FORTY-FOURTH YEAR NO. 11.

CEDARVILLE, OHIO, FRIDAY, MARCH 11, 1921

PRICE, \$1.50 A YEAR

LOCAL COMPANY HOLDS STOCKHOLDERS MEETING.

The stockholders of the Cedarville Farmer Grain Co. held the annual meeting in the opera house Monday afternoon when most if not all of the stock was represented.

The report of the condition of the company was read and the review of the business given. The local company like all private and co-operative did well to keep above the danger line with the great slump in prices.

Mr. Winnes of the educational department of the National Co-Operative Association, Chicago, was present and gave an instructive talk of the co-operative movement.

FARMERS VOTE TO IMPROVE JAMESTOWN PIKE

Land owners along the Jamestown pike were called before the county commissioners Tuesday to hear from them about building the Jamestown pike under state supervision.

The State Highway department has informed the commissioners that had not the preliminary work been done on this road, it would not be rebuilt as it was against the policy of the department to take over such roads, not being a main market road.

The department offered to pay 40 per cent of the cost last year but that has been reduced now to 33 1/3 per cent. Last year there was no state roads built in this county and \$25,000 was held over until this year from work of the county's hands for repair.

The cost will be around \$3,500 an acre to land owners for one half mile on each side of the pike if reports are correct. The state assesses the cost on the acreage plan and not the front foot plan.

The plan will go into effect next September. The plan will go into effect next September.

FARM AND FIELD NOTES

Over a million and a quarter dollars is lost annually in Ohio because poultry raisers do not feed sour milk in place of water to growing chicks, according to E. L. Daken, poultry specialist at the Ohio State University.

These figures are based on a loss of 25 chicks, valued at 20 cents apiece, on every farm in Ohio. In view of this loss the county farm bureau and the poultry department of the Ohio State University are recommending that no water whatever be given to chicks until maturity.

The feeding of sour milk is almost a specific remedy for white diarrhea, leg weakness, cannibalism, and gapes, which are the causes of heavy losses in young chicks.

It is possible to over feed chicks on sour milk. It is more palatable than sweet milk. Changing from sour to sweet milk is not good practice.

If pullets are to lay eggs by Thanks giving, Reds, Rocks, and Wyandottes must be hatched by March and Leghorns during April. For breeding purposes, however, they may be hatched somewhat later.

A big drop in prices since last year was the noticeable feature of the sale of 47 registered Durocs at the fair grounds Thursday when the Clark county Thoroughbred association held a sale. The average price was \$26 as compared with \$35 last year.

The warm rains have made the wheat look 100 per cent better. The grass makes us think of May instead of March. The fruit trees are budding in many places all ready for a frost or freeze which we hope do not hit us now.

A meeting of the Farm Bureau was held in the mayor's office last Thursday evening when the co-operative shipping of live stock was under discussion. W. F. Smith who had attended the National Farm Bureau convention of such organizations in Cincinnati, brought out the features of that form of marketing.

March is the month to sow oats. Remember also the 17th is the day to plant the spuds.

Ohio will furnish one half million bushels of corn as her quota of the 3,500,000 bushels to be contributed by the United States for European relief. White corn is preferred by the relief workers but some yellow corn is acceptable.

About 60 Ohio counties will be asked to make up the half million bushels. The shipment will be divided into three parts: one for European children, Poland and the Near East. The railroads will give free transportation.

To begin thinking of painting your property. Go out and look the property over, study conditions and think if it is good business policy to let it go or would it be better to preserve it for the years to come by refreshing and brightening up with a coat of paint thereby warding off heavy repairs, expenses. If you decide to paint then come and let me give you an estimate on a paint that has been tried and tested by a practical painter and guaranteed to give satisfaction.

NEW TAX BILL TO REACH EVERY INCOME IN OHIO.

The "Corn Stalk Club", as the rural members of the legislature have dubbed themselves, to oppose the tax bill in the legislature that will reach every income in Ohio.

Under this bill introduced by Representative Gordon of Logan county, unmarried men whose incomes are \$1,000 or more a year and married men with a \$1,000 income will have to pay the state an income tax. Married men get an exemption of \$20 for each child.

In view of the fact that the national government is collecting an income tax law will be very unpopular in the city and country at all.

The State Grange and Farm federation are backing a form of classification of property for taxation with a limit of one and one-half per cent on real estate. These organizations are also backing an income tax plan of their own.

Some one should whisper to the farm leaders in the legislature that after a session of two months not a bill has been passed to cut off any number of useless job holders, pure sinecures like the board of health laws and a score of other useless places. A thousand state inspectors could be dropped at a saving of half a million dollars, yet not a rural or city member makes a move in this direction.

