A NEWSPAPER DEVOTED TO LOCAL AND GENERAL NEWS AND THE INTERESTS OF CEDARVILLE AND VICINITY.

FORTY-EIGHTH YEAR NO. 15.

CEDARVILLE, OHIO, FRIDAY, MARCH 27, 1925

PRICE, \$1.50 A YEAR

## FARM HOME BURNS LAST SATURDAY

The farm home of Ray Reed on the Jamestown and Selma pike was burned to the ground last Saturday morning. The fire was discovered in the roof by a passing truckman and he immediately warned the family of children on the inside. The parents, Mr. and Mrs. Reed were in Springfield at the time. Neighbors gathered and most of the household goods were saved. The wind was in the opposite direction from the barn, or it too would have been burned. We understand that wood was used for fuel and it is almost certain that sparks on the roof started the fire. The loss is only partially covered by insurance.

## FRIEND OF REV. HARRIMAN KILLED IN ELEVATOR SHAFT

Rev. W. P. Harriman was called to Cincinnati this week owing to the accidental death of a friend and former member of his congregation who died at Fairview, Pa., Leslie Gormley. Mr. Gormley has resided about a year in Cincinnati and on Monday was being shown through a building in Cincinnati. After leaving the elevator on the fifth floor he returned but did not notice that some else had moved it and he fell five stories to the basement bringing instant death. The deceased leaves a wife and one son. Rev. Harriman accompanied the family with the remains to Fairview where burial took place. The deceased was about 50 years of age.

## BREEDERS HOLD BANQUET WEDNESDAY AT SPRINGFIELD

About 200 Clark county live stock breeders in Clark county enjoyed a banquet Wednesday evening in the Chamber of Commerce building. Prof. C. W. Gay, head of the department of animal industry, O. S. U., R. B. Miller, president of the Chamber of Commerce, Harlan F. West, Springfield, and Mrs. C. A. Stoeckert were the speakers. W. M. Smith of New Carlisle, was toastmaster. The gathering enjoyed roast baby beef of the Hereford variety, the gift of A. E. Wildman, Selma, one of the largest cattle feeders in this section of the state.

## COPS REPORTED TO HAVE PICKED OFF A MILLION

The Federal grand jury at Cincinnati has indicted 48 Cincinnati police and 28 dry agents of village courts all are charged with conspiracy and bribery in receiving money for protection to bootleggers. More than a million dollars is involved. The jury has another report to make when it is thought that enough will be indicted to run the number to more than 100 officials.

## CHARGES O. S. U. PROFESSORS WITH TEACHING SOCIALISM

Charges have been made in the Ohio Legislature that propaganda in behalf of socialism and communism are being taught. A number of professors are named as belonging to a society supporting these political and economic ideas. Professors in Miami University and Ohio University are also said to be members of the same society.

## BASE BALL SCHEDULE

Coach Dederich has nine games of baseball scheduled for the spring season, four at home and five away. Cedarville plays Dayton U at Dayton, April 28 while Dayton U comes here May 26.

## Gets Mitchell's Job

James E. Fechet, who became assistant chief of the U. S. Army Air Service, April 17th, to succeed Major Gen. Mitchell. See, Weeks announced the change despite public sentiment that Mitchell should be promoted for his testimony at Washington recently.

## PHILADELPHIAN LITERARY HOLDS OPEN MEETING

The Philadelphian Literary Society of the College held an open meeting last night in the High School Auditorium when the following program was put on: Devotionals, the Chaplin. Piano Solo, Lena Hastings. Original Story, Robert Leever. "The Problems of the Public School", Eleanor Johnson. Vocal Solo, Ruth Burns. "Trend of American Literature", Ruth McPherson. Reading, "Como", Betty Barnett. Piano Duet, Misses Ada McKay and Mae McKay. Pictures of 1924 Cedar Day. Courtesy of Mr. Wilson W. Galloway. A comedy skit "West of Omaha" was put on with the following cast: Ralph Knickerbocker—an artist, Kenneth Little. Sherwood Ainslee—his friend, Ernest Gibson. Charles—a colored houseman, Bol Choate. Mrs. Alexander Van Newberg—newly rich, Helen Hiffe. Violet Arnold—her step-daughter Ann Ord. Ephraim Styles—Ralph's uncle, Nick Cooper.

## GOVERNOR SAID TO HAVE DETECTIVES AFTER LOBBYISTS

Press dispatches tell of an unusual situation in Columbus and that Gov. Jonahey has had detectives after the lobbyists that have infected the legislature. It seems that detectives have used telephones, tapped telephone wires and spied lobbyists at the Deshler hotel, headquarters for the lobbyists. The lobby element did not get wise as what had been going on until Wednesday and confusion has been the result.

It is reported that one detective worked into the grasp of the organization and had gained valuable information as to how legislation was being controlled in the interest and according to arrangement with the lobbyists. Early in the legislative session this report went out that the lobbyist and particularly the public utility interests were controlling the legislature. Some day the history of the primary bill will be written and it will date to a certain meeting at the Deshler and the influence that prompted the measure.

## Mr. and Mrs. Rufus McFarland and two sons of Oxford, O., were recent guests of Mrs. McFarland's parents.

Chicken thieves made way with 15 head from Wilbur Lemons last Saturday night. Several places were under suspicion where they went but no chickens could be found.

Mrs. Ancil Wright has entered the McClellan hospital for treatment, having an unusual growth on one foot that has given her much pain and suffering.

Mr. and Mrs. Ray Murray and Mrs. L. M. Huston, Xenia, and Mr. and Mrs. Wilbur Conley, Cedarville, attended the graduation of Mr. C. Russell Huston at the O. S. U. last Friday from their College of Agriculture.

Mrs. J. O. Stewart entertained a number of ladies Tuesday afternoon, honoring her guest, Mrs. Dr. Gray, (formerly Pason Gregg) of Dayton, who was her guest for several days.

Dr. and Mrs. W. R. McChesney entertained the faculty and students of the College last Thursday evening at their home. The occasion was the annual reception. About two hundred were present and enjoyed the evening. The only out-of-town guests present were Prof. and Mrs. H. C. Aultman, and Prof. Carl Smith and wife of Xenia.

Mr. and Mrs. C. R. Huston of Columbus, who marriage took place recently, were given a shower at the home of Mr. and Mrs. Wilbur Conley, Saturday evening. The home was beautiful in decorations of green and white and dainty refreshments were served. There were several contests that added much to the evening, especially the Easter Egg hunt when a huge nest on the dining room table revealed many useful presents.

The Women's Missionary Society of the U. P. church met Monday at the home of Mrs. J. E. Hastings. The election of officers resulted in all of the former officers being re-elected. The program subject was "China" which was led by Mrs. C. C. Kyle. Mrs. J. E. Kyle spoke on "Chinese Women" and Mrs. G. E. Jobe read a paper on "The Trial Breakers." Mrs. A. T. Finney read letters from Misses Veda and Ada Finney of Los Angeles who had visited China. Mrs. B. E. Robinson, who formerly was a teacher in China, gave a talk on conditions in that country.

## CONGRESSMEN MUST TAKE EXTRA PAY

J. G. Rogers, sergeant at arms of the U. S. House of Representatives, has been given a legal ruling that all congressmen must accept the increase of salary recently voted by Congress to Congressmen and Senators. The increase was \$2,500 a year or \$208.33 a month, over and above the \$7,500 salary. The first pay-check will be issued April 4th. Congressman Brand of this district has announced that he will not receive for his own benefit the increase. He says he will deposit the amount in some bank and a trustee be appointed to use it for the best purposes he may find in the Seventh district. The trustee will have absolute freedom as to how and for what purpose the funds is to be expended. The Congressman contends that the \$208.33 is not his money and that he should have no say as to how it should be used.

## MRS. HANNAH COOPER DIED AT HOME OF DAUGHTER

Mrs. Hannah M. Cooper, formerly of this place died noon Sabbath at the home of her daughter, Mrs. Will Frazer, in Springfield. The deceased was ninety-two years of age and death was due to infirmities of age. The deceased was a very highly respected woman with pronounced Christian attainments. For several years she presided over the college boarding club and her influence among the young students had a marked effect, a fact that will be attested to today by many former students. Mrs. Cooper's husband, William K. Cooper died about thirty-five years ago. In the family were three sons and one daughter. Two sons died many years ago, while John R. Cooper died in 1917. Beside the daughter, two granddaughters, Mrs. D. L. Crawford, Xenia and Mrs. Ralph Elder of Belle Center, O., and three great grandchildren survive.

The funeral was held Tuesday from the R. P. church, of which she was a life long member. The services were in charge of Rev. Harriman, assisted by Dr. W. R. McChesney. Burial took place at Massies Creek cemetery.

## THIRTY AUTOS DESTROYED IN XENIA GARAGE FIRE

Fire destroyed 30 automobiles and garage building in Xenia last Thursday morning about four o'clock with a loss of \$35,000. Charles Jones, colored, taxi driver, was badly burned about hands and face. His first report as to origin of fire was that his engine backfired and later that he must have stepped on a match. It is said that a number of the autos were not insured. They belonged to different individuals in the city. The authorities are making an investigation of their fire.

