CONGRESSIONAL HAPPENINGS IN WASHINGTON

By CLARENCE J. BROWN
Member of Congress,
Seventh Ohio District

According to Secretary of Agriculture Wickard, had not 1941 and 1942 been exceptionally good crop years the people of the United States would be facing serious food shortages right now. Agriculture experts look for lower crop yields in 1943, with growing shortages of food as the year progresses. Members of the House Committee on Agriculture, who have been holding hearings on the farm labor shortage problem, have issued a warning that unless definite action is taken within the next sixty to ninety days toward keeping present manpower on the farms of America a food shortage so serious as to bring suffering and work injury to the war effort, is bound to result. The committee will undoubtedly seek legislation for the exemption of bona fide farmers and farm workers from the draft. Government action toward preventing the further migration is to be expected. In the meantime reports are pouring into Washington from almost every agriculture state telling of farms that are being abandoned, dairy herds that are being sold for meat, and of hogs and beef cattle that are being marketed before maturity, because of the growing farm labor shortage. Stories are also current that thousands of farmers are quitting the production of food stuffs, except sufficient for their own use, and are taking employment in nearby war factories, where many are making more money in a single month than they could in a year on the farm.

The weeks between now and the first of January will bring many changes in the lives of most Americans. Those who remain at home will not actually suffer hardships, but they will begin to find life not quite as comfortable as during the past. Already the retail stores of the nation are beginning to run short of goods in many lines. It will become more difficult to obtain many foods. Most American consumers have been accustomed to manufactured articles of metal are rapidly disappearing from the markets. Many kinds of cloth and clothing are becoming scarce. As the weeks of the new year come and go many foods will be rationed, and will probably clothing, shoes, and other items of everyday use. Gasoline rationing which will become nationwide on November 22nd, will have a serious effect on the economic and social life of the country. Fuel oil and coal shortages in many sections will mean colder homes, stores and offices. While but little or no real suffering will ensue, the American way of life seems destined for many changes.

Many men with collateral dependents, and some married men without dependents, will be conscripted for military service within the next few weeks. Other married men, including those with dependent children, will face induction during the coming year. However, according to the Capitol "grapevine" draft calls will not be as heavy during the next few months as have recently been predicted by many officials. The reason—military and other leaders are beginning to realize the difficulty of moving huge masses of fighting men over seas and placing them, properly trained and equipped, on the various battle fronts. The conviction is growing that it is not wise to call too many Americans into military service thus taking them away from productive civilian work, until they are actually needed and can be used in military operations as quickly as they are trained. Within the Congress, as well as elsewhere, there has been a growing dissatisfaction with the manner in which the Selective Service System has been functioning. From the top has not been uniform throughout the country, but is varied, according to the interpretation of the law by local boards, local conditions, etc. Many legislators, believing that conscription is a nation-wide matter and should be handled on a national rather than a local basis, have been discussing the need for changes in the conscription law and for the re-organizing of the entire Selective Service System.

Time has, if the government has had any program to aid small business it has been a terrible flop. During the past few weeks and months there has been a rapidly increasing number of business failures, especially among the smaller retailers and manufacturers, who have been unable to

BUREAU SAYS FARMERS DENIED RIGHT OF HEARING

Edward A. O'Neal, president of the American Farm Bureau told 3,900 Iowa federation members last Saturday, that New Deal bureaucrats have inspired unjustified attacks on farmers to cover their own incompetency. He said administration policies have brought on the threat of inflation rather than anything the farmers have done.

O'Neal charged the New Deal with coddling union labor for short work weeks while farmers are asked to work 70 to 80 hours a week. The farmers have been denied a right to a hearing and "we are abused and vilified" because we ask for our rights.

Commenting on the Roosevelt tour (political) that the morale of the people is higher than the morale of the national capital. O'Neal says the people have been far ahead of the capital all the time and that the myth of complacency on the part of the people was only invented to conceal the bureaucratic bungling.