It looks like the only remedy to cure the situation which will take laws to milk every industry greater and at the same time levy a heavy income tax on every citizen. This may awake the citizenship to demand a repeal of many laws that are useless, other than to a political job holder.

GLEE CLUB COMING.

The Young people of the M. E. church will bring the Glee Club of Ohio Northern University here for a concert at the opera house on Friday, April 1st. Admission 35c.

A REAL BASKET BALL CONTEST FOR MONDAY NIGHT.

Without question the fastest game of basket ball ever seen on a local floor will be witnessed at Akron Memorial on Monday evening when the Brill Brothers of Alpha meet the Collins Brothers of this place. These teams contested at the rink in Xenia some time ago in what is said to be one of the best games in the history of the county. At that time the local boys won by a score of 41 to 40.

The College Girls will meet the Ross township H. S. girls this same evening. The Ross girls recently defeated the College Girls by a score of 21 to 18 and you will get your money back on this one contest.

Admission will be fifty cents and no war tax. Season tickets are not good for these games which are extra attractions.

We predict the largest crowd will be out Monday night that ever gathered in the gym for a basket ball game.

COUNTY TEAMS TO MEET IN TOURNEY SATURDAY.

Eleven boys teams and seven girls' teams have been entered in the annual county interschool basket ball tournament which will take place under the auspices of Anti-C College in the college gymnasium at Yellow Springs on Friday and Saturday this week.

Boys' teams entered are Xenia, Yellow Springs, Osborn, Jamestown, Caesar Creek, Cedarville, Ross, Bellbrook, Bowersville, Spring Valley and Beavercreek. Girls teams entered are Yellow Springs, Osborn, Ross, Cedarville, Beavercreek, Spring Valley and Jamestown.

XENIA DOES NOT WORRY

The South Charleston Sentinel regrets very much over a number of events that have recently happened in that village that will have a tendency to create a bad impression of the town. One was a recent divorce case between a merchant and his wife of that village. No need to worry Brother Flynn Xenia is to have a divorce case and damage suit soon that when made public will stir the state. The only thing that is worrying Xenians is just how to get publicity as a local newspaper man is involved in the suit.

THAT BARREL OF SCOTCH

Press dispatches telling of liquor law enforcement officers granting a permit to remove a barrel of fine Scotch whiskey from the Whitehouse would indicate that someone evidently had prepared for a rainy day when the nation entered the dry column. Every day we read of more dry laws being introduced to provide jobs for a few more men but what we really need is some enforcement of what laws we already have.

Say! "Did you know that the college students were going to give a minstrel show March 20th?" "Yes, didn't I?" "Well, I'm surprised, I suppose everyone knew about that."

INJURED BY SHREDDER.

Clark Stevenson, of Yellow Springs injured to many heavy, such as dislocated injuries when his clothing caught in a corn shredder which he was operating on his father's farm Saturday. His right arm was dislocated and he was badly cut about the chest before workmen with him were able to stop the machinery. A number of great grandfathers lived to be 90 years and more and never had their appendix removed to prolong life?

MAYBE YOU CAN ANSWER?

The South Charleston wants to know why all the boys of 50 years ago were not idiots when they did not have their adenoids cut out. We would like to know just why our great grandfathers lived to be 90 years and more and never had their appendix removed to prolong life?

Fordson
TRADE MARK

For thirty-five years Henry Ford, a farmer's boy, has been working on the problem of a successful tractor for the farm, and for the past fourteen years has developed much time and a vast amount of money to the development of the present Fordson Tractor. Today that Tractor is in use on nearly 200,000 farms and if you have any doubt as to the satisfaction given to those who are using it, call in and get the booklet, just issued by the Ford Motor Company, and called "The Fordson at Work" and read the testimony which is there given by the multitude of owners of Fordson Tractors. No evidence can be more conclusive than that of the man who actually knows by personal experience and this is the line of testimony carried in this little booklet. There is no cost for this booklet. If you cannot call for it, write, drop us a postal, and we will mail it to you without charge. It is so valuable you ought to have it because it is the open door through which the farmer will pass from the hard working drudge to the comparative comfort of the manufacturer. The Fordson makes it possible for the farmer to plan and direct, while the machine will do the work. It presents the widest latitude for the farmer to exercise his brain power and plan how he can get the most from the soil, knowing that the Tractor will do the hard work, do it better, do it quicker, and therefore do it more profitably. This means not alone in cultivation of soil, in the harvesting of the crops, but in a hundred and one different demands that are made for labor, cutting of ensilage and the filling of the silo; cutting of wood; operation of the washing machine; in the lighting of the house with electricity; supplying the house with running water; bringing to the farmer's wife and daughters the conveniences of the city, relieving them of much of the hard, unpleasant part of housework.

THE BAREFOOT BOY

Down the lane a barefoot boy
Came, driving the cattle home,
His heart was filled with wondrous joy,
As over the hills he roamed.