## SHORTS AND MIDDINGS

Says Sam: Some hogmen never stop to realize that sanity and sanitation have a lot in common.

Poultry farms in the United States last year produced 678,300,000 chickens, or 29,400,000 more than in 1923, according to the Federal Department of Agriculture.

See mold on an ear of seed corn ought to inspire the farmer to stop, look, and throw it away.

Pullet laid twice as many eggs as hens during December, according to the report made from 1300 farm flocks to the state university. Compulsory clean-up of corn stalks and refuse is embodied in a ruling signed by the state director of agriculture, C. V. Truax, to affect 118 northern Ohio townships where the European corn borer has been present for two years or more.

"He was a bold man that rst ate an oyster."—Jonathan Swift.

## OSBORN HAS BIG BOOM

Attorney Morris Rice of Osborn informs us that his town is expanding right along. The two cement companies are pushing work on the factories and the South-western will be ready for operation in May. Last week the pay roll for the South Western was over \$23,000 and the plant not in operation. When the two companies are in full operation the combined pay roll will be \$80,000. The International Development Co. has purchased 115 acres and is plotting it in regulation lots.

## LIFF BROS. HAVE GANG CUTTING SOD FOR R. R.

Liff Brothers have a gang of men cutting sod on the S. T. Baker farm for the Pennsylvania railroad. Each spring the railroad company gets a large quantity of sod in this vicinity to be used along the company property.

John Davis has been home for the week during spring vacation for the O. S. U.

## SIZZLING FROM WIRE

Ohio News, Bollen Down, Told by Ticker

ILL HANGS SELF Dayton.—Mrs. Sarah Schaeffer, 38, ended her life by hanging herself in her home. She had been ill health for some time.

## PLANTS ALL OPERATING

Marion.—In keeping with general reports throughout the state, Marion's industrial plants are all operating on full-time schedules.

## JURY DISAGREES

Toledo.—The jury tried Percy Parrott, Toledo attorney, charged with assaulting a girl of 10 and her 13-year-old brother, discharged at five hours of deliberation in common pleas court.

## SPOOL CAUSES INJURY

Newark.—Mrs. Virginia Pepper, 85, slipped on a spool of thread and fell at her home, fracturing her arm and inflicting internal injuries. Her condition is critical.

## NEW MODERN BANK

Lorain.—Work on a new modern bank to cost \$100,000 will be started on Broadway. The old gal left by tornado, according to E. Cameron, of Cleveland Trust Company.

## CRANK BREAKS ARM

Newark.—Eugene Schmitt was seriously injured by his own crank while he was cranking it. The crank broke his right arm and hit him over the head.

## DOCTOR IS BEDFAST

New Philadelphia.—John W. Nixon, 77, who on Jan. 5, retired from the office of coroner of Tuscarawas county, after serving two terms, is bedfast as the result of a stroke of paralysis.

## POOLROOMS PADLOCKED

St. Clairsville.—Judge W. Cowen, ordered poolrooms in 22 Bellinor establishments, most of them pool rooms and soft drink establishments. This action was taken to prosecute Attorney H. W. Small, who filed charges showing violation of the prohibition law had taken.

## ACCEPT RESIGNATION

Toledo.—Dr. C. G. Starnes, who was at Toledo University for two years, was sued by the board of trustees when he voted to accept the resignation of President A. Monroe Stowe and to discontinue the services of all instructors at the close of the present semester.

## SUSPENDS POLICEMEN

Cincinnati.—Chief of Police William McManus was reorganizing the Cincinnati police force as the result of the suspension from duty of forty-eight policemen and detectives following their indictment by a special federal grand jury on the charge of violation of the prohibition law.

## BUSINESS CONCERNS BURN

Monroeville.—Two business concerns here suffered a \$180,000 fire loss, Freeman, aided by equipment called from Norwalk and Bellevue, were damaged by low water pressure in lighting the blaze fanned by a high wind. The grain elevator and large storehouse owned by J. P. Easton burned.

## REDUCE AND ESCAPE

Dayton.—After abstaining from food for more than a week on the claim that he was "too sick to eat," James Mitchell, 20, and John Sheveline, 20, both of Cleveland, reduced enough to make their escape from the Dayton workhouse recently through a 10 by 14-inch window. The two men were committed to the institution by the Cleveland federal court on a narcotic violation.

## AUTO KILLS BRIDE

Confessant.—Mrs. C. Earl Carr, 22, was injured when their coupe left the road six miles east of here and crashed into a tree. They were returning to Cincinnati after attending a party in Erie, Pa. Mrs. Carr was carried from the machine, suffering a broken neck. Carr received severe lacerations and bruises and a possible fractured skull. The couple were married only a month ago.

## ARSON AND THEFT

Medina.—Mrs. Martha Wise, the poison widow of Hardscrabble, admitted she had set fire to at least 10 houses and barns in the Liverpool vicinity and stolen jewelry from neighbors and relatives. Her admission followed a long conference with Rev. Fred Lamproch of Valley City. In a case she wept bitterly and offered the same explanation as she gave for the 17 poisonings to which she confessed: "It was the devil—the devil told me to do it."

## LEAVES CITY, SAVES \$1,700

Fremont.—Mrs. Anna Durr has decided to leave Fremont in order to save \$1,700. She was recently convicted of violating liquor laws and was fined \$2,000. Mayor Schwartz informed her the fine would be reduced to \$300, if she would leave the city.

## NOT PROUD RECORD

Toledo.—This city stands sixteenth among 25 cities having population between 200,000 and 500,000 in number of automobile fatalities, according to Hoover conference report.

Mr. and Mrs. Herbert Whittington have another son, which makes three sons and one daughter.

## TABER SAYS FARMERS HAVE MORE CASH

COLUMBUS, OHIO

Most Ohio farmers made more money in 1924 than in any year since the arrival of the agricultural depression in 1920 and 21, say rural economists at Ohio State University on completing a summary of farm records from all parts of the state. "In general farmers in Ohio have been making larger incomes in 1924 than during the past two or three years," says R. P. Taber, one of the economists. "This holds true for nearly every section of the state, but there are some districts where the corn crop was particularly bad, and these sections will remember 1924 as a bad year for the farmer."

"A group of farmers in northwest Ohio who have been keeping cost account records under the supervision of this department for the past three years, are fairly typical of Ohio during 1924. These records show that in 1922 the average net income of this group of farmers was \$643. In 1923 this group income had increased to \$1,204, and in 1924 it again increased to \$1,314, or an increase of about \$600 a year for the past two years."

"The average investment of this group of farmers is \$24,500, and 4 per cent interest on this investment has been deducted in calculating the above labor incomes."

## DIRECT PRIMARY SYSTEM

Voters of Ohio will be called upon next November to vote upon a constitutional amendment for the adoption of the direct primary system of nominating candidates for state officials, congressmen and United States senators, if legislation introduced in the senate is passed. The resolution was introduced by Senator Alder of Huron county. It was framed by the committee of the Republican majority, composed of Senators Aliger, Sweeney of Summit, and Farnsworth of Lucas, established by the senate caucus after the caucus had called the bill of Senator Marshall of Green county, providing for preparatory conventions.

Just prior to the introduction of the Alder resolution, the senate adopted a resolution by Senator Sweeney, calling for a popular vote next November on a constitutional amendment providing for a referendum for state, county and municipal officials, including members of the general assembly, National and municipal elections would come in the same year and those for state and county officials simultaneously, on the even years, in between.

## MAKES TWO AWARDS

Loss of artificial limbs now is ground for compensation under the workmen's compensation law, according to rulings of the Ohio Industrial Commission. The finding of the commission makes for the payment of losses, although no physical injury is inflicted through industrial accidents. The first two employees to profit by this ruling are E. H. Bell, Toledo, and Charles Mofford, Sharon, Tenn. The wrist of Bell's artificial hand was broken when it was caught in the steering wheel of a roller in Toledo. Bell said he "punched up the old hand until a new one came" and did not lose any time from work. The commission granted \$1245 to him for the repair of his hand.

Mofford's artificial leg was "wrecked" beyond repair when metal fell from a crane he was operating in the plant of the Petroleum Iron Works, Sharon. The Industrial Commission awarded money to Mofford with which to purchase a new leg.

## BONDED INDEBTEDNESS

Bonded indebtedness of Ohio counties, including cities, school districts and townships, is soaring rapidly toward the one billion dollar mark, the report of State Auditor Tracy showed. With such a condition a crisis exists, he contends, because more than 40 cents out of every dollar which is being expended for interest and sinking fund charges.

An analysis of this report by the Ohio committee on public utility information shows that the funded debt of Ohio's 88 counties in the past four years has increased by the tremendous sum of \$308,955,018. Last year these debts piled up to the extent of \$58,850,210, bringing the grand total bonded indebtedness to \$818,920,044.

