Bishop Patrick said, It is distrust of God to be troubled out what is to come.
Impatience with God to be troubled about what is present—and anger at God to be troubled for what is past.
Pray to the Holy Spirit.
There is something for us better than praying for and in the Spirit; we may pray to the Spirit. Prayer is to be offered to him as well as to the father and to the son—and all the more now that we are under his dispensation. 15 Feb 1899
Two good rules for each morning. Never speak to a man ‘till you have spoken to God; never read a line of man’s books till you have read God’s book.
We must have favor with God before we can have favor with man.
A man can never really have favor in this world until first of all he has favor with God, and all the life that is right and the heart that is clean and the will that is really surrendered may claim this.

On the back of the first page:
“And Asa cried unto the Lord his God, and said, lord, it is nothing with thee to help, whether with many, or with them that have no power: help us, O Lord our God; for we rest on thee, and in thy name we go against this multitude. O lord, thou art our God; let not man prevail against thee.” 15 June 1899
“And [?] called on the God of Israel, saying, O that thou wouldst bless me indeed, and enlarge my coast, and that thy hand might be with one, and that thou wouldst keep me from evil, that it may not grieve me! And God granted him that which he requested.”
“Be of good courage and he shall strengthen your heart, all ye that hope in the Lord.” 15 June 1899
“Unto the upright there ariseth light in the darkness: he is gracious and full of compassion, and righteousness.” 30 October 1899

New Years day 1899
“O the coming of the new year
Fills my soul with thoughts sublime
Precious seems the golden moments
Onward [borne] by fleeting time;
And a spirit stirs within me,
[?]ing me to nobler strife,
With an earnest, brave endeavor,
For a better, brighter life.”

“And with grateful hearts [?],
I thank the Power Supreme,
Who extends my days in mercy
That the past I may redeem;
For His loving hand that helps one,
For His voice that speaks to me,
For the opening of the New year—
Though its close I may not see.”

I can scarcely realize that this is New Years day—the new year here. Every year brings its changes—What will this year be to us. Not in our own strength do we start out to meet the responsibilities that is awaiting every one of us. Let us remember we are not only responsible for what we are but for what we might have been.

We were at lunch today and Mr. Morton’s New Years sermon was an inspiration for the year. His text “As they days, so shall thy strength be” He said God promised each one of us all the peace and strength we needed to conquer every enemy and meet every emergency. As we [?] our journey through the new year we will often have work to do for which we have no present ability. The first lesson we have to learn is out weakness and inability, and then to know that our all sufficient help is in Jehovah’s name. We have work in the family and in all places for which we have not the ability to perform—but in the name of our God we are commanded to go forward. Our work in life is determined by the power of God. We receive strength for duty in the performance of duty. “As thy days, so shall they strength be.” God promises us strength in this text to overcome our enemies. Some are assailed by one enemy and some by another. Some will be tempted to doubt God—and some will be filled with envy and evil speaking and jealousy and discontent—but if we are looking to God for help, we will be helped—[illegible 1 or 2 words] out of every sin into quiet and the blessed peace of God. Before the close of this year that begins today many of us will have hard troubles to endure and some of us will have to cross the dark river. God does not give strength for the whole year at a time but just as it is needed—day by day—hour by hour—moment by moment. Mr. Mc and Clara, Jason and Paul and I at church. Clayton and Frank [Per?] at home. This afternoon Clayton and Paul rang the bell for Sabbath School—a nice warm room—“Bel[lieved?] all things ready” and not a single scholar. I spent the hour with Clayton & Paul. I left the Sabbath School with God. He can change every heart. “Thine is the power.” I am perfectly helpless—I left it all with him.

After preaching Clara went home with Aunt Mary. Jason went to the young folks meeting and to the H. P. Church. [crossed out and written over] Clara was there and came home with him. It is quite cold today and tonight is getting colder. Now [?] this first day of the New Year. We will mention the children—one by one and their whereabouts.
Fannie and Mr. MacKenzie with their two boys—Donald and Malcolm are at Port Jervis. Fred is at Monmouth much of his time associated with Mr. Phelps in his rail road scheme. Clara has been attending Monmouth College this year again and came home to spend her vacation. She will be going back this week. Harlan is still in Springfield with Mr. Carson. He was been with him for over five years now. Homer did not go to the Union Seminary in N.Y. this year, but is attending the Reformed Churches Seminary in New Brunswick, by the way he belongs to that church now. He is spending his vacation this year again at Port Jervis with Fannie and Mr. MacKenzie.

Clayton is attending the Cedarville College this year and stays with Aunt Mary Murdock in town along with several other boarders, students. Jason is at house this winter. Paul is at our school this winter here on the [pike?]. Miss [Wyhe?] teaching. He asked me this morning Mother what do you think I will be? He said I am going to study every lesson and when I get old enough will teach school, and when I get my own money I will go to college. I hope we will carry out his plan. Uncle Joe is still one of our family. Mrs. Webster is with us since our woman Mrs. M. E. Peterson went to visit her daughter.

Franks Perkins who came to us the Friday before Christmas is still with us. He is faithful and good—so far. Philip [Wisecup?] and wife and little child occupy the tenant house. They have been with us since October. Mr. Mc and I around the [camp?] well and happy—I am sure.

2 January, Monday, A gloomy day but cold. Mr. Mc had seven loads, wagon loads of hogs taken into Mr. [Pindal?] to Selma this morning. [Blank space] head at $ [blank space] per hundred—Mr. Mc and Clayton and Jason got back at one o’clock—Mr. Charlie [Turnbul?] here waiting to see Mr. Mc and stayed took dinner with us. Clara and I got the dinner. Paul started back to school this morning. This afternoon when Clayton went to town for Uncle Joe and Mrs. Webster Clara went down with him and spent the most of his time at Mr. Mortons—[words crossed out then over them] She was there for tea. She went with some of the folks to the train to meet Miss, Prof, Anderson. She also attended the Union prayer meeting at the hall. Jason at C. and at the prayer meeting too. Before coming home she called around and told the folks goodbye. This will be her last night at home for awhile—and I fully realize it she has slept with me ever since she has been at home. Uncle Joe came back with [erased or scratched out name] afternoon—but Mrs. W. will come in the morning. Clayton at Selma this evening on [illegible].

