SQUABBLE AMONG TEMPERANCE PEOPLE

How will the people of Xenia and the county in general take Mayor Brennan's statements concerning the release of a certain bootlegger in that city, after finding him guilty?

For more than a month the temperance people of Xenia have been divided over the course pursued by the mayor. This factor entered into the recent primary and was no doubt responsible for the Mayor withdrawing and announcing his intention of coming at the general election.

There is every indication that the one time concrete organization of the dries in Xenia has been shattered by some of the leaders playing at the game of strong arm politics. It appears that these leaders have sacrificed the cause of local option and law enforcement, to enhance their powers in a political way.

The contention in the dry ranks is whether Mayor Brennan acted wisely in releasing from the workhouse a colored bootlegger within a few hours after his commitment to this institution.

The story goes that this offender called by phone a certain "reformer" politician and notified him that unless he was taken from the workhouse he would take a trip to Columbus, as he (the bootlegger), would just as leave be there as where he was. The whole affair is an echo of crooked work in the fourth ward election two years ago on the part of a "reformer" leader to carry the election.

Whether the threat of the bootlegger on the "reformer" reached to Mayor Brennan is not known, but we do know that the man was liberated. Since then the Mayor's actions have been questioned by the temperance people who are opposing his faction. It is stated that

should a mandamus suit be brought to place the offender in the workhouse again there will be something doing in the "reform" camp. One faction of the dries wanted Charles Johnson for mayor, the other, under the leadership of Dr. B. B. McClellan, wanted Brennan.

Monday afternoon the mayor appeared before the ministerial association and spoke on, "Our City Government." At this meeting it is stated that questions were put to the Executive as to his reason for liberating this particular man after being found guilty. His excuse was that he was out on "probation" which he claimed was a most effective weapon, but this kind of procedure needs to be used with caution. The mayor stated also that we must therefore "do the right as we see the right and thus have the comfort of our own conscience and patiently learn to endure outside criticism, which is generally made without any knowledge of inside facts."

It is now claimed that previous to the primary Mr. Johnson sought the support of the Brennan-McClellan faction. Demands were made of him in return for support that Mr. Johnson would not grant. Here is where politics entered and ruined any possible success on the part of the temperance people. With such a division neither side could win and "Boss" Schmidt nominated a full city ticket that will without doubt be elected this fall.

The Herald has no direct interest in the Xenia squabble other than for the success of the cause of local option and the bearing it will have on the remainder of the county. The liberal men are boasting now that they will elect liberal men for mayor in Xenia, Jamestown, Yellow Springs and Cedarville and that the people do not want fanatical cranks for these places.

For years the people complained about the kind of city government that "Boss" Schmidt administered but the Herald desires to go on record as to the methods that are being resorted to by "so-called reformers." It is wrong to criticize one and uphold the other.

BIG BOSS, VS., LITTLE BOSS.

The "Alfonso and Gaston" stunt that is being put on by the two factions of the Republican central committee of this county as to who controls the executive committee has reached a stage where mention of either body reminds one of a burlesque show.

The committee originally was under the control of the "reform" element. By dicker and playing peanut politics those at the head of this movement lost control when "Boss" Schmidt and his followers stepped in and increased the number of the executive committee from fifteen to thirty.

This branch wanted to name the member of the Board of Elections and thus they accomplished. This is regarded as the largest plum that falls to the county organization. The "reformers" realized this also but failed to get in their work in time.

Last Saturday afternoon the committee was called together, supposedly for the purpose of considering the tie vote with the township trustees in this township. A resolution was offered to increase the executive committee from thirty to fifty. The resolution was put through by a vote of ten to six. Only a few more than half of the membership were present. It is stated that "Boss" Schmidt still controls the central committee and can make another change in the executive whenever he wishes to. It is claimed that there is nothing more of any great importance that the committee can do so it makes little difference who controls this body.

Just how the reformers hold the new organization as regular is a mystery. When the Schmidt crowd took charge and W. L. Miller was deposed as chairman, he protested that such work was irregular and would not stand. In fact all the "reform" bunch hailed the Schmidt people as a lot of bandits and night riders. Now this same crowd that felt the Schmidt dagger came out last Saturday with corn cutters and hand axes and took revenge. In the name of "reform" and a vote of ten to six they took charge of the fort and planted the "reform" flag. It is to be regretted that Perry and Cook were not present to gain information as to making a real capture and planting a "real reform" flag.