## UNIVERSITY BUDGET

The state budget for Ohio State university will be returned by the senate to the house with increases which will make it nearly equal to the amount approved by Gov. Donahay. This was announced by Carl Steeb, university business manager, after a conference of the senate finance committee. An item of \$250,000 for the fine arts building was allowed, while \$300,000 had been asked. In addition, \$35,000 is recommended for the establishment of a new bureau of business research.

## REED NURSES MUMPS

Reed Pringle has had a busy week, somewhat different that he has been accustomed to. A siege of the mumps has made him forget the meat business for the past week.

Prof. Ernest Wildman of Earlham College, Richmond, Ind., visited here the first of this week.

## SIX HUNDRED BUSINESS MEN ARE GUESTS OF RIKE-KUMLER CO. FRIDAY

The Rike-Kumler Co., Dayton, was the host last Friday night to 600 business men, manufacturers, bankers, and newspaper men. The guests were seated in the spacious dining room where an excellent and elaborate dinner was served. Following short talks by Fred H. Rike and Irvin G. Kumler of the company, James A. Emery, counsel of the National Manufacturers' Association, Washington, D. C. gave a splendid address on business conditions today and some of the problems that must be confronted. The Rike-Kumler Co. is celebrating its seventy-second anniversary of the business and numerous manufacturers have displays at the store. The Editor of the Herald had the pleasure of being one of the guests of the Rike-Kumler Co. Friday evening.

## NEW RESIDENTS HERE TO RETURN TO OHIO

The many friends of Mr. and Mrs. Joseph S. West and family of East Second street will regret sincerely their anticipated removal from Maysville, to Cedarville, Greene county, Ohio, where Mr. West has accepted and assumed the position of Cashier of the Exchange Bank. The West family came to Maysville several months ago from Ripley, O., where Mr. West was Ex-Mayor and Cashier of the Ripley National Bank. Since residing in this city he has successively acted as agent for the Union Central Life Insurance Company, of Cincinnati.

While Mr. West left Tuesday to fill his new position, his family will not follow until the close of the school term, much to the gratification of their wide circle of friends, for, despite the fact that their residence here has been of short duration, this family's high type of citizenship has not passed unnoticed. Especially will their going be keenly felt in the Christian Church, where they were active and valued members. —Maysville, Ky., Public Ledger.

## O. S. & S. O. HOME REPORT HAS BEEN FILED

The report of the Senate investigating committee has been filed and failed to bring out anything sensational after considerable fuss. It is reported about Columbus that it required much debate, several deals and considerable pleading to get the members of the committee to sign any kind of a report. A number of ballots were taken. The report alludes to the manner of letting bids for supplies. A fight had been made on Supt. Garver at the first but was dropped when the committee learned that the per capita cost under his management was \$20 per year under that of his predecessor, covering a four year period.

## FORMER RESIDENT DIES ON JACKSON ROAD

Thomas H. Tindall, aged 70, died at his home on the Jackson road, between the Yellow Springs and Springfield pike, Friday afternoon at 1:15. Mr. Tindall was a former resident of this place and a carpenter by trade. His first wife was Miss Flora McFarland, who died a number of years ago. His second marriage was to Mrs. Minnie Mowan. Besides the wife, he is survived by three children: Charles W. Tindall, Xenia; Mrs. Nellie Powell, Clothier, W. Va., and Miss Florence Tindall of Springfield.

The funeral was held Monday afternoon at 2 o'clock at the home with interment in Yellow Springs Cemetery.

## SPRING WEATHER STARTS WORK OUT OF DOORS.

The warm weather, mercury standing yesterday afternoon at seventy, has started out door work. Everywhere you see work going on in gardens and about lawns while farmers are working overtime taking advantage of the excellent weather. Merchants have put up awnings and it will not be long until you will hear of Mayor Funselt starting his spring clean-up campaign that made quite a hit last season.

## COMMISSIONERS MAKE TRIP OVER ROADS FOR INSPECTION

The Greene County commissioners have been making a tour of inspection over county roads preparatory to outlining the season's work. Ross township was visited last week. The Cedarville township trustees have started some road work and have rebuilt the Hopping road and now are at work stoning the Maddox road.

The membership drive for the Farm Bureau resulted in 138 new members being added to the roll. An intensive campaign was put on last week by a number of counties to increase membership.

Rev. and Mrs. Gavin Reilly were guests Thursday and Friday with Mr. and Mrs. Enos Hill.

## EDITOR RICE TAKES TRIP WITH NAVY

Editor Harry Rice will leave next week for San Francisco to join the U. S. Navy that is taking a party of editors to the Hawaiian Islands and Australia. A program of naval and military operations without parallel in the penitence history of the United States has been planned covering two months. All battleships of the fleet will shoot in force practice off San Pedro, the most intense gunnery fire ever held in the Pacific. It will stimulate the effect of the full major gunnery power of the capital ships speeding in a battle line against a great enemy fleet. A plan of invasion for Hawaiian Islands has also been worked out. It is to be a joint training of naval war craft with the army and marines. It is expected that 40,000 marines will take part. This is said to be the largest military maneuver of any kind in time of peace in history. The Cruise of the fleet to Australia will take ten battleships, four cruisers twenty-six destroyers and many auxiliaries participating. This cruise will be completed in September.

## CEGAR CLIFF D. A. R. CHAPTER MET SATURDAY AFTERNOON

Mrs. W. W. Galloway and Mrs. Carrie Crouse were hostesses to the Cedar Cliff Chapter of the D. A. R. last Saturday afternoon at the home of the latter. The subject for the afternoon was "Ellis Island" and Mrs. Dorra Kerr described the manner in which immigrants are received. Mrs. J. P. White also gave a description of the Island and the work that is being done by different organizations. The committee on this work is composed of Mrs. Fred Townsley and Mrs. F. G. Funselt, who reported that twenty articles are now ready to be sent to this department at Ellis Island. Dr. Nancy E. Finney gave a report of the state conference at Marion. The membership in Ohio is 163,000. A social hour was enjoyed when a delicious salad course was served.

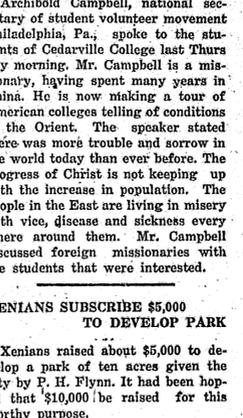

## ADDRESSES COLLEGE STUDENTS ON CHINA

Archibold Campbell, national secretary of student volunteer movement Philadelphia, Pa., spoke to the students of Cedarville College last Thursday morning. Mr. Campbell is a missionary, having spent many years in China. He is now making a tour of American colleges telling of conditions in the Orient. The speaker stated there was more trouble and sorrow in the world today than ever before. The progress of Christ is not keeping up with the increase in population. The people in the East are living in misery with vice, disease and sickness everywhere around them. Mr. Campbell discussed foreign missionaries with the students that were interested.

## XENIANS SUBSCRIBE \$5,000 TO DEVELOP PARK

Xenians raised about \$5,000 to develop a park of ten acres given the city by P. H. Flynn. It had been hoped that \$10,000 be raised for this worthy purpose.

## If it looks like this... Good-Night

Paris decrees the painted ear so New Yorkers have taken it up. Unfortunately, rouge photographs black, and is not very beautiful in picture form, do you think?

**PERUNA**  
CATARRH OF THE STOMACH  
CAUSED 3 YEARS OF SUFFERING  
Mrs. Rosalia Kania, 39 Silver Street, New Britain, Conn., had a terrible experience and gives full credit for her recovery to Peruna. "I had cramps for three years and thought I would never be any better. I could not eat without distress. Nothing helped me. I had catarrh of the stomach. Now, after taking Peruna, I have no cramps and am feeling well and healthy. I wish every sufferer from a catarrhal disease would take Peruna."  
There are thousands, pain racked and miserable as the result of some catarrhal complication who could just as well be strong and healthy.

EARLH BULL - EDITOR

Entered at the Post-Office, Cedarville, O., October 31, 1887, as second class matter.

FRIDAY, MARCH 27, 1925.

### THERE'S A REASON WHY

The boss proposed primary bill by Senator (?) Marshall had no more than been put to sleep than Uncle Sam's grand jury down in Cincinnati made a report and returned indictments against 48 policemen in that city along with 23 dry agents all up for conspiracy in defeating the purpose of the prohibition laws. Reports are that more than a million dollars has figured in deals between the officers and bootleggers.

Several weeks ago the ministerial association in that city appealed to Governor Donahay for aid and it was not long until the sheriff was on the carpet and ordered to clean house.

Meantime the Federal prohibition officers were busy and placed enough evidence to get the above result. The jury has yet more reports to make.

The Marshall proposed primary bill was made to order to suit the big city bosses so that a man could not only be nominated on either of the major party tickets but would be elected and there could be no fear from harm in such appeals as the ministers had made to Donahay.

Two weeks ago we learned upon a trip to Columbus from newspaper sources that Marshall's bill would never see the light of day once that Senator Willis was convinced that it was intended under this bill if it became a law, to shut him out for another term. The Anti Saloon League was to be tied, but as days drew near the forces of these two elements were drawn together in common defense and the Marshall bill faded when once the light of truth and purpose was turned on it.