Continuing the speaker said: "If he, Roosevelt, had taken his trip before Labor Day or had talked to some of the old men who were taking the place of young men who had gone to war; or talked to some of the mothers who saw their sons march off to war, leaving longer hours of farm labor, then I don't believe the President would have told laboring people that the farmers were the ones most responsible for the danger of inflation."

O'Neal told the audience that 10,000 farms would be idle in Kansas next year.

Farm Payments To Induce More Farm Output

Some weeks ago the Herald predicted following the fight over farm cost in fixing farm prices that it would be necessary for the government to pay farmers for increasing crops to feed the army and other nations.

A dispatch this week from Washington says the Agriculture Department now finds it will be necessary to pay farmers to produce crops in the "food for freedom" program, instead of paying for restricting crop production. Under plans in the making farmers will be paid for increasing crops to enable higher pay for farm labor; in the hope this labor can be kept on the farm. However, under the proposal farmers could not expect payment unless the yield met the goal fixed for each farm. Here is the gamble with the weather which Washington so far has not endeavored to regulate.

No doubt this will be undertaken in due time.

Have You Received Your Penalty Check?

William Hardman, Miami Twp. farmer stated to Former State Senator Oliver Nelson, Jeffersonville banker, at the Furay sale Wednesday, that he had received a check from the government in full for the amount of his penalty on over-production of wheat under the AAA. This is the first repayment we have heard of. The legality of the AAA act was up this week before the U. S. Supreme court.

Clifton Hallowe'en Dated For Oct. 30

David Ramsey, who has been on the J. B. Rife farm, has rented the Mary Harbison farm, to be vacated by Jack Furay. The latter held a sale Wednesday and will move to his newly purchased farm formerly known as the Pitatic place.

R. A. Huffman announces a public sale as he will move to his brother's farm near Marion, O., giving up the Huffman farm. Morris Boggs, who has been farming part of the Hollingworth land near Port William will move to the Huffman farm.

COLLEGE NEWS

"Goodbye, Pat, we're glad you're going," said Prof. A. J. Host Jr. bluntly to Cedarville College's President Walter S. Kilpatrick. The occasion was the Faculty Reception for the college students and their parents, held in the United Fresh-banish Church, Tuesday evening.

Prof. Hostetter speaking for the faculty made the farewell address to Pres. Kilpatrick who is leaving on a wartime mission to Geneva, Switzerland soon.

After making the above remarks, Prof. Hostetter elaborated on the subject by stating that "for the honor and recognition the college will receive we're glad you're going." Later he said "and to satisfy your own spirit of adventure, Rev. Kilpatrick, we're glad you're going."

Prof. Hostetter pointed out that he was sincerely happy that Mr. Kilpatrick was going on a mission of construction rather than destruction.

Through Pres. Kilpatrick the ideals of Cedarville will reach across the ocean.

Mr. Kilpatrick replied briefly and accepted the good wishes. He also expressed a desire to be included in the prayer of the local people.

The annual Cedarville College Faculty Reception was held in the United Presbyterian Church, Tuesday evening. College students, their parents, and friends of the college were invited to the affair. A musical program was rendered by a group of students.

Miss Helen Santmyer, Dean of Women, acted as Mistress of Ceremonies and introduced several musical numbers. Miss Doris Williams sang two selections, "Pale Moon," an "Indian Love Call," and "A Gypsy Serenade". She was accompanied by Jean Ferguson. Miss Williams then accompanied Miss Ferguson as she played a bass viol solo. The title of the number was "Neapolitan Nights". Mr. Conner Merritt, a freshman, presented a vocal solo entitled "I'll See You Again".

President Kilpatrick welcomed the guests and extended a special invitation to new students and their parents to become better acquainted with the college.

The formal program ended with two numbers by the Glee Club under the direction of Miss Mildred Foster. The numbers were "On the Lagoon" and "Sing Little Banjo".