Little headreamed of the outer world,
Of hardships, toil, and strife,
But like a fair-weather flag unfurled
Was his uneventful life.

But time brings changes on human kind;
It changed him to a man,
And many a trouble he bore in mind,
As he counted (his) grains of sand.

But that head was never bowed in shame
As those of men to-day,
For he arose to honor and fame.
As he did, so you may.

—Wilbur Weakley.

Cedarville College won a notable basketball game at the gym last Friday night when Bowling Green was defeated by a score of 21 to 21. The teams were abnormally matched in size and weight and the local boys had no handicap as with many of the other teams that greatly outweighed them. The girls defeated Waynesville.

Dividing the Day.
The division of the day into hours dates from the original sun dial; and the notion of 60 minutes and 60 seconds must be traced back to the Babylonians, who combined the decimal and the duodecimal systems of numeration, and chose 60 as a convenient measuring aggregate because of its large number of exact factors.—Scientific American.

The Heart and the Pulse.
The walls of the large arteries are composed mostly of elastic connective tissue so that they resemble the consistency of rubber and accordingly are stretched by the blood pumped to by each heart beat. This is what causes pulse, which can be felt whenever an artery is close enough to the surface.

The plasterers at the new Exchange Bank building have completed their work. Several weeks time was required for the ceiling of the main banking room which is paneled. The big vault door has been placed. Carpenters are busy with the finishing and before many days the marble men will be at work on their part of the contract.

The Chamber of Commerce in Springfield took a vote about the city, stores and factories for the change of time under the daylight saving plan. When the question came before the City Commission the matter was split and Springfield will continue on the old time.

"Why will being at the opera house on the night of the 25th be like a square meal?" "I'll give up?" "That's easy. Because you will come away satisfied."

Eugene, the eldest son of Rev. and Mrs. V. E. Busler is improving from a slight attack of bronchial pneumonia. The youngest son, Roger, is also down with the same trouble.

The College students will have charge of the Sabbath evening services at the R. F. church.

Mrs. Walter Huffman has been suffering with an attack of the grip the past week.

Eight new members were taken into the M. E. church last Sabbath morning.

Say! If you miss that Minstrel Show you are going to miss half your life. Whatever you do, do not fail to go to the College Minstrel show, MARCH 25 and hear those jesting and men.

Prof. F. A. Young of the Richmond O. schools, was taken from the Regal Hotel in Xenia, Sabbath night by the local officers for safe keeping. He had been in Columbus and Dayton on a business trip and stopped in Xenia. It is thought he was suffering from a nervous breakdown. Tuesday he was taken to Columbus to a private sanitarium for treatment.

W. J. Tarbox has sold his residence on Bridge street to F. M. Gillilan and possession will be given May first. Mr. Gillilan owns about seven acres adjoining the Tarbox property and expects to have most of this tract planted with fruit trees. Mr. Tarbox owns the property at the north-east of Bridge and Cedar streets and expects to erect a modern home on that site. The old house will be moved back on the lot and used as a residence while the new one is being erected. The new house will mean much to the improvement of the street.

SUNDAY SCHOOL LESSON

LESSON FOR MARCH 13

THE LAST PASSEVER.

LESSON TEXT—Matt 23:39. GOLDEN TEXT—As often as ye eat this bread and drink this cup, ye do show the Lord's death till he come. 1 Cor. 11:26. REFERENCE MATERIAL—Mark 14: 11-26; Luke 22:7-23; John 13:1-20; 1 Cor. 10: 16, 17; 11:26. PRIMARY TOPIC—Jesus at Supper With His Friends. JUNIOR TOPIC—Remembering Our Lord Jesus. INTERMEDIATE AND SENIOR TOPIC—The Last Supper. YOUNG PEOPLE AND ADULT TOPIC—Communion With Christ.

I. The Bargain of Betrayal (vv. 14-16). This is a dark picture. Satan had so completely gained the mastery over Judas that he sold his Lord for the price of silver. Judas' sin was not of a sort that one would suddenly be overtaken with, but one of deliberate purpose.

II. The Passover Prepared (vv. 17-19). 1. The disciples' inquiry (v. 17). They inquired of Jesus as to where they should prepare for the Passover. They were no doubt anxious to be of service to Him. We should be not only ready to do our Lord's bidding, but should inquire of Him as to what He would have us do.

2. The master's strange directions (v. 18). They were to go into the city where they would meet a man bearing a pitcher of water. It was usual for the women to carry the water. This unusual occurrence would make it easier for them to find the man. To him they were to say, "Where is the guest-chamber where I shall eat the Passover with my disciples?" "And he will show you a large upper room furnished and prepared. There make ready for us" (Mark 14:14, 15).

