January 1896

New Years day. 1896

Wednesday 1st January.

We have said good by to the old year and have turned to welcome the new one. Let us never forget during this new year "To be true to the present. Keep close to duty. Never mind the future, if we only have peace of conscience, if we feel our selves reconciled and in harmony with the order of things. Be what you ought to be; the rest is Gods affair. It is for Him to know what is best."

"Let us not look forward to what may happen tomorrow; the same everlasting Father who cares for you to day will care for you tomorrow and every day. Either He will shield you from suffering, or he will give you unfailing strength to bear it." Let us learn to endure hardness as good soldiers – of Jesus Christ – during this year 1896. If the Lord be God follow Him. Our daily life is our true life. What we need is more practical religion. I went down for Aunt Jane as usual – only got to speak to grandmother Murdock as I was late. One of the students from Xenia Seminary preached – Rev Gallispie – Text "Prepare to meet they God O [illegible]." This command is addressed specially to every individual. This preparation is to be made because of mans total depravity – and because the judgement is sure to come – and because it is a solemn thing to meet God – and because God solemnly warns us to make this preparation – and because of the great reward – When should this preparation be made? Not knowing when we shall be called to appear before God we should begin our preparation immediately. We should be in earnest and do it with our might. After preaching Clayton went down with Clara to grandmothers and Aunt Marys. Clayton at the Juniors C. E. and came home with Jason from there. Mrs Maggie C- gave me this beautiful verse of poetry to day – We had the subject of the verse before the Bible class last Sabbath –

"Unanswered yet"

"Unanswered yet? Nay, do not say ungranted!
Perhaps your part is not yet wholly done.
The work began when first your prayer was uttered,
And God will finish what he has begun.
If you will keep the incense burning there,
His glory you shall see sometime, somewhere."
Robert Browning.

While away, Martha keeps her own daily journal of the events during their trip and that brief journal is sewn into the back of the 1896 journal. 17" June Wed. A beautiful day – Mr Mc and I are home now – so I begin in this old book where Clara left off – I am sorry she made the omission on the other page – but so let it be. Clara & Paul met us in Springfield – Harlan was at the train with them as we got off – Among the crowds around the train none seemed to look so well to us as they did. We reached home past noon and took a light lunch – And then had supper at an early hour with the family. Fannie and Donald & Malcom and Clayton & Jason and Harry and Aunt Sidney here – On last night we had a grand stay in Indianapolis – left there at six this morning. We found everything going on nicely both in the house and out of it. While our visit was grand we are truly glad to be home again. This is our place – The man from Clifton Warner Hamilton is still here working at fences – One thing we noticed was how fast the weeds grow – The good things must be cultivated – the bad needs no cultivation but spring up of themselves – grow & flourish. Weeds to be rooted up by the roots. It is just two weeks this afternoon since we left home – Although we were well entertained while away and carry home sweet memories of our friends there yet I can not but be glad to be home again – it is here where our work is – it is right here where the great battle of life is to be fought – The time is short. We are very tired must retire early.

18" June Thurs. A beautiful day – when I got up this morning and looked through the home and around I could see so much to do – but as the day wore on I began to see that more was needed to accomplish what was to do than to look and to know and to be willing – Its takes willingness and tact and strength We were busy all forenoon – This afternoon Fannie and Donald and Malcom and Paul & I at town to see grandmother Murdock – she thought I had been away for a long time and I thought so too – I called at Mr Mortons met Prof McChesney

I have been ironing all A.M. Clara helping with dinner. Uncle Dan called – he brought the mail from C. George Smith married last night. In my reading to day these thoughts impressed me – “Accustom your self to speak, move, work in peace, as if you were in prayer – as indeed you ought to be. Listen to the leadings of grace, and say and do nothing that the Holy Spirit does not put into your heart. You will become more tranquil, your words will be fewer and more effectual, and with less effort you will accomplish more good.” This afternoon Aunt Sidney & Effie Worley went with me over to Jamestown Aunt Sidney has been here for five weeks – I took her over to her home as she wishes to take a little vacation. Effie remained over at her sisters – Lucy came back with me and I took her over to her home – I do not know when I felt so much disappointed as I did when we received Freds letter telling us he rec’d a dispatch from Shorts[?] telling him to come at once to his place in Chicago – and that he would not be home this summer – we have been expecting him home just most any time – This news feels like a cloud upon us – we were all so confident he would come – To night life seems very “earnest” indeed. Uncle Joe rode down home with us. I called in to speak to Mrs Bell McMillan as I past there [sic] old home. I did not get home until after night. Harry & George G- in C- to night.