The Springfield Sun in commenting on the defeat of the Marshall primary bill says:

"The bosses had it all arranged to dominate the present primary system for their own benefit. In no event will they make the bosses in both political parties a grant of the right to have pre-primary conventions, in which they may practice the old-time knock-down-and-drag-out system of defeating candidates they do not like, however capable these may be, or boosting their own henchmen for public office; and at the same time invoke the blessing of Ohio's citizenship upon the transactions."

"The legislature has done the right thing in not putting its foot into the nice little trap prepared for it by gentlemen who make control of politics and public service a profession. If the lawmakers had done as the bosses wanted Ohio's electors would have been tied hand and foot, for by the pre-convention system they would have enjoyed only the shadow of their present right to a voice in free and open primaries."

### MAKING THE "POOR" PAY

Secretary Mellon once more urges the need of tax reform.

One of the most difficult things for the non-investing public to understand is the folly of excessive taxation levied to "make the rich pay."

When investors keep their money in business and meet excessive taxes, they collect these taxes from the people through higher prices. When they withdraw capital from business rather than take risks—as billions have been withdrawn—they are able to escape taxation altogether by purchasing tax-free securities, thus defeating not only the purpose to tax them, but the effort to add to government revenue.

### CONSTABLES SALE

At or about 2 P. M. on the 30th day of March 1925, at the Finney building Main street, Cedarville, township of Cedarville, Greene County, State of Ohio, I shall sell at Public sale the following property, to-wit:

One Universal Sitcher, No. 3384. Taken as the property of Winifred Wingate on an execution in favor of The Champion Shoe Machinery Company.

Cal Ewry, Constable.

For Sale: Pure Maple Syrup. Prof. H. H. Smith, Phone 2-145. (31p)

## COUGHS

Quick Way to Stop Them

Persistent, racking coughing, which by rapidly weakening your entire system lays you open to more dangerous infections, can be checked often with the first dose of that old-time tried and proved remedy—Dr. Bell's Pine-Tar-Honey. The reason. Doctors say there is nothing like pine tar to quickly loosen and remove the phlegm and congestion which are the direct cause of the coughing, while the honey both gives a pleasant taste and helps to soothe the throat. For the relief of coughing, Dr. Bell's Pine-Tar-Honey is the best. It can be given even to young children. It is a medicine that often relieves the cough, soothes the throat, makes sure you get Dr. Bell's. Only 50c at any good drug store.

**DR. BELL'S**  
The Original  
PINE-TAR-HONEY

## LARGE CORN AND OATS AVERAGE THIS YEAR

As a result of the zero weather the first of the month farmers are now about convinced that the wheat crop in this section will be very slim if anything at all. In February the wheat looked fine and farmers were encouraged. The warm rains brought it out and it had a good start until the sudden freeze the first of the month. While we had a slight snow at that time it was not enough to protect a crop. From Urbana north we understand there was much more snow and this was the means of saving the wheat.

Hundreds and hundreds of acres in this section are being sown to oats and much of it will be turned under for corn. For this reason it is predicted that Greene county will have the largest acreage for corn and oats that has been known in years.

## FISH ANXIOUS TO LEAVE WATER FOR SPRING AIR

According to Wm. Marshall is it hard to keep the fish in the water at the reservoir. Tuesday Mr. Marshall Ra,mond Ritenour and M. C. Nagley tried out their hands with line and red. Mr. Marshall must have been quite an attraction for he landed 18 and most of them bass. Luck was not so abundant with Messrs. Ritenour and Nagley.

## GASOLINE TAX BILL NOW UP BEFORE GOVERNOR

The two cent gasoline tax bill is now in Governor Donahay's hands for consideration. There is much speculation whether it will get his signature or a veto. In case of a veto the legislature is expected to pass it over the veto.

## COLLEGE STUDENTS HOLD THE ANNUAL SHIRT TAIL PARADE

The college boys staged the annual "shirt tail" parade after midnight or rather Thursday morning. This is one of the big events among the boys and is an annual event. There is no stillness in the night air when this affair is on. Even the static disappears.

## HAS GERMAN POLICE DOG

Coach Diederich and A. E. Richards spent the week-end in Indianapolis. They came home with a young German police dog, which is the property of Coach Diederich. Having put the basket ball team through a successful season, the Coach will now devote his training ability to the dog.

## Your Baby Chicks Are Ready!

Our flocks are in the cream of condition. Order at once and insure yourself of fully matured, early layers next fall. Write for catalogue and prices.

**The Sturdy Baby Chick Co.**  
Limestone and Auburn Ave.  
Springfield, Ohio.

Money to loan 5% interest semi-annually, for 5 or 10 years.

or, 5 1-2% semi-annually if a 20 year loan is desired.

Loans may be paid before due if borrower desires.

"The Store for All People"

## Pogue's Spring Opening

is a fashion event no one should miss. Here the smartest and newest styles for the coming seasons are shown in all their glory. They represent everything that is best from Paris and New York, and the woman who wants correct things can be assured that they are here.

We issue a cordial invitation to all our out-of-town friends to be present at the opening—

March 17  
March 18

When you come to Cincinnati come to Pogue's and ask for Jane Alden, your personal shopping adviser.

She will show you through the store and help you make selections. Her years of experience will be helpful to you, no matter what you want.

If you cannot come, just write a letter to Jane Alden and tell her what you want. She will select the goods and send them on to you.

All purchases sent free of charge

forehead; foaled April 10, 1918 and weighs 1850 lbs.

SIRE:—Bolivar (78660) by Bismarck dre Vlad (49422)  
out of Blissee Rams (85857).

DAM:—Delphine de Lessines 2038 (72063), by Colosse  
(44578) out of Marie du Carme (57557).

TERMS:—\$15.00 to insure colt to stand for nurse. Best  
of care will be taken to prevent accidents but will not be  
responsible should any occur.

**JOE GORDON**

**Washington Boy Is  
Pig Contest Winner**

His Litter Produced 3,055  
Pounds of Pork.

(Prepared by the United States Department  
of Agriculture.)

A farm boy of Spokane county,  
Wash., belonging to a junior agricul-  
tural extension club, was a ton-litter  
contest winner of 1924, according to  
reports to the United States Depart-  
ment of Agriculture. He not only pro-  
duced 3,055 pounds of pork from one  
litter of pigs in six months, but kept  
a careful record of how he did it, in-  
cluding the kind and amount of feeds  
used and all expense involved. His  
records show that his pigs made an  
average daily gain of 1.4 pounds each  
each from date of birth until sold. This  
gain cost a little less than 8 1-8 cents  
per pound, not including alfalfa pas-  
ture to which the pigs always had free  
access. The boy sold his prize win-  
ners to a packing house for \$11.10 per  
100 pounds, receiving 25 cents per 100  
pounds because of the excellent finish  
of his hogs.

This young stockman, Fred Gray, be-  
gan in the swine business about two  
years ago by joining a pig club which  
the junior agricultural extension agent  
of the county organized, buying a pig,  
as other pig clubs practice, and feed-  
ing and managing it. In demonstrating the  
economic value of the best methods in  
swine husbandry, his purchase was a  
Duroc sow of excellent type. He  
built a warm, movable hog house, pro-  
vided plenty of clean water and pas-  
ture, and carefully practiced good sus-  
tention methods in addition to efficient  
feeding. He was able to raise eight  
pigs from the first litter. With the  
second litter he won the contest.

**Early Spring Best Time  
to Apply Oil Sprays**

Many fruit growers are interested in  
the use of oil sprays for the control of  
San Jose scale. Miscible oil may be  
purchased from commercial manufac-  
turers, while mineral oil emulsion  
may be prepared at home. Oil sprays  
are more effective than lime-sulphur  
for the control of San Jose scale, but  
they apparently have less fungicidal  
value, and there is more danger of in-  
jury to the trees resulting from oil ap-  
plications, says Dr. F. H. Lathrop,  
chief of the entomology division at  
Clemson college, who adds, that the  
most important use of oil is in the  
occasional application for the thorough  
clean-up of San Jose scale. For regu-  
lar use, season after season, the old  
reliable lime-sulphur is safer. Oil  
sprays for San Jose scale should be  
applied during the dormant season, but  
prolonged periods of cold weather  
should be avoided. A very satisfactory  
time for making applications of oil  
sprays is in the early spring just as  
the buds are swelling.

**Garden Insect Pests.**

The insect pests are two in variety,  
those that eat the foliage and stems  
and blossoms and those that suck the  
juices of the plant. The former in-  
clude the potato bug and cabbage  
worm. The latter are confined largely  
to plant lice. For the eaters, arsenical  
poisons are the proper treatment.  
Plant lice, which now appear in all  
shades from pale green to black, with  
the exception of blue ones—and they  
may appear—yield to a spray of nicot-  
ine or tobacco.