Dr. B. B. McClellan has been the "Boss" of the reformers and is known as the "Little Boss" in Xenia politics. Of course H. E. Schmidt is the "Big Boss" as usual. The following twenty men were named in the resolution: D. O. Jones, J. C. Townsley, B. E. McClellan, B. F. Thomas, George Stiles, J. H. Andrew, J. C. Barber, Gales Grinnell, R. L. Gowdy, Samuel Barnett, W. E. Burrows, L. M. Garfield, D. C. Coy, W. H. Donges, Walter Weller, W. T. Schneider, J. H. McVey, John Baughn, J. B. Christopher and W. A. Carpenter.

Monday evening the executive committee members organized and replaced the men deposed by the Schmidt people some months ago. W. L. Miller was made chairman, John A. Nisbit, treasurer, George A. Hudson, secretary.

BROWN-BLAKE.

Married at 12 midday, August 10, 1909, in the Presbyterian mission in Covington, Miss Isabella Blake and Mr. Robert A. Brown.

Dr. William Wallace, head of the mission school and seminary officiated at the ceremony, and about 100 guests, intimate friends of the bride and groom, were present. The marriage was a very quiet one owing to the recent death of the bride's father, Mr. A. Blake, and no formal invitations were issued. The bride was attended by six little flower girls, Misses Marion, Florence and Margaret Vanderbilt, Elizabeth and Janet B. Wallace, and Marjorie Blake. There were no other attendants. Immediately following the ceremony the wedding breakfast was spread at the home of the bride's mother, Mrs. A. Blake, about thirty covers being laid.

Immediately after the breakfast Mr. and Mrs. Brown left on their wedding trip to Oaxaca, where they will stay for about two weeks. They will make their home in Covington, where Mr. Brown is connected with the Presbyterian mission, as he has been for the past five years.—Herald, Mexico City.

The farmers in the vicinity of Yellow Springs are getting ready for an organization of a Protective Association, the object of which is to prevent horse stealing. The many thefts of horses in the county has stirred farmers in every section. There should be some plan of cooperation between the various organizations.

Cedarville College Opened Tuesday.

The sixteenth year of Cedarville College opened Tuesday morning with a good attendance.

The program of exercises was opened by Rev. S. Anderson offering the invocation. Scripture reading by Rev. W. E. Foster after which Dr. Browless of Clinton lead in prayer. A quartette consisting of Rev. Sanderson, L. S. Sulzberger, Charles Kaney and G. F. Seiger rendered several selections throughout the exercises.

The address of the morning was delivered by Rev. H. C. Foster of Salineville, O., who used as his theme, "An Excellent Spirit." Good temper grew out of the highest faculties of life. Cultivate the power of the human mind and good humor and perfect sunshine will manifest itself for men are distinguished by the power to think. Daily application of every lesson develops thoughtfulness. The student can have no higher motto than to pattern after men of broad sympathies. Learn to sympathize class mates and professors and everything about. Gather sympathy for kindness of heart reaches distinction. The excellent spirit manifests itself in strong moral character, strong physically, intellectually and morally. Stand on the rock of truth and you will demand the world's attention on all sides. Duty will bring about pleasant relationship between student and professor. The one that cultivates these traits are the ones being demanded by the business and political world.

Prof. A. L. Palmer gave an excellent reading of the of Rudyard Kipling's works. Prof. Palmer will teach oratory besides chemistry.

THEATRE NOTES.

After making "Good" in New York and Chicago, Bailey and Austin, the erstwhile "spoonchillers" of Xenia are now featured in the musical comedy "Top of the World," which comes to the Fairbanks Theatre, Springfield, Ohio, Monday, Sept. 27th. A guarantee of the merits of the attractions is the two long engagements in New York City at the Majestic and Casino Theatres which was followed by several months at the Studebaker theatre, Chicago. It has odd people, a unique book, clever lyrics, music of the bright and catchy sort, dances that appeal and a big singing and dancing chorus.