24" June. Wed. Pleasant after the rain. I took Fannie & Donald & Malcom out Mr John Collins's this morning to be gone until tomorrow evening – when I came back to C- I stopped with grandmother Murdock and Aunt Mary. I was there to dinner and until after the mails came in this eve – A letter from Homer – he is still going on with his work at Kings School of Oratory in Pittsburg. Mr Mc and Harlan & Clara & Clayton and Jason and I were there. Fannie and Mrs Stuart and Donald, Malcom and Paul at home – so was Harry & George. Mr Mortons sermon text "And when he is come, the Spirit he will reprove the world of sin & of righteousness and of judgement." When the Holy Spirit shines into our hearts and into our Bibles we will see what is there – and there will be a wonderful change in the best of us. This evening the Sr. & Jr. Christian Endeavors had a union meeting. Clara Clayton & Jason there – Harlan went down to see grandmother and Aunt Jane. Last night and this morning I felt wonderfully burdened – the clouds hovered over the kitchen & vicinity – but I record here that we were wonderfully helped there was a light shone down and the clouds scattered and all was peace and a benediction – And to night I feel truly thankful for the help & peace given to us so bountifully.

This has certainly been a large day. Riley was full of life and seemed to be very happy. Uncle Silas took me all around the plantation and in the afternoon late he took Lizzie G- and Paul and I to see his bean patch and the lay of his farm. He showed us some old trees that marked the old school path. We did not reach home until near nine. Donald and Malcom waited until the second table both at dinner and at supper and behaved like little men Clayton & Jason out here and there to night again. These boys must be called to halt. "Eli's sons were sons of Belial because he restrained them not." May we be helped and all to do the right thing that at the last we may not be left to regret having taken the wrong road.

July 1896

1" July Wed. A beautiful morning After a struggle Mr Mc and Fannie left for Wilmington to visit Aunt Mary E. They went in the buggy and drove two horses – The "struggle" was to get this plan carried out – They drove out at seven – but they will gain time in the end I feel sure. All Christians do not dwell in the secret place of the Most High only those do dwell there who live in a consciousness of Gods presence of a conscious nearness to Jesus – who have the Spirits blessed presence – This life begins by trusting and by practicing the presence of God. Recognizing His eyes upon us in every act and thought throughout the day – and every time Satan makes an attack upon us to cling the closer to Jesus. If this life is

ours – we will know God better and our Bibles better we will love more and greater peace will be ours. Clayton and I here with Donald and Malcom. Harlan came down from Springfield to church this morning and came out home with the folks – Yesterday and to day I am feeling quite sad – I can not forget that Tuesday morning Fannie & Donald and Malcom will be leaving us – this fact is the most prominent truth that confronts me these days – hence I am sad. Harlan brought Freds trunk down this morning with him from S- Fred had shipped it there when he went to Chicago – Now I am very sorry he brought it – for I tell you there is not any gain or much blessing by doing wrong on Sabbath – How much we need to pray that we may be kept from sin or from being careless about the Sabbath. Clayton & Jason drove out with their trunk – Uncle Dan here to tell them good by. Mr Mc & Clara and Paul took them to the train. I did not care to go – Aunt Bell and her girls were at the train – Maggie Stuart was on the train ready to go on with Fannie – It will be seven weeks in the morning since Fannie and the children came – I have planned and dreamed about this visit for over a year – and now it is past and they have gone and I can hardly realize it – for it seems so very short – Of course our being away the two weeks in Monmouth was a blank in her visit to us. It is no wonder the Bible says our lives pass by as a tale that has been told. I certainly feel sad & lonely this day – yet I know her home is at the other end of this journey and I know, perhaps, she ought to be there – yet – I – am – sad. Quite warm but a good air stirring – Clara Clayton and Jason and Paul at Sabbath School I went along and drove down for Aunt Jane but she could not leave Aunt Matt – I stopped into speak to grandmother Murdock – Mr Mortons text "But thanks to God who giveth us the victory through our Lord Jesus Christ." We are engaged in a great conflict – the battle has really begun. Satan and the powers of darkness are arrayed against Christ and we belong to one of these sides or the other. The subject is the great conflict – or the great war between Christ and Satan – between good & bad – between right and wrong. Amid the struggles and discouragements of life God does give us the victory – How often evil thoughts