**Planting Strawberries**

Strawberries should be grown on  
rather fertile soil, preferably on soil  
that has been manured the winter be-  
fore. The best time to plant the  
standard variety is in early spring, al-  
though late fall planting is no less  
successful. The Everbearing variety  
seems to succeed rather better when  
planted in the fall, according to W. R.  
Martin, Jr., extension horticulturist of  
the Kansas State Agricultural college.

**Farm Hints**

Don't keep scrub and inferior stock;  
they are wasteful of feed.

Soil conservation is the most vital  
material problem now before the hu-  
man race.

If not sure of a stallion's pedigree  
make his owner prove it in black and  
white from the official records.

The laying out of the vegetable gar-  
den on paper is desirable for the pur-  
poses of economy of time and space.

Only one vegetable seems to be in-  
different to being grown in the same  
spot year in and year out, and that is  
the onion.

Don't trust that bull. He may be  
safe, but again he may be one of those  
that goes wrong every day or two and  
kills somebody.

Buy your Golden Bantam sweet  
corn of a reliable seedsmen. It varies  
considerably in quality. Selected  
strains are best.

If one has two rows of the same  
vegetable and uses a different suc-  
cession crop in each row, the gardener  
may note which was the more suc-  
cessful combination.

Asparagus and rhubarb are best  
planted in spring when fresh roots are  
obtainable. The one-year-old aspara-  
gus roots seem to take hold better  
than the two-year-old size.

**Gems Used as Playthings**

The first large diamond discovered  
in South Africa is said to have been  
found in the leather bag of a sorcerer.  
Several authorities state that in the  
early days in South Africa highly val-  
uable diamonds were frequently the  
playthings of the Boer children.

**Penalty of Civilization**  
Heathen people are those who need  
fewest padlocks.—Baltimore Sun.

**Fashion Smiles  
on Silk Alpaca**

If you are not acquainted with silk  
alpaca, find an opportunity to meet it  
very soon and learn the dependability  
and beauty of an aristocratic fabric.  
The picture shows a two-piece dress  
of black alpaca finished with white  
crepe de chine and white buttons. The  
design and the fabrics are exactly  
suited to one another.

**Cotton Broadcloths  
for Day Frocks**

Spring has brought us nothing pret-  
tier than the beautifully colored,  
striped broadcloths of cotton. They  
are so like silk that it is hard to tell  
them apart and they make delightful  
day dresses, for grown-ups and chil-  
dren. — pretty model for a girl of  
twelve or so is shown here.

**KEEPING WELL  
CHLORINE GAS FOR  
COLDS**

Dr. Frederick S. Green  
Editor of "HEALTH"

LAST March during the usual spring  
epidemic of colds, Doctors Ver-  
der and Green, of the Medical  
corps of the United States army an-  
nounced that they had worked out a  
method of treating colds by inhaling  
chlorine gas. Colds are nasty, bother-  
some, expensive and dangerous nu-  
sances. Anything which will prevent  
or shorten them would be a great ben-  
efit to all of us.

A number of prominent people, in-  
cluding the President, were given the  
treatment. Many of those treated  
found their colds relieved. Associated  
Press dispatches sent out all over the  
country after the news item in  
thousands of papers, so that a great  
deal of general interest was aroused  
in this new treatment.

Naturally doctors, hospitals and  
health departments began to try chlo-  
rine gas on patients for the relief or  
cure of different diseases of the nose,  
throat and lungs. This is the way our  
knowledge of the treatment of diseases  
grows. Some doctor gets, unusually  
good results from some new method  
of treatment. He announces his re-  
sults. Other doctors and institutions  
take it up and try it out. It is not  
until the new method has been care-  
fully tested by many men, in different  
parts of the country, on large numbers  
of patients and the results all collect-  
ed and carefully tabulated and studied,  
that any positive statement can be  
made regarding its value.

Among others, the health commis-  
sioner of New York established two  
clinics for giving this treatment. The  
result of two months' work has just  
been announced in the Health Bulletin  
of New York city.

According to this report, out of over  
five hundred persons treated, 33 pa-  
tients or 6.5 per cent were cured.  
Fifty-three per cent improved during  
the treatment. How much was due to  
the gas and how much to natural re-  
covery is not stated. The treatment  
was of no benefit in whooping cough,  
in asthma and hay fever, the chlorine  
seemed to make the patients worse.

No other report of the results in a  
large number of cases has yet been  
made. So that at present we must  
wait for further reports before coming  
to any conclusions as to the value of  
this treatment.

**Where Designs Come From**  
Designs that fascinate the eye of em-  
broidery lovers do not just grow in  
the mind of the designer or the factory  
girl who makes them. They are na-  
ture's handiwork. Growing plants pro-  
vide the motif for much needlework,  
whether done by hand or on machines  
and the natural form assumed by a  
plant shooting into growth or a snow-  
flake falling upon a black background  
are but examples of them.

**Furniture Made From Weed**  
For many years the natural seed-  
ling known as the "hakain" which  
grows in the Punjab of India was de-  
stroyed as a weed, being cut out to  
protect other growths. Economic de-  
velopment has caused this weed to be  
used commercially for light furniture,  
packing cases and shelving.

**ANNOUNCING  
Annual Spring  
Opening**

Special preparations have been made for this Exhibit.

The most complete and beautiful display of Memorial Work in  
Ohio awaits the inspection of visitors.

If you are in need of a Maker of Monument it will be easy  
indeed to make a selection from such an assortment.

However if you are not definitely interested you are cordially  
invited. A visit should be educational as you can see the workman  
cutting and carving the finest of granites into everlasting Me-  
morials.

**MARK EVERY GRAVE**

ORDERS PLACED AT THIS TIME CAN BE COMPLETED  
BEFORE MEMORIAL DAY.

By Arthur Brisbane

## JAMES SIMPSON'S PREDICTION. MAN'S GREATEST WAR. GET YOUR MONOPLANE. THE QUEEN BOBS HER HAIR.

Manufacturers that produce, merchants that distribute and workers that depend for employment on generally prosperous conditions will be interested in one paragraph of a letter just received from Mr. James Simpson, president of Marshall Field & Company.

Mr. Simpson, whose business far exceeds one hundred millions a year, writes:

"Business for the year starts off very well with us, and the general feeling of confidence is developing with just enough conservatism to make me feel certain that we are entering upon a period of sound business development and activity."

Mr. Simpson's opinion does not merely reflect the enormous retail business done by Marshall Field & Company in Chicago.

The wholesale department of Marshall Field, biggest in the United States, reaches into every corner of the country, doing business with thousands of merchants.

There is no better test of national conditions than the story told on the books of that gigantic firm.

The duty of each citizen is to believe and say that prosperity is here, that it will remain and grow, and that this nation will realize to the full its extraordinary position and opportunities among the nations of the world.

nation could possibly ask for. The only thing that could injure us is a lack of confidence.

Secretary Weeks tells the Congressional committee that he holds no grudge against Brigadier-General Mitchell for telling the truth, and that he has no thought of disciplining General Mitchell, that is welcome. The people would like to think that the truth is not kept from them by official threats.

Science says the greatest battle of the human race is to be against insects and micro-organisms.

Those tiny enemies do infinitely more harm than ever was done by all the wild beasts and poisonous reptiles that men have gradually conquered. Insects and plant insects destroy billions every year in crops and forests. And germs destroy millions of lives.

Young men with courage and ambition—TURN YOUR MINDS TOWARD FLYING. Ex-service men that flew in the war, cheer up.

Henry Ford and his son are building all-metal monoplanes, and small dirigibles, with all-metal gas containers.

That means opportunity.

Be among the first to get one of the monoplanes that will "fly 140 miles an hour, and carry a useful load of 2,000 pounds.

Such a machine, once he knows how to run it, should enable a young man of the right kind to carry \$100 a day. And that sum, \$500 a week, would be a "useful load" to carry home each Saturday.

For information write to Henry Ford, or better still, to Edsel Ford, Dearborn, Michigan.

Mark this prediction: Within twenty years a million Americans that now ride in automobiles, labeled "Ford," will fly in airplanes also labeled Ford and go 100 miles on a gallon of gasoline and no tire wear.

The Queen of Belgium bobbed her hair, and there is much excitement. Kings and Queens take up new ideas cautiously. The King of England still drives to the opening of Parliament in a gilded coach drawn by six or eight cream-colored horses. And he wears a crown on State occasions, although everybody knows that the crown has long been the property of the House of Commons. If Carlyle, creator of "Sartor Resartus," were here he would find deep meaning in the Queen's bobbed hair.

# IMPROVED UNIFORM INTERNATIONAL Sunday School Lesson

REV. R. P. FITZWATER, D.D., Dean of the University of Chicago, Editor of the Christian Science Monitor, and author of "The Life of Christ" (1918), Western Newspaper Union.

Lesson for March 23

## CLOSING PERIOD OF CHRIST'S MINISTRY—REVIEW

DEVOTIONAL READING—Rev. 19:11. GOLDEN TEXT—"Jesus Christ the same yesterday, and today and forever"—Heb. 13:8.

