For those who have recently been separated from their core community by distance or loss, these two months from Martha McMillan’s journal may provide a heartwarming story of a woman who does not let anything get in the way of her ability to make friends among strangers.

Martha was an interesting and busy woman with a lot of friends. Since her marriage in 1867, she journaled almost every day to record for family and friends the events of her life. These transcriptions, March and April of 1909, encompass Martha’s trip to Florida in which she was separated from the core community she spent about forty years creating. During this period, four years before she died, Martha and her husband James were experiencing health problems. Because of this, she and her husband and daughter decided to travel to Florida in the hopes that the couple would begin feeling better. This introduction will provide a closer examination of women’s Life Writing, why Martha picked Florida, and also the theme of Martha’s creation of community in Florida. It will also note key names, places, and a few editor’s comments to get one started.

The first important thing to note is that the genre of Martha’s writing is not a diary but what scholars call “Life Writing.” Women usually wrote these kinds of journals in the
19th century and used them as a method by which they could record family history. They were meant to be read and therefore, it is highly likely that Martha intended these journals to be semi-public. This particular transcription (March and April) is both life writing and travel literature as Martha (who spent a majority of her life in Cedarville, Ohio) finds herself in the new and foreign locale of Florida. Thus, hundreds of miles distant from her core community, Martha must make new contacts.

As many of us have heard, people in the 19th century thought that travel to a less-harsh climate could help sick bodies heal. This is exactly what Martha was doing in choosing Florida. Martha never states what her condition was, but she notes that she visits an Osteopath while in Florida and frequently lists fatigue as one of her symptoms. This fatigue sometimes makes her too tired to go on outings with her family. This is four years before her death, and three years before her husband’s death. Because they are finding health to be an issue, Martha traveled to Florida for its ‘healing’ properties and not simply for a vacation. Martha traveled to California and other places to visit her children when she wanted a vacation. Martha and her husband and daughter knew no one in Florida before they decided to stay four weeks there.

A common theme that arises in March and April of 1909 is the theme of creating new community. In Florida (they stayed in
Winter Park, Daytona, and St. Augustine), Martha is now in a completely different situation than she is used to in her forty years of recorded life on the farm and is without a solid friend group. At the beginning of the trip she mainly talks about doing things with her immediate family and she gives updates on the churches they visit. However, as she begins to spend more time in different boarding houses, Martha begins to make friends and to name them in her journal. Some of the names that come up frequently are Mr. and Mrs. Robison, Mr. and Mrs. Burtles, and Mr. Rainer. In the second half of March and the beginning of April, the Robisons and the Bulters take Clara out frequently and Martha often records what they were up to. Martha records her sorrow when she has to say goodbye to those boarders she met. When leaving the Bennett boarding house, Martha notes, “Tomorrow we are planning to go – that will more than likely be farewell for ever. But we will not Soon forget the pleasant lovely folks we met...I have learned that this makes up much of our lives - “meeting and parting” - but in “the Evening all will Come Home” (April 11, 1909).

A few general notations concerning names and places: Martha’s husband was named James, however she always refers to him as “Mr Mc” (Mr. McMillan). Also, she never puts a period after Mr, Mrs, or ‘Dr’. Clara is Martha and James’ oldest daughter who never married. Martha, James, and Clara are the
only McMillans to remain in Florida, though in 1909 one of their sons, Homer, lived in Atlanta so he traveled with them from Ohio to Atlanta and at the end of their stay in Florida Martha, James, and Clara went up to visit his family.

A few notations on spelling and transcription: Martha spells the names of her friends ‘Bulter’ rather than ‘Butler.’ She will also occasionally make spelling mistakes, such as once spelling Florida with an ‘a’ instead of an ‘i’ or adding an ‘e’ before ‘ing,’ for instance “comeing” (April 27). In addition, Martha frequently uses M-dashes when she’s writing, however with the font this transcription uses those M-dashes appear as multiple short dashes.

March 1909

First March Monday - A pleasant winter day. After an early break fast Aunt Mary, Murdock, went back on the Seven Oclock train to the Springs - Paul was here and spent the day with me. Father brought him into the train and Edith went back with him. She has been over at the Springs all week and came around on the train this morning. Paul went up town at noon to dinner and to attend to a little business and Potter came back with him and made a little call. The Dr in to see me - Mrs Patter Son around. Paul packed my books and extra goods and took them home when he went at five Oclock.

2nd March - Tuesday. A beautiful day. The Dr in this morning I did not get up until nearly noon. Mrs Patterson in - this afternoon Mrs Matthews called - my dear friend Mrs Burt called this forenoon - this is the first
time I have met her since her sons death. It was a heavy stroke.
This is my last evening at the Hospital - was here five weeks
yesterday. Dr Hunt and his nurses especially kind - I have met a
few very lovely folks - from the city and around. Tomorrow it is
planned we start to Florida -- see the way is hid from us - but
there is One to whom the darkness is as light - may we rest in
this Great Leader -- Mrs. Hunt called this afternoon to tell me
good by. This has been such a delight ful day almost.