The piece is in two acts with three scenes, namely Christmas Land, Pass in the Mountains and the Palace of Queen Aurora Borealis, on the Plaza in the City of Huska. There is a plot which concerns Sheelma, a parody on William who started out an expedition to the North Pole in a balloon, a toy maker, a little girl who wants to grow up immediately, Jack Frost the villain of the North Pole region and two friendly Esquimaux. There are numerous song hits and dances and the Collier Ballet. Six young ladies and six dogs go through a series of graceful movements, and the pretty animals enjoy their work as thoroughly as do the girls.

Harry Bulger in "The Night of the Fourth," is the laugh provoking exhibition which will be offered at the Fairbanks Theatre on Thursday September 30th. This well known comedian needs no introduction to the public. He is a star in musical comedies. During the past seasons he has not a failure against him. In several cases he took material which had not proved completely successful and secured uproarious comic effects, giving life to the production. The secret of his popularity and success is in the possession of a comic personality. He has an accurate sense of fun and is able to give this quality to any stage material he handles. In "The Night of the Fourth" he has an exceptional opportunity, for the piece is one in which he achieves his leading reputation as a comedian. It is a likely farcical piece, with comic situations from start to finish, all of a kind which Mr. Bulger is so adept in handling. The production possesses an abundant number of lively catchy tunes, splendid specialties and attractive dancing numbers. The company supporting Mr. Bulger is particularly capable one and the costumes and scenery are beautiful. The entire entertainment is assured to furnish continuous merriment.

PROTECTIVE ASS'N HOLDS MEETING.

The Cedarville Protective Association held an interesting meeting in the Mayor's office, Monday evening, with a good attendance. Owing to the absence of President Cooley on account of sickness, Mr. Alex Turnbull, vice president presided in his place.

The association heard the bills read for the expense of the blood hounds as well as the Dayton automobile. The former was \$25 and the latter \$30. The chief of police of Dayton asked for the reward offered for the return of the Conley horse and clover seed. This was \$25 and the trustees allowed the three bills. There were several other bills in connection with the last cases that were paid.

By resolution an assessment of one dollar per member was ordered. All members that are not fully paid up are not in good standing according to the constitution and by-laws of the association. Most of the members present paid their assessment that night. Others should leave the money with the secretary and treasurer, Mr. O. L. Smith.

The trustees or captains asked for more assistance and a motion was passed allowing each one to name two additional men. It was the sentiment of the meeting that when a member board of a horse being stolen to immediately offer his services. The telephone company was asked to make a rule that the company's lines should be at the service of the officers without having to wait on the line where possibly there was gossiping going on.

Each member was asked to have a ready description of the horses owned. Cards were ordered printed so that a full description of each horse can be filled in. This would save giving a hasty description after the horse had gone. These blanks can be had of the secretary, Mr. Smith, and each member is asked to get as many as is necessary and fill them out immediately.

FOR SALE: Gentle turning horse for school children.

MILK IN CHUNKS.

It is now proposed to deliver milk to customers frozen. This is really nothing new, as that is the way it is commonly handled in Siberia in winter. You buy milk there in chunks, frozen around a stick which serves as a handle. Mother's don't say to their children, "Take care and don't spill the milk," but "take care and don't break the milk," for a chunk of it dropped on the hard frozen ground will break into a thousand pieces.

WANTED.

Young lady of good address and standing to solicit accounts for collection from doctors, milk men, dentists and merchants in Greene county, salary or commission. Steady employment and quick returns. Address at once to American Fidelity Co., Ashtabula, O.

LETTER FROM DAYTON, WASH.

On Tuesday morning the man took a two-horse wagon load of bedding, chairs, table, beds, and sundry other articles, which would be needed, up to the cabin where we intended camping. On Wednesday we filled the back with eatables, dishes and ourselves (some of the most important articles we thought) and we started out full of anticipations of the good time coming. The road ascends gradually from the time we leave Dayton, which is fifteen hundred feet above the sea level, until we reach our destination on the summit of Mt. Ecker, a distance of sixteen miles and at an altitude of four thousand six hundred feet where my brother-in-law owns some valuable timber land. We arrived at our destination at about one o'clock p. m. and as

CLEVER WOMEN THEN AND NOW
 Writer Objects to Undue Glorification of Past Celebrities.