PRIMARY TOPIC—How Friends Cared for Jesus and Paul.

JUNIOR TOPIC—Including the Missionaries by Our Gifts.

INTERMEDIATE AND SENIOR TOPIC—Living Lessons From the Quarter.

YOUNG PEOPLE AND ADULT TOPIC—Closing Scenes in Christ's Life.

The lessons of the quarter have been so rich and full that perhaps the best method of review will be to summarize the outstanding teachings of the quarter. The following suggestions are offered:

Lesson I—The so-called triumphal entry was the official presentation of Jesus of Nazareth to the Jewish nation as their Messiah. He was the predicted king coming in the name of the Lord (Psa. 118:26).

Lesson II—Coming judgment is absolutely certain. The judgment portrayed in this lesson is that of the nations living on the earth when Jesus comes. The judgment pronounced—reward or doom—will be on the ground of the attitude of the nations towards Jesus as expressed in their treatment of His brethren, the Jews.

Lesson III—Before Jesus went to the cross He instituted a memorial of His broken body and shed blood. This should be gratefully and strictly observed by believers until Christ come again.

Lesson IV—Many are the trials through which the believer must pass as he goes through this life. The sure cure for "heart trouble" is the assurance that Jesus has gone to prepare a place in His Father's house, and will come again and receive His disciples to Himself.

Lesson V—Jesus is the true vine and believers are the branches. Abiding in Him will result in fruitfulness, success in prayer, fellowship in the love-life of God, fullness of joy and love-life like that of God.

Lesson VI—It is not the purpose of God that Christians should be taken out of the world at once when they believe on Christ because the world needs their influence and testimony. Christ needs them as His representatives and they need the trials of the world to strengthen the grace of God in their hearts. Those whom God has given to Christ are eternally secure even though they must pass through great trials.

Lesson VII—The agony of Gethsemane was due to the fact that Jesus was bearing the burden of the sins of the world.

Lesson VIII—The heart of this lesson is that Christians should be obedient to civil authority because human government has been ordained of God. The more loyal the believer is to Jesus Christ, the more loyal he will be to the rightly constituted authority. This lesson has no logical connection with the others of the quarter and should be omitted where time is limited.

Lesson IX—Jesus Christ gave clear proof that He was the Messiah promised in the Scriptures, but the wicked nation rejected Him and chose a murderer instead. Both Pilate and the nation went down under the guilt of the rejection of Christ.

Lesson X—Christ on the cross is the supreme expression of unselfish love, a revelation of the moral nature of the world, and stands as an exhibition of a cross section of the world in any generation.

Lesson XI—Christ's resurrection is an absolute certainty. This unquestioned fact certifies that He is the divine Son through whom we get eternal life.

Lesson XII—The various appearances of Jesus Christ after His burial demonstrate the reality of His resurrection, confirm the truthfulness of the Scriptures, and reveal Him as not only the supreme and grand center of the Scriptures, but the supreme interpreter of them.

Goodness Outshines Genius. Man is created for virtue. It is his supreme endowment coupled with his capacity for alliance in God. Ever and anon a trumpet sounds. From the hidden battlements of Eternity, summoning him to noble living. If he refuses to obey the summons he sinks in the scale of being. He surrenders manhood to accept animalism. The degree in which a man is striving after virtue and obedient to the law of duty determines his real value. "Goodness," says Emerson, "outshines genius, as the sun makes the electric light cast a shadow."—Rev. R. P. Dowges, L. D.

God's Best Messages. God sends His best messages to people who are faithful and busy.—Presbyterian of the South.

Song of the Stars. All the stars of heaven sing the faith of Bethlehem.—Western Christian Advocate.

Modesty and humility are the sobriety of the mind; temperance and chastity are the sobriety of the body.—Winchote.

Successful Marriages. The success of many a marriage can be traced back to the circumstances that one party married for a home and the other for general housework.—Detroit News.

Club of Reformed Women. A unique club in London is the "King's Own," the membership of which is composed wholly of girls who have served prison sentences and now are reformed.

# RURAL DISTRICTS SECURE CHAMPION

## Cleveland Senator Seeks Legislation Favorable To Farmers

Columbus, O., (Special).—Although not a member of the Cornstalk Club of the Ohio legislature, State Senator Chester C. Bolton, chairman of the Cleveland delegation in the General Assembly, is proving to be a real friend of the farmer in the enactment of legislation beneficial to the rural districts.

Bolton, a live young business man of Cleveland, lives on a farm east of Cleveland, and is president of the Ohio Guernsey Breeders Association.

So far this session, the Cleveland senator has introduced conservation and taxation legislation of benefit to farmers, and has taken a decided interest in other legislation to eradicate tuberculosis among Ohio cattle, and to provide more money to rural districts for the building and maintenance of county highways.

The Bolton conservation bill, introduced in the State Senate, would encourage reforestation in the Buckeye state by taxing timber land at one-half its real value instead of at its full value, and has taken a decided interest in other legislation to eradicate tuberculosis among Ohio cattle, and to provide more money to rural districts for the building and maintenance of county highways.

Although living in the center of the opposition to the gasoline tax bill, Senator Bolton has declared in favor of such a tax in Ohio, providing the cities are given an equitable distribution of the income derived. He has announced himself as favoring a reduction in the automobile license tax, should a gasoline tax be added.

Similar measures in other states have greatly increased the timber acreage, Senator Bolton said.

Only Leaf Can Do Work. The heads of the tassel plant, which are cylindrical with oblong hook-pointed, rigid bracts between, are used for raising the nap of cloth. The heads are split and fixed on the circumference of a cylinder that revolves against the surface of the cloth. No mechanical device has yet been found to equal this natural contrivance.

OHIO'S TAX LAWS TO BE STUDIED

Bolton Resolution Provides For Committee on Investigation

Columbus, O., (Special).—Legislation providing for a study of the tax laws of Ohio will be considered by a special session of the Ohio legislature next spring, if a resolution offered by State Senator Chester C. Bolton, of Cleveland, is adopted by both houses at the present session.

The Bolton resolution, which legislative leaders have included in the program for enactment, provides for the appointment of a joint committee of senators and representatives to study taxation problems in Ohio. Under terms of the resolution, this committee would be required to report back to a special session of the legislature not later than April 1, 1926.

No plans for taxation reforms are contained in the Bolton legislation. The legislative committee, assisted by an advisory committee nominated by the banking, agriculture, labor, utility, real estate, manufacturers, retail merchants, auditors, the Tax Association and the Ohio Chamber of Commerce, would be free to make whatever recommendations it desires.

"Everyone agrees," said Senator Bolton, "that Ohio is badly in need of modern taxation legislation, but opinions differ as to what course the legislation should follow. With the assistance of all of the various interests and blocs in the state, the proposed special legislative committee should be able to recommend a comprehensive plan after a year's study and careful thought."

"Ohio farmers have been particularly hard hit, and are in need of tax relief," Bolton said. "Ohio's taxation laws are antiquated and were enacted under conditions several years ago. Times have changed, and we very much need a change in our methods of taxation."

Memorials For War Heroes. Columbus, O., (Special).—Monuments commemorating the participation of the 37th Division of Ohio in the World War would be erected at four places on the battlefields of France and Belgium, should a bill sponsored by State Senator Chester C. Bolton, of Cleveland, be enacted by the Ohio legislature.

Under the terms of the bill, a commission of seven ex-service men from Ohio would be appointed on a commission to select the sites and erect the monuments. This commission would cooperate with the federal government.

Senator Bolton, himself an ex-service man and a member of the American Legion, declared that the 37th Division has gone down in history as the only complete Ohio battle organization taking part in World War battles as a unit.

The bill carries an appropriation of \$10,000 and is said to have the approval of Governor Donahay.

Took Photos From Air. Aerial photographs were used in determining a suitable location for a lighthouse on an inaccessible rock island at the most westerly part of the Hawaiian chain.

## Adjusting Your Garter

The final test of a garter is the ability calmly to adjust a sock supporter in the face of feminine amusement.—Duluth Herald.

## Fragility and Hope

He seldom lives frugally who lives by chance. Hope is always liberal, and they that trust her promise make little scruple of reveling today on the profits of tomorrow.—Johnson.

## The Thinking Reed

Man is but a reed, the weakest in nature; but he is a reed which thinks. The universe need not rise in arms to crush him; a canon, a drop of water, suffices to fill him. But were the universe to crush him, man would still be greater than the power which killed him; for he knows that he dies, and of the advantage which the universe has over him, the universe knows nothing.—Fascel.

## Only Leaf Can Do Work

The heads of the tassel plant, which are cylindrical with oblong hook-pointed, rigid bracts between, are used for raising the nap of cloth. The heads are split and fixed on the circumference of a cylinder that revolves against the surface of the cloth. No mechanical device has yet been found to equal this natural contrivance.

## The Building & Loan Associations

throughout the United States now have combined assets of over Four Billion Dollars.

People everywhere are rapidly learning the advantages offered by these institutions.

If you want a liberal return on your savings, or if you want some day to own a home of your own, it is to your interest to learn more about them.