During the visitation period which followed, refreshments were served. Decorations were in the colorful fall motif, gaily tinted autumn leaves dominating the scene.

The Chi Mu Delta Fraternity has presented two more of its members with New Testaments. Those who received them are: Alfred B. Fehlmann, 36469767 U. S. Army, Btry. B, 448th C. A. A. T. C., Fort Bliss, Texas and John Reinhard, 37th Medical Ambulance Bn., Headquarters Detachment, Camp Rucker, Alabama. The number of frat members now in the armed forces is six. Others in the service already have New Testaments from the frat are Laydon Wilson, Hank Campbell, Robert Guthrie, and Robert Alford with the owner's name and the frat symbols stamped in gold on the cover.

Big Ed have been handed to John Brill, LeRoy Haynie, Herbert Markley Richard Andersen, and Fred Lewis to become pledges of the fraternity. Brill and Haynie are seniors and the others are sophomores.

The fall baseball squad of Cedarville College got its first action Wednesday afternoon when it tackled the Greene County High School Champs, the local "ch" team. Several new faces are present on the college squad, but there are still a few veterans left. Big John Brill is back in school and bidding for the first base job. Carl Watkins, big freshman, and Dick Andersen, last year's first sacker, are giving John a battle for the position. On the mound John Sanders is again top man, but he has John Van Horn, freshman from Rosewood, and Sophomore Millard French to help him. All are right handers.

Bud Irvine, local freshman, looks to have secured base all to himself while Keith Wright, another local, will probably hold forth at shortstop. Third base has been somewhat a question mark, but Van Horn, when not pitching is stationed there. Fred Lewis, last year's third sacker, will still be around also.

Roy Hurley is the only experienced catcher on the squad, but he may get some help through the conversion of some other player to that position. Don Compton and Dean Rabb will battle French and others who do not gain berths in the infield for the three outfield posts.

Of the newcomers Van Horn has

Hallowe'en Will Be Celebrated Oct. 30th

Plans for a mammoth Hallowe'en celebration have been launched today by the Cedarville Progressive Club in cooperation with the public school and village officials for the evening of Oct. 30, at 8:00 p.m.

The affair promises to have an entirely new bent. The occasion is to be educational in nature as well as a time for merriment. Yes, believe it or not, youngsters of the village have been invited by the merchants that night, to soap their windows and the most artistic will receive prize awards. Fred Bird is in charge.

A big Mardi Gras parade headed by the high school and Cedarville college band is to open the gala affair. Parade marshalls are to be Chief William Marshall, Dr. R. V. Kennon, and C. L. McQuinn. The parade-forms at the college gymnasium at 7:30 p.m.

Coach R. E. Dorman of the high school is to be in charge of the various contests, chief of which is to be a pumpkin rolling contest. J. Shirley is in charge of the sound system.

An amateur hour contest is to be staged in the opera house, free to the general public, entries in charge of Mrs. Mildred Foster, musical director for the high school and college. The town hall affair is to be climaxed with a patriotic war bond sales with Judge F. L. Johnson as master of ceremonies. The prize committee as announced by Supt. M. H. Bartels, general chairman, are H. H. Brown, C. Finney, and Frank Creswell.

The following committee: A. Frame, H. Hamman, N. Creswell, were appointed to devise ways and means for the erection of an outdoor roll of honor in tribute to those who are in the armed forces from the Cedarville area.

H & A Employees Ask For Higher Wages

A labor dispute among workers at the Hoover and Allison Co., Xenia, has been certified to the War Labor Board in Washington as the employees were unable to agree with the company management. The men are organized under the CIO. The company has granted several increases and if wages are frozen as Roosevelt said he would in his Labor Day speech there was nothing the company could do. The firm has large government contracts for war material.

If the War Labor Board, under New Deal control, sustains the company it would indicate wages are to be frozen. If not the law and the Roosevelt statement to the public would not mean what he said it would.