and evil passions swell up in our hearts and if it was not for the blessed help and deliverance we rec'd from God we surely would fall into the hand of the enemy. "But thanks to God who giveth us the victory through our Lord Jesus Christ." How glorious the picture – The Babe of Bethlehem – the meek and lowly Jesus – and yet the triumphant conqueror – "Yea, all kings shall fall down before him. All nations shall serve him." "His name shall endure forever." After preaching Clayton went down Aunt Mary to grandmother Murdocks and came home with Clara and Jason from the young folks meeting. I have been busy with the lessons this P.M. Spent an hour with Paul.

We followed in the procession to Springfield to Fern Cliff Cemetery – I have long wanted to see those beautiful grounds – and this seemed a very fitting time – but about the time we fairly entered the Cemetery the threatening clouds gathered around and over us and the winds blew – and the lightning flashed and the thunder roared and the rain fell like a second deluge. We were all protected from the storm we drove under the trees for protection and lost sight of the procession – it was a sad parting indeed. After the rain ceased we drove to Mrs Stuarts Mr Mc took the carriage to the stable and came back to Mrs S's we set the contents of our basket on Mrs Stuarts table and had the dinner we expected to have eaten in the Cemetery. Mrs S- and Sadie sat down with us – we did not stay long after lunch but started home Harlan came down to see us and rode back with us to one of the groceries at this side of town. Mr Wellingers friends seemed immense judging from the great gathering at his late home in the Yellow Springs this morning We reached home about dark. They had a very hard rain here. They had a terrible storm rain and wind in Springfield last night. Jason took Mrs Worley up home – He and Warner were just driving out to town as we came home his father had him stop turn around and put his horse in the stable -- & stay at home – I feel confident little as Jason appreciate the kindness to night – if he lives he will see the day that his heart will be full of gratitude for the great good done him – I know this.

5" Aug. Wed. Most a beautiful day and very eventful day indeed too. We were expecting company. Jason went to the office and brought a note from Ima Roderman saying she would not be here to day, but would come to visit us next week. Blanch & Mary were to come – and at the eleventh hour Clara sent an invitation to two of the singers that belong to the “Clarions” to come with them – but they went on the early train to Charleston – and Blanch and Mary asked to be excused as they had to go with their Mother to Xenia. Near noon the rest of our invited guests came – Walter brought out Sam Murdock and Harlan came on his route from Springfield to Pitchin bringing Sadie Stuart with him -- These we expected – but what surprised us the most was about the time dinner was ready to serve in stepped Homer – he came from the Lancaster Camp meeting reaching C- on the half past ten train – he rode out part of the way and walked the rest. He left here the 9" of June to attend Kings School of Oratory in Pittsburg – from there he went with King and his class to Conneaut Lake – and lastly he went from there with King and his class to the Lancaster Camp meeting grounds. And right here I must say that Homer never came home looking so so well as he does this time – so changed, some way he evidences a happy change for a higher and nobler life than he has ever known – or capable of enjoying – before – After dinner awhile Harlan started on his route – late this P.M. Walter left

with Sam M- for Charley Cooleys to take supper there Homer went to C- for his goods and this eve he went to spend the evening with Selma friends. McDowel here helping in the hay field – here with Uncle Joe and Harry & Clayton & Jason Paul & Mr Mc to supper – All were here to dinner too – Will at work as usual. This P.M. Clara and Sadie in the front yard most of the time Clayton took Harry to C- this eve – came home past Warner Hamiltons –Lucy here at work.