3 January, Tuesday, Moderated considerably. The wind blowing. Uncle Joe took Clayton and his traps to College this morning and brought Mrs. Webster out. Paul at school. Jason all dressed to take Clara to Springfield to the train but he gave up the trip in order to let his father go. Clara called to tell Uncle Dan good by and when she got as far the gate she learned they had the chicken pox and beat a hasty retreat. After an early dinner Clara bid us all good by and left with her father for Springfield. She left S. this evening for Monmouth College. I felt so lonely after they were gone that I took a good sleep and called to see Mrs. Marshall. She is in a very critical condition. Christ said visit the sick. I find there are very many things that one might do for her. What even is to be done do it now for tomorrow may be too late. Mrs. Webster in charge here. Will Mc. Called this evening. Mr. Mc came back about nine. He and Clara took supper with Harlan. She left on the six o’clock train Mr. Mc had a lonely trip back reaching here at nine o’clock. Uncle Joe & Jason and Paul had [relived?] when he came. Frank was out to wait on him.
4 January, Wednesday. Tonite a [illegible] day. Raining most of the time. Mr. Mc and Uncle Joe & Jason and Frank around. Paul at school. Mrs. W. busy, but she is not very well today. This afternoon Mr. Mc went up to see Uncle Dan—he is not very well. This eve all at home. It is pouring down rain.

5 January, Thursday. A nice winter day. Paul at school. Uncle Joe and Frank around. Mrs. Webster at the work. Philip feeding [illegible] At eleven o’clock Mr. Mc and Jason I at church. This is the Fast day in our church. Mr. Morton’s test “I acknowledge my sin unto thee, and my iniquity I have not hid. I said I will confess my transgression into the Lord; and thou forgavest thy iniquity of my sin.” Sin is the prolific source of all the misery and degradation in the world—and in the world to come. What is needed to bring sinners to Christ is for them to realize their [illegible] condition. We are to confess out sins as individuals—as a church and as a nation.

If we come to God and humbly confess our sins—he will forgive us and bless us.

This afternoon—Mr. Mc and Uncle Joe around the fire. I walked up to Uncle Dan’s to call—he is feeling better this afternoon. Will around the fire. Dave Mc was there too. I rode down with him. This eve Jason at the prayer meeting at the hall tonight. Paul busy at his books.

Will Mc called this evening.

6 January, Friday. [illegible] covered with snow this morning. Paul at school. Uncle Joe and Frank P. and Jason around. This afternoon Philip and Jason took the Wrought Iron Range to Jo[?] Bron[?] and brought coal from Erwins. Mrs. Webster here in charge. Mr. Mc and I spent the day at Uncle Bighams and Aunt Jennetts. Aunt Matt is with them. We did not see very much change in her—from what she was when in town with Aunt Jane. This afternoon snowing. We came through C. past the office reached here near dark. It is getting cold tonight.

7 Jan Sat. Snow on the ground. Cold this morning but not to zero. The men looking after things. Philip [guiding?].

Uncle Joe and Jason & Mr. Mc and Frank around the fire most of the day. I have put in a full day repairing the clothes for next week.

This ever Mrs. [Wisecup] called. Jason took Uncle Joe and Mrs. Webster home [and?]—and attended the prayer meeting at the hall—and brought the mail out.

8 January. Sabb. Snow on the ground—only a few sleighs out. Frank P. keeping the house and making the fire in the school houses.

Jason and Paul at Sabbath School and church. Mr. Mc and I at church. Clayton there with Aunt Mary and went home with her again. Mr. Mortons text “For there is no difference between the Jew and the Greek; for the same Lord over all is rich unto all that call upon him.” “The Theme” was the oneness of all Christians. What do we mean by the unity of Christians. We do not mean that all Christians have the same knowledge of Christian experience—or have made the same attainment—or find the same happiness in religion—but it does mean that all Christians are one in their spiritual natures—and [illegible]. Except [illegible 2 words] born again applies to every individual that enters the kingdom of
heaven. This is the law of the kingdom. All Christians are one on the great doctrine and teaching of the Bible.

All are one in their relation—they are all children of God—and belong to His family. All Christians are one in their destiny. The closer we get to Jesus—the more we are [illegible]. Our evil passions and sins vanish away—and are made new Creatures in [illegible].

This afternoon at three o'clock Jason and Paul and I were at the school house. We had a nice comfortable room. My heart was made glad by thirteen scholars [coming] in. The last two days Paul and I were there alone—and as I wrote on that occasion in this journal I left the Sabbath School all with God. Christ the great gift to the world was the Theme today. Next Sabbath we will begin talking the lessons in their usual order. This eve I handed each scholar a lb. package of nuts and candy. As a reward and an encouragement. They all seemed very happy. I was surely taught today—to trust to wait—and to be patient—but above all to “commit thy way unto the Lord; trust also in him; and he shall bring it to pass.” That is the great secret of power—of success.

This eve Jason at the young folks meeting and at the H.P. Church. He brought Mrs. Webster home with him.

How many times in the Bible are we directed to go out and bring in those are out of Christ. “Go out into the highways and hedges, and compel them to come in—that my house may be filled.” And again it is written: “When I say unto the wicked, ye shall surely die, and thou givest him not warning, not speakest to warn the wicked from his wicked ways—to save his life, the same wicked man shall die in his iniquity, but his blood will I require at thine hand. Yet if thou warn the wicked, and he turn out from his wickedness, not from his wicked way—he shall die in his iniquity, but thou hast delivered they soul.”