CALL AND SEE THEM

## The Cedarville Building & Loan Association

## Public Sale!

Having lost my health I must give up the farm. I will sell at public auction on the Marvin Williams farm (formerly the William Marshall farm), 3 miles East of Cedarville, 4 miles West of Solon, on the Townsley road.

## Wednesday, April 1, 1925

Commencing at 12 o'clock sharp, the following property:

### 6 Head of Horses 6

Consisting of one team sorrel geldings, 8 years old, weight, 1450; one white mare 12 years old, weight 1300; one gray mare seven years old, weight 1350; one bay mare 11 years old, weight 1100; a set of good serviceable workers.

### 3 SOWS 3

Consisting of 2 sows with eight pigs each, six weeks old; one sow to farrow by day of sale.

### FARMING IMPLEMENTS

Consisting of one walking plow, one sulky plow, one Oliver gang with extra shears, two double discs; one harrow, one good Moline drill, one good International corn planter; drags; mower; six ft. McCormick binder, carvass nearly new; one hay rake, three single row cultivators; one wagon with flat bed, side boards, and hograck; one gravel bed; one box bed.

### HARNESSES

—5 sides all good serviceable harness; collars, lines, etc.

### MISCELLANEOUS

—2 hog boxes; feed box; hog troughs; 50 gal. kerosene tank; 8 hurdles for penning sows.

### FEDS

—3 tons timothy, about 100 bu. of corn in crib; 50 shocks of corn in field.

TERMS MADE KNOWN ON DAY OF SALE

## JAKE E. SHAW

E. E. Finney, Clerk. Kennon Bros., Auctioneers.

## Relieve Your Motor from the Drag of Poor Gas

IT isn't the motor's fault. Poor gas seems to take malicious delight in slow starts, in ragged, jumpy running, and in stubbornly resisting every chance for decent performance.

Fill with Columbus Gasoline, and feel the difference. Your car starts more quickly. It gets away with new vigor. Columbus' smooth, missless running prevents motor damage. Its full mileage saves your purse. Shake off the handicap of poor gas. Look for the Columbus pump.

**LOCAL AND PERSONAL**

**For Sale:** 200 bushel of corn.  
Warren Barber

Mrs. J. A. Stormont spent the week-end with her son, Marion, who is teaching in the Kenmore High School.

**Lost:** About two weeks ago a pair of dark framed glasses. Finder call Mrs. A. D. Townsley and receive reward.

The young Peoples' Society of the Clifton U. P. church will be entertained this Friday evening at the home of Mr. and Mrs. A. G. Collins.

**For Sale:** Seed corn that is guaranteed to grow, yield and mature.  
O. A. Dobbins

Miss Ellen Tarbox, who has been home for several weeks, returned to Cleveland, Monday, to resume her training as a professional nurse.

Dr. and Mrs. T. R. Baldrige of Dayton spent Sabbath with Mrs. Fannie Barber.

Rev. and Mrs. Gavin Reilly of Condon, O., were week-end guests of the latter's parents, Rev. and Mrs. H. J. Kyle.

We don't sell RADIOS, but we GIVE YOU RADIO MONEY with every purchase. Ask us about our plan.  
Home Clothing Co.

Charles F. Marshall, who has been spending the winter at Orlando, Fla., and other points in that state, has returned home.

**For Goiter Prevention:**  
Use Mulkey's Iodine Salt; a genuine table salt, not a medicine. This salt is recommended by the Board of Health. By using Mulkey's salt you are protecting your children against goiter. Accept no substitutes. For sale by R. M. Pringle. p. 3t. Adv.

**Lost, Strayed or Stolen:** Fox terrier with black marks. Reward.  
Charles Graham.

Dr. and Mrs. Nelson Clark, Pittsburgh, are visiting at the home of the latter's parents, Mr. and Mrs. A. S. Lewis, near Clifton. Mr. Clark is recovering from a serious illness.

**For Sale:** Brick house and one acre of land three miles from Cedarville. Immediate possession. W. O. Custis, phone 306, Xenia, Ohio.

The Ladies Aid Society of the M. E. church will hold an Easter Market and bazaar at Richards' Drug Store Saturday, April 11.

We save you 40 to 50 per cent by using our RADIO MONEY with every purchase of 25c or more. We GIVE U the SAME AMOUNT OF RADIO MONEY.  
Home Clothing Co.

The Springfield High School team was the winner last Saturday over the Cleveland team for state championship basket ball team. The game was played in Columbus. The Springfield may compete for national honors at Chicago, the expense being cared for by public subscription.

The Willerforce Band Concert at the opera house Monday night proved to be very entertaining and was of a very high class under the direction of Prof. Stewart. The numbers were well received and the class of music was not only pleasing but reflected much credit to the leader. The vocal selections by Madam Kimbro of Xenia were no only prominently featured on the program but were classical and deserving of praise.

**For Sale:** Dynamite and blasting supplies. J. W. and L. L. Frazier, 996 W. Main St., Wilmington, O.

In this issue will be found the announcement of the Jake E. Shaw public sale on April 1. Mr. Shaw has been ill for several weeks and according to his physician will not be able to return to work for several months. All who are in need of stock, or farm implements as well as feed should attend this sale. Mr. Shaw's circumstances following not only his own illness but a siege of scarlet fever in his family should attract the sympathy and support from the entire community.

**For Sale:** Airdales, Registered in A. K. C. E. W. Braun, Box 382, Hamilton, Ohio. (2tp)

Manager Jackson of the opera house announces that by special arrangement he will present on Friday and Saturday, Dr. Nickola, who is a hypnotic marvel, and who will demonstrate his mystic powers. Thursday afternoon he hypnotized a victim and put him to sleep in the display windows at the Service Hardware Store. The subject will sleep until Friday night when he will be taken to the opera house and awakened. The Dr. performs many feats during his stay and one of his outstanding features will be the "White Sister". It promises to be a great show.

Leave your order for baby chicks at Service Hardware Co. Different breeds can be furnished.

**HIGH SCHOOL NOTES**

The Junior Class will present the Comedy-Drama entitled "Emeralda" at the opera house on the evening of May 1. "Emeralda" is a beautiful description of the simple life of the southern country folks who because of their implicit trust in folks are sometimes the victims of those who would take from them all that they have on the slightest pretext. The mother of "Emeralda" is a woman who can see things as they are and has sufficient spirit to take a stand against what she thinks to be wrong. Two easterners attempt to take from these plain people their little farm for a very slight sum of money knowing that the farm has on it a very rich deposit of iron ore. The quick action of a country boy who is in love with "Emeralda" spoils their plans and saves the fortune to the family. You will enjoy the story as well as the action of the Juniors. Tickets for the play will be on sale at an early date and reservations will be made on Wednesday, April 29th at 3:30 at Johnson's Jewelry Store.

Through the kindness of Mr. Calloway the General Science class was given an opportunity to see the paper industry first hand on Thursday last. Mr. Funsett and Mr. Barlow gave their time to the students describing

the process step by step so that any pupil could understand the processes from cooking the straw to the loading of the paper. A first hand visit to such industrial plants gives any of us a clearer conception of processes in manufacture as well as a better notion of the power needed to drive such an industry. The pupils were shown how energy is conserved and used over again until it is as nearly as possible entirely accounted for. The processes as well as the mechanisms will serve to clinch the better the ideas taught these pupils from their text in General Science.

The classes in Agriculture and Physical Geography were given time on Tuesday to visit the gorge below the Paper mill so they might know about the work of water in shaping the surface features of our community. There they had a chance to study the long time necessary to carve out the lime rock into the gorge and to see what happens when small side streams decide to enter a main and from these to see the several steps in the production of gorges. Many land forms are well marked in this section which become intensely interesting to the initiated.

We are very glad to have back in our midst Miss Ruth Marshall who has been ill with scarlet fever. Also we welcome back Miss Dorothy Shaw,

who has been absent from school on account of chicken pox.

Last Thursday Mrs. Wilson and 17 of the Senior Civics class journeyed to Columbus to visit the places connected with their study. First they went to the State Legislature visiting both the House of Representatives and Senate. From there they went to the School for the Deaf, then to the Penitentiary. Next they visited the O. S. U. and then the Juvenile Research Bureau.

The Juniors and Seniors of Cedarville Hi held a covered dish supper last Tuesday evening at Miss Marguerite Ewbanks. A mock wedding was held and a good time was enjoyed throughout the evening.