6" Aug. Thurs. Homer at C- this morning and home again to dinner He brought a letter from Fannie – giving an account of the Centennial Observance at the church of which Mr McKenzie is the pastor. This church was organized in 1796. It has had seven pastors in that time – Rev John McKinsey[?] D.D. the first and Rev T. N. McKenzie (our son) the present pastor. He was installed in 1890. The old church still stands – the cemetery right beside it – it is out of Pine Brush about two miles. The new church is located in the village of Pine Brush. The men finished the hay and started to getting in the remainder of the wheat on creek pasture – just our own men at work to day. Uncle Joe out with Wm & Harry and Clayton & Jason. Paul around back and forth with his father. This evening after an early supper Clara Sadie and Homer went to Cedarville – Jennie M- returned from her western trip to day. Grandmother Murdock very poorly indeed – I must go to see her tomorrow. Clayton & Jason at C- at a business meeting of the Jr Cris E-[?] Clara & I finished the ironing to day. 8" Aug. Sat. A very warm day. Heavy rain last night. This morning Clayton took Harry Whaleand[?] to the train in Selma. He came here the 9" of January. This has certainly been one idle day – with the men folks at least – near noon Mr Mc and Clara and Sadie left for Springfield – they had not gone very far until Mr Mc thought best to return to give some orders – dinner being ready they took dinner – had their horse fed and resumed their trip directly after dinner. Lucy has been busy to day – [?] & the boys around – Mr Mc here on a chatt. After dinner Homer took Uncle Joe home – and returned home about dark. The folks did not get home until after ten – Clara took supper with Sadie and Mr Mc with Harlan at Adams. Uncle Silas in S- very warm indeed.

9" Aug. Sabbath. Very warm. Homer Clara Jason and Sadie at Sabbath School and church. Lucy went home after breakfast – Clayton and Paul here alone Mr Mc and I at church – Rev Saml Ramsey preached – Text – “For he shall be great in the light of the Lord.” These words refer to John the baptist – He was a poor man and was born in the hill country of Judea – in perhaps a hut – yet God sent an angel to tell that he would be born and would be great in his sight. Gods idea of greatness is very different from what the world calls great. What impresses the world is high birth – wealth and great talents – but none of these things make us great in the eyes of the Lord. A man may be so poor that his home is a hut and without the necessities of life and known to the world only to be despised [sic] and yet be great in the eyes of the Lord. One thing that makes us great in the eyes of the Lord is obedience. This was a beautiful trait in John the baptists character. God wanted him to stay in the wilderness and preach there and he did it. He wanted John the baptist to tell Herod of his sin and he did it. In all things he was obedient. If we would be great in the eyes of the Lord we will be doing good by our example and by their prayers. Prayer is the key that unlocks Gods treasure house. A Mothers prayer has brought down Gods blessing on her family and often brings down more blessings after she has left the world. To be great in Gods sight we will be doing much good by our personal effort. It is better to be great in the eyes of God than in the sight of man – for it is more lasting Worldly greatness passes away – but the other like the stars forever & ever. It is better to be great in the sight of the Lord because this greatness is within the reach of all. Few comparatively are great in the sight of the world because worldly greatness can only be reached by small number – All can be great who fear God – and are obedient to Him – and who earnestly seek him. Those who do the will of the Lord are in the closest relation to him. The greatest reason and after all the only reason that John the baptist was great in the sight of the Lord was because he was filled with the holy ghost. This Spirit we must have if we are acceptable in Gods sights. This P. M. – at the close of the services – Mr Mc and I made a brief call at Aunt Janes and at grandmother Murdocks. Jason at the Jr. C. E. meeting this eve. Clara & Homer & Sadie at the Sr. meeting Clayton and Paul here with father & me. This afternoon spent with Clayton & Pauls lesson up stairs on the porch. Jason not feeling very well – he remained at home to day & covered up in bed. Mr Mortons text: "Sanctify thy selves for tomorrow the Lord will do wonders among you." The Bible the church and the prayer meeting are the places we go to get strength to do the Lords work. Some of our loved ones are careless – God is desiring to work wonders in our home – If we wish to be receive this blessing we must sanctify our selves and be ready to receive this great blessing. There are larger measures of love and faith than which we have ever yet received. Every dew drop sparkles in the sun shine reflects the sun and contains a real picture of the sun. So should every Christian reflect the image of the Saviour or of the Sun of righteousness. Christians should live so that the world can take knowledge of them that they have been with Jesus. dead and laid upon the bed He went in therefore and shut the door upon them twain, and prayed unto the Lord.” Seems it prayer is the subject of this text – we see its importance, power and efficacy. The history of every redeemed child is that they were men and women of prayer – to be without prayer is to be without God – Secret prayer is a personal matter – no substitute can be employed – We must have a time and place for prayer – The earth itself is a magnificent temple any part of which can be converted into a closet. Every Christian should have a private chamber where he can retire from the world and be alone with God. There are many sins to confess – many blessings needed – We need to pour our hearts out to him – when none but God is near. Elisha was terribly earnest – he wrestled agonized and prayed until God heard & answered – This is what we need to do – We should take our son or daughter who is dead in trespasses and sin and never be satisfied until the blessed Spirit of God [illegible] them up and breathes into them the blessed life of the holy Spirit. We should keep near to God – Set the Lord always before us. Live in close communion with him every day. If we do this we follow him into the closet – to family worship to the house of God to Sabbath School and to the prayer meeting and to the communion table – This is the road over which our leader past – and over which we must pass if we follow him. We can follow the Lamb by cheerfully submitting to trial and disappointments – To follow the Lamb we need to imitate Christ – to become like him. Aunt Matt staying by her self – I was in Sabbath School a short time this morning. Mr Mortons text "Come, my people, enter thou into thy chambers, and shut thy doors about thee; hide thyself as it were for a little moment, until the indignation is overpast." The leading thought. Christ the sinners refuge – Christ invites us to a place of safety. It is danger to trifle with our eternal interests. There is a danger around us and the invitation is for to get home & to close the doors about us. We are also invited a place of rest – It is to lay aside for awhile the work and warfare of life and to enter our chamber and shut the doors around us to commune with our God. There is rest in Christ and in the graces and ordinances of religion. Then after the trials and hardships are over there is a blessed rest for the children of God in heaven. We do not enjoy the rest we should because we do not accept of this invitation. God does not only promise a blessing after the hardships & sufferings of this life are over but he promises to give us a blessing and rest and comfort when in the very midst of our trials and hardships here. God invites us to draw close to him and let our burdens fall upon him & he will sustain us. No matter what the care – what the sorrow or the anxiety he invites us to carry all to him and he will bear them for us. As Christians we do not keep close enough to God and on this account we are weak when we ought to be strong. We do not retire from the world and close the doors around us as God has invited us to do to hold daily communion with him. Then when the great battle of life is past it is eternal joy – it is everlasting victory and never ending rest. Mr Mortons text There hath no temptation taken you but such as is common to man; but God is faithful, who will not suffer you to be tempted above that ye are able; but will with the temptation also make a way of escape that ye many be able to bear it.” God proportions the temptations that are to meet us to our strength – For God knows how weak and frail we are. Away back in Eternity God arranged a program for us and on that he has all the trials and temptations and tribulations that are to meet us here. It would be well for us to remember that God is on the throne and his hand and unerring wisdom is arranging all for us. After preaching we met Harlan – he came down from Springfield and did not get in until late. He and Fred went down to see grandmother Murdock – and to see Aunt Matt – grandmother very anxious to see them. Rain all afternoon & evening – and very dark to night Cara went away this morning. Alex Pugh the only servant that is with us. I am afraid there have been a great deal of idle words here to day I wonder if we all remember what a holy sacred day the Sabbath is. There are two or three verses I committed to memory this eve.