10 January Tuesday. A nice winter day. Paul at school. Mr. Mc and Jason & Frank P. and Uncle Joe around. Philip feeding. Uncle Joe at C. this A.M. at the office—home at noon. Frank boiling the brine off the meat over. The [Deering Co?] collector called this P.M. This afternoon Uncle Joe took Mrs. Webster home. She has been with us since the 15th of Dec. She has been good and faithful. This Eve all at home around the lamp.

11 January Wednesday. A pleasant winter day. Mr. Mc around the fire most of the time. Uncle Joe and Jason and Frank around. Paul at school. This Eve Uncle Joe went to the five o’clock train for Mrs. Mary E. Peterson but she failed to come. A letter came instead. She will not be here before the last of the week. I have had a very busy day. This Eve all around the lamp.

13 January. Friday. Dreary and damp—mud mud.

Frank busy all day long. Philip feeding. Mr. Mc around the fire some of the time. Paul at school. Jason around. Uncle Joe went to the five o’clock train fully expecting Mary E. Peterson to come, but she was not there. I suppose there is another mistake again.

Uncle Joe called to see Clayton and found him all covered over with the chicken pox. Aunt Mary is taking care of dinner. Uncle Joe called to see Uncle Dan. Paul and Jason around the lamp with their books along with Uncle Joe & Mr. Mc and Frank. We received a nice letter from Fannie. On New Years day, Sabbath, Homer preached for Rev Harris in the 2nd Ref church Port Jervis N.Y. This was his first sermon something men in his life [written over, illegible] of no common interest to me.
14 Jan. Sat. A mild warm day—but windy this morning—sunshine this afternoon. It rained last night. The creeks and streams overflowing this morning. Mr. Mc around the fire the most of the day. Frank busy. Jason putting in all his time at one of Scott’s Waverly novels. This afternoon Uncle Joe went down home when Philip went to town. He brought a letter from Fred—he was in Chicago—and was starting to lower. Also a letter from May E. P. She will be back Monday. Paul rode over with a loaf of Graham bread—but failed to find Mrs. Marshal—or rather make her hear. She is so low I think I will have to go see her tomorrow.

15 January. Sabbath. A mild winter day—very muddy. Paul rode old Frank to Mrs. Marshal’s with the loaf of bread. He was successful in getting it to her this time. He and Jason at Sabbath School. I rode down with them and called to see Clayton at Aunt Mary’s—he is at home with the chicken pox. He is badly broken out. I was in Sabbath School a little while this morning. Mr. Morton’s text “Wherefore he is able also to save them to the [?]most that come unto God by him. Seeing he ever giveth to make intercession for them.” Who can measure the saving ability of Christ. He touched the leapure and he was cleansed. At his touch the blind man received his sight. He spoke and the dead raised to life. There is no sin too deep or black for him to wash out and make the poor sinner as white as the snow. There is not trouble—no disappointment that he can not relieve and bring joy and happiness in there place. This is our comfort in our affliction. This afternoon Frank and Jason and Paul and I at the schoolhouse at the Sabbath School. There was ten scholars—and a pleasant hour. I do not forget the hand that brings us our prosperity—and to be thankful too.

This is another anniversary of our marriage day. 1867-1899. As normal I went back in memory to the old home—I saw father and mother there—just as they were—and the rest of the family—but that old home has long since gone—the years brings the changes—to every home—to every heart.

The years are growing shorter. Every day we can realize most fully that there is an unseen hand leading us on. We do not know the way—it is dark—we are being led. How well that it is so for we have nothing to fear—for our path will grow brighter—the day will soon be here. “Land bright land ahead.” Let us live well—live truly and be faithful to our trust.

This Eve Jason at the young folks meeting—afterwards he called to see Clayton at Aunt Marys.

16 January. Monday. A mild day. Paul and Jason took a cow to Aunt Marys brought Uncle Joe out—they reached here at noon. This afternoon Paul at school. Philip feeding—Frank and Jason around. This P.M. Uncle Joe at the five o’clock train and brought Mary E. Peterson out. She went the [blank space] of Dec. to visit her daughter in Cincinnati—and never got back until this evening.

Jason at the Cedarville College tonight at a meeting of the society. [McSpanon?] of Clifton called this afternoon to see Mr. Mc. It is dripping rain tonight.

17 January. Tuesday. Mrs. Mary E. P. began work this morning. She has put in a full day and our home is the better of her being here—in appearance. Mr. Mc and Uncle Joe and Jason and Frank around all day. Philip feeding. Paul at school. Uncle Dan has been on the sick list for a while—he called here this afternoon—but is not well yet. This has been a damp dreary day. Very muddy. This ever all of us at home. No communication with the post office today—not much with the outside world.
18 January. Wednesday. A light snow fell last night—but it still very muddy today. Frank around all day. Jason reading—and working. Mr. Mc around. This A.M. Uncle Joe at C. he came back at noon bringing Clayton with him. Clayton still has a few chicken pox in sight. He is reading an account of the Johnston Flood or rather a book written by Willis Fletcher Johnston—quite an interesting volume. This Eve all at home. Mary busy today. I have been writing to all of the absent children today—all but to Fred he is on the road and I did not know where to find him. I wrote to Clara she is back at Monmouth in college again, since the vacation. I wrote to Homer he is back in the seminary at New Brunswick. I wrote to Harlan in Springfield—and to Fannie & Mackenzie at Port Jervis.

A nice letter came from Homer today. I think he is much interested in his work this year.

19 January. Thursday. A bright winter day. Mr. Mc and Frank looking after things. Philip feeding. Uncle Joe and Jason at Springfield to day. They took dinner with Harlan. Harlan went around to the “[When] House” and helped Uncle Joe select an overcoat. They fit in a full day—did not get home until seven. Clayton around home all A.M. This afternoon I took him down home this afternoon. He saw Caloways as we went down. I made but a very brief call in town. The W.C.T.U. monthly Union meets at Aunt Mary’s this evening. I thought once I would go back to it—but was afraid it was not best for health and gave it up. This has certainly been a bright day. Mary at our work today as usual. Paul at school today.