Reid were with him When we reached Dayton Clara was there and
Fred Telephoned to father - Reid and Paul sent him out on the
next train and Fred joined him in Dayton and they came on to

20” April - Tuesday. We have been here four weeks yesterday. This morning I asked myself why did we come to Florida. The answer - for greater things than we knew - Eternity alone will tell -- we will leave it there - for then we will have time and be able to unravel things that are partly hidden to day =

We will leave here this afternoon at three fifteen - Our stay here has been very pleasant.

21” April Wednesday

We arrived here at 6 Oclock last Evening, at St. Augustine, and Stopped at the Spear Mansion -- and will hold forth here for a few days. This is a bright morning. I was made glad by receiving a letter from Aunt Mary this morning. We are pleasantly located - We met Mr Rainer last evening at his hotel. This afternoon he was our guide through this quaint old city of St Augustine. We visited the old Slave Market and could not forget the dark inhuman deeds
enacted there. We visited the old Spanish fortress that is over four hundred years old. We also went through the Catholic Cathedaral - two hundred years old - We lastly went to view what was remaining of the old city gates - These were built in 1743. When we reached home we were tired and ready for supper. This evening Mr Rainer and guest from Baltimore entertained us on the Varanda - This is a lovely evening. We are wonderfully nicely fixed here - We have a little 4 room Cottage all our own - and when we get tired of the “Spear” mansion it is underlined twice - it is so home like and restful to come here - and feel that we are home - Altho so far away I am made happier by knowing the church's Prayer meeting was to meet at Claytons and Edith's home this afternoon - it is blessed and the joy will be eternal when we build upon the rock. - 22 April Thursday

This afternoon Mr Rainer came with two grays and a three seated conveyance & driver and called at the Spear Mansion for Mr Mc and Clara and me and took us out on and all afternoon [Editor's note: in the margins Martha writes “on an extended” presumably to edit ‘and all afternoon.’ On the next page her header reads: “April 1909. “Spear Mansion” St Augustine Florida-”] drive - We first drove to Lewis Point five miles from here - When we came back we were driven all over the city - We stopped at the Military Semetery were one hundred and 60 were burried who were massacred by the Seminole Indians in 1835. Then we were taken to the oldest house in the city -- and a view of the narrow street which is only 7 ft wide -- Enough of it preserved to Show us a Sample of the olden times. We did not get back until near supper time. This evening spent on the Varanda with Mr Rainer and our Baltimore guest.

23” April. Friday - Warmer to day. Mr Mc and I took a little walk around the city. We received letters from home. On last Saturday Mr W[liff passed away. We also learned that our old friend for Scott is dead. Mr Mc and I have been here on the piazza at our cottage. Clara around - Everything very pleasant. Mr Rainer called.

24” April. Saturday. Much cooler Mr Rainer here and took Mr Mc and me and Clara for a walk around the city - [Header reads: “St Augustine Florida’’] We took advantage of this cool morning - but this afternoon it is cloudy and continus cool. We are planning to leave here for Atlanta next Tuesday Evening - unless our plans are changed. This afternoon I was around the Square - we met Mr Rainer again and took him for a walk.

25: April. Sabbath. Mr

We had a good Sermon by the retiring Pastor Rev Stont who has been with them for Seven years - this text = or “subject the Peace of our Lord & Savior Jesus Christ - which he bestows upon his children.’ While in the church we had a Shower We got home in the dry but were not long here until the rain began falling again. It has been wet all evening.

26” April -Monday. Another nice day - We made some nice friends here - but some of them go away this evening. This afternoon Clara and Mrs Bush and I went through the Catholic Acadamy - they have girls only - and quite a number They are, I mean the Catholics are a power for good or for evil - the Lord knows which. [Header reads: “April 1909 St Augustine Florida.”] This Evening Mr Mc and I out for a walk - I called to see the Osteopath Dr by the way Miss Ella X [illegible] She is a graduate of Kirksville.

Wednesday Atlanta Penza.

We awakened on the sleeper as we neared Atlanta - but were ready to meet Homer when our train --- pulled into this city He took us at once to their home 168 Asby Street and was met by Mary and Richard and Ruth - Mary had a nice fire on the hearth and a nice breakfast awaiting us. They have a young lady boarding with them Miss Alice Morris - After breakfast Homer went to the office.

Yesterday afternoon Mr Rainer, Clara were at the Beach = [Header reads: “At- Atlanta Ga.” Also, on this page Martha includes a clipping from a newspaper or magazine discussing the best way to clean tinware] We had supper at the hotel before coming away. Mr Rainer came with us to Jacksonville he will spend a few days there before going to his daughters in New York city - This wife is there now - their home is in Champai[--]ll - they are lovely folks - have certainly healed us lovely. Before we reached Jacksonvill the rain began pouring = Mr Rainer helped us to our car.

30° April. Friday - Dr Walden here for breakfeast and spent an hour with us - He had worship with us - his Bible lesson the 16° Psalm = I have been young: but now I am old: yet I am here to testify to the blessed influence [thrown?] around the children where parents and children kneel togather to “Show forth the loveing Kindness of God every morning and this faithfulness every night” May all of my children ever take for the rule of their lives The resolution of Joshua Whom they would Serve - But Joshua said “Let others do as they will but as for me and my house We Shall Serve the Lord”.