The War Labor board this week turned down 135,000 workers in the Ford Motor Co. who asked for a raise. Numerous other companies have been forced to pay increased wages even since the famous Roosevelt promise.

Plain Dealer Does Not "O K" Fireside Chat

The Cleveland Plain Dealer, Ohio's leading Democratic daily, does not give a very high appraisal of the Monday evening fireside chat. The Daily says the Roosevelt talk will not go down in history as a record making state paper. Probably the same objection arose with the Cleveland New Deal exponent that lodged with many Democrats, and that was the Roosevelt statement that if the public did not open their homes to defense worker families he would ask for legislation to force them in every home in the territory where housing was needed. Imagine some Democratic homes in Yellow Springs, Xenia, Osborn and Dayton being forced to take a family of Kentucky hill-billies with five children, a goat, two hounds and a pet pig. Such a delegation of loyal Kentucky Democrats stopped in town last week wanting to rent a house. With Roosevelt's "must rent" order, we can in the future refer possible renters to the property owners that carry the flag of freedom for the New Deal.

CARD OF THANKS

We desire to extend our sincere and heartfelt thanks to kind relatives, friends and neighbors for the kindness, sympathy and floral offerings shown at the death of our dear sister and daughter Thelma Mae Richardson. We especially thank Rev. Richard Phillips for the beautiful words. The Johnson and Mason Funeral Home for their services. Bessie French and Margie Bronston.

COUNTY CHAMPS

Cedarville won on its league season Friday, October 9, by trimming Bellbrook, 4-0. Johnny Jones allowed 6 hits, meanwhile striking out 9. Keiter allowed Cedarville 7 hits in pitching a steady game for Bellbrook. Braley, speedy left fielder, fanned his batting average with 3 for 3 and Harphant collected a triple and a single in three times up for Cedarville.

The Cedarville defense was airtight while Bellbrook committed five errors. In five games this fall, Coach Dorman's boys have committed five errors, as against 16 for all opponents. A definite factor in Cedarville's winning streak is the fact that Jones has allowed only one earned run in 30 innings.

Non-league games have been arranged this week as follows: Wednesday at Jeffersonville and Thursday at Cedarville College.

CLASS ACTIVITIES

The seventh, tenth, and eleventh-year history classes have organized an current event clubs which meet every Friday. The recreation and business meeting is conducted by the class.

The seventh grade enjoyed a winter roast at the cliffs last Friday evening. The eighth grade had their party the same night at the home of Naomi Conner.

CONSERVATION

Several agriculture boys have been excused from school to help harvest potatoes and apples. Others helped collect scrap, cooperating in the count drive.

DEFENSE COURSES

It is planned to continue the program of Defense Courses started in our school last year. Those interested in the type of courses given last year or in varying types of instruction are requested to notify the school office to help in arranging for this work. A splendid variety of equipment has been loaned to our school by the Federal Government. It is hoped that an interest in this work will make it possible for us to retain this equipment for future use.

CHAPEL

Cedarville College and High School had a very inspiring assembly Thursday morning with numbers by our high school band followed by devotions and patriotic pledge.

The feature of the assembly was the splendid farewell speech of Pres. Kilpatrick who is leaving soon for Switzerland.

Albert E. Huey Died Saturday Morning

Albert Elmer Huey, 87, local hardware dealer, died at his home Saturday morning at 8:20 o'clock. He had been in poor health suffering from complications for several years.

The deceased was born in Coulterville, Ill., December 31, 1874, the son of James and Jane Brown Huey. He married Miss Mary Matilda Hemphill in Marises, Ill., November 28, 1906 and they moved to Cedarville August 5, 1918.

On March 24, 1924 he opened the hardware store which has been continued until his death. He was a member of the First Presbyterian church and formerly a trustee. He had served as a director of the Cedarville Federal Saving & Loan, retiring in 1941. He was also a member of the Cedarville Masonic Lodge.

