Company
 By J. M. GERARD, General Manager.

HOUSTONIA AIDS
NATURE'S OILING
OF ACHEY JOINTS
 When joints twinge and throb and
 pain it's sure that nature has been
 unable to keep the body in proper
 trim. Then the thing to do is give
 nature a help and yourself relief with
 a gentle massage of Houstonia. This
 soothing liniment penetrates to the
 very cause of the trouble and quick-
 ly sends your pain.
 Your home should never be with-
 out Houstonia, the wonderful remedy
 that is more than an ordinary liniment.
 Houstonia relieves not only
 muscular irritation but by penetration
 to the source of pain in a way that
 makes relief permanent. It also con-
 tains special ingredients of
 unusually healing qualities found
 in another liniment, and is the safest
 remedy you can use on cuts, bruises,
 burns, scalds and all sore spots. Ask
 your druggist for Houstonia—
 (The Original Jones' Liniment) with
 Dr. Jones' picture on the yellow label.
 25c, 50c and \$1.00. The Dr. J. C.

AUTO OVERTURNED
WITH BAD RESULT
 While Mr. and Mrs. Henry Pitschek
 were driving on the Xenia road and
 Xenia, pike about 11 o'clock Monday
 night their automobile became un-
 manageable on the icy road and over-
 turned on the roadside. As a result
 Mrs. Pitschek received a broken rib.
 The top and windshield were badly
 damaged. Dr. M. L. Marsh as called
 and rendered medical aid.

RE-ELECTED ON
COUNTY BOARD
 A meeting of the presidents of
 the various school boards of the
 county was held in Xenia last Sat-
 urday at which time J. B. Rife was
 chosen for another term as a member
 of the County School Board.
 A. C. Kewenaw was also elected.

NEW TAX LAW PASSED.
 The House on Wednesday passed a
 law that will enable all taxing dis-
 tricts to raise more money by increas-
 ing the rate over the Smith limita-
 tion law. The Senate is yet to vote on
 the measure. Some think Gov. Cox
 will veto the law. Many taxing dis-
 tricts are in need of more funds to
 keep going, especially the schools.

Never Drink Water.
 A large number of the smaller kinds
 of desert mammals never drink water.
 They live and thrive on dry seeds and
 scraps of vegetation in places where
 the heat and aridity are excessive
 without even touching their lips to
 water, and it has been found impos-
 sible to teach some of them to take wa-
 ter in captivity. Apparently they never
 know thirst or the delight of quen-
 ching it.

Witty in Time of Misfortune.
 When the conflagration that de-
 stroyed Drury Lane theater, in 1800,
 broke out, Sheridan, the principal
 shareholder, was in the house of
 mourning. Declining the adju-
 rament offered out of sympathy, he
 hurried to the theater, only to be
 pushed back by a soldier, with the
 curt warning: "Stand back, sir!" "My
 friend," replied the witty dramatist,
 "surely a man may warm himself by
 his own fire!"

The City vs. the Country.
 The city is a place where people
 must dwell—the country a place where
 people may live—Exchange.

TRAIN TO SHOW FARM
HOME CONVENIENCES
 At Columbus, Farmers' Week,
 Jan 26 to 30.

An exhibit of four railway ex-
 press cars equipped with modern con-
 veniences for the home, tractor tests,
 and lectures are to be features of
 the agricultural engineering program
 during Farmers' Week at Ohio State
 University, Co-
 lumbus, Ohio, from Jan.
 26 to 30.
 The exhibit of
 modern conven-
 iences for the
 home is shown
 in connection
 with a tour to
 be made over the
 New York Cen-
 tral Lines in cen-
 tral and western
 Ohio. The pur-
 pose is to stimu-
 late the greater
 use of home con-
 veniences on the
 farms.
 One car will
 contain complete
 furnishings for a living room, bath,
 kitchen and laundry. Another coach
 will contain equipment for a similar
 home, except a dining room will be
 substituted for the living room. The
 devices in these, however, are to be
 of different types. Different kinds of
 lighting systems, kitchen and other
 conveniences are to be shown. Many
 small devices and utensils for the
 household are to be included.
 On the third car different types of
 washing machines and gasoline and
 kerosene pressure lamps are to be
 shown, as well as the use of a gas-
 line engine with a line shaft in driv-
 ing a separator, churn, grindstone and
 other household apparatus.
 A fourth car will be used largely
 for lecture purposes and illustrative
 material.