Be Not Weary

Yes, He knows the way is dreary,
Knows the weakness of our frame,
Knows that hand and heart are weary;
He “in all points,” felt the same.
He is near to help and bless;
Be not weary, onward press.

Look to Him, and faith shall brighten,
Hope shall soar, and love shall burn;
Peace once more they heart shall lighten,
Rise! He calleth thee! Return!
Be not weary on thy way;
Jesus is thy strength and stay.

I also committed these lines written by Alexander McLaren. The helm of the Universe is held by the hands that were pierced for us. The Lord of nature and the mover of all things is that Saviour on whose love we may pillow our aching heads. What a beautiful assurance. Christ puts us into a new relationship with God and a new relationship with men – There can be no true life or thinking away from Christ. If you want a richer joy a more blessed life a higher hope & assurance you can find it alone in Christ. The writer said – Every life is fill of experience which no human wisdom can make clare. Our affairs are forever getting tangled like threads in a childs hands, and the tangles we have no skill to straighten out We cannot see how anything beautiful or good can come out of our poor living or our feeble striving. Oft times our circumstances seems to unfriendly. Our days are full of disappointments and our nights rest is unbroken by fear and anxieties. The Christians privilege

in the midst of such experiences is to commit all into the hands of Christ. He can take our broken things, over which we weep bitterly and build them up into beauty. One of the finest windows in a great Cathedral is said to have been made out of the fragments of broken glass which the workmen had thrown away as useless. A skillful workman, or hand gathered them up and brought them into lovely form. When the days seem "dark & dreary" I can have these comforting thoughts to refer to.