Beside his widow, he is survived by a son, Ernest, Springfield, a grandson, Paul E. of Sioux City, Iowa; a brother, David, of Tripoli, Ill., and two sisters, Mrs. Elizabeth McConchie and Mrs. Esther Ros, Sparta, Ill.

The funeral was held from the First Presbyterian Church, Monday afternoon. The service was in charge of Dr. W. R. Mc Chesney, assisted by Dr. F. A. Juckat of this place and Rev. Kennedy of the Sugar Creek U. P. Church. Burial took place in Massie Creek Cemetery.

Eight Owners Sued Under Building Act

Prosecutor Marcus Shoup has brought suit against eight property owners in Bath Twp. seeking an injunction under the new sanitary building code for the county outside of municipalities. Most all of the cases are in Wright View Heights, near Osborn.

AAA WHEAT CASE ARGUED BEFORE SUPREME COURT

The famous wheat suit brought by Roscoe Filburn, Montgomery County, in Federal Court, against the AAA, attacking the constitutionality of the act as he had a right to feed wheat grown on his own farm without being subject to a penalty. The government attorneys held it was necessary to withhold wheat for feed even by the owner unless the penalty was paid.

The U. S. District court held in favor of Filburn. The case was argued on appeal before the high court last spring, and at the last urged that there be a rehearing after the attorneys Routhan and Clark had produced arguments the government had failed to answer. No decision has been announced on the second hearing.

Sheriff Called To Protect Mayor Baughn

Jamestown had an unusual amount of excitement over the week-end due to friction between numerous citizens and Mayor John Baughn. The main background of the trouble is said to arise over a parking rule with trucks which resulted in some arrests.

It was necessary for Sheriff Walton Spahr and several deputies to escort Mayor Baughn to his home last Friday. Saturday and Sunday nights to guard against violence.

A petition is said to have been circulated among citizens asking for ouster of the Mayor. The petition comes up at the Monday evening meeting of council. A report is in circulation the village council will ask Baughn to resign before any other action is to be taken.

Hogs Would Bring Higher Prices In Open and Free Market

Regardless of the price fixing law to control farm prices and the "market scare" Saturday when Henderson was supposed to drop the ceiling price \$2 a hundred, hogs continue to hold their own and on Wednesday reached \$15.30, the ceiling price. Saturday the price was \$15.65 with a dollar break Monday and Tuesday.

In the World War hogs reached \$23.60. Cattle \$21.50 and Lambs \$22.10. Saturday lambs were \$13.75 in Ohio when most Greene county feeders had paid \$14 for their stock.

What the Henderson meat rationing will do to the price cannot be foretold. It is certain farmers are not to be permitted by the New Deal to be placed on par with labor or industry for profits.

Victory Pig Sale Saturday, Oct. 1st

Chairman Frank L. Johnson, of the War Savings Committee, announces a Victory Pig Sale, rural or shine on the Greene County Fair Grounds, Saturday, Oct. 31st at 1:30 P. M. Farmers are requested to bring in pigs, lambs, chickens, and other livestock, then they will be sold to the highest bidder and the consignor will be paid in war bonds and stamps.

There will be amusements by WLW stars, speaking and a band concert. If the weather is not favorable the sale will be held in the cattle barn. You will find an entry blank in an adv elsewhere in this issue.

GOOD FARM SALE

The farm sale of Jack Furay, Wednesday drew a good crowd and every thing brought good prices, the horses being in less demand. Milk cows sold from \$75 to \$145 and pigs around 20c a pound.

SCRAP CAMPAIGN BRINGS OUT JUNK

The campaign for scrap in the village and townships in the county has brought out many tons of the needed metal. It is estimated that six or seven tons have been collected in town. No estimate has been made of the collection in the township. School children gathered much of it in the township and in town the boys scouts aided by Wm. Marshall who donated use of his truck. Charles E. Rhenbert heads the defense organization in the village and planned the collection of scrap.

WHAT A NEW DEAL VOTE WILL BRING YOU

That a spreading of the war to other nations will follow the trip of Windy Wendell Willkie, advance agent for the New Deal in extending the war.

