This evening a change came very suddenly to father breath so short and quick. It was evident a change was near. He peacefully passed away near nine Oclock. Death never appeared to me as it did to night. You could almost see this world receding and the other world so near that it seemed but a step across. As he neared the end we all noticed the peace and calmness that came over his face. O the nothingness of the honors and glory of this world when we come to meet death. What do the dying need: Only Jesus-Only Jesus.

"For he can make the dying bed seem soft as downy pillows are. While on his breast I lay my head and breathe my life out sweetly there." Let us take Jesus for our all and all and live to help others to find him. Father has had four long years of a mental trouble. But all that

has passed now .for he has seen him. And will be like him is our comfort.