3. The obedience of the disciples. They did as Jesus had appointed them. They did not stop to question the sanity of the command, but like true disciples obeyed—Christ is omniscient. He knew just how the matter would turn out.

III. The Betrayal Announced (vv. 20-22). 1. The time of (v. 20, 21). It was while they were eating the last passover that Jesus made this announcement. Perhaps the reason why this feast should be disturbed by such a sad announcement was that Judas might be given opportunity at this last moment to repent. God does not will that any should perish, but holds out to the most wicked man to the last moment an opportunity to repent.

2. The sorrowful question (v. 22). They did not seem to suspect one another, but all turned their attention to themselves. We should always examine ourselves rather than others.

3. The darkness of the crime (v. 23). "He that dipeth his hand with me in the dish, the same shall betray me." Does not point out the traitor, but indicates the greatness of the crime.

4. The betrayal of Jesus was by the deliberate counsel and foreknowledge of God (v. 24; Acts 2:23). Nothing takes place by chance. "Woe unto the man by whom the Son of Man is betrayed; it had been good for that man if he had not been born." To have been born in the world and lived for a while, leaving an impression upon it for good is a great privilege, but to be face to face with such a great privilege as Judas Iscariot, and to make such a miserable failure of it, is a terrible misfortune.

5. Judas' evil determination unshaken (v. 25). In the face of all that Christ had said, he went forward and tried to cover up his purpose by saying, "Master, is it I?"

IV. The Feast of the New Covenant instituted (vv. 25-30). This took place at the close of the passover supper.

1. The bread a symbol of Christ's body (v. 26). This is a fitting emblem of Christ's body. As bread nourishes and strengthens our bodies, so Christ is food for our spiritual lives. Unless we feed upon Him, we shall not live.

2. The cup a symbol of Christ's blood (vv. 27, 28). This was symbolic of the atonement which was made by the shedding of His blood on the cross.

3. Drinking anew in the kingdom (v. 29). This does not mean that in heaven this service will be renewed, but that this was symbolic of the heavenly reality.

4. Going to the cross with a song (v. 30). With all the sorrows and the burdens of the world upon Him, He pressed forward with cheerfulness. Those who have come under the shadow of His blood can go forward bearing their cross with a song of joy.

Religion. Religion is not a lot of things that a man does, but a new life that he lives; not a thing for weak souls, but a thing for the manliest soul.—Phillips Brooks.

Watch Our Beginnings. Let us watch well our beginnings; and results will manage themselves.—Alix Clark.

The Life Preserver. Every man's task is his life preserver.—Emerson.

The Organ of Sound. The real hearing apparatus of all creatures is inside the skull, the part which we call "the ear" being merely an enlarged fold of skin which helps to collect sounds. Birds and frogs have no outside ear. The hearing hole in birds, beasts and frogs is just a little behind each eye and not far from the corners of the mouth or beak. The frog has a middle ear, besides, so that sounds can be conducted to a special nerve, which is its real organ of hearing.

DON'T MAKE THE MISTAKE OF THINKING THAT GOOD FURNITURE MUST BE EXPENSIVE

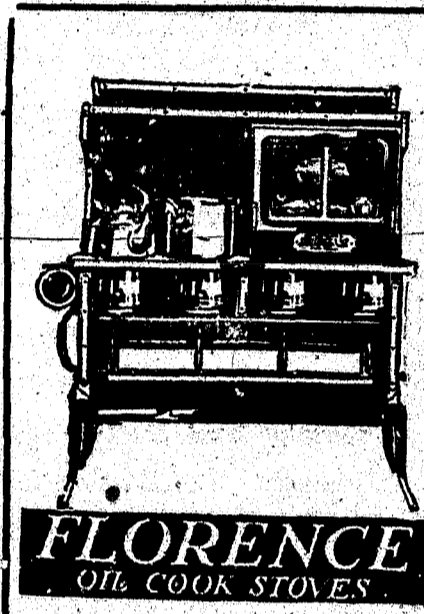

If you have admired the beautifully designed, aristocratic looking furniture pictured in our advertisements and displayed in our show windows, and imagine that it's expensive, you've a surprise awaiting you.

It's not! It's furniture that you can afford—that the great majority of Xenians can afford—without being in the least extravagant.

Here are a few examples of quality furniture at moderate prices:

Cane and Mahogany Living Room Suite, Davenport, Chair and Rocker, covered with beautiful velour, separate spring cushion..... **\$225.00**

To Save Is Thrift

Thrift is the saving of time, energy, resources, wages, or profits. It means a home of your own, contentment, education and comfort for your children, and a book to read, a day now and then for recreation, a piano or Victrola with which to entertain and beautify the home, the state and the nation—a bulwark against the day of need, and independency that lengthens and sweetens life.