21 January. Saturday. Another bright day. Jason and Frank at C. this morning for coal. Philip feeding. Mr. Mc has several lambs on hands. This afternoon Charlie, Eddie & Harry Nye here playing with Paul. This P.M. Jason took Uncle Joe down home.

This Eve I called and spent an hour with Mrs. Marshal. She seemed a little more hopeful than when I saw her last—I took her a glass of [Dinner?] honey.

22 January. Sabbath. A mild day. Frank keeping house. Jason and Paul and Mary E. P. and I at Sabbath School. Mr. Stormont has given up our class to Mrs. J.S. Williamson. She was there today.

Mr. Mc at church. Mr. Morton’s text “Ye are our (?) written in our hearts, (?) and read of all mens” Our work is to testify for Christ—to let the world know who Jesus is. Christians are Christs callers sent into the world.

This afternoon at three o’clock Frank Perkins and Paul and I at the schoolhouse at the Sabbath School. There were thirteen scholars present. This Eve Jason at the young folks meeting and at the H.P. church.

The social side—he left the cloak with his friend [Carpus]. The intellectual side—the books. The spiritual side—but especially the parchments. He gave a fine sermon. After the meeting we went down with Aunt Mary to dinner. Mr. Herron and Mr. Penny and Mr. Anderson and Clayton and Miss Bessie Crain there. After dinner Aunt Mary & I called at Mr. J. D. W-s to see Anna Young as we went to missionary meeting—I led the meeting today. I made a short call at Aunt Bells. We were home before dark. So the years go by—one by one. “They never stand still” as the song goes. Will Mc called this evening.

February 1899

2 Feb. Thurs. A beautiful day. It has moderated a very great deal. Jason not feeling well. Frank on double duty. Mr. Mc and Uncle Joe at C. at the “office”. Mr. Redman from town called. This Eve I called to see Mr. Charlie Marshal and Mrs. Powers—the later has been quite sick for a month. As I came home I called in to see Mrs. Will Marshal—to find her much worse her daughter and children were there. How sad it is to see some people die.

5 Feb. Sabbath. Snow on the ground this morning. A few sleighs out today. Paul awakened with something like the mumps. Philip off duty this morning being away on a visit since last evening and not return until late this A.M. Mr. Mc did not get around in time for church—he and Paul and Mary and Frank P. at home. Jason and I did not get very easy to Sabbath School. Mr. Morton’s text “Surely goodness and mercy shall follow me all the days of my life. And I shall dwell in the house of the Lord forever.” The first part of this Psalm tells us what God does for us in life. Then what he does for us in death—then what he does for us in eternity. The heavenly messengers sent out who they are—goodness and mercy. He provides goodness to supply every want and mercy to pardon and save us.

Sometimes as Christians we do things that dishonor God and is hurtful to ourselves and to others. God sends a missionary—or a Bible or a sermon or a letter and brings us back. Sometimes when we look back over our past lives we see much wrong doings so many mistakes we feel discouraged and feel that there is not any hope for us, but God in His goodness and mercy comes behind to gather up our shortcomings and casts them forever behind his back.

Life portrayed in this Psalm is full of change—as life really is in this world. This life is the vestibule or the robing room for eternity.

Christ provides a home for us when we shall dwell forever. What an attraction and magic there is in the word house. The love of home brings back the wander[er] from the ends of the earth. Home is
where our loved one[s] are—hence heaven is our home where we shall meet our loved ones and will be with them forever more. The thought is we shall have as much freedom in the presence of our earthly father here. If the paradise of the past is lost—the paradise of the future is awaiting us. Let us not think too much of our separations but more of our reunion. As long as day light lingers we only see the landscape & the scenery of earth, but when darkness settles over the earth what a revelation—the whole great universe is opened up before us. As long as we live in the world we only see those of our friends upon this side—but when death settles upon us how different we see heaven. Christ and our dear departed friends and the angels.

Monday 6 Feb. Cloudy. A deep snow on the ground. Paul at home today—he has given up having the mumps—concluded it was only a cold. She is back at her place today. Mary at her work today. This eve cold and all as it is Philip went to town to see the [illegible] brought out the mail much to my happiness. Mrs. Philip W. suffering with tooth ache. Amid our many cares I did not forget that this is Fannie’s birthday. It is hard for children ever to get so far away from house & parents as to be forgotten. Although far away—yet always present.

9 Feb. Thurs. 11 below zero this morning. This has been a stinging cold day. Father and I were invited to a dinner at Mr. and Mrs. Will Blair’s in honor of Mr. & Mrs. Tom Crawford—but it was too cold for us to go. The town is saddened by the sudden sickness and death of our own brother Mr. Louis Wildman—he died this afternoon. Dr. Stuart Sr. died today at eleven o’clock after a lingering sickness. When we came home Mr. Mc was keeping watch—I would feel as about as well to be around the fire all evening as exposed to the cold.

25 Feb. sat. Quite a dreary day—sprinkling rain this P.M. I went with Charlie G. & Clayton to C. I attended Mr. Lewis Wildman’s funeral at 11 o’clock at his late residence in C. This afternoon I attended the congregational prayer meeting. We met at the prayer meeting rooms. I made a brief call at Aunt Mary’s and at Aunt Bell’s. I came home past Mr. Charlie Barber’s, and called there—he [is] growing much weaker. I also called and sat half an hour with Mrs. Will Marshal—her case seems very hopeless, yet she appears very hopeful. When I reached home it was near dark. Mary at her work. Mr. Mc called at Mr. Henry [illegible] and met Mr. Tom Crawford at the old Crawford place this P.M. Mr. Edd Stormont here this afternoon. Heavy rain this evening—very dark.