"Believe me," said the Woman Who Thinks, "a little weary of things done by the supposedly superior intelligence of the women of bygone days. Why don't those so generous of praise give modern women a chance? It is a sort of mental fashion to assume that George Eliot and George Sand and Lady Mary Wortley Montagu and Lady Blessington and others like them were peculiar to themselves and their periods; that no woman of today can hold a candle to them in any particular. I wonder if that's true. Seems to me there are dozens of women in New York alone who are every bit as clever as those heroines of the past. Lady Montagu wrote delightful letters, but the art of correspondence has not passed from earth, and surely the cultured woman of today can be as sprightly. As for novelists and essayists, they flourish in abundance in this enlightened age. And when it comes to social knowledge, almost any Fifth Avenue hostess is far ahead of those of yore. Let's bring our commendation up to date."—New York Press.

C. and is recorded on the Island as Miss Julia the 7th, being better than half sister to "Golden Naid", 101022 Imp. She was sired by Golden Lad P. 2123 H. C., while "Golden Julia" was sired by a son of Golden Lad, having same dam as Naid; almost full sister in breeding. She is close up to all the good ones and is naturally hornless and due to fresh Dec. 16th. "Golden Julia's" sister, recently fresh, bred by Philip Probst, St. Peter's of J. H. Harry's Jersey, 9 years old recently fresh; 2 yearling heifers and one young bull, all females, solid color and bred to my hornless A. J. C. bull, "Rickey".

This is your chance to get hornless A. J. C. Jerseys as all are descendants of the only Jersey on record of a Jersey imported having no horns. Nature has not civilization half way and given us the "Queen" of the dairy, without that worse than useless member, the horn.

5 Head of Horses 5
 1 all round, handy farm team, five and four years of age, weight about 2,500 pounds, of the low down, buckeye type, of the right sort for lots of service; 1 three-year-old horse, "Col. Orr," who as a two-year-old paced a half in 1:19 in seven weeks after wearing the bridle, and has been an eighth in seventeen seconds before he was three years of age. He will match his own record both as a race horse and as a sire. Col. Orr was sired by Col. Colt, the great and gaity race horse, he with a half to his credit in a minute and a half second. Col. Orr's dam by West Egbert, sire of Tom Keene, 2041, and others. Col. Orr has all the speed you could ask for, full of it, he is 15 1/2 hands high, a beautiful bay of splendid disposition. "Lou Colt," two years, full sister to Col. Orr, has been worked only a little, she shows speed also, 15 hands high, a No. 1 good individual, will make a race mare or a splendid brood mare. "Della Delmar" yearling filly, sired by Major Delmar, the only living son of the great trotting "Major Delmar," the only sire flowing being sired by a two minute trotter. This filly is a grand daughter of this world famous race horse whose name is familiar to all lovers of a good horse. She is a good size, good disposition, and will make a mare for herself if she lives.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and these troubles, is firmly established. It is a safe, effective, and pleasant medicine. It is better than others, or it would not be the favorite liver powder, with a single sale than all others combined.

Sleep

Sleep is nature's rebuilding period, when the energy used by the brain, muscles and organs is renewed. If you lose sleep, your system is robbed of the strength sleep should give. Continued loss of sleep multiplies this loss until you become a physical wreck. Dr. Miles' Nervine quiets the irritated nerves and brings refreshing, invigorating sleep. Nervine contains no opiates, and therefore leaves no bad after-effects.

"For over two years I suffered untold agonies; my friends thought I was going crazy. I could not sleep nor rest at all. I tried different doctors, but failed to find relief. My head would ache all the time; I was like one drunk; could not concentrate my mind, and was so restless and worried that sleep was out of the question. After taking one bottle of Dr. Miles' Nervine I felt wonderfully changed. I am now on my third bottle and am gaining all the time. I can lie down and sleep like a child, and am able to do my work." MRS. MARY SCOTT, English, Ind.