That your sons of fifteen and sixteen today will in the near future become military policemen to be stationed in far off lands without even opportunity of a future in any profession, the arts, the farm or the factory.

That you will walk for months to come while New Deal and Wall Streeters battle as to who is to control the synthetic rubber for auto tires to be made in factories that are not yet planned, let alone constructed.

That the American farmer faces a heavy hand of the law to plant only government directed crops and to receive only such pay as the government decrees—just as is done in Russia.

That beer and hard liquor will be available to keep a nation drunk while coffee and sugar are to be rationed as they are in Russia today and before the war.

That you will be forced to bear the heaviest taxes ever levied on a civilized people to help pay for the New Deal folly of waste and extravagance.

That plans are now being formulated to levy a special tax amounting to hundreds of millions to feed the unemployed at the end of the war.

That farm labor will be under a labor organizer as head of the social security administration with farmers forced to pay a tax directly into that fund as industry does today.

That schools and churches of all denominations will fall under the control of the federal government just as done in Russia today. Already the first step has been taken with the New Deal ordering the public schools to take on one branch of military instruction.

That farm crops will never be available for the manufacture of synthetic rubber thus limiting the farm market and income of those who toil on the farms.

All of this and much more awaits only the opportunity of the Communist control with another New Deal Congress. You are soon to be forced to walk due to the bungling of the New Deal in behalf of English and Dutch bankers that control the world rubber market.

DEMOCRATIC SLAVERY GETS A JOLT

While the so-called Democratic New Deal fighting a war for so-called democracy received a severe jolt this week when Congress voted to lift the Democratic poll tax that had hindered both negroes and uneducated Southern white from casting a vote. The vote on this issue was decisive even in the face of organized Southern Democrats. It is the one issue the White House has had little interest in, at least not enough to take it before the nation in a fireside chat. With Southern Democracy and Eastern New Dealism, the negro is just a "nigger", the same as he was before the Civil War. It was slavery then and the South has never fully accorded full citizenship. With Republican votes and leadership the bill to give the Northern negro's brothers the right of suffrage was passed without a hint of direction from the White House.

Across the Atlantic England fights to keep India under control to be able to collect burdensome taxes from a helpless people. India demands independence and her right to enjoy "democracy", what the world is fighting for, but England refuses to even make one more promise after other promises have been repeatedly broken.

The negro to Southern democracy is just the same culprit he was before the Civil War. He has never gained a civil opportunity of full citizenship except through Republican votes. The negro that does not recognize this stands in the way of future opportunity of his own color.

YOUR INCOME AND YOUR INCOME TAX

With the new income tax law thousands of new tax payers will be added to the government list. Higher rates and lower exemption means more persons will have a greater share in the government than in former years. One new tax is a five per cent victory or deduction tax taken from each payroll at the source. Another plan yet to come up after the election will be the eight per cent spending or sales tax. Another plan to hit the farmer is the transaction tax now under consideration in the committee. This if passed will take 5 per cent from each sale of live stock that goes to market. If the New Deal follows demands farmers are in for a special tax to offset their living before income taxes are paid. This is now demanded in all fairness to city folks who are compelled to get their living after their income taxes are paid.

To many the rates will take 70 per cent of income and you can find figures in another column on this page as to how much each single person must pay who makes \$600 a year. If you do not insist on eliminating useless spending by the New Deal your own modest tax will be doubled within the next year. The cost of the war is enormous but it is nothing in comparison to the thousands drawing federal pay for doing nothing but publicizing the New Deal. You cannot expect less spending when the New Deal can maintain a hold no other way. The result in the end is bankruptcy for the nation. A Republican congress is all that can save the nation from bankruptcy and a heavier tax burden. You are asked to give your son even before he can secure a high school diploma. And you are going to be asked for much more if you do not register a protest.