2 March. Thurs. Dreary today with a little sprinkle of sunshine. We expected to let Frank Perkins pack up his traps and leave this morning but the final conclusion of the whole matter [is] he is to stay a little longer. Mr. Mc at C. this morning and brought the Dutchman out to look over the meat again, he was
here to dinner. This afternoon Mr. Mc up the pike a little while—then across the railroad. Uncle Joe took the Dutchman down home. Paul at school. Mary busy. Philip, Frank and Jason busy this P.M. This eve Jason and Philip at town. Jason at the Opera House at an entertainment. Views given of different scenes.

Paul at school today. Mary at her work. This evening is the evening of Blanch & Mary Erwin’s “swell party”. Jason has gone to it. Mr. Walter Wildman was overtaken in the darkness, going up to his home above Selma—he stopped here for a lantern to help him on his way.

4 March. Saturday. Dark & dreary most of the day. Will Mc called this morning. Mr. Mc, Uncle Joe, Frank, Jason & Paul around all day—and Philip too. Mary at her work. Mr. Will Mc here this morning. Heavy rain late this P.M. Philip took Uncle Joe home and brought a letter out from Fred. He got to Monmouth after a week or two stay in Chicago—but had only gotten to Monmouth when a dispatcher came for him to return as there were some parties there from New York to see about completing their business. I see by the Monmouth paper that the A.B.Ls are to have their Declaration Contest on March 10 Friday evening. Clara is to be one of the Contestants.

It is dark—dark out to night—but with in comfortable and cheery.

6 March. Monday. A bad, cold, snowy and blustery day. Uncle Joe came out with Uncle Dan this morning. Jason at C. at Dr. Homan’s office all A.M. getting a tooth filled. Mr. Mc & Uncle Joe and Frank and Philip around looking after things all day. Mary busy. Paul at school. Rough and stormy this eve.

10 March. Friday. A nice day. Frank Perkins took his final leave this morning. Uncle Joe at C. this A.M. Mr. Mc and Jason around all day. Paul at school. Philip feeding. This afternoon for a change I went to town. I called to see Mr. Morton’s, Aunt Bell’s, and Aunt Mary’s. Clayton there as usual. I was sorry I failed to be home at the proper time—on the account of Jason—as he was waiting for my return to start to the C.E. Social at [OUS?]. The photograph men brought grandmother Murdock’s picture, enlarged, into Aunt Mary’s this afternoon. After all there is not much real comfort in a picture. No life there—it is dead—no voice—no smile. Jason has gone to the social—at last.

11 March Sat. Rather a nice day—but the roads by no means good. Clayton came home from the social with Jason last night. After this A.M. Clayton left with his father to Springfield. Mr. Morton’s sermon—Now therefore are we all here present before God to hear all the things that are commanded of God. What is needed to secure God’s power and spirit is a waiting people, and a prepared preacher. Find out what the people, or class need and get a message from God for them. Parents ought also to do the same, and get a message from God for their children.

Harlan came down to church today and he came out with us. I rode out with him. At three o’clock Paul and I at the Sabbath School. Such a blustery afternoon. I only had two scholars. This morning a man from off the pike gave us a call. This P.M. Mr. Mc at C. Jason at the College at a meeting of the Society tonight. Uncle Joe rode down with him to be gone two or three days. Mary at her work as usual. A letter came from Clara today. She was one of the contestants of A.B.L. Society on last Friday night. She ran well—but did not carry off the prize. I feel complimented to know she stood so well. I was sorry Fred was not there—he had to go to Iowa the day before The Contest was held in College Auditorium—the house was packed. A contest is a bright experience in a girl’s life—grand to be able to take part in one. Mr. Mc was at Benton Barber’s this A.M.

14 March. Tuesday. A dreary day—a little colder. Mr. Mc around home all day. Philip feeding. Jason around all day too. On last night at ten o’clock Mr. Charlie Barber died. His funeral Thursday. 15 March. A dreary blustering day indeed. A man from off the pike here to breakfast. Philip feeding Paul at school. Mr. Mc and Jason out at a sale of [illegible]. McMillan’s at the late J. Q. McMillan’s place. Mary and I here all day alone. Our place seems almost deserted. “Rev” Robison in some of the fields husking corn. I have finished my weekly letters today—all are finished now.

16 March. Thursday. A dreary day. This forenoon at ten o’clock, Mr. Mc and I attended Mr. Charlie Barber’s funeral at his late home. The services conducted by Dr. Morton & Rev Ross. We did not go to the Cemetery, but came home. After dinner Mr. Mc and Jason at Mr. Stephenson’s sale. Paul went with
them as far as Nye's and Harry went with him to town & Paul got his hair cut—he remained there for supper, and Philip went down after him as Mr. Mc and Jason came home another way. 19 March. Sabbath. Snow on the ground back into winter again. Paul and I at Sabbath School. Mr. Mc at church. Jason and Mary at home. Mr. Morton’s text—"But one thing is needful: And Mary has chosen that good part, which shall not be taken away from her.” The value of true religion is brought before us. What is true religion. It is the one thing needful—it is to sit at the feet of Jesus and receive pardon and peace from him.

No matter what you fail to accomplish—or fail to have if you have this one thing your life is a success. No matter what else may have or obtain if you fail to have this one thing your life is a blank failure. What food is to the body—piety is to the soul. Nearness to Christ and communion with Christ is the all important thing.

True religion is a [voluntary] thing. Mary chose that good part. There is no power under heaven that can destroy us without our own consent.

Leaving home and entering upon a trade or profession is a crisis in a young man’s life. His eternal destiny depends upon the choice of companions he makes.

True religion is [a] good thing—good for the body—good for the soul—good for time and good for eternity.

Mary had dinner ready when we came. At three o’clock, Paul and I at the school room. It was nice and warm. We spent the hour by ourselves as no scholars came it being rather disagreeable.

This eve Jason at the young folks meeting.

I was reading a piece today that impressed me—and I will copy right here—it was this.

Try to forget them.