THE EDWARD WREN CO.

SPRINGFIELD, OHIO.

We have mentioned in our ads that we would soon open a New Department in connection with the other 75 departments of this great store. We are pleased to announce to the thousands of interested ones,

The Grand Opening Of OUR NEW GROCERY DEPARTMENT

IN BASEMENT, SATURDAY, SEPTEMBER 25th.

The new kind of grocery store, not the old kind, something different and better than you have ever known before.

WREN'S aim to supply all classes of merchandise that the people of Cedarville and vicinity desire to buy. We have hundreds of requests by our different patrons for Groceries. Some have said: "The 'Big Store' has within the past few years, very much improved the dry goods, cloak and suit, shoe, furniture and house furnishing business in this city by new up-to-date methods, and persistent demands for order and neatness. Why not open a grocery and show how good and clean a grocery can be made?"

An Ideal Pure Food Exposition

So this is the principal reason why we will open Saturday next, the most modern, the cleanest and the best stocked grocery store in Central Ohio. The foods that we sell will always be of the purest quality and of the highest standard of excellence that can be had. We shall cheerfully refund money on any unsatisfactory article. The prices we guarantee will be considerably lower for the same quality than you can secure any where else—Wren's always undersell every other store.

This store since its natal year 1877, has always stood for small profits, and being ready to adopt the best modern ideas of merchandising and providing for the comfort and convenience of its patrons.

Today it as a Household knowledge that Wren's sell better goods far less prices than any other store in Ohio.

We have always believed in close-to-cost quotations, in quick disposal of goods. As it has been in dry goods so it will be with groceries. The New Sanitary Grocery will be located in our basement, occupying a space approximately 50 x 135 feet. It can be conveniently reached by two passenger elevators or by the wide stairway.

It will be the cleanest, most modern, and most appetizing store in Springfield. "The Snow White Grocery" will be a fitting name for it. It will carry all that is best in foods usually found in an up-to-date grocery. No tobacco, no cigars, but everything that is good to eat, all fresh, pure and clean. Best of all the prices will be lower than you will find in any other grocery store in Ohio for similar quality of goods. Just as Wren's undersell in all other lines, so we are going to undersell in groceries. We know this announcement will create a sensation in grocery circles. Our aim will be to demonstrate at the very beginning of our grocery business that no other store can compete with us. We will set the pace and regulate the retail prices on our groceries from our opening day forward.

All out-of-town buyers living within a radius of 40 miles of Springfield making purchases of \$15.00 or over will be refunded their round trip fare under the plan of The Merchants' Association.

Letter From Dayton, Wash.

our appetites had increased with the distance and altitude, the thing of greatest importance was to get something to satisfy the inner man. Having disposed of a goodly share of the substantial on which we expected to gain health and strength, we had time to look around us. We were in a nice two roomed log house with a good wide porch running the full length of it. A small lawn had been cleared of the trees and was covered with a soft green carpet of clover plentifully besprinkled with fragrant bloom. A rustic fence enclosed it and added much to the picturesque beauty of the little home on the mountains.

All around us was an immense forest [of firs, tamaracks, and pines towering straight as an arrow far up into the blue sky, many of them having a length of ninety feet before a single limb made its appearance. We felt rather insignificant standing at the foot of these tall monarchs of the forest and looking at such a host of them seeing which could grow the tallest and be kissed by the sun's rays soonest in the morning, or which would say the least good night to the king of day. Such a solemn stillness reigned around us that we stood in awe feeling that we were alone with God in one of "his first temples." He seemed to fill all space and we said, "Surely this is a place where God loves to dwell and it is good to be here." But we needed a place to lay our heads, as we could not stand there sky gazing to see the topmost branches of the tallest tamaracks, so we brought our thoughts to earth with a sigh and turned us about to get our house in order.

And when evening shadows fell and we were weary and thought to sleep, we gladly retired to our resting places and to sleep we thought, but alas for fond anticipations. A wood rat had been making the cabin his home and resented our intrusion so when the light went out he came in. We tried to scare him but he hid behind a box. Sister threw her shoe at him but only succeeded in knocking a picture which we had been painting, off an easel. In the morning while we were eating breakfast, she went to a box of apples to see how many it had sampled. While she was counting them she happened to look up and the rat was standing with its feet on the box looking at her. Apples seemed to be their favorite kind of fruit. He was finally disposed of and also six others. They look very much like our house rat only their ears are larger and they have a short bushy tail.