As the strains of Lohengrin, played by Miss Chamberlin rang out on the eight o'clock air Friday evening, the wedding procession descended the stairs at the home of Mary Elizabeth Smith. The Reverend Isabel Webster, who officiated came first, followed by the sister of the bride, Ruth White, the flower girl, and Grace Wigal, the ring bearer. The groom, Mary Smith, and the best man, Jennie Smith, came next after which marched the bridesmaids, Beatrice Donohoe, and Anita Prutz. Last came the blooming bride, Freda Estle, dressed in a flowing white gown, and carrying a bouquet

of mixed sweet peas, borne on the arm of her father, Sarah Rumbaugh with Eva Black carrying her veil. Frances Stover was matron's assistant. The impressive service was indeed solemnized. The flower girl was especially touched at the thought of her sister's leaving her. When the wedding was over the happy couple ascended the stairs after being more than duly congratulated and caressed. As a side bit of information, Eva Black caught the bouquet and we all hope Eva will invite us to her wedding when it comes off. The couple said their honeymoon would start Monday when they leave for Clifton. Guests outside the family were; Miss Chamberlin, Miss Rife, Miss Thacker, Sara Abel, and Frances McChesney. Lovely refreshments were served consisting of Salad, pimento sandwiches, ice cream and cake. After many enjoyable games and much fun the guests departed taking with them the memory of a most enjoyable evening.

Dr. Morton Creswell, who has completed his work in medicine at Chicago University, is here on a visit before entering his internship in a Chicago hospital.

Ask for FREE TICKETS TO THE Picture Show. We give U a ticket with the purchase of \$1 or more.  
Home Clothing Co.

**Your "Headquarters" When in Dayton**

We issue a cordial invitation to you to make The Hotel Miami your headquarters when you come to Dayton, even if it's only for the day.

Meet your friends here and enjoy a delicious meal in our Main Dining Room or Grill. We serve a 75c noon luncheon in the Grill, and Dinner each evening in the Main Dining Room and Grill. A special Table d'Hote Dinner Sunday, at \$1.50.

### This Week's Cross Word Puzzle

- HORIZONTAL**
- Andy gump was one before he entered College.
  - What they used to lash sailors to during a storm.
  - Simplified spelling for the god of the Mohammedans.
  - What you have in the back of your coat.
  - What the t. b. m. said when the curtain went up at the Folies.
  - What every agriculturalist has not a Ford.
  - Breaksters for men.
  - Conjunction signifying a choice.
  - What you can go over in a barrel—if you want to.
  - Noah had one but it was spelled differently.
  - The way you feel when your mother-in-law can't come to visit you.
  - Yes, we have no B in our bananas today.
  - Congressmen and politicians have a plentiful supply of it.
  - Plenty of politicians find themselves up one since election.
  - Principal character in the joke about the Sued.
  - He received the suitcase full of money.
  - Later than now.
  - Complete description of most high school girls.
  - It was all gone the first of September (Feb.).
  - Nothing fills this space.
  - The guy that says "See you in 30 days".
  - To praise highly.
  - What you find in your sock—not Christmas presents.
  - What Mrs. Baba called Mr. Baba when the 40 thieves were asleep.
  - When you don't hope to die.
  - What a shiek lives in.
  - Inventor of a shorthand system.
  - Twelve hours before midnight.
  - A third of Kipling's definitions of a "lady fair".
  - Cleopatra's second hand maiden's apron was made of it.
  - He made the raven famous—not connected with Red Raven Spitz—adv.
  - If you didn't get 18 horizontal it's no use to tell you this one, for they're identical.
  - Idioms.
  - The way you wear that blue neck tie.
  - What Firpo tried to give Dempsey.
  - What the Mohicans stole from the shoemaker.
  - One of what the Jack of Hearts stole from the Queen.
  - A kind of fish which the people of Los Angeles won't eat on July 3.
  - Sidon's sister city.
- VERTICAL**
- Egyptian sun god.
  - A spirit—not the kind the soap is named for.
  - What you lay out and seldom follow.
  - Land formation found in the country Zane Grey writes about.
  - A regular attendant at all picnics.
  - Abbreviation for what goes by the front of the house—not the cop.
  - What you do with a strap in a street car—if you're lucky enough to get one.
  - Something a grand opera star sings.
  - Agri's name—not Cinderella.
  - What most towns put up when the boys come home—not the drinks.
  - What the cop dared the burglar to do.

### Stop Night Coughing This Simple Way

People who have persistent, annoying coughing spells at night, and who through loss of valuable sleep are weakening their systems and laying themselves open to dangerous infections, can stop their distressing trouble promptly by a very simple treatment. Hundreds who have hardly been able to rest at all for coughing, have gotten their full night's sleep the very first time they tried it.

The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the mucus and congestion which are the direct cause of the coughing. The result is that you usually sleep as soundly as a baby the very first night, and the entire cough condition goes in a very short time.

The prescription is highly recommended for coughs, chest colds, hoarseness and bronchitis, and is wonderful for children's coughs and spasmodic croup—the habitual drug store remedy. It is also a safe and powerful cough suppressant. It is on sale at all good drug stores. Ask for

- What the English gentry try to keep up.
- What you see on the tops of public buildings—not flags.
- The kind of an examination that's usually nicer than a written one.
- A kind of rubber.
- Grandpa courted one.
- What Franco was to use during the war.
- Neglect of an obligation.
- The hot air from the recent political speeches would have filled 9783 of 'em.
- A magazine for musicians—not Snappy Stories.
- What a butterfly does in the park.
- The hen cackles about it.
- Craters make 'em—but not the liver pills.
- Mah's last name.
- What the office boy seldom does to his salary.
- How many of a kind in a pinocchio deck?
- What the stunt flier loops.
- What grandpa can't do.
- What the chorus girl draws most of her salary for.
- It's usually shady.
- What Pa does when Ma yells at him.
- It's a gift.
- Every horse has one.
- An inert gaseous element found in the atmosphere—not hot air.
- What fish do when they're out of water.
- Ku Kluckers can get it on Friday.
- Most rowboats have one or more.
- How the 18th amendment was supposed to make this country.
- An abbreviation for a state named after a French king—not Minnie-sol-tah.
- Initials of a Progressive—not La Follette. W

### Eccentric English Duke

The duke of Bedford's gold plate at Woburn abbey is among the most magnificent collections of its kind in the world. So lightly, however, was it regarded by the eighth duke, that on his death in 1872 gold plate worth tens of thousands of dollars was found strewn about the floor of his house in Bedford square in such a deplorable condition that it narrowly escaped being consigned to the dustbin as worthless metal.

For a full line of Nursery Stock, see Richard (Dick) Cooper, Phone 228 Cedarville, O. The Allen Nursery Co., Rochester, N. Y.

Notice—Cinder for sale at the plant of The Hagar Straw Board & Paper Co. at the usual price.

### Thought and Labor

It is only by labor that thought can be made healthy, and only by thought that labor can be made happy, and the two cannot be separated with impunity.

### OSTEOPATHIC TREATMENT

TUESDAYS and FRIDAYS of each week 1 to 5 P. M.

Home of Mrs. Dora E. Kerr on South Main St., Cedarville, Drs. MAY and YODER, Xenia, Ohio.

## 72nd ANNIVERSARY CELEBRATION

Dedicated to Industrial Dayton We Grow by Growing Together.

DAYTON

Saturday—Last Anniversary Sale Day is Of Great Importance! Savings Opportunities on Every Floor—Hundreds Not Advertised!

### Highlights of Interest in the Celebration of Our 72nd Anniversary Come—Saturday

The Industrial Exhibit is the most important and interesting development of our 72nd Anniversary Celebration. It has been established to honor Dayton and the tremendous strides that it has made in advancement. More than ninety manufacturers' products are on exhibit. These exhibits are found on almost every floor. They demonstrate far more forcefully than words why we are proud of Industrial Dayton.

These exhibits have been housed in booths with the flags of all nations streaming above them, indicative of the worldwide use of Dayton products.

Among these exhibits will be found labor saving devices for the home—for the factory—industrial application of scientific principles which has saved manufacturers thousands of dollars. Edibles, apparel, waste saving products and scores upon scores of others, many of which have revolutionized certain industrial lines—many have created new ones listed here are the manufacturers who are exhibiting. Be certain to view this exposition—learn what is making Dayton and this Miami Valley industrially great.

Each window has as its background, a painting illustrating one phase of Dayton's Industry. In the foreground of each, a massive wheel is turning, indicative of the motive power of Industry. This wheel contains in raised letters the wording—"Dayton Industry Progress."

- Finance
- Plants and Buildings
- Raw Materials
- A Community
- Employees
- Products
- The World Market
- Employees Welfare
- Good Homes
- Amusements
- Transportation
- Communication
- Education
- Retail Stores
- Protection

Throughout the store, on all ledges, are placed large paper mache waxes, containing spring foliage. They add a cheery and festive appearance to the store.

Reproductions of the Industrial Posters in our windows are shown on every floor in smaller form.

Last year's oil paintings, suggested for Dayton, have been hung in the dining room. They give a very fine pictorial outlay of the future Dayton.

The See Piece on the street floor, representing "Industry," is one of the most striking displays of Anniversary. It measures 14 feet by 14 feet and is mounted just below the balcony, between the stairways leading to the Mezzanine floor. A great wheel, symbolizing the "Wheel of Progress" turns in front of a forceful painting representing the scope of Dayton's Industries.

### Cornelia Shops for You

If you are unable to come to the store to share in these savings, make your wants known to Cornelia. She will shop for you or wish you. Write, wire or phone M-4301, and ask for Cornelia.