It is unwise to brood over our past sins. We should try to forget them. To recall them certainly does not develop goodness. It rather had the opposite effect. The thought of them dampens our ardor, makes us timid and distrustful of ourselves. When we have repented of evil and asked out father to forgive us, we should dismiss the thought of it short it out, let it have no place in our minds. Let the dad past bury its dead. We must be busy with that which is new and living. By pure thoughts, noble
purposes, good works, we must crowd evil out of our lives. God will help us to forget the wrong we once did if we live with Him. We must work with Him to produce that blessed oblivion of the past both by refusing [illegible] to harbor the thoughts of old sins and by filling our lives with all that pleases Him. Blessed is he man who cultivates the forgetting of evil.

20 March. Monday. A little sunshine today. Walcot here this morning. Also Mr. Nelson Reid called. Near noon Jason at C. he called around for our German friend but it did not suit him to come out. Jason drove down to C. and he and Clayton started up to Edd Stuart’s when they got as far as Clifton they learned he was not at home—they came back to C. and took dinner at Aunt Mary’s along with her boarders. 24 March. Friday. The ground soft. A light snow last night, but it soon passed off. Philip went this morning and brought a load of the Cal Barber fodder. Paul at school. This afternoon Mr. Mc and Uncle Joe and I at our church—we had our sermon at two o’clock by Rev [illegible] McKinney of Cincinnati. His text [, “] Not as though I had already attained, either were already perfect; but I followed also I am apprehended of Christ Jesus.” When rightly understood the text itself is a sermon.

After preaching Uncle Joe & Jason at the Opera House at the closing term of Miss Groff’s election class. Mr. Mc and I came home as Mary was here alone. Clayton came out with Uncle Joe & Jason and is here tonight.

In my reading today I was impressed with the following today:
To seek for oneself a life without self denial, without costly ministry, is to turn away from that which is really the vital thing in all Christian life. We too must have the print of the nails in our hands and feet if we truly belong to Christ. This is the family mark, without which none are indeed, Christ’s own. When even we deny ourselves willingly for the love of others who do not love us, whenever we spend pain and patience to understand those who have no sympathy with us, whenever we give up profit, or reputation for the unthankful and the evil, we are beginning to receive those sacred marks of the crucified one.

Open the door of the heart, let in sympathy sweet for stranger and kin; it will make the halls of the heart so fair that angels may enter unawares.

Open the door.

Editorial of West[?] Teacher

25 March Sat. The ground covered with snow. We seemed to be away back in winter again. Cold. Near noon Clayton left for Springfield for Harlan. Uncle Joe went [with] him to C. to be ready for preaching. Mr. Mc & Jason & Philip taking care of the stock. Mary at her work. This afternoon Mr. Mc and Jason and I at church. Rev McKinney’s text “Awake, O North wind; and come, thou South; blow upon my garden, that the spices there of [illegible] flow out. Let my beloved come into his garden, and eat his pleasant fruits.”

The garden may be the church—or it may be your heart or mine. Christ is the gardener. A garden is separate from the world. We also should be separate by the beauty of our life. In the garden there are plants of all kind and for every purpose. A man may think himself of no account in the world—but there is a place for all such in the garden for Jesus says come unto me—for I have a place for you in my garden.

God can use you no matter who you are or what the world may think of you. He can use the ignorant—the educated—the sick or the well. Each man has a work to do—each one has something which no other man in the universe can do. We must all be of use. He comes to us seeking fruit for he wishes us to bear fruit.

The wind is the Holy Spirit. We need the Holy Spirit that will suffice. We have the adverse as well as the beneficial influence of the Holy Spirit. It is the North wind as well as the South wind. Sometimes the bruises and the wounds of life when viewed from the hills of heaven will be formed to be things of beauty.

The Holy Spirit must be prayed for. How can we have the blessings of the Holy Spirit by prayer. The way to be enraptured with love and glory and beauty of Christ is through the Holy Spirit. No man save his tongue is loosed by the Holy Spirit speak with power and full of love. We are dead failures without God’s Holy Spirit. We want the church revived we want our hearts revived we need the Spirit. We need love for God and love for man.

Jason went back to c. with Philip on an errand. Jennie Wade Crawford died at her home in Springfield, mo. The 9th of March after an illness of one week, of pneumonia. She leaves her husband and a daughter (Eleanor). I copied this from Cedarville paper.

Jennie W. along with many others, who are lost and gone, figured in Cedarville society many years ago.
It is moonlight tonight but the roads very bad. It was late before Clayton and Harlan got home. Most of the family had retired when they got here.

26 March. Sabbath. Quite a dreary day, but chilly. Clayton walked to town this morning to go to Aunt Mary’s to get dressed for Sabbath School & church. Jason and I went, hoping to get in time to Sabbath School. Mr. Mc and Harlan came to church. Paul at home with Mary. They were here alone. This was the day of our Communion. Clara Link was baptized this morning. She has connected with the church. She is one of Aunt Mary’s little friends.

Dr. McKinney preached today text “For the Lord’s fashion is his people.” It is when God calls us his children & his fashion that we feel the strength and power of the most high upon whom we depend and to whom we belong. Do you think about God? Let me tell you God is thinking about you. Have you wandered from God. He is waiting for you to return. God does not mean to keep us in our sins, but he means to present us pure and spotless before the throne of God.

God loves for us to acknowledge his goodness—to be thankful for his great love and kindness to us and this is what we should—when we call to mind the many favors he has bestowed upon us. This afternoon the Lord’s Supper was observed. The tables were addressed by Dr. McKinney & Dr. Morton & Rev Sam Ramsey and Prof McChesney.

Rev Ramsay said there never had been a more favored people than we were today—nor in all the years of the future there never would be a more favored people for the greatest happiness this side the gales of glory was to be allowed to sit down at Jesus’ table to enjoy communion with him.

Prof McChesney theme “Blessed are they which are called unto the Marriage Supper of the Lamb.”

Uncle Dan rode out with us from church & Clayton took him up home to Will’s—Harlan & Clayton and Jason and Paul set down to dinner with father & me. Mary here and had dinner ready when we came home. Paul and I at the school house but the roads were too bad for the scholars to come. Paul and I read the 8th chapter of Romans and Paul recited his [illegible].