Wilbur Glenn Voliva is dead at the age of 78 and did not live until 1916 as he had predicted back in 1911. Being the self-styled prophet of Zion, Ill., headquarters of the Dowie cult and successor of the Rev. John Alexander Dowie, Voliva ruled the religious city without liquor, tobacco, pork and oysters but with an iron fist. A number from this community took up the Dowie theory and several families, including a former superintendent of schools, John Henry Sayers, located in that city. Voliva at one time attended Antioch College.

Scrapping for scrap has developed a new kind of scrap with some hot words. Down in Georgia the Daughters of Confederacy are up in arms over scrapping a Civil War gun used by the Confederates. Even the historic iron fence is the subject of debate in the south as well as in the north. When the New Orleans Spanish second story iron grill porch is that are the marvel of the age, the finest example of handcraft we have ever seen. In Springfield the iron fence is the bone of contention. We counted twenty-nine on fences around property on E. High st., Tuesday morning from Spring to East Sts. In Yellow Springs iron fences have been pulled out without asking permission of owners. In Xenia the suggestion of scrapping an old fire engine owned by the Legion brought debate. Then came retaliation. How about the iron fences, iron railings to modern government mortgaged dwellings and iron grills at doors of modern homes? Since the latter entered the discussion the old fire engine seems secure and so are the fences.

Now the ladies are asked to give up their rayon and silk petticoates and such other undies that are made of these materials. Has the White House bureau drawers been searched for the much needed material for the war effort? Senators from the cotton states object to placing rayon in the hands of the duponts, one of which married into the Roosevelt family. Sen. Cotton Ed. Smith, Dem., S. C., raised a storm but it looks like there may yet be a cotton market. Look at the yardage necessary for the ruffles on cotton skirts and panties, like the grandmas of yesteryears wore. You may get your choice of "stocking legs" or cotton stockings. There will be no other alternative under New Deal decree.

The white press has vented itself to a wide extent over the secret trip Roosevelt took inspecting munition plants from the seat of an automobile. The daily boys think they were played on "suckers" and they were and again will be willing victims as long as they continue to peddle the White House yarns about the farmers as the guilty persons that would plunge the nation into inflation. We have as yet read no comment by any daily paper that has given the true situation. If the press had stated it was unlawful for any newspaper to publish the acts, and whereabouts of the Commander-in-Chief during war time with out his own announcement first, the public would have known why nothing was said.

Everyone is going to be interested in the income tax payments next March with several new taxes to hit the salary check or profit account of individuals, firms and farmers. We have taken a few samples of what it will cost under the new income tax law passed last week. The minimum exemption for single persons is \$600 and the income tax on this amount is \$6.20. If you earn \$1,000 and are single the tax is \$64.70 if you earn \$2,000 and single the tax is \$287.80. A single man working at Patterson Field and drawing the usual \$37.50 a week for common labor, will be asked to pay an income tax on \$1950 which will amount to \$287.40. A married person with no dependents will pay a tax of \$144.48 on a salary of \$2,000. A married person with two dependents and \$2,000 income will pay \$38.58. On an income of \$1,000,000 the income tax for a single person is \$909,995.00, which should be proof that two "can live cheaper than one." Long will the New Deal be remembered for debt, taxes and death.

Saturday the Roosevelt administration, bearing scars from the Congressional fight over farm price fixing, set out trial balloons to get sentiment on lower hog prices. The press was given a story that Henderson was to reduce hog prices the following Monday from \$1 to \$2 a hundred. On the radio Saturday night the \$2 per hundred reduction was announced. Monday arrived and buyers did not bid, hogs dropping 70c. Tuesday another drop of 25c. The same day Henderson increased the retail price of lard three cents a pound and this hit the consumer. With Roosevelt determined to cut farm prices, regardless of the Sept. 15 stabilized price, the last law has been flouted and far-

looked the best. He was a pitcher at Rosewood High School, but has played other positions with various teams. Don Compton comes from Spring Valley as a combination outfielder and first baseman. Roy Hurley also comes from Spring Valley. He was a second baseman there but caught at Kingman High School before that. Bud Irvine is right at home at second base in more ways than one. He lives in Cedarville and played second for the local high school a few years ago. Carl Watkins, Xenia, graduated from Cedarville High School and is rangy enough to make a good first baseman.