A. R. MANN,
 Dist. New York
 Agricultural Col-
 lege, on Program.

Thirty-two makes of tractors are
 expected to be entered in the tests.
 Measurements of the belt power and
 fuel consumption under a normal and
 a maximum load will be made for one
 hour each. A variable load test will
 also be made to observe the govern-
 ing capacity of the tractors. Six
 test periods will be scheduled each
 day—two from 8 to 11 a. m., two from
 11 to 2 p. m. and two from 2 to 5 p. m.

Some Evidence of Crime.
 Where a victim of a homicide was shot
 both through the head and body, his
 ears severed, one eye gouged out, his
 head and face frightfully mangled, his
 body dragged 40 yards down a bank,
 leaving a trail of blood, and there aban-
 doned in the night, court's remark as
 to impudence of case to common-
 wealth, and to defendant, and that it
 would certainly appear that some one
 was guilty of a most heinous crime,
 was not surprising. Commonwealth vs.
 Bedonick, Pa., 107 Atl. 690.

"Cures" for Rheumatism.
 Rheumatism is perhaps a disease which affects more people on this earth than any other complaint, and the writer agrees that a simple is ample! But the number of recom-
 mended "cures" embracing the com-
 mon Glauber's salts and the costliest
 drug, still seem to leave some suffer-
 ers to the annoying ache, a writer in
 London Answers states.

Lemon Tree Produces Oranges.
 According to the "Journal of Hered-
 ity," a lemon tree, supposedly of the
 ordinary Italian lemon variety, was
 transplanted in Egypt. When it bore
 fruit it was noticed that the lemons
 were more spherical than lemons usu-
 ally are and bore an orange-colored
 stripe. One branch bore a large fruit
 which was unmistakably an orange.

Ignorance in Russia.
 There seems little doubt that, with
 the exception of one or two of the
 Balkan states, Russia is the most il-
 literate country in Europe, over 80 per
 cent of the inhabitants being unable
 to read or write. Yet the capital has
 the largest university in the world.

Johnny's Mistake.
 Johnny went to answer the door
 bell and replied to a woman's inquiries
 that his mother was out. "Thank
 you, I will leave my card," she said,
 taking out her purse. As she did so
 the square flange paper that was with
 the card fluttered out and landed on
 the steps. "Hey, miss!" shouted
 Johnny, after the departing caller,
 "you dropped a cigarette paper!"—
 Pittsburgh Post.

HONEST JOHN
GAVE HER LASTING
RELIEF

Why do you suffer so much with a painful
 corn or callus. Apply an Honest John Plaster,
 they are like and make the corn or callus
 disappear and in 48 hours the corn or callus is
 all you have to do is let it off. With your feet
 happy and comfortable the relief you have
 experienced is yours from the pain of your corn.

Honest John
Corn Plasters

Have been the standard preparation for
 many years. They are made of the finest
 ingredients and are guaranteed to
 give you the relief you need. They
 are sold in 10c and 25c packages.
 B. K. WOOD CO.

Where Is the Cold
 Weather Jinx This Year?

He was in the garage last fall and last winter. And putting a curse
 on a slow, sluggish motor. Glad he's moved out, for the car's
 running pretty.

Takes hills on high without wheeze and complaining. And picks
 up at crossings with plenty of pep. Got high purpose habits after
 the first shot of

Columbus Gasoline

There's thousands of Ohio motorists who have put the cold weather
 jinx to rout with Columbus. It's really good gasoline because it's
 good, real gasoline—the kind that inspires automobiles with "good
 old summer time" ambitions when the mercury is flirting with zero.

Columbus facilitates cold weather starting. Gets instant action when
 you put your foot on the accelerator pedal. And gives more miles to
 the gallon than you have a right to expect these days.

Now's the time to load up the tank with Columbus. For cold weather
 driving, it's the one fuel you can depend on for satisfactory results.

COLUMBUS OIL COMPANY
 Columbus, Ohio

You can get Columbus at any of these good places:

Cedarville, Ohio Cedarville Lime Co. R. A. Murdock R. H. Edwards Robt. Bird Sons & Co.	South Charleston, Ohio Irwin Bros. Mrs. Wm. Hart	Jamesboro, Ohio J. A. Brakefield Jenkins & Turnbull