At seven o’clock we locked the house and Mary and all of us went to church. Sermon by Dr. McKinney text—“They brought forth the sick into the streets, and laid them on beds and couches, that at the least the shadow of Peter passing by might overshadow some of them.”

Every man casts his moral and spiritual shadow—and to have it grand you must keep near the light.

27 March Monday. A mild gloomy day. Jason took Harlan back to Springfield this morning. He took dinner with him and came back at four o’clock this P.M.

Uncle Joe at the tenant house getting on door locks most of the day. A letter from Fred he has begun work in the coal region of Iowa the last week or two.

Miss Groff gave me an essay to read written [by] Anna Robertson Brown, Ph.D. on “What is Worth While.” I will give the last sentence in the book—for future study. “Strong, serene, unquenchable faith in the loving kindness of God, the wisdom of providence, the guidance of the Holy Spirit, and the redeeming love of Christ, will enable us to look fearlessly toward the end of temporal existence and the beginning of the eternal, and will make it passive for us to live our lives effectively, grandly! Letting go the unworthy things that meet us, pretense, worry, discontent and self seeking, and taking loyal hold of time, work, present happiness, love, duty, friendship, sorrow, and faith, let us so live in all true womanliness as to be an inspiration, strength, and blessing to those whose lives are touched by ours!”

Those who have never wept over their own sins can weep over the sins of others.

There is a piece I was reading today I will note here on the “Difficulty of Doing Good.” On this—is said—“Whatever you attempt in the way of good is sure to entail upon your remarks and criticisms, and many times ridicule, and sometimes opprobrium. You will be near to doubting that you are not merely making a fool of yourself, bringing upon your head no end of enormous conceptions from others, but this is “the checked pathway that leads up to light.”

“You may never see the springing up on the fruitage of your seed scattering, but as sure as God sends the sunshine of spring to warm and cheer into salient budding life the tiny germ yet lingers in the broom seeds that restless winds of winter have flower here and there, so will come the sunshine of His promise and providence, and your seed will spring up into life of beauty and immortality.”

Agent McMillan here.
Fred C. McMillan, recently appointed commercial agent for the Wabash in this city, has entered upon the duties of the place. Before coming to Des Moines Mr. Mcmillan was prominently identified with the development of large coal interests along the line of the Wabash between Albia and Moulton. His energy and business tact attracted the attention of Mr. Ramsey, general manager of the Wabash, and he soon afterward became a leading factor in the construction work of the cut-off extension between the towns mentioned. When this work was completed Mr. Ramsey was so pleased with Mr. McMillan’s work that he was tendered the position of commercial agent for the company in this city.

30 April Sabbath. Quite a bright warm day. Mary and Albert at home. Jason and Paul at Sabbath School & church. Mr. Mc at church. Clayton stopped off at Aunt Mary’s to get his Bible lesson. Our friend Rev. Mr. Stoddard preached. His text “He that goeth forth and weepeth, bearing precious seed, shall doubtless come again with rejoicing, bringing his sheaves with him.” God has a purpose in every life. We are to go forth to work and duty. He has placed us here for service. It is impossible for us to keep right without doing something. It is not enough for us to go for God but we must go with God. We must have the presence of the holy spirit with or we will not accomplish much in God’s service. Notice the tenderness with which the seed sower goeth forth. He goes weeping. I think we often fail because we do not have more tenderness and love in our hearts. We are all scattering seed. Is it good seed; is it the seed of love of joy and peace—or is it seed that will bring forth sorrow and death. God’s blessing upon the little planting and seed sowing may amount to much. There is to be a coming again with rejoicing. Jesus will be coming again. We want to those who will be looking and waiting for his appearing. Mary & Albert at home today. This morning Jason and Paul and I at Sabbath School and at church. Clayton went to Aunt Mary’s. Mr. Mc at church. Mr. Morton’s text “Thus he showed me; and behold the Lord stood upon a wall made by a plumb line, with a plumb line in his hand.”

We are all builders, building characters, building homes, building government. We have our own rules, our own patterns God comes with his plumb line to test our work. God comes and swings his plumb line beside our character. He has sent us into the world to build up character. He has given us a perfect pattern by which to work. But we often have our own rules. But O how different from God’s rule. When he comes to test our work by his plumb line. What is character? Well it is our real selves. While reputation is what we seem to be. Reputation is what a man is in a hotel among strangers. Character is what a man is in his own home where his wife and children will not tell on him. The gospel depends largely on the man that is behind it. In building character what is God’s rule or command. He says “And beside this, giving all diligence, add to your faith virtue; and virtue knowledge; and to knowledge temperance; and to temperance patience; and to patience godliness; and to godliness brotherly kindness; and to brotherly kindness charity.” Our standard of character is not so high as this. We leave out a good part of the material that God requires us to put in. Christ is our pattern by which we are to build up our character.

God swings his plumb line beside our churches. God sent you and me into the world to build up the churches. God swings his plumb line beside our teaching and preaching. We sometimes have our own notion about teaching and preaching. We want to preach what is pleasing and popular. He ^“Mr. Morton” said when he was in the seminary an old gentleman made a short address one morning. He said young men do not preach about what the people are talking about on the ears, but young men preach eternal truth—truth that will be just as important a hundred years from now as it is today. He said it is right to gather sermons from flowers rocks and rivers to illustrate the truth—but the Bible is so
full of truth that it would keep every minute of a minister’s time occupied if he should live the longest day appointed to man on the earth.

After a stop of several Sabbaths in our Sabbath School we resumed today again. At three o’clock McLean’s four boys and Paul and I had our little class in the shade by the school yard. We had a pleasant hour. This eve Jason at the young folks meeting.