In a little dell a few steps from the house were two springs of delicious cold water. One, brother watered the horses from. From the other we carried water to use at the house. We had to cross a rustic bridge made of two fallen logs, such as we loved to walk in our childhood days. Leaving the dell, after five minutes walk through a dense forest, through underbrush and over fallen timber, we came to another valley and a large spring of the clearest, coldest water in a romantic spot where lovers might talk unmolested most of the year unless master brin or the wild cat or cougar came down to get a drink. Nevertheless the spring and the merry dancing rivulet, bordered with ferns and shaded by the overhanging alders, is very beautiful and while there I painted it for the family. We had many pleasant strolls through the tall timber, but it was pretty hard work for everywhere was fallen timber. It looked as a tornado sometime in the past had leveled all the great trees to the ground. Some of it must have fallen centuries ago for some of the trees now standing are immense in size and height. We gathered huckleberries on Maloney and Eckler too, and ate delicious pies made from the same.

I cannot describe to you the breaks of the Thomson river along which we walked for a long distance. They are very interesting and exceedingly beautiful. They are not so high as Mt. Eckler and as we stood on Eckler's summit, as far as the eye could see were the breaks which ran in all directions, precipitous, jagged, ridges, some of them completely covered with deep green foliage of the evergreens. We could look down into chasms so deep and dark with the shadows that we could not see a glimmer of the merry laughing brooks and rivers which wound in and out among them on their way to join the wider streams hurrying on to the deep blue ocean.

It was so fascinating to live for two whole weeks so much "nearer nature's heart" and to drink in the life giving air of the mountains. But the time came all too soon for us to bid it all adieu and come down to the haunts of humanity again. We secured a sketch of the cabin which we will often visit in imagination for the mountain trip will be one of the "beautiful pictures" that we hang on "memories halls."

\$50,000.00 for Art in Clothes

We make garments which appeal only to the woman who appreciates beauty of line—individuality—quality—quiet refinement.

We spend \$50,000.00 a year for art in designing—\$50,000.00 simply that Wooltex garments, in style, may be supreme.

And these distinctive garments—coats—suits—skirts—dresses—are sold by a good store near you—you may know them by the label:

Coats Suits Dresses Skirts for Well Dressed Women

The Wooltex garments shown here will be displayed by a merchant near you. Watch your daily newspaper for his announcement of the arrival of these and many other new Wooltex styles:

- WOOLTEX Coats — \$15.00 to \$35.00
- WOOLTEX Suits — \$25.00 to \$45.00
- WOOLTEX Skirts — \$ 5.00 to \$15.00
- WOOLTEX Dresses — \$15.00 to \$35.00

Every Wooltex garment—coat—suit—skirt—dress—is guaranteed for two full seasons of satisfactory wear.

For our style ideas we search the whole world of fashion. Our \$50,000.00 style organization is in charge of the famous Madame Savarie, of Paris.

But with all that is good and new in style before us, we do not copy—we create. Our eight master designers choose, modify, adapt the styles of the world—and create American styles.

Distinctive American Style. It is a costly process. But it is the secret of Wooltex charm. It distinguishes the woman who wears Wooltex from the crowd who wears copies of fashion plates, which are themselves but copies.

Beside the style in a Wooltex garment there is extra quality material and extra careful workmanship.

That is why we can guarantee every Wooltex garment for two full seasons of satisfactory wear.

Coats No More Than Common. Whatever garment you buy, you pay at least the price of Wooltex.

The \$50,000.00 we spend each year for Wooltex style costs you nothing extra. The extra-value Wooltex materials cost you nothing extra.

The extra-careful Wooltex workmanship costs you nothing extra. Through perfect organization we offer extra value without extra cost.

Style Book Free. In our style book are many illustrations which represent the whole work of our \$50,000.00 style organization. This book will be sent free on request. Simply ask for Style Book 57, and address