The five sophomores, Anderson, Lewis, French, Babb and Wright all saw action in the abbreviated season last year, and Brill is the senior who is back after a years absence. When he was a junior he was the regular first baseman.

TWICE as much for YOUR MONEY!

Alpagona the coat with the double-dense fabric

\$32.50

You get twice as much for your money in an Alpagona, for the simple reason that this coat is unusually soft and luxurious to the touch—and yet—unusually rugged and long-wearing! For on the face of every square inch of Alpagona fabric, you find twice the usual number of hair fibres. That's what textile scientists call a Double-Dense fabric... a fabric which feels a lot softer, and gives a lot more mileage, too! No wonder then, we can promise you double value!

THINK—then VOTE

America is engaged in a total war. One of the freedoms being fought for is our constitutional right to elect our own public officials. If we lose this war, we will not long retain this or any of our other freedoms. Help preserve them by voting intelligently on Nov. 3 for officials who have made good. It is not only a privilege, but a patriotic DUTY.

Under Governor BRICKER

STATE FINANCES have been put in order; the inherited \$40,000,000 deficit met; a surplus of more than \$20,000,000 has been accumulated—without increasing state taxes.
STATE COUNCIL OF DEFENSE was organized before Pearl Harbor to meet war emergencies.
STATE DEPT. OF AGRICULTURE has been reorganized to better serve both rural and urban Ohio.
LOCAL GOVERNMENTS have received back a larger percentage of tax money than in any other state.
THE AGED have been helped by providing more funds for pension than under any previous administration.
LABOR has been given the most liberal Unemployment Compensation Law in the nation.
EDUCATION has been promoted by restoring the depleted School Foundation fund; increasing financial aid to local school districts; providing leadership for adult training in war work.
INDUSTRIES have been helped in competing for war production. Ohio today has a greater number of plants in war work than any other state.
HIGHWAYS have been geared to the war effort, keeping civilian needs and problems also in mind.

A patriotic telephone user's Wartime Pledge

"I am one of the millions who daily use the Bell Telephone System. I realize the terrific strain that war work has put upon all forms of communication. As an American citizen, I wish to help in every way.

I, therefore, pledge myself—
To avoid all unnecessary calls;
To be as brief as possible;
To answer incoming calls promptly;
To see first if numbers are listed.

Furthermore, I do pledge myself, to be courteous to the voice at the other end of the wire; remembering, at all times, that we are fellow workers in Defense, and striving together for Victory."

This pledge, voluntarily given by a Dayton, Ohio woman, typifies the spirit in which Ohioans are accepting their responsibility of reducing telephone usage to clear the way for war calls. We greatly appreciate the excellent co-operation of the thousands of telephone users who are helping us do our fullest share for victory.

Proposing to amend section 13 of article IV of the Constitution of Ohio, relative to vacancies in judicial offices.

ARTICLE IV Sec. 13. In case the office of any judge shall become vacant, before the expiration of the regular term for which he was elected, the vacancy shall be filled by appointment by the governor, until a successor is elected and has qualified; and such successor shall be elected for the unexpired term, at the first general election for the office which is vacant that occurs more than thirty days after the vacancy shall have occurred; provided, however, that when the unexpired term ends within one year immediately following the date of such general election, an election to fill such unexpired term shall not be held and the appointment shall be for such unexpired term.

BE IT ENACTED, REVOLVED, THAT, at such election herein referred to, the above proposal shall be placed on the official ballot in such form as the secretary of state may prescribe; if the vote for the proposal shall exceed those against it, this amendment shall take effect, and existing section 13 of article IV of the Constitution of the State of Ohio shall be repealed and amended.