Paul not well. Clayton not prepared to go. Mr. Morton preached today—text “He shall not fail not be discouraged, till he have set judgement in the earth; and the isles shall wait for thy can.” We have a picture of the work and triumph of the Lord Jesus Christ. Nothing makes our lives so much of a failure as the discouragements. Sometimes we have hard work to do in the family. We realize we do not have the grace and spirit we need to carry on the work. What do we need? We need to get close to Jesus. We need to go to our closets and lean on the strong arm of Christ. Jesus was never discouraged because of his lonely condition—no one ever had greater trials or opposition than what he had. He never said he could make nothing of his life because of its unfavorable environments. His very poverty his toil and trouble sweetened and sanctified Him and qualified Him for His work. Like Christ we have hard work to do and unlike Him we sometimes complain that we have so much poverty and limitation and unfavorable surroundings—that we can not make much of our life. Out of this very poverty and hardship comes some of the finest things in our lives. The sweetest homes in all our knowledge are not those that never had a shadow but those that have been overwhelmed with grief and has been sustained and comforted by the love of God.
Another thought Christ was never discouraged by bitter and determined opposition. He went boldly forward and did his work in spite of all opposition—always did what was right.

This is the way God is ever doing with is children. He does not want us ever to yield to discouragements. Life is hard for all of us at some points. Oftentimes things seem to disappoint us—but we open the Bible we find encouragement upon every page. We are there taught never to give up. There can be no real final failure in duty of only we are faithful. We never can be actually defeated in temptation, or struggle if we only stand true to God. We never can sink under any burden in we only cast it upon Christ. The things that seem to be failures become successes. When Gods hand is in them. If thou know not, O thou fairest among women, go thy way forth by the footsteps of the flock, and feed thy kids beside the shepherds tents.” The first part of the text is the Christian under a cloud—and the latter part is Christ answer to the troubled Christian. We have here a picture of Christ and the Christian. The noon tide rest and the pasture grounds. The first thing a troubled soul wants is Christ. We feel that the Saviour is near but we can not see him—but we address Him through the dark veil of sin and unbelief. Sometimes when we think Jesus is farthest away he is the nearest to us. What we regard calamity and trial When seen by the eye of faith is only brightness and glory. The Christian needs nourishment. We want to know more about God—more about Christ—we want more faith more spiritual power. We cried to be freed from our lust and passions—from indwelling sin. Let us look to the hills from whence cometh our aid. Let us come to Jesus and surrender all to him. The footsteps of lead by the closet, family worship, the ordinances of Gods house. To follow the footsteps of the flock is to be found in these places—to feed here and bring our children with us—if we would enjoy Gods blessing and guidance.

There are iron gates in life separating us from health—there are iron gates of trouble and of death. Beyond the iron gate Peter found friends & sympathy—and so beyond our side. Although Peter was in prison his soul was not bound. They could not find his soul. In life there are iron gates of hunger, sickness or poverty these are the iron gates which shut us in and shut out the light. The grace and strength which God gives us at such times enables us to sing songs in the night.

Through the iron gates into the city deliverance came. Their prayers were heard. Many of us are placed in places where no human is available or where no human hand is able to help us. The Lord has chariots for us to ride in from one victory to another. He has chariots of transportation to carry his people through the trials and sufferings of earth into heaven.

The theme of the text “Gods chariots. It is comforting to known that all of these chariots are Gods chariots the war chariot that carries us through the great struggle is Gods chariot. And God assures us the victory. God has a powerful invincible invulnerable army and he can finish the work he has began. Do you feel your place is difficult to fill—the opposition great get into one of Gods Chariots and lean on his everlasting arm and all your wants will be supplied. When all seems to be against us if we get into one of Gods Chariots and enlist under the great Captain we will be more than conquerors. When we remember that it is God who sends the Chariot—that is our comfort. In the trials of life we often feel that God has forgotten us. We turn to our Bible and do not half believe—but when our eyes are open to see the wagons & supplies we begin to feel we have a [freeall?] to lean upon.

Christ is a chariot. “The Lord is among them as in Sinai as in the holy place.” The trouble is we do not get into this Chariot—but rely upon ourselves. The angels are Gods Chariots. Trials and disappointments are God Chariots. Afflictions and [illegible] trials does not look like Chariots of triumph—but like a dense dismal car of misery and defeat sent to pass over us to crush out our life—but when seen in their true light they are messengers of light to dream us closer to God & heaven.

Clayton and Jason there. Homer and Mary at Aunt Bells—quite a little company there. Robert had supper for the folks before they went

31 December. Sabbath The coldest day of the year—but not with-standing the cold. Mr Mc and Clara
Clayton and Paul and Harlan and Homer and Mary Kitchen and I at church. I was in Sabbath school a
short time, only.
The greatest event of the season—Homer preached today. Mr Morton sat in the pulpit. Homers text “In
as much as ye did it unto the least of these my brother ye have done it unto me. He gave out the one
hundredth Psalm and the 125 Psalm. We were all made happy today to know he got along so well and
preached such a good sermon. I did not take notes—but I will write a few beautiful lines he had in his
sermon
“Hence forward I march boldly Christ beside me:
Christ before me—He will guide me:
Christ behind me—He upholds me.
Christ about me—He Enfolds me.
By my right hand he will lead me:
On my left hand He will speed me.
In the Battle He’ll direct me
In the tempest He’ll protect me.”
Several strangers from the other churches were in—although the cold was so intense that all our own
church folks were not out.
This has been a bright happy day in my life. Mary Kitchen with us—and with us at church too.
This afternoon Clayton and Paul and I at the Sabbath School at the schoolhouse. We had six scholars and
a pleasant hour.
This evening we are all at home excepting Fred & Fannie & co. Although absent yet they are present
with us. Robert has been faithful today. It is still bitter cold. I forgot to mention that Jason is absent
too—he went back from church with Aunt Mary.
But the hours are passing. The old year will soon be gone. When tomorrows sun downs it greets a new
year. But the blessed memories of 1899 will not pass away. We will not forget its bright days—the
opportunities given us—and the blessings strewn all along the way.
